Under section 77A(3) of the Education Act 1989, I make the following rules.

Definitions

In these rules, unless the context otherwise requires:

“Authorised user” means a person who has completed a user authorisation form and who has been provided with access to ENROL by the Ministry.

“ENROL” means the enrolment management system established by the Ministry to provide a central enrolment record for all school students. The system is accessed at www.leadspace.govt.nz.

“Ministry” means the Ministry of Education.

“Parent” means a person who is a student’s mother, father, or guardian.

“Principal” means the principal of a registered school.

“Student” means a person enrolled in a registered school as a student, whether as a domestic student or an international student.

“Task” means an action, which has been initiated by ENROL, that a school must complete.

Rule 1 – Enrolling a student

When enrolling a student, every principal must ensure that:

- a. ENROL is checked to confirm whether an enrolment record already exists for the student when a student, whether domestic or international, enrolls in a school (**Rule 2** explains when a new record will be required);
- b. ENROL is updated within **5 school days** of the student being confirmed as attending the school. A student is not officially enrolled at the school unless indicated as such within ENROL;
- c. where a student, who is not a New Zealand citizen, Australian citizen or New Zealand resident, transfers to another school, ENROL is updated with:
 - the criteria used to confirm the student’s eligibility status, eg New Zealand citizen, New Zealand resident, dependant of a person holding a valid work permit;
 - the type of verification document used to verify the eligibility status and the serial number; and
 - the student’s country of citizenship;
- d. a student’s eligibility status in ENROL is updated where the student’s domestic eligibility status has changed (please refer to *Circular 2007/1 Updated – Eligibility for enrolment in New Zealand schools*);
- e. where a student wishes to be enrolled under an alternative name, that name must be entered in the “Aliases” field on the same enrolment record as the student’s legal name;
- f. he or she liaises with the principal of the other school where there is a conflict over the enrolment of a student, ie when one school is enrolling a student who has been confirmed as still enrolled at and attending another school; and
- g. he or she confirms with the parent that, if the “Keep Information Private” checkbox is activated, this requirement should continue (**Rule 5(i)** explains when this checkbox should be used). If the principal clears this checkbox, then he or she must be satisfied that appropriate authorisation has been given to remove the checkbox.

Rule 2 – Creating records in ENROL

Schools must only create new ENROL records for:

- new entrants;
- international students entering a New Zealand school for the first time; and
- students who are returning to the New Zealand school system from overseas who have not previously attended a New Zealand school since ENROL has been in use;

When creating a record in ENROL, every principal must ensure that:

- a. the student does not have an existing record by searching using the “Find a student” function, remembering to set the “Not at my school option” (if unsure please call the Ministry’s Contact Centre); and
- b. all the mandatory fields in the new record are completed.

Rule 3 – Withdrawing students

Every principal must ensure that:

- a. a student’s record in ENROL is updated within **5 school days** of their last day of attendance with the student’s departure information;
- b. ENROL is updated with the appropriate leaving reason(s), teaching and learning note(s) where necessary, and the correct last day of attendance when:

- the school has been advised that the student is no longer attending the school;
 - the student has been absent for 20 school days without the principal being informed that the absence is only temporary; or
 - the student has been absent for less than 20 days but the principal has reason to believe they will not return to school;
- c. supporting information has been kept on the student's file in the school when teaching and learning notes are included on a student's ENROL record;
 - d. students that have an exclusion remain on the school roll as per section 17C of the Education Act 1989 until another school enrolls the student or they receive an appropriate exemption. A student should also remain on the school roll if the principal has an expectation that he or she will return to regular attendance (for example, where there is a truancy related court proceeding under way); and
 - e. students that have applied for either an early leaving exemption or homeschooling exemption, remain attending school (and enrolled in ENROL) until the exemption is approved by the Ministry. The Ministry will then update the students record in ENROL to reflect the last day of attendance at the school.

