Environmental Protection Authority

Climate Change Response Act 2002

New Zealand Emissions Trading Scheme 2011 Final Allocations for Eligible Activities

In accordance with section 86B(5) of the Climate Change Response Act 2002 (CCRA), the Environmental Protection Authority has made final decisions allocating the following New Zealand Units (NZUs) to the eligible industry persons as listed.

These NZUs have been allocated to protect their competitiveness against overseas producers that do not face equivalent costs for emissions.

All industry persons listed were eligible to receive an allocation of NZUs under the CCRA for the period of 1 January 2011 to 31 December 2011.

The final unit allocation reflects the total units given to an entity based on their actual production for 2011.

NZUs allocated under these decisions have been transferred to the respective New Zealand Emission Unit Register (NZEUR) holding accounts.

Where it has been determined by the Environmental Protection Authority that publishing this number would be likely to “prejudice unreasonably the commercial position of the eligible person” as outlined in section 86B(6)(b) of the CCRA, the number has been withheld from publication.
