New Zealand Public Health and Disability Act 2000

Amendments to Crown Health Financing Agency Functions

Pursuant to section 58 (1) (b) of the New Zealand Public Health and Disability Act 2000, the Crown Health Financing Agency (CHFA) was given the following additional functions, on the terms set out in the CHFA Composite Terms of Reference:

1. Property Advisory Services – the CHFA may offer strategic advice to client entities in relation to the management, occupation and use of property, and may offer assistance with the property disposal processes.
2. Financial Advisory Services – the CHFA may offer financial advisory services to assist client entities in the achievement of their business goals and objectives. This may include financial and analytical

support for client entities initiatives, efficiency projects, and the development and implementation of collaborative initiatives.

Pursuant to section 58 (1) (b) of the New Zealand Public Health and Disability Act 2000, the CHFA was authorised to carry out its functions (including the above) for:

1. the New Zealand Blood Service;
2. any other health sector Crown entities for which the Minister of Health is the Responsible Minister, as long as the CHFA has received written approval from the Minister of Health to provide its services to that particular health sector Crown entity

in addition to carrying out its functions for District Health Boards.

The above notice was given to the CHFA on 10 August 2005.

Dated at Wellington this 10th day of August 2005.

Electricity Commission

Electricity Act 1992

Notice of Making of a Recommendation and Assessment Concerning the Electricity Governance Rules 2003 – Rule Amendment Proposal No. 79

This notice of a recommendation and assessment concerning the Electricity Governance Rules 2003 (“Rules”), Rule Amendment Proposal No. 79, is issued by the Electricity Commission (“Commission”), established under the Electricity Act 1992 (“Act”), pursuant to section 172E (2) (c) of that Act.

Section 172E (2) (c) provides that, no later than 10 working days after making a recommendation concerning the Rules to the Minister of Energy, the Commission must publicise the recommendation and the assessment completed under section 172F of the Act.

Recommendation

The Commission made a recommendation that the existing Schedule C5 of Part C of the Rules, which contains the procurement plan, be replaced in its entirety with a new Schedule C5 on 19 August 2005.

Recommended Amendments to the Rules

The key changes from the existing Schedule C5 and the one recommended by the Commission are set out below:

- (a) Changes to assessment methodology for instantaneous reserve and frequency keeping and to the proposed contracting process that increase the latitude for the parties to negotiate terms and conditions as long as none are inconsistent with the key contracting terms set out in the procurement plan.
- (b) Changes to every ancillary service to make provision for the system operator to enter into ancillary service procurement contracts with other providers at any time during the procurement plan period.
- (c) A number of the key contracting terms have been amended and some new ones inserted, largely relating to the monitoring and compliance arrangements, including:
 - (i) the system operator can terminate an ancillary service schedule if an ancillary service agent (ASA) commits a material breach of the contract in relation to that service and such breach, if remediable, is not remedied to the reasonable satisfaction of the system operator within 10 business days of the notice, or such longer period as the system operator may determine;

- (ii) the system operator can make a claim that an ASA has failed or is unable to meet a performance requirement in the ancillary service procurement contract (ASPC) or cannot comply with a dispatch instruction. If the claim is accepted (either voluntarily or after dispute resolution), the system operator will not be liable to pay the ASA for the relevant period and the ASA will take remedial action;
 - (iii) “baseline” tests required for some ancillary services will be carried out by the ASAs at their own expense;
 - (iv) the system operator may request the ASAs to carry out an “on-demand” test of the equipment used to provide or monitor any ancillary service and/or provide a statement of the capability and operational limitations of the equipment;
 - (v) the system operator will pay the ASA’s reasonable costs of an “on-demand” test unless the equipment fails the test or the sole reason for the test was to verify the success of any remedial action;
 - (vi) if any equipment used to provide or monitor an ancillary service (except for non-mandatory frequency keeping or instantaneous reserve) fails to meet any test, the ASAs must re-test the equipment at their own expense until the equipment passes the test, unless otherwise agreed with the system operator, and the ASAs will be deemed incapable of providing the ancillary service until the test is passed;
 - (vii) the system operator may inspect any equipment used by the ASAs to provide or monitor the ancillary service upon at least five day’s notice of the intention to inspect the equipment but may give less or no notice if the system operator reasonably believes the equipment is being used in a manner inconsistent with the ASPC. The system operator must not interfere unreasonably with the ASA’s business in carrying out such an inspection; and
 - (viii) the system operator can assign its interest in the ASPC to another party taking over the role of system operator, otherwise assignment by either party must have the consent of the other party.
- (d) The frequency of system operator reporting of ancillary service settlement volumes, prices, costs etc, which is currently unspecified is to be carried out monthly.
 - (e) A number of changes to the performance requirements and technical specifications for various ancillary services:

- (i) New requirement for ASAs to maintain their monitoring equipment in accordance with good industry practice (all ancillary services);
 - (ii) new requirement that the measurement of time error must be performed with a global positioning system clock or agreed equivalent (associated with provision of frequency keeping);
 - (iii) new obligation on system operator to use reasonable endeavours to dispatch frequency keepers at least five minutes in advance of the start or end of the relevant trading period, as the case may be;
 - (iv) new requirement that the control maximum be greater than or equal to the control minimum plus twice the range of the offered MW band for the frequency keeping site;
 - (v) description of the method the system operator will use to assess whether or not the ASAs have delivered a quantity of instantaneous reserve following an under frequency event that is consistent with the quantity dispatched;
 - (vi) new requirement that the relay equipment for over frequency reserve must immediately arm or disarm (as appropriate) when it receives a remote arming or disarming signal from the system operator's co-ordination centre;
 - (vii) new requirement for the ASAs to provide voltage support equipment that will be available at all times to provide voltage support, is able to respond when dispatched, and is maintained in accordance with good industry practice;
 - (viii) new requirement for the ASAs to provide monitoring equipment that is available at all times, and continuously monitors and transmits the reactive power being produced by the voltage support equipment to the designated interface points;
 - (ix) new requirement for the ASAs to ensure the black start equipment is able to start without power being obtained from the grid or local network at least once every six weeks unless the black start equipment has been generating for 66% or more of the time since the last test;
 - (x) new requirement that the system operator may require the ASAs to conduct a baseline test of the black start service no more than once during the procurement plan period to confirm the ASAs can meet the performance requirements;
 - (xi) new requirement for the ASAs to ensure the black start equipment is able to achieve the response times specified in the ASPC; and
 - (xii) new requirement for the ASAs to ensure the black start equipment is maintained in accordance with good industry practice.
- (f) Changes to the offer period for the provision of voltage support, over frequency reserve, and black start provide the system operator with the ability to enter into new long-term contracts without limitation.
- (g) Change to the pricing structure for voltage support drops the requirement for the system operator to purchase a mix of half-hour and long-term pricing.

- (h) Change to the quantity requirements for voltage support drops the requirement for the system operator to use planning studies to justify the procurement of more voltage support.

Notes to the Consolidated Financial Statements for the Year Ended 31 March 2005**Basis of Preparation**

The Community Trust of Otago was incorporated as a charitable trust in accordance with the provisions of the Community Trusts Act 1999.

These are the consolidated financial statements of The Community Trust of Otago and its 100% subsidiaries: The Community Trust Amateur Sports Co Limited, The Community Trust District Improvement Company Limited and Fillmor House Limited. A former subsidiary company of the trust, The Otago Community Trust Charities Limited, was wound up in March 2005 with the surplus distributed back to the trust. The winding up of the company was a consequence of income tax exemption granted to the trust from 1 April 2005.

The financial statements have been prepared to comply with the Financial Reporting Act 1993 and comprise consolidated statements of the following: Financial performance, movement in trust funds, financial position, cashflows, as well as notes to these financial statements.

The financial statements are prepared on the basis of historical cost, except for the revaluation of managed funds.

Specific Accounting Policies

Income

Income from managed funds includes both realised and unrealised income and is recorded gross of fund management expenses.

Interest is recognised on an accrual basis.

Foreign Currencies

All amounts denominated in foreign currencies are converted to New Zealand dollars at balance date. All realised and unrealised gains and losses are recognised in the statement of financial performance.

Taxation

With effect from 1 April 2004, community trusts, including The Community Trust of Otago, became exempt from income tax pursuant to section CB4 (1) (m) of the Income Tax Act 1994.

Fillmor House Limited is the only subsidiary liable for income tax. Income tax is recognised on the surplus available for distribution before taxation, adjusting for differences between taxable and accounting income. Future tax benefits are not recognised unless realisation of the asset is virtually certain.

Fixed Assets

Fixed assets are recorded at cost less accumulated depreciation.

Depreciation

Depreciation has been charged to the financial statement using rates which will write off the cost of assets less their estimated residual value over their estimated economic lives. The depreciation rates used are:

Buildings	4%
Office furniture and equipment	12-48%

Donations Payable

Donations payable represents donations approved by the trustees but unpaid as at balance date.

Receivables

Receivables are stated at estimated realisable value after providing against debts where collection is doubtful. Bad debts are written off during the period in which they are identified.

G.S.T.

Subsidiaries of The Community Trust of Otago, Fillmor House Limited and The Community Trust District Improvement Company Limited are registered for G.S.T. Accordingly, their financial performance and financial position have been consolidated within the accounts on a G.S.T. exclusive basis. Subject to the above, the trust is not registered for G.S.T. purposes and the financial statements have been prepared on a G.S.T. inclusive basis.

Basis of Consolidation

The Community Trust of Otago, Fillmor House Limited, The Community Trust District Improvement Company Limited and The Community Trust Amateur Sports Company Limited have been consolidated using the purchase method of consolidation.

Investments

Investments are valued at period end market value. All realised and unrealised gains and losses are recognised in the statement of financial performance.

Hedging Instruments

The trust, through its fund managers, enters into hedging instruments such as forward exchange contracts. These are converted to the New Zealand dollar rate at balance date with all realised and unrealised gains and losses being recognised in the statement of financial performance as income from managed funds.

Statement of Cashflows

Cash comprises cash at bank and call deposits but does not include cash or deposits held by the fund managers.

Financial Instruments

All assets and liabilities of the trust with the exception of fixed assets are financial instruments and are recognised in the statement of financial position. All financial instruments are recorded at market value or fair value or are not materially different from market value or fair value.

Fund managers utilise financial instruments with off balance sheet risk to reduce exposure to fluctuations in foreign currency exchange rates. Forward exchange contracts are entered into to hedge foreign currency transactions. These are converted to the New Zealand dollar rate at balance date with all realised and unrealised gains and losses being recognised in the statement of financial performance.

The quantitative disclosures required by FRS 31 Disclosure of Information About Financial Instruments have been included throughout the financial statements where material.

Changes in Accounting Policies

Except for the change to the taxation policy arising from the trust becoming income tax exempt, there have been no other changes in accounting policies during the year.

6. Financial Instruments**Currency Risk**

The trust, through its fund managers, invests in securities that are denominated in foreign currencies and therefore result in a currency risk. The trusts fund managers actively monitor this risk and hedge positions in accordance with their investment guidelines.

Interest Rate Risk

The trust, through its fund managers, invests in securities that are subject to interest rate risk. The trusts fund managers monitor this risk and change asset allocations and maturity profiles in accordance with their investment guidelines.

Credit Risk

The trust, in the normal course of business, enters into arrangements with other parties. These arrangements give rise to credit risk for the trust and hence policies and procedures are maintained so that the risk is minimised. No collateral is required in respect of financial assets.

For all classes of financial assets held by the trust, the maximum credit risk exposure to the trust is the carrying value as disclosed in the financial statements at balance date.

Due to the diversification of the investment portfolio and the policies and procedures in place, there are no significant concentrations of credit risk.

Fair Values

All financial instruments are carried at market value.

Audit Report

To the Trustees of The Community Trust of Otago

We have audited the financial reports. The financial reports provide information about the past financial performance and financial position of the trust and group as at 31 March 2005. This information is stated in accordance with the accounting policies.

Trustees' Responsibilities

The trustees are responsible for the preparation of a financial report which fairly reflects the financial position of the trust and group as at 31 March 2005, and the results of its operations and cashflows for the year ended on that date.

Auditors' Responsibilities

It is our responsibility to express an independent opinion on the financial report presented by the trustees.

Basis of Opinion

An audit includes examining, on a test basis, evidence relevant to the amounts and disclosures in the financial report. It also includes assessing:

- the significant estimates and judgements made by the trustees in the preparation of the financial report; and
- whether the accounting policies are appropriate to the trust's and group's circumstances, consistently applied and adequately disclosed.

We have conducted our audit in accordance with New Zealand Auditing Standards. We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to obtain reasonable assurance that the financial report is free from material misstatements, whether caused by fraud or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the financial report.

Other than in our capacity as auditor we have no relationship with, or interest in the trust or any of its subsidiaries.

Unqualified Opinion

We have obtained all the information and explanations we have required.

In our opinion, the financial report fairly reflects the financial position of the trust and group as at 31 March 2005 and the results of its operations and cash flows for the year ended on that date.

Our audit was completed on 27 June 2005 and our unqualified opinion is expressed as at that date.

POLSON HIGGS, Chartered Accountants, Dunedin.

(A summary of donations approved during the financial year ended 31 March 2005 is available on request from the office of the trust – freephone 0800 101 240 or email info@cto.org.nz or by writing to the Trust at P.O. Box 5751, Dunedin.)
