OF THURSDAY, 24 JANUARY 2008

WELLINGTON: MONDAY, 28 JANUARY 2008 — ISSUE NO. 11

## NORTHPOWER LIMITED

## INFORMATION FOR DISCLOSURE

PURSUANT TO SECTION 57T OF THE COMMERCE ACT 1986

## Certification of Financial Statements, Performance Measures, and Statistics Disclosed by Disclosing Entities (other than Transpower)

We, Warren William Moyes and John Joseph Ward, Directors of Northpower Limited, certify that, having made all reasonable enquiry, to the best of our knowledge:-

- (a) The attached audited financial statements of Northpower Limited, prepared for the purposes of Requirement 6 of the Commerce Commission's Electricity Information Disclosure Requirements 2004, comply with those Requirements; and
- (b) The attached information, being the derivation table, financial performance measures, efficiency performance measures, energy delivery efficiency performance measures, statistics, and reliability performance measures in relation to Northpower Limited, and having been prepared for the purposes of requirements 14, 15, 20 and 21 of the Electricity Information Disclosure Requirements 2004, comply with those Requirements.

The valuations on which those financial performance measures are based are as at 31 March 2007.

Dated this 20th day of December 2007

Director

Director

16/1

#### **AUDIT NEW ZEALAND**

#### REPORT OF THE AUDITOR-GENERAL

#### TO THE READERS OF THE FINANCIAL STATEMENTS OF NORTHPOWER LIMITED FOR THE YEAR ENDED 31 MARCH 2007

We have audited the financial statements of Northpower Limited on pages 4 to 9. The financial statements provide information about the past financial performance of Northpower Limited and its financial position as at 31 March 2007. This information is stated in accordance with the accounting policies set out on pages 1 to 3.

#### Directors' responsibilities

The Commerce Commission's Electricity Information Disclosure Requirements 2004 made under section 57T of the Commerce Act 1986 require the Directors to prepare financial statements which give a true and fair view of the financial position of Northpower Limited as at 31 March 2007, and the results of its operations and cash flows for the year ended on that date.

#### Auditor's responsibilities

Section 15 of the Public Audit Act 2001 and Requirement 30 of the Electricity Information Disclosure Requirements 2004 require the Auditor-General to audit the financial statements. It is the responsibility of the Auditor-General to express an independent opinion on the financial statements and report that opinion to you.

The Auditor-General has appointed F Caetano of Audit New Zealand to undertake the audit.

#### **Basis of opinion**

An audit includes examining, on a test basis, evidence relevant to the amounts and disclosures in the financial statements. It also includes assessing:

- the significant estimates and judgements made by the Directors in the preparation of the financial statements; and
- whether the accounting policies are appropriate to Northpower Limited's circumstances, consistently applied and adequately disclosed.

We conducted the audit in accordance with the Auditing Standards issued by the Institute of Chartered Accountants of New Zealand. We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to obtain reasonable assurance that the financial statements are free from material misstatements, whether caused by fraud or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the financial statements.

In addition to issuing audit certificates pursuant to the Electricity Information Disclosure Requirements 2004 we have carried out one other audit assignment for Northpower Limited. This involved issuing an audit opinion on the annual financial statements for the year ended 31 March 2007. Other than this assignment and other than in our capacity as auditor acting on behalf of the Auditor-General, we have no relationship with or interests in Northpower Limited.

#### **Unqualified opinion**

We have obtained all the information and explanations we have required.

#### In our opinion:

- proper accounting records have been maintained by Northpower Limited as far as appears from our examination of those records; and
- the financial statements of Northpower Limited on pages 4 to 9:
  - (a) comply with generally accepted accounting practice in New Zealand; and
  - (b) give a true and fair view of Northpower Limited's financial position as at 31 March 2007 and the results of its operations and cash flows for the year ended on that date; and
  - (c) comply with the Electricity Information Disclosure Requirements 2004.

Our audit was completed on 20 December 2007 and our unqualified opinion is expressed as at that date.

F Caetano

## MATTERS RELATING TO THE PUBLICATION OF THE AUDITED FINANCIAL STATEMENTS IN THE NEW ZEALAND GAZETTE

This audit report relates to the financial statements of Northpower Limited for the year ended 31 March 2007 that have been published in the *New Zealand Gazette*. The *New Zealand Gazette* is required to publish hard copies of audited financial statements and the related audit report of Northpower Limited for the year ended 31 March 2007, and to include an electronic version of the published *New Zealand Gazette* on the *New Zealand Gazette*'s website.

We have not been engaged to report on the integrity of the financial statements of Northpower Limited that have been published on the *New Zealand Gazette*'s website. We accept no responsibility for any changes that may have occurred to the financial statements since they were initially signed and published.

