 - (i) in the case of the financial statements for the exempt overseas company's New Zealand business, an auditor's report which complies with section 16 of the Act; and
 - (ii) to the extent that laws of the specified jurisdiction in which the exempt overseas company is incorporated (including overseas legislation) require that the financial statements and/or consolidated group financial statements that are required to be prepared for the exempt overseas company must be audited, an auditor's report from an approved auditor that complies with the requirements of the relevant overseas legislation.

7. Accounting periods to which exemption apply—For the purposes of section 35D of the Act, the exemptions in clause 5 apply to the following accounting periods of an exempt overseas company:

- (a) An accounting period of the company that commenced before the exemption is granted (including an accounting period that ended before the exemption is granted) if:
 - (i) in the case of copies of financial statements or group financial statements that are required to be delivered for registration under section 19 of the Act, the exemption is granted before those documents are required to be delivered for registration under that section; or
 - (ii) in any other case, the exemption is granted before the financial statements or group financial statements for that period are required to be completed; and
- (b) subsequent accounting periods.

United Kingdom	The Companies Act 1985 (UK) and the Companies Act 2006 (UK)	Generally accepted accounting principles of the United Kingdom or international accounting standards (within the meaning of Regulation (EC) No. 1606/2002)

Singapore	Companies Act (Chapter 50) (Singapore)	Singapore Financial Reporting Standards

Statement of Reasons

This notice comes into force on 16 November 2012 and expires on 15 November 2017.

This notice applies in respect of overseas companies that are incorporated in the countries specified in the Schedule (exempt overseas companies) and that are not issuers within the meaning of the Financial Reporting Act 1993 (the Act).

The effect of this notice is to exempt directors of the exempt overseas companies from certain financial reporting obligations under the Act. In particular, the directors of those companies will not be required to prepare and file financial statements for the companies where there is no equivalent requirement under law of the jurisdiction in which they are incorporated.

The directors of those companies will instead be able to provide the financial statements or group financial statements that are required of them to meet financial reporting obligations under the laws of the country in which they are incorporated.

The main differences in the financial statements provided by exempt overseas companies relying on the exemptions are:

- The directors of those companies will prepare and register audited financial statements for the New Zealand business and the financial statements or consolidated financial statements that they are required to prepare in the country in which they are incorporated;
- the date on which the financial statements, including separate financial statements for the company's New Zealand business, will be required to be registered will be within 20 working days of the date they are required to be signed by the directors under the laws of the country in which the company is incorporated;
- the financial statements and/or consolidated financial statements will comply with generally accepted accounting principles applying in the country in which the exempt company is incorporated (rather than generally accepted accounting practice in New Zealand); and
- the financial statements and/or consolidated financial statements will be audited in accordance with, and the auditor's report will provide the information required under, the laws of the country in which the exempt company is incorporated instead of the Act.

The Registrar considers it appropriate to grant the exemptions because of the following reasons:

- The Registrar considers that unless the exemptions are granted, it would be unduly onerous or burdensome for the directors of exempt overseas companies to prepare financial statements that comply with section 10 of the Act;
- the exemptions address the particular difficulties experienced by exempt overseas companies that carry on business in New Zealand. The Registrar is satisfied that the exemptions are not broader than what is reasonably necessary to address these difficulties and still require that group financial statements be filed in New Zealand;
- an exempt overseas company relying on the exemptions will still be required to file audited financial statements for their New Zealand business prepared in accordance with New Zealand generally accepted accounting practice as if that business was a company formed and registered in New Zealand;
- the Registrar is satisfied that the financial statements or consolidated financial statements required to be prepared under the laws of the specified jurisdictions provide sufficient information to avoid any detriment to members of the public who have dealings with the exempt overseas companies; and
- the Registrar has had regard to the financial reporting requirements that must be complied with by exempt overseas companies who rely on the exemptions. The exemptions are limited to the directors of overseas companies incorporated in the specified jurisdictions who must comply with the financial reporting and audit requirements under the laws applying in those jurisdictions.

Date of notification in the *New Zealand Gazette*: 15 November 2012.

