3. Term—This exemption expires on the date on which the Electricity Industry Participation (Metering Arrangements) Code Amendment 2011 comes into force.

4. Reasons for granting the exemption—The reasons for granting this exemption are:

- Granting the exemption meets the requirements in section 11(2) of the Act for granting exemptions;
- TrustPower would incur significant expenditure and complexity in fitting a meter to the street lights for low consumption volumes;
- TrustPower would incur significant ongoing compliance costs if it was required to provide a distributed unmetered load database for low consumption;
- the load is static and will have little annual variation. Most load changes can be accurately tracked;
- the exemption will have little or no impact on other participants and service providers, and will not affect any other Code provisions; and
- TrustPower has stated it will treat the load as standard unmetered load and record the information in the Registry.

Dated at Wellington this 6th day of September 2012.

- the close of **31 March 2013**; and
- Payless being responsible for more than 10 installation control points ("ICPs").

4. Reasons for granting the exemption—The reasons for granting this exemption are:

- Granting the exemption meets the requirements in section 11(2) of the Act for granting exemptions;
- the exemption is only needed on a short-term basis;
- granting the exemption will assist a small new entrant to enter the market, which could lead to increased competition for the long-term benefit of consumers;
- due to the small number of ICPs involved, the exemption will have little or no impact on other participants and service providers, and will not affect any other Code provisions; and
- Payless will not have sufficient data to make an audit required for certification meaningful as some processes and procedures will not have been used in production.

- (b) the system operator does not have the information that the clause requires for notification;
- (c) the clause is inappropriately worded and a Code amendment proposal is in progress, to ensure the correct party will deliver the required information; and
- (d) granting this exemption will not affect any other participants or service providers and does not impact on any other clauses.

- (b) there would be adverse practical effects if the exemption was not granted and no adverse practical effects if the exemption was granted; and
- (c) granting the exemption meets the requirements of section 11(2) of the Act.

Dated at Wellington this 30th day of August 2012.

THE NEW ZEALAND SEAFOOD INDUSTRY COUNCIL LIMITED.

Explanatory Note

This notice specifies five matters required to be notified by either the Commodity Levies (Fish) Order 2002 or the Constitution of SeaFIC.

They are:

- 1. the rates of levy to be levied on fish under the Order;*
- 2. the dates on and from which the rates take effect;*
- 3. the Core Services Levy Rates;*
- 4. the Stock Specific Levy Rates; and*
- 5. the Total Levy Rates (which are the same as the rates of levy for the purposes of the Order).*

The rates are all notified for the 1 October 2012 to 31 March 2013 Levy Year.

The notice also records for the information of Levy Payers and others:

- the Declared Port Prices as declared by SeaFIC (column 1);*
- the Core Services Levy Rates expressed on a \$per tonne basis (column 2);*
- the Stock Specific Levy Rates expressed on a \$per tonne basis (column 4); and*
- the Total Levy Rates expressed on \$per tonne and \$per kilo bases (columns 6 and 7).*

The rates specified are only listed for Quota Management Areas where a TACC has been set. Areas with a Zero TACC have been excluded.

This will only be in place for the first six months of the year (1 October 2012 to 31 March 2013).

In accordance with the Fifth Schedule of the SeaFIC Constitution, the following stocks and species have been zero rated as the Commercial Stakeholder Organisations who are the shareholder representatives for those stocks or species have made satisfactory alternative arrangements to ensure that SeaFIC will receive funds which are equal to the funds which SeaFIC would otherwise have received from the Levy Payers for those stocks or species.

The stocks concerned are:
