Social Security Act 1964

Formal Policy Statement for the Residential Care Loan Scheme (Effective From 1 July 2005)

Pursuant to section 153 of the Social Security Act 1964, that provides statutory recognition and specification of the residential care loan scheme, the Director-General of Health has approved the following formal policy statement for the Residential Care Loan Scheme (effective from 1 July 2005).

What is a residential care loan?

1. It is an agreement between the Crown and a borrower ("client") under which the Crown advances funds to a provider, on the client's behalf, for any contracted care services received by the client.
2. Generally, a residential care loan ("loan") is secured over the client's former home, with the Crown's interest being protected by a caveat lodged against the title to the former home.
3. The loan is generally due to be repaid when the client dies or the former home is sold or otherwise disposed of, whichever happens earlier.

Legal basis for the loan scheme

4. Section 153 of the Social Security Act 1964 ("the Act") provides statutory recognition and specification of the residential care loan scheme ("the loan scheme"):

"153 Residential care loan scheme

A person who has been means assessed as to assets may apply for a loan under the residential care loan scheme operated by the Ministry of Health if:

- (a) the person's assets are above the applicable asset threshold; and
- (b) the person meets the criteria for eligibility for the residential care loan scheme as notified by the Director-General of Health in the Gazette."

Roles and responsibilities

5. The Ministry of Health is responsible for the loan scheme policy, funding residential care under the loan scheme, and issuing loan statements to clients. The Ministry of Social Development administers the loan scheme as an agent of the Ministry of Health through a Power of Attorney, and provides certain legal and administrative services in relation to the loan scheme. All references to the Ministry of Social Development in this policy are as agent for the Ministry of Health.

Glossary

6. All terms used in this policy have the same meanings as in Part 4 and Schedule 27 of the Act. In addition, in this policy:

- (a) “subsidy” means the funder’s liability in respect of persons whose assets are equal to or below the applicable asset threshold;
- (b) “former home” means a property that was the applicant’s principal place of residence immediately prior to entering residential care; and
- (c) “protected equity” means the amount of proceeds from the sale of the former home that the client is entitled to receive before all or any part of the loan is repaid, and it is calculated as set out in paragraphs 22 and 23.

Purpose of the loan scheme

- 7. The purpose of the loan scheme is to assist older people who, because they own their former home, have assets above the applicable asset threshold and are obliged to pay for the cost of contracted care services. The loan scheme recognises that for many older people their home is their principal asset, and that they may wish to retain it when they enter residential care.
- 8. Any private agreement between the client and the provider for any services that are not contracted care services is not varied by the loan agreement and remains a personal liability of the client.

Eligibility criteria

- 9. The Ministry of Social Development considers each application for a loan on a case-by-case basis. There is no obligation on the Ministry of Social Development or the Ministry of Health to offer a loan.
- 10. A loan may be offered if the Ministry of Social Development is satisfied that the loan offer fits within the purpose of the loan scheme and that the applicant meets all of the following key eligibility criteria:

- (a) **The applicant is a resident assessed as requiring care.**
- (b) **The applicant’s assets are above the applicable asset threshold and the applicant is liable to pay for the cost of contracted care services.**
- (c) **The applicant has assets above the applicable asset threshold only because he or she owns the former home.**

There are three factors that need to be met here:

- (i) The applicant must have legal ownership of the former home; and
 - (ii) the applicant does not qualify for a subsidy because the value of his or her former home means that the applicant has assets above the applicable asset threshold; and
 - (iii) the applicant’s assets other than the former home must amount to no more than \$15,000.00 for a single person and \$30,000.00 for a married couple or such other amounts as may be gazetted in accordance with paragraph 30.
- (d) **The Crown can obtain sufficient security.**

A loan will only be offered if the Ministry of Social Development is satisfied that the loan can be adequately secured over the applicant’s former home.

- (e) **The loan can be recovered.**

The Ministry of Social Development must be satisfied that there are no significant risks that would affect its ability to enforce repayment of the loan.

Exceptional circumstances

- 11. If the applicant does not meet the key eligibility criteria, but has raised individual circumstances that the Ministry of Social Development considers to be exceptional, the Ministry of Social Development (sometimes in consultation with the Ministry of Health) may offer a loan based on those circumstances. Any loan offer will be on such terms and conditions as the Ministry of Social Development considers appropriate in those circumstances. There is no obligation on the Ministry of Social Development or the Ministry of Health to offer a loan.