Rule 4 – Non-enrolment notifications

Every principal must ensure that:

- a. the non-enrolment notification form is completed and emailed to the Ministry as soon as possible but within **5 school days** when a non-enrolment notification task is sent to a school from ENROL. These tasks cannot be cancelled and need to be completed for all students. Users may submit an immediate non-enrolment notification for a student when withdrawing him or her in ENROL by ticking the checkbox to send a non-enrolment notification immediately; and
- b. all contact details for the student held by the school, and any additional information (eg involvement with other agencies) that will assist with locating the student, are entered on the form. Comments should also include appropriate information about what the school has done to resolve the student's non-attendance before the student withdrew from school.

Rule 5 – School and other user responsibilities

Every principal must ensure that:

- a. ENROL is updated for all the school's students, which includes those students who are attending offsite centres such as: Kura Teina satellites, special education satellite classes, Teen Parent Units, Activity Centres, Alternative Education, and Regional Health Schools;
- b. every student enrolled at the school is recorded in ENROL in accordance with these rules;
- c. the data in ENROL relating to the students currently enrolled in the school is maintained accurately and promptly by the school's authorised users;
- d. enrolment changes are updated in ENROL within **5 school days**;
- e. tasks generated by ENROL, which relate to a student enrolled or previously enrolled in the school, are completed as soon as possible, but within **5 school days**;
- f. the Ministry of Education is advised immediately when an authorised user no longer requires access to ENROL;
- g. all reasonable steps are taken to ensure that school employees are aware of their obligations in respect of the appropriate use and protection of personal information in ENROL;
- h. the school provides parents and students with the information sheet provided by the Ministry when the student enrolls. The information sheet will explain:

- the purpose of ENROL;
 - who the authorised users of ENROL are and their obligations and responsibilities in respect of their use of ENROL;
 - that information related to the student's enrolment will be available to the next school;
 - that parents and students are entitled to request access to and/or correction of, their personal information held in ENROL from the current school of enrolment or the Ministry; and
 - students' entitlements and parents' obligations in respect of enrolment;
- i. the "Keep Information Private" checkbox is activated on the student's ENROL record in the following circumstances:
 - the principal is notified that one of the following exist: a protection order under the Domestic Violence Act 1995, a restraining order under the Harassment Act 1997, or where the student or a family member is under a witness protection programme under the Evidence Act 1958; or
 - where the principal has reasonable cause to believe the student is likely to be at significant risk if the checkbox is not activated;
 - j. he or she complies with all relevant legislation when responding to requests for information from a student or parent;
 - k. the school's own enrolment record is completed and signed by the parent(s) and/or student;
 - l. a copy of the school's enrolment form for the student is retained for seven years after the student has left the school; and
 - m. E19/22A forms for students who were enrolled under the previous paper system are retained for the period of seven years after the students have left the school.

Every authorised ENROL user must:

- n. use ENROL only for the purpose of facilitating and monitoring the accurate and efficient enrolment of students; and
- o. not share a user logon or password with any other person and must protect the password to prevent unauthorised access to the system.

Every authorised ENROL user in a district health board must:

- p. use ENROL only for the purpose of updating a student's enrolment record with hearing and vision test results.

Rule 9 – Schools exempt from using ENROL

- a. These rules apply to all schools apart from those that have received a written exemption letter from the Ministry of Education.
- b. The Ministry of Education may set conditions for any exemption.

Notes to the Consolidated Financial Statements for the Year Ended 31 March 2007**Basis of Preparation**

The Community Trust of Otago was incorporated as a charitable trust in accordance with the provisions of the Community Trusts Act 1999.

These are the consolidated financial statements of The Community Trust of Otago and its wholly owned subsidiaries: The Community Trust Amateur Sports Company Limited, The Community Trust District Improvement Company Limited and Fillmor House Limited.

The Community Trust Amateur Sports Company Limited and The Community Trust District Improvement Company Limited were liquidated during the year.

The financial statements have been prepared to comply with the Financial Reporting Act 1993 and comprise consolidated statements of the following: Financial performance, movement in trust funds, financial position, cashflows, as well as notes to these financial statements.

