Electricity Commission

Electricity Act 1992

Notice of Making of a Recommendation and Assessment Concerning the Electricity Governance Rules 2003 – Rule Amendment Proposal No. 72

This notice of a recommendation and assessment concerning the Electricity Governance Rules (“Rules”), Rule Amendment Proposal No. 72, is issued by the Electricity Commission (“Commission”), established under the Electricity Act 1992 (“Act”), pursuant to section 172E (2) (c) of that Act.

Section 172E (2) (c) provides that, no later than 10 working days after making a recommendation concerning the Rules to the Minister of Energy, the Commission must publicise the recommendation and the assessment completed under section 172F of the Act.

Recommendation

On 7 July 2005, the Commission made a recommendation that the existing Schedule C4 of Part C of the Rules, which contains the policy statement, be replaced in its entirety with a new Schedule C4.

Recommended Amendment to the Rules

The key changes from the existing Schedule C4 recommended by the Commission are set out below:

- (a) Changes to system operator notifications in the following areas:
 - (i) system operator required to advise participants if it identifies any new credible events that may result in cascade failure;
 - (ii) system operator required to advise participants if new environmental or system conditions advised to system operator lead the system operator to believe the loss of a double circuit transmission line could be a contingent risk;
 - (iii) firmer commitments by system operator to publish details of new permanent and temporary constraints;
 - (iv) limiting system operator’s obligation to notify participants of changes in temporary constraints to those that the system operator believes will assist it to meet the principal performance objectives;
 - (v) new requirement for system operator to correctly apply constraints to SPD model; and
- (vi) system operator required to advise participants if it identifies new techniques to address conflicts of interest.
- (b) Requirement that the system operator maintains voltage stability during and following a contingent event or extended contingent event.
- (c) Changes to the system operator’s requirements to schedule sufficient reserve where there is insufficient generation offers and/or reserve offers. Under these circumstances, instead of reducing the reserve requirements, the system operator will:
 - (i) zero the reserve requirement for a contingent event; and
 - (ii) reduce demand for an extended contingent event.
- (d) Removal of the explicit margins added by the system operator to reserve requirements. These provisions have been replaced by an open provision for the system operator to add an adjustment factor based on its knowledge of the power system.
- (e) New requirement for system operator to notify an asset owner if it has provided incomplete or unreliable asset capability information.
- (f) Changes to demand step-change limits by purchasers. Limits are now expressed as ramping limits (40 MW per minute with no more than 75 MW in any five-minute period). The system operator must now advise the process by which a purchaser can agree a greater limit and publish existing and new agreements. The provision for system operator to change the step-change demand limits during the term of the policy statement has been removed.
- (g) Allowance for the system operator to use any other measures that may mitigate the need to shed demand to manage events greater than those provided for by risk management policies.
- (h) Rationalisation and clarification of the demand shedding policy.
- (i) Provision for dynamic load distribution factors to be used in the dispatch schedule once the system operator has implemented the software changes required.
- (j) Removal of system operator reporting requirements to market administrator and board, which restate requirements set out elsewhere in the Rules.
- (k) Removal of provisions for system operator to investigate or support an investigation into an asset owners’ non-compliance with the Rules, which restate requirements set out elsewhere in the Rules.

- (l) Requirement that anyone connecting local networks in parallel with the grid to provide information requested by the system operator including evidence the grid owner has agreed to the parallel connection.
- (m) Removal of specific future policy directions by the system operator, which are the Commission's business.
- (n) Requirement that the system operator produce a business performance charter that describes the manner in which the system operator intends to deliver the system operator services under the Rules.

- (o) Removal of Part B explanatory notes from Schedule C4, which are instead to be published on the system operator's web site.

Energy Efficiency and Conservation Authority

Energy Efficiency and Conservation Act 2000

Proposal to Make Regulations for Mandatory Energy Performance Standards

Pursuant to section 36 of the Energy Efficiency and Conservation Act 2000, the Minister of Energy gives the following notice.

The Minister of Energy proposes to recommend to Cabinet that Schedule 2 of the Energy Efficiency (Energy Using Products) Regulations 2002 be amended to remove single phase ducted air conditioners and air to air heat pumps from the list of product classes subject to mandatory energy performance labelling and replace or add references in Schedule 1 to New Zealand only standards for four product classes subject to mandatory energy performance standards with joint Australian/New Zealand Standards.

A period of public consultation on the proposed Regulations is also notified and details are given below.

The proposed amendments are as follows:

- To remove single-phase ducted air conditioners and air to air heat pumps from the list of product classes subject to mandatory energy performance labelling requirements.
- To replace the minimum energy performance standard (MEPS) reference to NZS 4606, for storage water heaters (electrically heated), with AS/NZS 4692.2.
- To add the testing standard reference AS/NZS 4692.1, for storage water heaters (electrically heated), to the existing reference NZS 4606. This will allow the testing of storage water heaters (electricity heated) to either standard.
- To replace the MEPS reference to NZS 4602, for low pressure copper thermal storage electric water heaters, with AS/NZS 4692.2.

- To add the testing standard reference AS/NZS 4692.1, for low pressure copper thermal storage electric water heaters, to the existing standards NZS 4602. This will allow the testing of low pressure copper thermal storage electric water heaters to either standard.
- To replace the reference to NZHB 4782.2, minimum energy performance standards for tubular fluorescent lamps, with AS/NZS 4782.2.
- To replace the reference to IEC 60081, testing standards for tubular fluorescent lamps, with AS/NZS 4782.1.
- To replace the reference to NZHB 4783.2, ballasts for fluorescent lamps, with AS/NZS 4783.2.