Canterbury Earthquake Recovery Authority

Canterbury Earthquake Recovery Act 2011

Direction to Canterbury Regional Council to Develop a Land Use Recovery Plan for Greater Christchurch

Pursuant to section 16(4) of the Canterbury Earthquake Recovery Act 2011 ("the Act"), the Minister for Canterbury Earthquake Recovery gives the following notice.

Notice

1. **Title**—This notice is a direction to the Canterbury Regional Council to develop a Land Use Recovery Plan.
2. **Direction**—Pursuant to section 16(1) of the Act, I direct the Canterbury Regional Council to prepare a Recovery Plan to deal with the following matters within greater Christchurch:
 - 2.1 **Geographic Extent**: The Recovery Plan will focus on the metropolitan urban area and towns stretching from Lincoln and Rolleston in the south to Rangiora and Woodend in the north, including Christchurch City (and to the extent necessary, on across-boundary matters relating to residential land use and transport, this would include the area covered by the Christchurch Central Recovery Plan).
 - 2.2 **Matters to be Dealt With**:
 - (a) Identification of the location, type and mix of residential and business activities within specific geographic areas necessary for earthquake recovery, including:

- (i) the priority areas to support recovery and rebuilding in the next 10 to 15 years; and
 - (ii) enabling and informing the sequencing and timescales for the delivery of infrastructure and transport networks and hubs to support the priority areas.
 - (b) The Recovery Plan will make changes necessary for earthquake recovery to residential and business land use policy and planning provisions and related funding instruments, in order to provide for:
 - (i) the matters in 2.2(a)(i) and (ii); and
 - (ii) a diverse range of housing types, including social and affordable housing.
 - (c) To the extent possible in the timeframe for the development of the Recovery Plan, the Recovery Plan will make changes or identify a programme of further work to be undertaken before changes are made, to residential and business land use policy and planning provisions and related funding instruments, necessary for earthquake recovery, in order to:
 - (i) provide for intensification of use and comprehensive development on suitable brownfield areas; and
 - (ii) support the recovery and rebuilding of the network of centres of activity such as the central city, suburban and satellite town centres.
 - (d) In making these changes, consideration is to include avoiding or mitigating the changed or heightened risks of natural hazards.
- 2.3 The Recovery Plan must state the funding implications of its implementation and indicate the proposed funding sources. This may include the identification of options for different funding sources.
- 2.4 If the Canterbury Regional Council considers that amendments to documents and instruments prepared under the Resource Management Act 1991, Local Government Act 2002 and the Land Transport Management Act 2003 may be necessary to implement the Recovery Plan, it must state this in the Recovery Plan and describe the nature of those amendments. The Recovery Plan may identify programmes of further work to be undertaken before amendments to address specific matters are proposed to it.
- 2.5 The Canterbury Regional Council must ensure provisions of the Recovery Plan are consistent with the Christchurch Central Recovery Plan. Consideration of across boundary issues relating to settlement patterns and transport matters must be developed consistently with the Christchurch Central Recovery Plan. Amendments to the Christchurch Central Recovery Plan shall not be made.
- 2.6 Canterbury Regional Council must have regard to any other Recovery Plans that are in force or being developed. It must consult the Canterbury Earthquake Recovery Authority to ensure that the Land Use Recovery Plan is consistent with, and supports, existing or developing Recovery Plans.
- 2.7 In developing the Recovery Plan, the Canterbury Regional Council will consider the relationship of the Plan with other recovery decision-making processes. The Recovery Plan will inform decision-making in relation to infrastructure provision and associated community services such as public transport, health services, educational facilities and recreational facilities and spaces. The Recovery Plan may not direct or implement changes to these matters.
- 2.8 The following matters may be considered by the Canterbury Regional Council in the development of the Recovery Plan but will not be specifically addressed in the Recovery Plan:
- (a) Recovery of non-land use resources such as water, air, soil, minerals and energy and all forms of plants and animals (being all other “natural and physical resources” as defined in section 2 of the RMA except for land and structures);
 - (b) future use of “red-zoned” land; and
 - (c) long-term provisions for growth and development in greater Christchurch.
- 2.9 In this Direction, “business” or “business activities” means activities that include retail, office, industrial and other commercial and any ancillary activity.
- 3. Development of Recovery Plan**—Pursuant to section 19(1) of the Act, and having had regard to the matters in section 19(2) of the Act, I have determined that the Land Use Recovery Plan is to be developed in the following manner; including the following consultation requirements:
- 3.1 The Canterbury Regional Council must develop the Recovery Plan through a collaborative multi-agency approach with Christchurch City Council, Selwyn and Waimakariri District Councils, Te Rūnanga o Ngāi Tahu, NZ Transport Agency and Canterbury Earthquake Recovery Authority. This is to ensure that the draft Recovery Plan reflects their needs and perspectives.
- 3.2 Canterbury Regional Council must ensure the draft Recovery Plan reflects to the extent possible the views of greater Christchurch communities generally. Canterbury Regional Council must use targeted stakeholder consultation sessions, at least five community based “open forum sessions” and consultation in a manner agreed with Te Rūnanga o Ngāi Tahu, to achieve this. The Canterbury Regional Council is to determine the exact nature, timing and location of the consultation sessions, except public consultation must not occur over the Christmas/New Year period. There is no requirement to hold public hearings.
- 3.3 The Canterbury Regional Council must prepare and publish a report on all consultation undertaken, including a summary of what was heard during consultation and how it influenced the draft Recovery Plan. The Canterbury Regional Council must provide me with a copy of the consultation summary report when sending me the draft Recovery Plan.
- 3.4 The Canterbury Regional Council must develop a draft Land Use Recovery Plan within seven months after the date of this direction.
- 3.5 The Canterbury Regional Council must ensure that all public information relating to the draft Recovery Plan is freely and easily available.