The financial statements are prepared on the basis of historical cost, except for the revaluation of managed funds.

Specific Accounting Policies**Income**

Income from managed funds includes both realised and unrealised income and is recorded gross of fund management expenses.

Interest is recognised on an accrual basis.

Foreign Currencies

All amounts denominated in foreign currencies are converted to New Zealand dollars at balance date. All realised and unrealised gains and losses are recognised in the statement of financial performance.

Taxation

Pursuant to section CW of the Income Tax Act 2004, The Community Trust of Otago is exempt from income tax.

Fillmor House Limited is the only subsidiary liable for income tax. Income tax is recognised on the surplus available for distribution before taxation, adjusting for differences between taxable and accounting income. Future tax benefits are not recognised unless realisation of the asset is virtually certain.

Fixed Assets

Fixed assets are recorded at cost less accumulated depreciation.

Depreciation

Depreciation has been charged to the financial statement using rates which will write off the cost of assets less their estimated residual value over their estimated economic lives. The depreciation rates used are:

Buildings	4% diminishing value
-----------	----------------------

Office furniture and equipment	12–48% diminishing value
--------------------------------	--------------------------

Donations Payable

Donations payable represents donations approved by the trustees but unpaid as at balance date.

Receivables

Receivables are stated at estimated realisable value after providing against debts where collection is doubtful. Bad debts are written off during the period in which they are identified.

GST

The trust became registered for GST on 10 August 2006. Accordingly, items (as relevant) in the consolidated statement of financial performance are stated on a GST inclusive basis prior to and exclusive subsequent to this date. Fillmor House Limited, a subsidiary of The Community Trust of Otago, was registered for GST for the full year.

Basis of Consolidation

The Community Trust of Otago, Fillmor House Limited, The Community Trust District Improvement Company Limited and The Community Trust Amateur Sports Company Limited have been consolidated using the purchase method of consolidation.

Capital Maintenance Reserve

The capital maintenance reserve represents the additional amount necessary to preserve the real value of the capital allowing for inflation as measured by the Consumers' Price Index (CPI).

Investments

Investments are valued at period end market value. All realised and unrealised gains and losses are recognised in the statement of financial performance.

Hedging Instruments

The trust, through its fund managers, enters into hedging instruments such as forward exchange contracts. These are converted to the New Zealand dollar rate at balance date with all realised and unrealised gains and losses being recognised in the statement of financial performance as income from managed funds.

Statement of Cashflows

Cash comprises cash at bank and call deposits but does not include cash or deposits held by the fund managers.

Financial Instruments

All assets and liabilities of the trust, with the exception of fixed assets, are financial instruments and are recognised in the statement of financial position. All financial instruments are recorded at market value or fair value or are not materially different from market value or fair value.

Fund managers utilise financial instruments with off balance sheet risk to reduce exposure to fluctuations in foreign currency exchange rates. Forward exchange contracts are entered into to hedge foreign currency transactions. These are converted to the New Zealand dollar rate at balance date with all realised and unrealised gains and losses being recognised in the statement of financial performance.

The quantitative disclosures required by FRS 31 Disclosure of Information About Financial Instruments have been included throughout the financial statements where material.

6. Financial Instruments**Currency Risk**

The trust, through its fund managers, invests in securities that are denominated in foreign currencies and therefore result in a currency risk. The trust's fund managers actively monitor this risk and hedge positions in accordance with their investment guidelines.

Interest Rate Risk

The trust, through its fund managers, invests in securities that are subject to interest rate risk. The trust's fund managers monitor this risk and change asset allocations and maturity profiles in accordance with their investment guidelines.

Credit Risk

The trust, in the normal course of business, enters into arrangements with other parties. These arrangements give rise to credit risk for the trust and hence policies and procedures are maintained so that the risk is minimised. No collateral is required in respect of financial assets.

For all classes of financial assets held by the trust, the maximum credit risk exposure to the trust is the carrying value as disclosed in the financial statements at balance date.

