General Section

Dental Council of New Zealand

Health Practitioners Competence Assurance Act 2003

Notice of Replacement Scope of Practice and Prescribed Qualifications

Issued by the Dental Council, pursuant to sections 11 and 12 of the Health Practitioners Competence Assurance Act 2003, the following scope replaces the Scope for Orthodontic Auxiliary Practice published in the Supplement to the *New Zealand Gazette*, 20 May 2005, No. 81, page 1927.

“Scope for Orthodontic Auxiliary Practice

The scope of practice for orthodontic auxiliaries is set out in the documented ‘Detailed Scope of Orthodontic Auxiliary Practice’ produced and published from time to time by the Dental Council of New Zealand.

Orthodontic auxiliary practice is a subset of the practice of dentistry, and is commensurate with an orthodontic auxiliary’s approved training, experience and competence.

Orthodontic Auxiliaries practise under the direct clinical supervision of a dentist or orthodontist who is present on the premises at which the work is carried out, who has prepared a treatment plan for the patient concerned and who is responsible for patient’s clinical care outcomes.

Orthodontic auxiliaries assist the dentist or orthodontist in implementing orthodontic treatment through performing such orthodontic procedures as taking impressions and making study models, inserting and removing some orthodontic appliances, preparing teeth for bonding, removing bonding composite and banding cement, and providing oral health education and advice on the care and maintenance of orthodontic appliances.

Prescribed Qualifications

- A DCNZ accredited qualification in orthodontic auxiliary practice.¹
- A minimum of 600 clinical hours’ experience subsequent to 1 July 2001 and prior to 31 July 2005 in the provision of oral health services within the scope of orthodontic auxiliary practice, under the direction and supervision of a dentist or dental specialist who can attest to competency.²

¹Currently no training programmes have been accredited.

²Given that it was not illegal for unregistered persons to undertake orthodontic auxiliary duties prior to the establishment of the Restricted Activities List on 1 August 2005, any orthodontic assistants who did not apply for registration prior to 18 September 2004 but had (or now have) the requisite clinical experience may still apply for registration under amnesty provisions. This will be a one-off opportunity to apply for registration under the previous ‘experience’ criteria provisions. The amnesty will cease on 31 March 2006.”

Statement of Significant Accounting Policies for the Year Ended 31 March 2005**A. Basis of Preparation**

The Community Trust of Southland was formed under the Trustee Banks Restructuring Act 1988 and is incorporated under the Charitable Trusts Act 1957. The financial statements presented are those for The Community Trust of Southland Group (“the group”). The group consists of The Community Trust of Southland (“the trust”), its wholly owned subsidiary company Southland Community Trust Charities Limited and the trust’s interests in associates.

The financial statements comply with the Financial Reporting Act 1993 and the Community Trusts Act 1999. They comprise statements of the following: Significant accounting policies, financial performance, movements in trust funds, financial position, cash flows, as well as notes to these statements.

The financial statements are prepared on the basis of historical cost except that investment assets are stated at valuation, as is the trust’s property at 62 Don Street, Invercargill.

B. Consolidation Method

The financial statements of the trust’s wholly owned company Southland Community Trust Charities Limited are included in the financial statements using the purchase method of consolidation.

C. Associates

Associates are entities in which the group has significant influence, but not control over the operating and financial policies. The financial statements include the group’s share of the net surplus of associates on an equity accounted basis.

D. Trust Capital

Following the sale of the group's shares in Trust Bank New Zealand Limited in April 1996 for \$158,460,000, the trustees agreed that the value of the trust at that time should be maintained for the benefit of current and future generations living in the region. For this purpose, the trustees agreed that \$158,460,000 would be considered as the "trust capital" value of the group and that this value would be maintained. Trustees further agreed that over the long term, the net assets of the group would not be allowed to reduce to a level below the inflation-adjusted real value of this trust capital.

E. Capital Maintenance Reserve

The capital maintenance reserve represents the additional amount necessary to preserve the real value of the trust capital allowing for inflation as measured by the Consumers Price Index (all groups) and payments of grants out of capital.

F. Grants Maintenance Reserve

While the trustees have adopted a long-term investment strategy, they accept that annual returns from investments are likely to fluctuate from year to year. In recognition of this, a grants maintenance reserve is maintained. In years when net income from investments is higher than the grant levels, surplus income will be transferred to this reserve. In years when there is insufficient income to sustain the level of grants, an appropriate amount will be transferred from the grants maintenance reserve to income.

G. Basis of Recognising Components of the Financial Statements

The following general accounting policies are adopted:

Assets

A transaction results in an asset being recognised in the statement of financial position when it will probably give rise to ongoing benefits for the group and those benefits can be measured with reliability.

Liabilities

A transaction results in a liability being recognised in the statement of financial position when it will probably give rise to the need for the group to sacrifice assets in the future and those sacrifices can be measured with reliability.

Revenue

Revenue is recognised in the statement of financial performance when a transaction gives rise to an increase in the value of the group's net assets, and that increase can be measured with reliability.

Expenses

An expense is recognised in the statement of financial performance when a transaction results in a decrease in the value of the group's net assets, and that decrease can be measured with reliability.

