Internal Affairs

Local Government Act 2002

Notice of Intention to Appoint a Crown Manager Pursuant to Section 258D(1)(b)

Pursuant to section 258D(1)(b) of the Local Government Act 2002 ("the Act"), the Minister of Local Government gives notice of his appointment of

Doug Martin

as Crown Manager to the Christchurch City Council ("the Council") following the Council's written request on 5 July 2013.

The Crown Manager will direct the Council to address the issues raised relating to the Council's building control functions under the Building Act 2004.

The role of the Crown Manager will include the overseeing the Council's building control functions and ensuring that the Council regains accreditation as a building consent authority.

The term for the Crown Manager and the management period will commence on **Thursday 11 July 2013**.

The appointment will, unless otherwise advised by written notice by the Minister of Local Government, expire on 31 December 2014.

In deciding to appoint a Crown Manager to the Council, the Minister has had regard to the matters set in "Notice Regarding Ministerial Powers of Assistance and Intervention" (as published in the *New Zealand Gazette*, 28 March 2013, No. 38, page 1140).

Terms of Reference for a Crown Manager (Under Section 258D of the Local Government Act 2002)

1. Background

On 4 July 2013 the Christchurch City Council ("the Council") resolved to request that the Minister of Local Government put in place a Crown Manager under section 258D of the Local Government Act 2002.

The Crown Manager is being put in place to address significant problems associated with the withdrawal of the Council's International Accreditation New Zealand (IANZ) Building Consent Authority (BCA) accreditation.

On Monday 1 July 2013, IANZ made the decision to withdraw the Council's BCA accreditation. IANZ was not satisfied that sufficient progress had been made by the Council in response to the building consenting performance issues it had identified and recommendations it had made in earlier assessments.

Specifically, there was insufficient progress on IANZ's six Corrective Action Requests of 27 May 2013, which IANZ had instructed the Council to address in order for the Council to continue its accreditation as a BCA.

To get a better understanding of the issues identified by IANZ, the Ministry of Business, Innovation and Employment (MBIE) sent a team of technical experts to engage with the Council's consenting group.

The team identified a number of critical issues that needed attention in a report dated 1 July 2013.

The Minister of Local Government (the Minister) and the Council agree that the appointment of a Crown Manager is crucial to restore confidence in the robustness of the Council's building consent processes and correct serious issues of poor building consenting performance.

2. Establishing the Crown Manager

Section 258D(1)(b) of the Local Government Act 2002 provides for the Minister of Local Government to appoint a Crown Manager to a local authority upon receiving a written request from that local authority.

The Minister has received a written request from the Christchurch City Council requesting the Minister:

"...appoint a Crown Manager to the Christchurch City Council under section 258D(1)(b) of the Local Government Act 2002, in order to address problems related to the Council's building consent authority functions under the Building Act 2004 and enabling the Council to regain IANZ accreditation."

The term for the Crown Manager and the management period will commence on **15 July 2013**.

The appointment will, unless otherwise advised by the Minister of Local Government, expire on 31 December 2014.

The Minister may choose to extend the period of appointment of the Crown Manager and/or the management period by way of written notice, if there are reasonable grounds to believe that the appointment of the Crown Manager is still required to resolve the problem.

The Crown Manager may request any assistance from MBIE, the Department of Internal Affairs, or other parties he or she considers necessary to fulfil these Terms of Reference.

3. Roles and Responsibilities

The Crown Manager will focus on the urgent need for implementing broad performance improvements ensuring the Council has adequate processes and capability to fulfil its BCA functions to the extent necessary to facilitate a timely, high quality and cost efficient rebuild of Christchurch.

The role of the Crown Manager will include overseeing the Council's BCA functions and ensuring that the Council regains accreditation as a building consent authority.

The Crown Manager will direct the Council to address the issues raised relating to the Council's BCA functions under the Building Act 2004 and those raised in the MBIE report of 1 July 2013 and IANZ assessments of the Council's BCA functions.

The Crown Manager will take into account the interface of BCA functions with other related Council regulatory functions.

4. Outcomes

Following the receipt of the Crown Manager's initial action plan the Minister of Local Government, on behalf of the Minister for Building and Construction and the Minister for Canterbury Earthquake Recovery, will write to the Crown Manager and set out specific outcomes, goals, and milestones that the Crown Manager must achieve.

5. Authority

The Crown Manager has the following statutory authority to the extent authorised by these terms of reference:

- To direct the Council to act to address problems relating to its BCA functions; and
- to make recommendations to the Minister as to whether the Minister should take any further action in relation to the Council, including whether the Minister should appoint any other Ministerial body to the Council.

The Crown Manager must ensure, as far as practicable, that the organisational capability of the Council is not diminished.

The Council is required under section 258D(6) of the Local Government Act 2002 to co-operate with the Crown Manager so that these terms of reference can be fulfilled, comply with the directions of the Crown Manager, and comply with any reasonable request of the Crown Manager to provide relevant information.