Due to the diversification of the investment portfolio and the policies and procedures in place, there are no significant concentrations of credit risk.

Fair Values

All financial instruments are carried at market value.

John Farry, a trustee of the community trust, is a shareholder in a company which owns a portion of the land at Awatea Street under consideration by the Carisbrook Stadium Trust. John Farry has no involvement with the Carisbrook Stadium Trust and as such, these transactions do not meet the definition of related party transactions within financial reporting standards.

14. Trustee Liability Insurance

The trust has insured its trustees against liability to other parties that may arise from their position as trustees. The insurance does not cover liabilities arising from criminal actions.

15. Adoption of International Financial Reporting Standards

In December 2002, the New Zealand Accounting Standards Review Board announced that New Zealand International Financial Reporting Standards ("NZ IFRS") will apply to all New Zealand reporting entities for the periods commencing on or after 1 January 2007. Entities have the option to adopt NZ IFRS for periods beginning on or after 1 January 2005.

The Community Trust of Otago intends to implement NZ IFRS in its annual financial statements for the year ending 31 March 2008.

Transition Management

The Community Trust of Otago started a project to:

- assess the key differences in accounting policies under NZ IFRS and current accounting policies;
- determine the impacts on the financial statements from transition; and
- determine and to implement processes to deal with any related business impacts.

Change in Accounting Policies on Transition to NZ IFRS

Significant differences identified by The Community Trust of Otago are outlined below. It should not be regarded as a complete list of changes in accounting policies that will result from the transition to NZ IFRS, as some decisions have not yet been finalised where choices of accounting policies are available.

The Community Trust of Otago has not yet completed an exercise to quantify the effects of the differences in accounting policies discussed below, and are therefore currently unable to reliably quantify impacts on the financial statements, which will arise from transitioning to NZ IFRS. It is possible that the actual impact of adopting NZ IFRS may vary from the information presented below, and the variation may be material.

Financial Instruments

The Community Trust of Otago's current accounting policy is to recognise financial instruments at fair value with movements through the profit and loss account. Under NZ IFRS, the trust will continue to adopt this accounting policy. However, the trust envisages that further work will be required to ensure that the valuation techniques used to value financial instruments are consistent with the requirements of NZ IFRS.

It is also noted that financial instruments should be initially measured at fair value. This may result in a remeasurement of the trust's loans and receivables.

Audit Report

To the Trustees of The Community Trust of Otago

We have audited the financial report. The financial report provides information about the past financial performance and financial position of the trust and group as at 31 March 2007. This information is stated in accordance with the accounting policies.

Trustees' Responsibilities

The trustees are responsible for the preparation of a financial report which fairly gives a true and fair view of the financial position of the trust and group as at 31 March 2007, and the results of its operations and cashflows for the year ended on that date.

Auditors' Responsibilities

It is our responsibility to express an independent opinion on the financial report presented by the trustees.

Basis of Opinion

An audit includes examining, on a test basis, evidence relevant to the amounts and disclosures in the financial report. It also includes assessing:

- the significant estimates and judgements made by the trustees in the preparation of the financial report; and
- whether the accounting policies are appropriate to the trust's and group's circumstances, consistently applied and adequately disclosed.

We have conducted our audit in accordance with New Zealand Auditing Standards. We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to obtain reasonable assurance that the financial report is free from material misstatements, whether caused by fraud or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the financial report.

We have performed one consulting assignment for the trust during the year. We have no other relationship with, or interest in, the trust or any of its subsidiaries other than in our capacity as auditor.

Unqualified Opinion

We have obtained all the information and explanations we have required.

In our opinion, the financial report:

- complies with generally accepted accounting practice in New Zealand; and
- gives a true and fair view of the financial position of the trust and group as at 31 March 2007 and the results of its operations and cash flows for the year ended on that date.

Our audit was completed on 26 June 2007 and our unqualified opinion is expressed as at that date.

POLSON HIGGS, Chartered Accountants, Dunedin.