Loan terms and conditions

- 12. The loan will be issued on the terms and conditions deemed appropriate by the Ministry of Social Development. If the key eligibility criteria are met, these will generally be as set out below.
- 13. The client will be required to enter into a loan agreement recording the terms and conditions of the loan. If the former home is co-owned with another party or parties, each of the other co-owners will also be required to enter into the loan agreement for the purpose of obtaining adequate security for the loan. Generally, a caveat will be lodged against the title to the former home as notice of the loan agreement.
- 14. The client is required to maintain the former home and pay all rates (which may be by way of a deferred rates scheme), insurance and other outgoings until the loan is repaid. The cash assets referred to in paragraph 10. (c) (iii) (\$15,000.00 for a single person and \$30,000.00 for a married couple) are intended to be for living expenses and for these purposes.
- 15. The client is required to contribute directly to the provider the New Zealand Superannuation, or any other benefit, that he or she receives, less the personal allowance. The amount to be advanced to the provider on the client’s behalf under the loan agreement will be reduced accordingly.
- 16. The Ministry of Health will send a statement of the loan balance to the client on a quarterly basis.
- 17. The loan will continue until the earliest of the following events:
 - (a) the client dies; or
 - (b) the former home is sold or otherwise disposed of; or
 - (c) a new means assessment determines that the client’s assets are equal to or below the applicable asset threshold.
- 18. If a new means assessment has determined that the client’s assets are equal to or below the applicable asset threshold, the client will transfer from the loan scheme to a subsidy. Payments drawn against the loan will cease from the date of means

assessment, the client will be informed of the loan balance, and the repayment provisions under the loan agreement will apply.

19. However, if a client does not apply to the Ministry of Social Development for a new means assessment, or does not provide sufficient information to enable the Ministry of Social Development to determine the means assessment, the client will not be able to have a subsidy (to which he or she might otherwise have been entitled) paid on his or her behalf. In such a situation, loan advances will continue to be paid to the provider on behalf of the client.

Repayment of a loan

20. The loan must be repaid six months after the client dies or when the former home is sold or otherwise disposed of, whichever date is earlier. If repayment is more than three months' late, penalty interest may be charged.
21. The loan must be repaid before the security or obligation under the loan agreement will be released.
22. The client is entitled to receive his or her protected equity after all of the amounts set out in paragraph 25 (that are owing at the date of loan repayment) have been paid. The client's protected equity is calculated by deducting the following amounts from the relevant asset threshold:
- (a) any rates that have been postponed during the term of the loan; and
 - (b) the total amount of assets (other than the former home) that the client was assessed as having in:
 - (i) the means assessment at the time of the loan application, if the client has never transferred to a subsidy; or
 - (ii) the means assessment that determined that the client was eligible for a subsidy.
23. The relevant asset threshold for the purposes of paragraph 22 is the asset threshold that was applicable on:
- (a) the day before the client became (or would have become) eligible for a subsidy; or
 - (b) the day before payments drawn against the loan ceased, if the client has not yet become eligible for a subsidy.

Write-off of a loan

24. The Ministry of Social Development may remit all or any part of the loan if the loan balance exceeds the value of the client's estate or interest in the former home less the client's protected equity or if, in the opinion of the Director-General of Health, the circumstances raised by the client or any person resident in the former home are exceptional.
25. The Ministry of Social Development may allow any of the following amounts to be deducted from the sale proceeds before the loan is repaid:
- (a) Reasonable and necessary legal fees and disbursements on the sale of the former home (other than the cost of registration of the withdrawal of caveat).
 - (b) Real estate agent fees payable on the sale of the former home, up to a maximum of 5% of the value of the sale proceeds.
 - (c) Funeral expenses up to a maximum of \$10,000.00 or such other amount as may be gazetted in accordance with paragraph 30 (provided the client had not previously purchased a pre-paid funeral).
 - (d) If the client has not died and has not previously purchased a pre-paid funeral, funds for this purpose up to a value of \$10,000.00 (or such other amount as may be prescribed by Regulations made under section 155 of the Act).
 - (e) Gifts in recognition of high-level care provided to the client (up to the maximum value prescribed by Regulations made under section 155 of the Act), and any other prior mortgages or charges accepted in the means assessment at the time of the loan application as having priority over the loan.
 - (f) Any rates that have been postponed during the term of the loan.
26. After any allowable amounts have been deducted from the sale proceeds, the Ministry of Social Development may accept the remainder of the sale proceeds in full and final settlement of the loan.