This audit report refers only to the financial statements named above. If readers of this audit report are concerned with the inherent risks arising from electronic data communication, they should refer to the original signed and published hard copy of the audited financial statements and related audit report dated 20 December 2007 to confirm the information included in the audited financial statements published in the *New Zealand Gazette* or on the *New Zealand Gazette*'s website.

Legislation in New Zealand governing the preparation and dissemination of financial information may differ from legislation in other jurisdictions.

#### **AUDIT NEW ZEALAND**

## AUDITOR-GENERAL'S OPINION ON THE PERFORMANCE MEASURES OF NORTHPOWER LIMITED

We have examined the information on pages 10, 17 and 18, being –

- (a) the derivation table in requirement 15;
- (b) the annual ODV reconciliation report in requirement 16;
- (c) the financial performance measures in clause 1 of Part 3 of Schedule 1; and
- (d) the financial components of the efficiency performance measures in clause 2 of Part 3 of Schedule 1, –

that were prepared by Northpower Limited and dated 20 December 2007 for the purposes of the Commerce Commission's Electricity Information Disclosure Requirements 2004.

In our opinion, having made all reasonable enquiry, and to the best of our knowledge, that information has been prepared in accordance with those Electricity Information Disclosure Requirements 2004.

Audit New Zealand
On behalf of the Auditor-General
Auckland, New Zealand

20 December 2007

## MATTERS RELATING TO THE PUBLICATION OF THE AUDITED PERFORMANCE MEASURES IN THE NEW ZEALAND GAZETTE

This audit report relates to the performance measures of Northpower Limited for the year ended 31 March 2007 that have been published in the *New Zealand Gazette*. The *New Zealand Gazette* is required to publish hard copies of audited performance measures and the related audit report of Northpower Limited for the year ended 31 March 2007, and to include an electronic version of the published *New Zealand Gazette* on the *New Zealand Gazette*'s website.

We have not been engaged to report on the integrity of the performance information of Northpower Limited that have been published on the *New Zealand Gazette*'s website. We accept no responsibility for any changes that may have occurred to the performance information since they were initially signed and published.

This audit report refers only to the performance information named above. If readers of this audit report are concerned with the inherent risks arising from electronic data communication, they should refer to the original signed and published hard copy of the audited performance information and related audit report dated 20 December 2007 to confirm the information included in the audited performance information published in the *New Zealand Gazette* or on the *New Zealand Gazette*'s website.

Legislation in New Zealand governing the preparation and dissemination of financial information may differ from legislation in other jurisdictions.

#### NORTHPOWER LIMITED AND SUBSIDIARY

#### STATEMENT OF ACCOUNTING POLICIES

For The Year Ended 31 March 2007

#### Reporting Entity

Northpower Limited is a company formed under the Energy Companies Act 1992 and registered under the Companies Act 1993.

The financial statements have been prepared in accordance with the Financial Reporting Act 1993 and Section 44 of the Energy Companies Act 1992.

#### **Measurement Base**

The general accounting policies recognised as appropriate for the measurement and reporting of results, cashflows and financial position under the historical cost method, as modified by the revaluation of land, buildings and the distribution system assets, have been followed in the preparation of these financial statements.

#### Particular Accounting Policies

The following particular accounting policies, which significantly affect the measurement of profit and of financial position, have been applied:

#### (i) Operating Revenue

Operating Revenue shown in the Statement of Financial Performance comprise the amounts received and receivable by the Company for goods and services supplied to customers in the ordinary course of business. Operating Revenue is stated exclusive of Goods and Services Tax collected from customers.

#### (ii) Investments

Investments are stated at cost and net realisable value. Any decreases are recognised in the Statement of Financial Performance.

#### (iii) Properties Intended For Sale

Properties intended for sale are classified as current assets if sale is expected within 1 year. Such properties are shown at carrying value unless this exceeds net realisable value.

#### (iv) Property, Plant and Equipment

Property, Plant and Equipment are initially recorded at historical cost except for land and buildings, and distribution system assets, which are valued as detailed below.

The cost of purchased Property, Plant and Equipment is the value of the consideration given to acquire the assets and the value of other directly attributable costs which have been incurred in bringing the assets to the location and condition necessary for their intended service.

The cost of assets constructed by the Company includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of production overhead. Costs cease to be capitalised as soon as the asset is ready for productive use.

Land and buildings have been revalued to fair value based on a valuation conducted by Telfer Young (Northland) Ltd, Registered Valuers of Whangarei, as at 31 March 2006.

Buildings on land not owned by the Company are recorded at cost less depreciation and are not revalued.