The Council will make available and accessible the resources required for the Crown Manager to fulfil these terms of reference.

6. Reporting Procedures

The Crown Manager will provide an initial action plan to the Minister of Local Government, the Minister for Canterbury Earthquake Recovery, and the Minister of Building and Construction within four weeks of the beginning of the management period.

The Crown Manager will then provide monthly progress reports (or other intervals as determined by Ministers) to these Ministers.

These will be copied to the Christchurch City Council.

The Crown Manager must, as soon as possible following the end of the management period, produce a final report that meets the requirements of section 258U of the Local Government Act 2002.

In addition to the matters in that section, the Crown Manager must report on what, if any progress, has been made at the Council in addressing issues identified in the IANZ and MBIE reports.

The report must identify any problems that remain, or any new related problems that arose during the management period.

The report may make further recommendations to the Minister or the Council or both if appropriate.

Dated at Wellington this 11th day of July 2013.

HON CHRIS TREMAIN, Minister of Local Government.

Electricity Authority

Electricity Industry Act 2010

Electricity Industry (Exemption No. 168 (Arc Innovations Limited)) Exemption Notice 2013

Pursuant to section 11 of the Electricity Industry Act 2010 ("Act"), the Electricity Authority gives the following notice.

Notice

1. Title and commencement—(1) This notice is the Electricity Industry (Exemption No. 168 (Arc Innovations Limited)) Exemption Notice 2013.

(2) This notice comes into force on **29 August 2013**.

2. Exemption—Arc Innovations Limited ("Arc") is exempted from compliance with item 16 of Table 1 of Schedule 11.4 of the Electricity Industry Participation Code 2010 ("Code") in respect of providing metering component serial numbers for its first generation advanced metering infrastructure (AMI) metering installations.

3. Term—This exemption expires at the close of **31 December 2018**.

4. Reasons for granting the exemption—The reasons for granting this exemption are:

- granting the exemption meets the requirements in section 11(2) of the Act for granting exemptions;
- traders supplying installation control points ("ICPs") that use Arc's first generation AMI metering installations would incur higher administration and compliance costs in changing their internal systems to align existing customer metering records with the new serial numbers in the registry; and
- the exemption will have little or no impact on service providers or other traders supplying ICPs that do not use Arc's first generation AMI metering installations, and will not affect any other Code provisions.

Dated at Wellington this 8th day of July 2013.

Electricity Industry (Exemption No. 169 (Mighty River Power Limited)) Exemption Notice 2013

Pursuant to section 11 of the Electricity Industry Act 2010 ("Act"), the Electricity Authority gives the following notice.

Notice

1. Title and commencement—(1) This notice is the Electricity Industry (Exemption No. 169 (Mighty River Power Limited)) Exemption Notice 2013.

(2) This notice comes into force on the day after the date it is notified in the *New Zealand Gazette*.

2. Exemption—Mighty River Power Limited ("MRPL") is exempted from complying with the obligation in clause 8(g) of Schedule 15.3 of the Electricity Industry Participation Code 2010 ("Code") to provide non half hour ("NHH") submission information for the following 16 installation control points ("ICPs"):

	ICP identifier		ICP identifier

8.	0000939920HB224	16.	1001102038UN6D0

3. Term—This exemption expires at the close of **31 July 2023**.

4. Reasons for granting the exemption—The reasons for granting this exemption are:

- granting the requested exemption meets the requirements in section 11(2) of the Act for granting exemptions;
- MRPL would incur significant administration and compliance costs changing its systems to provide submission information for the 16 ICPs in NHH format instead of in the half hour ("HHR") format it currently provides;
- MRPL's systems replicate the profiling process used in the reconciliation manager's system by converting NHH quantities into an HHR "shape" using on and off switch times recorded by a certified data logger and provide a similar level of accuracy;
- the load at these ICPs is static, has little annual variation, and load changes can be accurately tracked; and
- the requested exemption will have little or no impact on other participants and service providers, and will not affect any other Code provisions.

3. Term—This exemption expires at the close of **28 February 2014**.

4. Reasons for granting the exemption—The reasons for granting this exemption are:

- granting the exemption meets the requirements in section 11(2) of the Act for granting exemptions;
- Waitaki will avoid significant compliance costs by conducting its next annual distributor audit at the same time as its initial metering equipment provider audit, and will minimise disruptions to its network staff involved in audit reviews;
- once the exemption expires, the timing of Waitaki's next distributor audit will be calculated from the date of the audit completed during the period of this exemption;
- there is no risk to settlement or accuracy of records in electricity market systems; and

- there are only seven installation control points for which Eastland is the registered metering equipment provider; and
- the exemption will have little or no impact on other participants and service providers, and will not affect any other Code provisions.