The proposed Regulations will align the standards for electric water heaters, tubular fluorescent lamps and ballasts for fluorescent lamps with Australia, in accordance with the Trans-Tasman Mutual Recognition Arrangement, and to ensure the cost effective improvement of energy efficiency performance of these product classes.

1. An explanation of the proposal to amend the Regulations can be obtained from the EECA web site:
www.eeca.govt.nz; or
 by emailing regs@eeca.govt.nz; or
 by writing to MEPS Submissions, Energy Efficiency and Conservation Authority, P.O. Box 388, Wellington; or
 by phoning (04) 470 2200.
2. Written submissions on the proposed Regulations are invited from members of the public and interested organisations.
3. The last date on which the Energy Efficiency and Conservation Authority will receive written submissions on the proposed Regulations is Friday, 5 August 2005.
4. Submissions are to be:
 Emailed to: regs@eeca.govt.nz
 Faxed to: 64 (04) 499 5330.
 Posted to: MEPS Submissions, EECA, P.O. Box 388, Wellington, New Zealand.

Dated at Wellington this 14th day of July 2005.

Notice of Intention to Take Land for Road— Adjoining Tresillian Avenue, Nelson City

Notice is hereby given that Nelson City Council proposes to take, under the Public Works Act 1981, the land described in the Schedule to this notice ("the land").

The land is required for road.

The council considers the taking of the land reasonably necessary to enable provision of a road link between the northern and southern parts of Tresillian Avenue, which link is provided for in the Nelson Resource Management Plan.

The owner of the land and those persons with a registered interest in it have been served with notice of the council's intention to take the land and their right to object.

Every person having an estate or interest in the land intended to be taken may object to the taking of the land by sending a written objection to the Registrar, Environment Court, P.O. Box 2069, Christchurch, within 20 working days after the 14th day of July 2005.

If any objection is made in accordance with this notice, a public hearing will be heard with the right of the objector to appear and be heard personally unless the objector otherwise requires, and each objector will be informed of the time and place of the hearing.

Any person requiring further information in respect of this advice should contact Ken Beckett, Fletcher Vautier Moore, Level One, 126 Trafalgar Street (P.O. Box 90 or D.X. W.C. 70-009), Nelson. Telephone: (03) 548 2994.

Notes to the Financial Statements for the Year Ended 31 March 2005

1. Statement of Accounting Policies

Reporting Entity

TSB Community Trust is a trust established by trust deed dated 30 May 1988, and has adopted a revised deed on 8 February 2001.

These financial statements have been prepared in accordance with this deed and the Community Trusts Act 1999.

Measurement Base

The measurement base is that of historical cost.

Specific Accounting Policies

The following specific accounting policies which materially affect the measurement of financial performance and financial position have been applied.

Accounts receivables are stated at their estimated net realisable value.

The TSB Bank Limited shares are stated at the value when gifted of 20,000,000 fully paid shares at 50 cents each, representing \$10,000,000. The net asset backing at 31 March 2005 was \$8.43 per share.

Property, plant and equipment are recorded at cost and will be depreciated on a straight line basis over four years.

The income tax expense charged to the statement of income includes both the current year's provision and the income tax effects of timing differences calculated using the liability method.

Tax effect accounting is applied on a comprehensive basis to all timing differences. A debit balance in the deferred tax account, arising from timing differences or income tax benefits from income tax losses, is only recognised if there is virtual certainty of realisation.

The financial instruments are recorded at their carrying value which is also the fair value of each of the classes of financial instruments consisting of cash, accrued interest, dividends receivable, investments other than shares in TSB Bank Limited, accrued charges and donations payable. As stated above, the shares in TSB Bank Limited are carried at their value when gifted.

For the purpose of the statement of cashflow, cash includes cash on hand and deposits held on call with banks.

The financial statements have been prepared on a G.S.T. inclusive basis.

Changes in Accounting Policies

There have been no changes in accounting policies. All policies have been applied on bases consistent with those used in the previous years.

2. Property, Plant and Equipment

Auditors' Report*To the Trustees of the TSB Community Trust*

We have audited the financial statements. The financial statements provide information about the past financial performance of TSB Community Trust and Group and its financial position as at 31 March 2005. This information is stated in accordance with the accounting policies set out.

Trustees' Responsibilities

The trustees are responsible for the preparation of financial statements, in accordance with New Zealand law and generally accepted accounting practice, which fairly reflects the financial position of TSB Community Trust and Group as at 31 March 2005 and the results of its operations and cash flows for the year ended 31 March 2005.

Auditors' Responsibilities

It is our responsibility to express an independent opinion on the financial statements presented by the trustees and report our opinion to you.

Basis of Opinion

An audit includes examining, on a test basis, evidence relevant to the amounts and disclosures in the financial statements. It also includes assessing:

- the significant estimates and judgements made by the trustees in the preparation of the financial statements; and
- whether the accounting policies are appropriate to TSB Community Trust and Group's circumstances, consistently applied and adequately disclosed.

We conducted our audit in accordance with New Zealand auditing standards. We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to obtain reasonable assurance that the financial statements are free from material misstatements, whether caused by fraud or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the financial statements.

Other than in our capacity as auditor, we have no relationship with, or interests in TSB Community Trust and Group.

Unqualified Opinion

We have obtained all the information and explanations we have required.

In our opinion, the financial statements fairly reflects the financial position of TSB Community Trust and Group as at 31 March 2005 and the results of its operations and cash flows for the year ended on that date.

Our audit was completed on 23 June 2005 and our unqualified opinion is expressed as at that date.

DELOITTE, Chartered Accountants, Hamilton, New Zealand.

Note

The above financial statements are for the parent entity TSB Community Trust and do not include the TSB Community Trust Group information. A full set of consolidated financial statements, which includes the parent entity and group information, is available for inspection at the trust offices at 64-66 Vivian Street, New Plymouth.