Deferment of loan repayment

27. Repayment of a loan may be deferred if any person living in the client's former home meets all of the following criteria:
- (a) He or she lived in the former home immediately before the client entered residential care, on a continuous full-time basis for at least 5 years.
 - (b) He or she lived in the former home while the client was in residential care and continues to live there at the time of the death of the client.
 - (c) He or she has been left the former home, or a joint share of or a life interest in the former home, by the client in his or her will and has a legal right to live there.
28. Deferment of the loan repayment is only available to the first person who meets the above criteria, and it only applies to the client's former home. If the former home is sold or the person moves out, the loan becomes repayable.
29. There is no obligation on the Ministry of Social Development or the Ministry of Health to agree to deferment of the loan repayment.

This determination may be cited as “The National Standard Costs for Specified Livestock Determination, 2005”.

This determination is made in terms of section EL3 A (1) of the Income Tax Act 1994.

It shall apply to any specified livestock on hand at the end of the 2004-2005 income year where the taxpayer has elected to value that livestock under the national standard cost scheme for that income year.

For the purposes of section EL3 A (1) of the Income Tax Act 1994, the national standard costs for specified livestock for the 2004-2005 income year are as set out in the following table.

MARTIN SMITH, Chief Tax Counsel.

*This determination replaces the National Standard Costs for Specified Livestock Determination 2005 signed on the 31st day of January 2005 (*New Zealand Gazette*, 3 February 2005, No. 32, page 770). The earlier determination was invalid, and of no effect, because it was issued in error under the Income Tax Act 2004, whereas it should have been issued under the Income Tax Act 1994, which remains in effect for the 2004-2005 and earlier income years. The national standard costs values listed in the table above have not been changed and apply for the 2004-2005 income year.

Electricity Commission

Electricity Act 1992

Notice of the Grant of an Exemption # 21

This notice of the grant of an exemption is issued by the Electricity Commission (“Commission”), continued under subpart 1 of Part 15 of the Electricity Act 1992, pursuant to Regulation 194 of the Electricity Governance Regulations 2003 (“Regulations”) in favour of Alinta ENZ Limited (“Alinta”).

Notice of the Grant of an Exemption (“notice”)

Regulation 194 (2) requires that the exemption and the Commission’s reasons for granting it are notified in the *New Zealand Gazette* as soon as practicable after being granted.

Subject to the terms and conditions imposed upon Alinta in respect of any exemption contained within this notice, the Commission hereby notifies it grants an exemption to Alinta from the requirement to comply with the following Electricity Governance Rules 2003 (“Rules”):

- Rule 4.11 of Section III of Part G.

Terms and Conditions of the Grant of the Exemption

Pursuant to Regulation 194 (1), the Commission may, in its discretion and upon the terms and conditions (if any) that it thinks fit, exempt any participant, or class of participants, from compliance with all or any of the Rules.

In respect of the exemption contained within this notice, the Commission imposes the following terms and conditions:

- The exemption shall expire on 1 April 2006.
- The exemption relates to generation at GLN0332 only.
- Generation at GLN0332 stays within 5 MW of any dispatch instruction issued by the system operator.

The Commission notes that Regulation 196 provides that an exemption may be varied or revoked, either on application by a participant or on the initiative of the Commission.

Commission's Reasons for the Grant of the Exemption

The reasons for the grant of the exemption are as follows:

- Most of the energy produced by Alinta's generation at Glenbrook is used on-site and the on-site processes require the operation of the co-generation plant in conjunction with these processes. Alinta is therefore unable to comply with Rule 4.11 of Section III of Part G, which requires it to comply with all dispatch instructions properly given by the system operator (subject to certain exceptions).
- Granting the amendment of the exemption will allow time for the Commission to complete its investigation into Rule changes or other mitigation measures which appropriately reflect the operation of the co-generation plant.