Classification of Assets and Liabilities Between Current and Non-current

An amount is classified as current when it is expected to be settled or extinguished within one year of the date of the financial statements. All other amounts are classified as non-current.

H. Fixed Assets

Fixed assets are initially stated at cost and then depreciated on a straight line basis. Land and buildings are stated at valuation as determined by an independent registered valuer. The basis of valuation of the land and buildings is highest and best use. The estimated useful lives of fixed assets are as follows:

Land	Indefinite
Buildings	30-40 years
Furniture and fittings	3-15 years
Office equipment	3-8 years
Motor vehicles	5-8 years

I. Investments

Investments are stated at market value and report realised and unrealised gains or losses on holding these investments in the statement of financial performance. These gains or losses are shown in the statement of financial performance as income from revaluation of investments.

J. Accounts Receivable

Accounts receivable are stated at expected realisable value.

K. Grants

Grants are recognised when they are approved by the trustees. Unpaid grants are recorded as a liability.

L. Goods and Services Tax

The group is not registered for goods and services tax. The financial statements are prepared using G.S.T. inclusive accounting.

M. Income Taxation

The group provides for income tax on its net income after adjusting for tax accounting differences and any beneficiaries' income determinations made pursuant to section OB1 (226) of the Income Tax Act 1994.

N. Statement of Cash Flows

Operating cash flows includes interest and dividends paid or credited to investment funds under management and any upward or downward revaluation of funds during the period. Cash movements in funds invested are recognised in investing activities.

O. Changes in Accounting Policies

Uniform accounting policies have been applied throughout the trust and group and on a consistent basis with those of the previous period.

11. Investments Managed by Fund Managers

The group has funds with five investment managers (fund managers), being Alliance Bernstein, AMP Capital, Capital International, ING (NZ) Limited, Tower Asset Management and Invest South Limited. Market values and asset allocations of these investments as at balance date were as follows:

	Alliance Bernstein (NZ\$m)	AMP (NZ\$m)	Capital Inter- national (NZ\$m)	ING (NZ) Ltd (NZ\$m)	Tower Asset Mgmt (NZ\$m)	Invest South Ltd (NZ\$m)	Total 2005 value (NZ\$m)	Total 2004 value (NZ\$m)

Overseas equities	35.04		25.78				60.82	56.64
NZ fixed interest		27.93					27.93	33.92
Overseas fixed interest					44.14		44.14	40.70
Property		1.32					1.32	0.50

Exposure to currency, interest rate and credit risk arises in the normal course of the fund managers' management of the group's investments. A range of hedging policies are in place whereby the fund managers use derivative financial instruments as a means of managing exposure to fluctuations in foreign exchange rates and interest rates. While these financial instruments are subject to the risk of market rates changing subsequent to acquisition, such changes would generally be offset by opposite effects on the items being hedged.

14. Financial Instruments*General*

The group states its investments at balance date at estimated market value. The trustees consider that the fair value of the financial assets is identical to the value in the statement of financial position.

Concentration of Credit Risk

The group, from time to time, has significant funds in trading bank deposits. The group limits risk by spreading the deposits over several trading banks. The group has not required collateral or other security to support its financial statements.

The group further limits risk through its policy of placing investment funds with five separate fund managers, with each fund manager having an investment mandate which requires that they diversify their investments on the group's behalf. The group has sought and obtained the advice of professional financial advisers prior to making its investment allocation and placement decisions.

Interest Rate Risk

The bank deposits are sensitive to changes in interest rates, as is a proportion of the funds managed by the fund managers, and the loans to Topoclimate South Trust and Nga Hau E Wha Society.

Audit Report

To the Trustees of the Community Trust of Southland

We have audited the financial statements. The financial statements provide information about the past financial performance and financial position of the trust and the group as at 31 March 2005. This information is stated in accordance with the accounting policies set out.

Trustees' Responsibilities

The trustees are responsible for the preparation of financial statements which give a true and fair view of the financial position of the trust and group as 31 March 2003 and the results of their operations and cash flows for the year ended on that date.

Auditors' Responsibilities

It is our responsibility to express an independent opinion on the financial statements presented by the trustees and report our opinion to you.

Basis of Opinion

An audit includes examining, on a test basis, evidence relevant to the amounts and disclosures in the financial statements. It also includes assessing:

- the significant estimates and judgements made by the trustees in the preparation of the financial statements;
- whether the accounting policies are appropriate to the trust's and group's circumstances, consistently applied and adequately disclosed.

We conducted our audit in accordance with New Zealand Auditing Standards issued by the Institute of Chartered Accountants of New Zealand. We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to obtain reasonable assurance that the financial statements are free from material misstatements, whether caused by fraud or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the financial statements.

Our firm carries out other assignments for the trust and certain of its subsidiaries in the area of grant audits. The firm has no other interest in the trust or any of its subsidiaries.

Unqualified Opinion

We have obtained all the information and explanations we have required.

In our opinion:

- proper accounting records have been kept by the trust as far as appears from our examination of those records;
- the financial statements:
 - comply with New Zealand generally accepted accounting practice; and
 - give a true and fair view of the financial position of the trust and group as at 31 March 2005 and the results of their operations and cash flows for the year ended on that date.

Our audit was completed on 15 August 2005 and our unqualified opinion is expressed as at that date.