3.6 As required under section 20 of the Act, I intend to publicly notify the draft Land Use Recovery Plan. I will do this after receiving the draft Recovery Plan from Canterbury Regional Council. When I notify the draft Recovery Plan, I will invite comments from the public within a period of a minimum of four weeks.

4. Other Recovery Plans—The Christchurch Central Recovery Plan is the only other Recovery Plan in force.

Dated at Wellington this 6th day of November 2012.

HON GERRY BROWNE, Minister for Canterbury Earthquake Recovery.

Electricity Authority

Electricity Industry Act 2010

Electricity Industry (Exemption No. 148 (Network Waitaki Limited)) Exemption Notice 2012

Pursuant to section 11 of the Electricity Industry Act 2010 ("Act"), the Electricity Authority gives the following notice.

Notice

1. Title and commencement—(1) This notice is the Electricity Industry (Exemption No. 148 (Network Waitaki Limited)) Exemption Notice 2012.

(2) This notice comes into force on the day after the date it is notified in the *New Zealand Gazette*.

2. Exemption—Network Waitaki Limited ("Waitaki") is exempted from compliance with clause 2 of Schedule 11.1 of the Electricity Industry Participation Code 2010 ("Code") in respect of the following installation control points ("ICPs"):

1.	0000050700WTE7B	4.	0000175658WT7E2
2.	0000050710WT4D6	5.	0000175690WT219
3.	0000050720WT32E		

3. Term—This exemption expires at the earlier of:

- the close of **30 November 2013**; and
- the date on which clause 2 of Schedule 11.1 of the Code is amended to no longer require a location address to be included in the registry for the ICPs listed above.

4. Reasons for granting the exemption—The reasons for granting this exemption are:

- Granting the exemption meets the requirements in section 11(2) of the Act for granting exemptions;
- if the exemption is not granted, and a Code amendment is not made, Waitaki would need to create and manage hundreds of new ICP identifiers for each individual street light and payphone in order to comply with clause 2 of Schedule 11.1;
- Waitaki would incur significant compliance costs associated with creating and maintaining the new ICP identifiers for these low-volume unmetered loads if the exemption was not granted;
- location addresses for individual loads such as street lights and payphones are generally available within a retailer's distributed unmetered load database enabling each load item to be readily located; and
- the exemption will have little or no impact on other participants and service providers, and will not affect any other Code provisions.

Dated at Wellington this 12th day of November 2012.

Electricity Industry (Exemption No. 160 (Contact Energy Limited)) Exemption Notice 2012

Pursuant to section 11 of the Electricity Industry Act 2010 ("Act"), the Electricity Authority gives the following notice.

Notice

1. Title and commencement—(1) This notice is the Electricity Industry (Exemption No. 160 (Contact Energy Limited)) Exemption Notice 2012.

(2) This notice comes into force on the day after the date it is notified in the *New Zealand Gazette*.

2. Exemption—Contact Energy Limited ("Contact") is exempted from compliance with clause 11(3) of Schedule 15.3 of the Electricity Industry Participation Code 2010 ("Code") in respect of the following installation control points ("ICPs"):

1.	0000038627NTADB	7.	0008801012TP900
2.	0000557925UND32	8.	0014189134HBC96
3.	0000600085HBD8B	9.	0016096032EL6DD
4.	0000916610TEA3F	10.	0018137292HB7F1
5.	0001183605HB0B0	11.	0046054751HBF7
6.	0005000772HBA61		

3. Term—This exemption expires on the date on which Contact no longer has the responsibility in the registry as the trader for the ICPs listed above.

4. Reasons for granting the exemption—The reasons for granting this exemption are:

- Contact would incur significant compliance costs in setting up the distributed unmetered load ("DUML") databases for these low consumption ICPs;
- the cost of maintaining the databases and undertaking annual audits of them would be disproportionate to the size of the load;
- the load at these ICPs is static, will have little annual variation, and changes can be accurately tracked;
- Contact has stated it will continue to treat the loads as standard unmetered loads and record the information in the registry;
- creating new ICP identifiers for each of the points of connection at each of the 11 ICPs would avoid the need to establish a DUML database at each ICP because each ICP could then be treated as a standard unmetered load rather than aggregated as a distributed unmetered load. However, this would impose additional fixed charges on consumers for no extra benefit;
- the exemption will have little or no impact on other participants and service providers, and will not affect any other Code provisions; and
- granting the exemption meets the requirements of section 11(2) of the Act.

3. Term—This exemption expires at the earlier of:

- the date on which the Electricity Industry Participation (Metering Arrangements) Code Amendment 2011 comes into force; and
- the date on which Contact no longer has the responsibility in the registry as the trader for the ICPs listed above.

4. Reasons for granting the exemption—The reasons for granting this exemption are:

- Contact would incur significant expenditure and complexity in fitting meters to each ICP where the loads are predominantly street lights and under-verandah lights with low annual consumption volumes (but over the 3,000 kWh level for unmetered load);
- the loads at these ICPs are static, have little annual variation, and changes can be accurately tracked;
- Contact has stated it will continue to treat the loads as standard unmetered loads and record the information in the registry;
- the ICPs are likely to comply with the new Part 10 threshold (6,000 kWh per annum) for predictable unmetered load when the new Part 10 comes into force;
- the exemption will have little or no impact on other participants and service providers, and will not affect any other Code provisions; and
- granting the exemption meets the requirements of section 11(2) of the Act.

Public Works Act 1981

Notice of Intention to Take Land and Leasehold Estate for Motorway Purposes—Western Ring Route: Causeway Upgrade (Rosebank Road to the Patiki Interchange), Auckland

Notice is hereby given that the Minister for Land Information proposes to take, under the Public Works Act 1981, the land described in the First Schedule to this notice (“the land”) and a leasehold estate over the land described in the Second Schedule (“the Leasehold Land”).

The terms of the leasehold estate are set out in the Third Schedule.

The land and leasehold estate are required for the causeway upgrade between Rosebank Road and Patiki Interchange, Auckland.

More particularly the land described in the First Schedule will be taken for motorway purposes.

This land may also be declared road and State highway.

The project is required to complete the final link in the Western Ring Route, an alternative to State Highway 1 for north and south traffic movements.

The project will take business freight and other through traffic off local roads, freeing them up for improved public transport

services, providing shorter and more predictable travel times and more reliable access to Auckland International Airport.

The owner of the land and those persons with a registered interest in it have been served with notice of the Minister for Land Information's intention to take the land and the leasehold estate and advised of their right to object.

Any other person having the right to object may send a written objection to the Regional Manager, Environment Court, Ministry of Justice, PO Box 5027, Wellington 6145, or DX SX11154, Wellington, within 20 working days after the date of publication of this notice.

Purpose for Which Leasehold Estate is Required

The leasehold estate ("the Lease") over the land described in the Second Schedule ("the Land") is required to allow the Crown to occupy the Land during the construction of the Causeway Upgrade between Rosebank Road and the Patiki Interchange ("the Project").