Date Upon Which the Exemption Becomes Effective

Pursuant to Regulation 195, the date upon which the exemption contained in this notice takes effect, being a date which is not earlier than the date of the *New Zealand Gazette* notice in respect of the exemption, is 2 June 2005.

Dated at Wellington this 27th day of May 2005.

Notice of Making of Electricity Governance Amendment Rules (No. 28) 2005 and Notice of Reasons for Decision

1. Pursuant to section 172I of the Electricity Act 1992, I notify the amendment of the Electricity Governance Rules 2003 ("Rules") under section 172H of the Electricity Act 1992 ("Act").

2. The empowering provision for the electricity governance regulations in relation to which the Rules are made is section 172D (1) (5) of the Act.

3. A brief description of the nature of the rule amendments is as follows:

- The insertion of a provision into Rule 2.1.5.1 of Section II of Part F of the Rules to allow the Minister of Energy ("Minister") the discretion to grant a period of longer than 20 business days in which the Electricity Commission ("Commission") must complete its consideration of submissions in relation to the structure of transmission agreements; and
 - minor amendments to the definitions of "Board" and "transmission pricing methodology" in Part A of the Rules to reflect the change of the Commission's name as enacted under the Electricity Amendment Act 2004 and to correct a typographical error.
4. The amendments to Part A of the Rules are made in reliance on section 172F (3) of the Act.
5. Pursuant to section 172Z (4) of the Act, the reasons for my decision to amend the Rules are that:
- it is possible that there will be a large number of submissions on the structure of transmission agreements, some of which may be complex and in conflict with one another;
 - transmission agreement structure and counterparty issues have been unresolved in the electricity industry for some years. The Commission will address this issue for the first time in 2005, and it is extremely important that due consideration is given to the issues before determining an outcome that is likely to influence many aspects

of transmission for many years to come. It is therefore prudent to provide for the possibility that the Commission may require a longer consideration period than is currently allowed for under Rule 2.1.5.1 of Section II of Part F; and

- the proposed amendment to Rule 2.1.5.1 of Section II of Part F brings it into line with the provisions of Rule 2.2.4.1 of Section II of Part F, which deals with the Commission's consideration of submissions on the proposed categories of designated transmission customers. The Commission's deliberations on the categories of designated transmission customers and the structure of transmission agreements are inextricably linked. Bringing the provisions of the two Rules into line allows the Commission to consider the submissions on these two linked issues in the same timeframe.

6. These Rules come into force on 30 June 2005.

7. Copies of the Rules may be inspected free of charge or purchased from the Electricity Commission, Level Seven, ASB Bank Tower, 2 Hunter Street, Wellington.

The Rules can also be viewed on the Electricity Commission web site:

Notice of Making of a Recommendation Concerning the Electricity Governance Rules 2003—Rule Amendment Proposal No. 12

This notice of a recommendation concerning the Electricity Governance Rules 2003 ("Rules"), Rule Amendment Proposal No. 12, is issued by the Electricity Commission ("Commission"), established under the Electricity Act 1992 ("Act"), pursuant to section 172E (2) (c) of that Act.

Section 172E (2) (c) provides that, no later than 10 working days after making a recommendation concerning the Rules to the Minister of Energy, the Commission must publicise the recommendation and the assessment completed under section 172F of the Act.

Recommendation

The Commission made a recommendation that Rule 6.3 of Code of Practice D2 of Schedule D1 of Part D and Rules 5.2.1, 5.4.2, and 6.1.2 of Code of Practice D3 of Schedule D1 of Part D of the Rules be amended in reliance on section 172F (3) (effect of recommendation is minor), on 26 May 2005.

Section 172F (3) provides that the Commission is not required to comply with section 172F (1) (which relates to the carrying out of an assessment) if it is satisfied that the effect of the recommendation is minor and will not adversely affect the interests of any person in a substantial way.

In reliance on section 172F (3), no such assessment has been carried out under section 172F (1).

Recommended Amendments to the Rules

The recommended amendments to the Rules are to address concerns regarding the consistency of the testing of measuring transformers' rules.

The proposed Rule changes will improve consistency within the codes of practice. They will also ensure that the costs of calibration of metering installations and their components are kept to the minimum necessary to ensure that overall accuracy requirements are met.

A copy of the Commission's recommendation is available at no cost on the Commission's web site:
