Fisheries

Fisheries Act 1996

Fisheries (Incidental Bycatch of Seabirds by Trawl Vessels 28m+) Notice 2006

Pursuant to section 11 (4) (b) (i) of the Fisheries Act 1996, the Minister of Fisheries gives the following notice.

Notice

1. **Title**—This notice is the Fisheries (Incidental Bycatch of Seabirds by Trawl Vessels 28m+) Notice 2006.
2. **Commencement**—This notice shall come into effect on the date of its notification in the *New Zealand Gazette*.
3. **Interpretation**—In this notice:

“bird baffle” means:

- (a) two or more booms attached to the stern quarter of the vessel, with at least one boom attached to the starboard stern quarter and at least one boom attached to the port stern quarter, which are able to be lifted and lowered over the sides or stern of the vessel;
 - (i) each boom shall extend outwards not less than 4 metres from the side or stern of the vessel;
 - (ii) dropper lines shall be attached to the booms no more than 2 metres apart;
 - (iii) plastic cones, rods or other brightly coloured and durable material shall be attached to the ends of the dropper lines, so that the bottom of the cone, rod or material is not more than 500 millimetres above the water, in the absence of wind and swell; and
 - (iv) lines or webbing may be attached between the dropper lines to prevent tangling.

“paired streamer lines” means:

- (a) two lines of a minimum of 8 millimetres in diameter, hereafter known as “streamer lines”, which shall be of a length so that when deployed the streamer lines have an aerial extent of at least 10 metres behind the point at which the trawl warps enter the water, in the absence of wind or swell;
 - (i) streamer lines shall be attached to the port and starboard sides of the vessel from a point as close to 2 metres above the trawl blocks as practicable and as close to the stern as practicable. Streamer lines shall be attached either:
 - (A) between 1–3 metres from the outside edge of the trawl blocks on both sides of the vessel, on a sidearm if necessary; or
 - (B) to a “boom and bridle” system that allows the streamer lines to be adjusted on a horizontal plane in order to vary the distance between the streamer line attachment point and the outside of the trawl blocks and is positioned to ensure maximum protection of the trawl warps at all times;
 - (ii) an object shall be attached at the seaward end of each of the streamer lines. The object must create sufficient drag on the streamer line to ensure that the streamer line is taut behind the vessel at all times;
 - (iii) branched streamers, each comprising of two strands of fluorescent red, yellow, orange or pink plastic tubing of a minimum of 3 millimetres in diameter, shall be attached no more than 5 metres apart commencing no more than 5 metres from the point of attachment of the streamer line to the vessel and thereafter along the seaward extent of the line. When a streamer line is deployed, each of the branched streamers must reach the sea surface in the absence of wind and swell. Branched streamer length will therefore vary depending on the height of its attachment point above the water but, in any event, every branched streamer must be at least 1 metre in length; and
 - (A) each branched streamer shall be attached to the streamer line in a manner to prevent fouling of individual branched streamers on the main streamer line, and to ensure vertical displacement of individual branched streamers to the waterline in the absence of wind or swell.

“warp deflector” means:

- (a) a weighted device fixed to each warp with clips or hooks, which allow for the device to slide up and down the warp freely and to stay aligned under each warp;
 - (i) when set, the backbone of the device must extend under the warps from a point not less than 4 metres behind the stern and extend as close as practicable to the point where the warps enter the water, in the absence of wind or swell; and
 - (ii) the backbone of the device shall be made of rope or metal and shall be fitted with colourful durable material of no less than 300 millimetres in length, woven or tied to the backbone at spacings of no less than 250 millimetres apart in a manner designed to create a visible deterrent.

“warp-strike mitigation device” means:

- (a) a bird baffle;
- (b) paired streamer lines; or
- (c) a warp deflector.

4. Fishing without a warp-strike mitigation device prohibited—(1) No person shall operate a vessel 28 metres or greater in overall length with its trawl net deployed in FMA3, FMA4, FMA5, FMA6, or FMA7 without a warp-strike mitigation device deployed in accordance with this notice.

(2) A warp-strike mitigation device must be deployed as soon as practicable after the shooting of the net, and shall remain deployed for as long as practicable prior to the net being brought back on board the vessel.

5. Revocations—The following notices are hereby revoked.

- (a) Fisheries (Incidental Bycatch of Seabirds by Vessels 46m+) Notice 2005 (No. F336)*; and
- (b) Fisheries (Incidental Bycatch of Seabirds by Vessels 28m-46m) Notice 2005 (No. F337)†.

6. The Schedule—(1) The Schedule sets out an illustration to guide the definition of “paired streamer lines”, “bird baffler” and “warp deflector”.

(2) If there is any inconsistency between the illustration in the Schedule and the definition, the definition prevails.

“Paired streamer lines”:

“Bird baffler”:

“Warp deflector”:

JIM ANDERTON, Minister of Fisheries.

Dated at Wellington this 23rd day of December 2005.

Explanatory Note

This note is not part of the notice, but is intended to indicate its general effect.

The intent of this notice is to ensure implementation of effective devices to deter seabirds from interacting with trawl warp cables. This notice, which only applies to trawl vessels 28 metres and over, prohibits fishing in FMA3, FMA4, FMA5, FMA6, and FMA7 unless the vessel has a warp strike mitigation device deployed.

Social Development

Social Security Act 1964

Special Needs Grants Amendment (No. 2) 2005

Pursuant to section 124 (1) (d) of the Social Security Act 1964, the Minister for Social Development and Employment makes the following amendment to the programme formerly titled the Special Needs Grant Programme (as established and approved on 18 December 1998).

Dated at Wellington this 19th day of December 2005.

DAVID BENSON-POPE, Minister for Social Development and Employment.

A m e n d m e n t

1. Title—(1) This amendment is the Special Needs Grants Amendment (No. 2) 2005.

(2) In this amendment, the programme formerly titled the Special Needs Grant Programme is called “the programme”.

2. Commencement—This amendment comes into effect on the Monday after the date on which it is published in the *New Zealand Gazette*.

3. Title of programme amended—Clause 1.1 of the programme is amended by omitting the word “Grant” where it first appears, and substituting the word “Grants”.

4. Restriction on payments—Clause 9.4B of the programme is amended by inserting, after the word “programme”, the words “, other than under clause 15 or part 6A,”.

5. Steps to freedom payments for released, sentenced and remand prisoners—(1) The heading of clause 15 of the programme is amended by inserting, after the word “Freedom”, the word “Re-establishment”.

(2) Clause 15 of the programme is amended by revoking clause 15.4.1, and substituting the following clause:

“15.4.1 The chief executive may, on the applicant’s release or at any time not more than 5 days prior to the applicant’s release, make non-recoverable grants totalling not more than \$350.00 to an applicant or towards the cost of:

- (a) accommodation, bond, or rent in advance;
- (b) beds and bedding;
- (c) essential appliances;
- (d) connecting telephone, electricity and gas;

- (e) food;
- (f) clothing and toiletry items; or
- (g) other re-establishment costs

for an applicant who has been imprisoned or held in custody on remand for 31 days or more, the total amount of the grants to be reduced by any amount held by the prison or other custodian on the applicant's behalf (including any amount held in the prisoner's trust account, canteen account or earnings account)."

6. Persons released from custody under section 128A of the Immigration Act 1987—Clause 15A.1 of the programme is amended by omitting the words "penal institution" and substituting the word "prison (as defined in section 3 of the Corrections Act 2004)".

Explanatory Note

This note is not part of the amendment, but is intended to indicate its general effect.

This amendment formally re-titles the Special Needs Grant Programme as the name under which it is more usually known, the Special Needs Grants Programme. It also limits the application of clause 9.4B of the programme, and extends the payment period, enables more than one payment to be made, and clarifies the types of costs for which payments can be made to released, sentenced and remand prisoners. A reference to a penal institution is removed and replaced by a reference to a prison as defined in the Corrections Act 2004, consequentially on that Act repealing the Penal Institutions Act 1954.