The Land will be used for construction of fencing and to enable access to the adjoining Crown-owned land for the construction of footpaths, a cycleway and alterations to services and for the completion of landscaping.

Terms of the Leasehold Estate

1. For the purposes of the Lease, any reference to the Crown includes its employees, engineers, assistants, consultants, contractors and authorised invitees.
2. The Lease shall have a term of four years, commencing on the 14th day after publication of a proclamation taking the land and the Lease in the *New Zealand Gazette* ("the Commencement Date"), and terminating on that date four years thereafter ("the Term").
3. The registered proprietor shall be entitled to receive from the Commencement Date a current market rent for the term of the Lease, such rate to be determined by a registered valuer and agreed between the parties or otherwise determined in accordance with the Public Works Act 1981.
4. The Crown may, on the giving of written notice to the registered proprietor, extend the term of the Lease for a further one year should the Project not be completed by the expiry of the original term. The current market rent shall be adjusted by the Consumer Price Index at the

time the registered proprietor is given notice of any such extension.

5. Notwithstanding the term created, the Crown may terminate the Lease at any time by giving the registered proprietor one month's notice in writing. If the Crown decides to terminate the Lease, the Crown shall not require a refund of any rent already paid for the Lease, however no further rental will be paid once this notice has been given.
6. The Crown shall have the right to occupy the Land for the Term, and for the avoidance of doubt such right shall include the right to enter and re-enter the land at all times, with or without such vehicles, machinery or materials for the purpose set out in the notice.
7. The Crown, if required, will erect a temporary fence on the boundary between the Land and the balance of the land in Computer Freehold Register NA121D/914 for the duration of the Lease.
8. The Crown shall take all reasonable steps to minimise damage to the Land arising from the Crown's occupation of it and/or the execution of construction of the Project. The Crown will, at its cost, promptly restore any damage to the Land to such condition as ensures the quality, fitness for purpose and condition of the area is (where practicable) to a standard similar to that which existed prior to the Crown's entry under this Lease.

Notice of Intention to Take Land for Roding, Stormwater Management and Walkway Purposes, and Lease for Temporary Occupation—128 Ormiston Road, Flat Bush, Manukau City

Notice is hereby given that the Auckland Council, under the provisions of section 23 of the Public Works Act 1981, proposes to take the land firstly described in the Schedule to this notice and take a leasehold interest in the Lease Area secondly described in the Schedule to this notice for road construction works.

The Land and Lease Area are required as part of a project for development of the Flat Bush area.

More particularly:

- (a) The Land will be used for the widening of the road to provide two traffic lanes, a cycle lane and berm, and will complete the final link of road widening in the project. The stormwater area will provide for improved stormwater management and, together with the accessway, will form an extension of adjoining public open space land.
- (b) The Lease Area will be occupied by the Auckland Council during construction of the road and all reinstatement works and will provide for safety and security of construction workers, machinery and equipment, and for public safety.

The project, incorporating the widening of Ormiston Road, Te Irirangi Drive and Chapel Road and construction of a bridge on Chapel Road, is being undertaken as part of the development of the Flat Bush area.

The road works will improve overall traffic management and safety within the area and the acquisition of the stormwater area is required for stream alignment works and will enable construction of the Chapel Road Bridge to proceed.

The stormwater area and the accessway link with adjoining public open space land enable the Auckland Council to create greater certainty in protecting and enhancing the area long term.

The owners of the Land and Lease Area and those persons with a registered interest in them have been served with notice of the Auckland Council's intention to take the Land and Lease Area and have been advised of their right to object.

Any other person having the right to object may send a written objection to the Registrar, Environment Court, Tribunals Division, Department for Courts, PO Box 5027, Lambton Quay, Wellington 6145, within 20 working days after date of the publication of this notice.

If any objection is made in accordance with this notice, a public hearing will be held with the right of the objector to appear and be heard personally unless the objector otherwise requires, and each objector will be informed of the time and place of the hearing.

Any person requiring further information in respect of this advice should contact the Auckland Council's authorised representative, Humphrey Beeson, at Auckland Council Property Limited, Private Bag 92320, Auckland 1142. Mobile: 021 947 700.