Distribution system assets have been revalued to Depreciated Replacement Cost (DRC) as at 31 March 2007, based on a valuation conducted by PriceWaterhouseCoopers, Registered Valuers, as at 31 March 2007.

The results of the revaluation of land and buildings, and distribution system assets, are credited or debited to the appropriate revaluation reserve. Where this results in a debit balance in the asset revaluation reserve this balance is expensed in the Statement of Financial Performance.

Land and buildings, and distribution system assets, are revalued by independent registered valuers on a five-yearly basis. Valuations will be undertaken more regularly if necessary to ensure no individual item of property, plant and equipment within a class is included at a valuation that is not materially different from its fair value.

Additions between revaluations are recorded at cost.

#### (v) Depreciation

Depreciation is charged on a straight line basis so as to write off the cost or valuation of the fixed assets to their estimated residual value over their expected economic lives. The estimated economic lives are as follows:-

Distribution system:

| Lines/transformers/substations                | 45-70 years |
|---|-------------|
| Distribution switchgear                       | 35-55 years |
| Meters/communication/SCADA                    | 5-15 years  |
| Buildings – structural                        | 50 years    |
| <ul> <li>electrical and mechanical</li> </ul> | 20 years    |
| - other                                       | 10 years    |
| Motor vehicles                                | 5-15 years  |
| Plant and equipment                           | 3-20 years  |

#### (vi) Inventories

Inventories are stated at the lower of cost and net realisable value.

The cost of inventories is principally determined on a weighted average basis.

#### (vii) Accounts Receivable

Accounts Receivable are stated at estimated realisable value after providing against debts where collection is doubtful.

#### (viii) Work in Progress

The value of work in progress is determined using the percentage of completion method. Profits are recognised only when the outcome of the contract can be reliably estimated. Foreseeable losses on a contract are recognised in the Statement of Financial Performance immediately.

#### (ix) Taxation

The taxation charge against the profit for the year is the estimated liability in respect of that profit after allowance for permanent differences and timing differences not expected to reverse in future periods. This is the partial basis for the calculation of deferred taxation.

The Company follows the liability method of accounting for deferred taxation.

Future taxation benefits attributable to losses carried forward, or timing differences, are recognised in the financial statements only where there is virtual certainty of realisation.

#### (x) Research and Development Costs

Research and development costs are normally expensed in the period incurred except that development costs are deferred where future benefits are expected to exceed these costs. Deferred development costs are amortised over future periods on a basis related to expected future revenue.

#### (xi) Financial Instruments

Northpower and its subsidiary are party to financial instrument arrangements as part of everyday operations. These instruments include bank accounts, accounts receivable, creditors, and short term deposits. Revenues and expenses in relation to all financial instruments are recognised in the Statement of Financial Performance. All financial instruments are recognised in the Statement of Financial Position.

Northpower has limited its exposure to credit risk in respect of its investments by only investing in institutions with a high credit rating, and limiting the proportion that can be invested in any one institution. Northpower believes this policy reduces the risk of any loss which could arise from its investing activities.

#### (xii) GST

These Financial Statements are prepared on a GST exclusive basis, with the exception of accounts receivable and accounts payable, which are GST inclusive. Where GST is irrecoverable as an input tax, it is recognised as part of the related asset or expense.

#### (xiii) Employee Entitlements

Provision is made in respect of the group's liability for annual leave, long service leave and retirement gratuities. Annual leave has been calculated on an actual entitlement basis at current rates of pay, while the other provisions have been calculated on an actuarial basis at current rates of pay.

#### (xiv) Goodwill

Goodwill may arise from the acquisition of a business. An assessment of the economic life of goodwill will be made on a case by case basis and it will be amortised over a period not exceeding five years.

#### (xv) Leases

Northpower entities lease certain land and buildings. Operating lease payments, where the lessors effectively retain substantially all the risks and benefits of ownership of the lease items, are included in the determination of the net surplus in equal instalments over the period of the lease.

#### (xvi) Statement of Cash Flows

Cash means cash balances on hand, held in bank accounts, demand deposits and other highly liquid investments in which Northpower invests as part of its day-to-day cash management.

Operating activities include all activities other than investing and financing activities. The cash inflows include all receipts from the sale of goods and services and other sources of revenue that support Northpower's operating activities. Cash outflows include payments made to employees, suppliers and for taxes.

Investing activities are those activities relating to the acquisition and disposal of current and non-current securities and any other non-current assets.

Financing activities are those activities relating to changes in equity and debt capital structure of Northpower and those activities relating to the cost of servicing Northpower's equity capital.

#### **Changes in Accounting Policies:**

There have been no changes in accounting policies. The policies have been applied on a basis consistent with previous years.
