Trustees' Report for the Year Ending 31 March 2006

It is with pleasure that I present this annual report for the 2005/2006 financial year. As can be seen from the annual accounts, the return on investments for the year was 15.8%, which equates to \$5.9 million. This greatly exceeded our target figure of 7% and, as a result, we have been able to restore inflation reserves and begin building a general reserve in order to be able to provide for the future needs of the community.

A New Community House

Having resolved to establish a permanent community house for not-for-profit community groups, the trust was fortunate in being able to purchase the former Pyne Gould Guinness Building on Strathallan Street, Timaru. We are proud to be able to be involved in the preservation of one of Timaru's historic buildings. It is planned that the trust will move into the building by December 2006, and we look forward to supporting the voluntary sector by having up to 32 groups sharing the facilities with us. The meeting and interview room facilities in the new community house will also be available to non-resident groups.

Trustees

In May 2005, the trust farewelled two long-serving and dedicated trustees: Rosemary Carruthers Q.S.O., who gave 12 years' service, and Marion Ross, who gave eight years' service. Their expertise and contributions to the trust were significant. On behalf of my fellow trustees, I wish to express our appreciation and gratitude to both Rosemary and Marion.

A particular highlight during their terms of service was their involvement in the social research project, commissioned by this trust. This research brought together the views of the community at large and when combined with a huge array of census and other data, gave a very accurate overview of the social needs of the entire Mid and South Canterbury region. This had never been done before and the research is now widely used by a large number of groups and individuals. The trustees use the outcomes of the research to help guide them when making distributions to the community.

Wynne Raymond Q.S.O. and I were appointed as new trustees at this time.

Peter McIlraith, who served the trust for 12 years, retired as chairperson in November 2005. Peter served in the chair for five years and this tremendous commitment was highlighted with many achievements at both local and national level. Notably, Peter's drive and passion for the voluntary sector was behind the introduction of the Johns Hopkins University (U.S.A.) study

that will measure and compare the sector in New Zealand with that of 41 other countries. This important exercise will have a positive impact on the response of central government to the voluntary sector at large.

Carole Brand succeeded Peter as the chairperson. Trustees are appointed by the Minister of Finance for a term of four years. Trustees may be appointed for a further term and, in rare circumstances, for a third term. While the trust supported the appointment of Carole Brand for a third term, it was unsuccessful and so we lost the benefit of Carole's vision and considerable skills in May 2006.

We will be paying tribute to Peter, Carole and Huriata Weeks more appropriately in next year's annual report.

Staff and Advisers

My thanks to John Wilson, the trust's executive manager, and Sally Marsh, the administration officer, for the valuable contribution that they make to the running of the trust. They should both be complimented on the manner in which they appropriately respond to all those who approach the trust, both for grants and for general funding advice.

To Paul Wolffenbittel, who provides the trust with financial advice and assistance, to Michael Chamberlain our investment advisor and to the trust's other professional advisers, we express our appreciation for the services they provide to the trust.

Volunteers

The volunteers, who so untiringly give their time and energy to so many causes, make a huge impact on the well-being of our community. Recognition of the contribution volunteers make to society is being enhanced through the work of the office for the community and voluntary sector, which is part of the Ministry of Social Development. The value of the contribution made by volunteers is also the subject of an international study being conducted by the Johns Hopkins University (U.S.A) All the community trusts in New Zealand are supporting this study.

Donations

In 2005, the trust introduced a quarterly donation policy for applications up to and including \$1,000.00 The policy was placed on a 12-month trial, with an annual allocation of \$50,000.00. To date, this policy has proved to be very successful in meeting the trust's objective to better meet the needs of the community by providing funding for groups at times that best suit those groups. This trial will continue until February 2007 when it will be reviewed by the trust.

Readers of this report will be able to note from the annual accounts the diversity of the donations made during the year. It is always a very difficult task to allocate monies when there are not enough to meet the total applied for. In determining donations, the trustees must take into account the social and other needs of each community, the provisions of the donation policy and then make a fair and equitable distribution. This is a challenging task but we are satisfied that our systems ensure a fair and equitable distribution across the region.

The trust's evaluation processes tell us that the grants provided do make a positive difference, no matter how small. We also know that the other advice offered by the trust in trying to secure funds has been beneficial to many groups.

Finally, one of the most rewarding aspects of being a trustee of this trust is the opportunity to meet with some of the most caring, compassionate and committed people in our community, who are devoted to providing a wide range of services to those in society who, for various reasons, would otherwise miss out. As trustees, our association with such groups and individuals constantly humbles us.

NICOLA HORNSEY, Trustee.

Notes to the Consolidated Financial Statements for the Year Ended 31 March 2006

1. Statement of Accounting Policies

Reporting Entity

The Community Trust of Mid & South Canterbury Incorporated is a charitable trust incorporated under the Trustee Banks Restructuring Act 1988. The financial statements have been prepared in accordance with the Financial Reporting Act 1993 and generally accepted accounting policies.

General Accounting Policies

The general accounting policies adopted in the preparation of these financial statements are:

- The measurement base adopted is that of historical cost, except for the revaluation of investments. Reliance is placed on the fact that the trust is a going concern.
- The matching of revenues earned and expenses incurred using accrual accounting.
- The trust qualifies for differential reporting and the financial statements have been prepared taking advantage of the differential reporting exemptions with the exception of the preparation of a statement of cashflows.

Particular Accounting Policies

The following are the particular accounting policies which have a material effect on the measurement of results and financial position:

(a) Dividend Income

Dividend income is included in the consolidated statement of financial performance when it is received.

(b) Donations

Donations, special projects and community loans are accounted for when they are approved for payment.

(c) Investments

Investments held as managed funds are shown at market value. Net income including unrealised gains or losses from holding such investments are recorded in the consolidated statement of financial performance.

(d) Trust Capital

Trust capital is made up of:

- Capital fund – which records initial capital fund (being the realised value of trust bank shares).
- Inflation reserve – it is intended to increase the inflation reserve each year by applying the consumer price index to the sum of the initial capital fund and opening inflation reserve. This amount to be allocated from trust profit on an annual basis.

(iii) General reserves – intended to enable the trustees to continue with distributions should the trust incur a deficit in a particular income year.

(e) *Basis of Consolidation*

The Community Trust of Mid & South Canterbury Incorporated and its subsidiary the Trust Bank South Canterbury Community Trust Charities Limited have been consolidated using the purchase method of consolidation.

(f) *Depreciation*

The assets of the trust are stated at cost price less depreciation based on rates as allowed by the Inland Revenue Department.
