Electricity Commission

Electricity Act 1992

Notice of Making of Electricity Governance Amendment Rules (No. 7) 2004 and Notice of Reasons for Decision

1. Pursuant to section 172I of the Electricity Act 1992, I notify the amendment of the Electricity Governance Rules 2003 ("the Rules") under section 172H of the Electricity Act 1992.

2. The empowering provisions for the electricity governance regulations in relation to which the Rules are made are sections 172D (1) (3) and (4) of the Electricity Act 1992.

3. A brief description of the nature of the amendments is as follows:

To correct several errors in the Rules relating to the allocation of voltage support costs to Zone 1 distributors:

- Rule 11.6 of section IV, Part C of the Rules is amended, and a new defined term "distributor kvar reference node" is inserted into Part A of the Rules, to allow the voltage support cost allocation methodology to be performed on an aggregate rather than GXP basis;
- a new Rule 11.6.4 of section IV, Part C is inserted into the Rules so that generators are excluded from the definition of "distributor" for the purposes of Rule 11.6;
- references to "reconciled quantity" are replaced by references to "metered information" in Rule 11.6.3 of section IV, Part C of the Rules to ensure that the clearing manager uses the appropriate information; and
- other amendments to Rule 11.6 of section IV, Part C of the Rules to clarify and correct minor drafting errors.

4. These amendments are made in reliance on section 172F (3) of the Electricity Act 1992.

5. Pursuant to section 172Z (4) of the Electricity Act 1992, the reasons for my decision to amend the Rules are that:

- the amendment to Rule 11.6 allows cost allocation to be performed on an aggregate, rather than GXP basis, which means the Rules match the intent and historical practice. This will ensure the correct incentives for new investment are in place and gives distributors flexibility to manage voltage within each local network area;
- the amendments correct an error in the Rules, which required generators to nominate a kvar level for their offtake by excluding generators from the definition of "distributor" for the purposes of Rule 11.6;
- the amendments correct an error in Rule 11.6.3, which required the clearing manager to use reconciled quantity rather than metering information. The amendment means that the allocation of charges is in a manner that creates least distortion; and
- other amendments to Rule 11.6 to clarify the Rules and correct other minor drafting errors.

6. These Rules come into force on 13 January 2005.

7. Copies of the Rules may be inspected free of charge or purchased from the Electricity Commission, Level Seven, ASB Bank Tower, 2 Hunter Street, Wellington.

The Rules can also be viewed on the Electricity Commission web site:

Notice of Making of Electricity Governance Amendment Rules (No. 13) 2004 and Notice of Reasons for Decision

1. Pursuant to section 172I of the Electricity Act 1992, I notify the amendment of the Electricity Governance Rules 2003 ("the Rules") under section 172H of the Electricity Act 1992.

2. The empowering provisions for the electricity governance regulations in relation to which the Rules are made are sections 172D (1) (1) (b) of the Electricity Act 1992.

3. A brief description of the nature of the amendments is as follows:

- Rule 5.1.3 (including Rules 5.1.3.1 to 5.1.3.3 inclusive) of Code of Practice G1, Schedule G8 of Part G, is deleted and replaced with three new Rules (Rules 5.1.3, 5.1.3A and 5.1.3B) for clarity in relation to:
 - non half-hour meter reading during period of supply;
 - non half-hour meter reading on annual basis; and
 - non half-hour meter reading every four months.

4. The amendment is made in reliance on section 172F (3) of the Electricity Act 1992.

5. Pursuant to section 172Z (4) of the Electricity Act 1992, the reasons for my decision to amend the Rules are that the amendments:

- remove ambiguity in the Rules;
- enable consistency in reporting;
- ensure that the results can be meaningfully used as a basis for seeking improvements; and
- also recognise that there are some meters that are either unsafe or unable to be accessed by a retailer despite best endeavours.

6. These Rules come into force on 13 January 2005.

7. Copies of the Rules may be inspected free of charge or purchased from the Electricity Commission, Level Seven, ASB Bank Tower, 2 Hunter Street, Wellington.

Notice of Making of Electricity Governance Amendment Rules (No. 14) 2004 and Notice of Reasons for Decision

1. Pursuant to section 172I of the Electricity Act 1992, I notify the amendment of the Electricity Governance Rules 2003 ("the Rules") under section 172H of the Electricity Act 1992.

2. The empowering provision for the electricity governance regulations in relation to which the Rules are made is section 172D (1) (1) (b) of the Electricity Act 1992.

3. A brief description of the nature of the amendments is as follows:

- Rule 3.1 of Code of Practice D3, Schedule D1, Part D of the Rules, is amended by deleting the words that outline that work that may have an effect on any components of a metering installation, but do not affect accuracy, will only be carried out by the employees or subcontractors of an approved test house. Additional wording is also inserted to clarify that components of a metering installation including auxiliary equipment and wiring may be installed by suitably qualified personnel, other than employees and subcontractors employed by an approved test house.

4. The amendment is made in reliance on section 172F (3) of the Electricity Act 1992.

5. Pursuant to section 172Z (4) of the Electricity Act 1992, the reasons for my decision to amend the Rule are that the amendment clarifies, and gives effect to, the original intention of the Rule.

6. These Rules come into force on 13 January 2005.

Notice of Making of Electricity Governance Amendment Rules (No. 15) 2004 and Notice of Reasons for Decision

1. Pursuant to section 172I of the Electricity Act 1992, I notify the amendment of the Electricity Governance Rules 2003 ("the Rules") under section 172H of the Electricity Act 1992.

2. The empowering provisions for the electricity governance regulations in relation to which the Rules are made are sections 172D (1) (6) (a) of the Electricity Act 1992.

3. A brief description of the nature of the amendments follows:

The amendments consist of changes to:

- the definition of "statement of opportunities" and of "grid reliability standards" in Part A, and to Rules 4.2 and 9.1 of section III of Part F, and the insertion of the relevant defined terms used in those Rules into Part A, to provide for a special process for the first statement of opportunities, defined as the "initial statement of opportunities", and to use a set of simplified grid reliability standards, defined as the "interim grid reliability standards"; and
- Rules 9.7 and 17.1 of section III of Part F, and to the cross references in the definition of "grid reliability standards" and of "statement of opportunities" in Part A, to correct typographical and cross-referencing type errors.

4. The amendments to Rules 9.7 and 17.1 of section III of Part F, and to the cross references in the definition of "grid reliability standards" and of "statement of opportunities" in Part A, are made in reliance on section 172F (3) (the Electricity Commission is satisfied that the effect of the recommendation is minor and will not adversely

affect the interests of any person in a substantial way) of the Electricity Act 1992.

5. Pursuant to section 172Z (4) of the Electricity Act 1992, the reasons for my decision to amend the Rules are that:

- decisions about investment need to be made soon, and the Government Policy Statement on Electricity Governance (GPS) gives the Electricity Commission a target date of September 2005 to make those decisions (assuming that a public conference is not required);
- the Electricity Commission has advised me that a compressed approach to the Part F process is required to achieve this date, and that the area of the statement of opportunities is the most practicable area to compress the process;
- the statement of opportunities is prepared for information only and, because the GPS required that it is revised and published every two years, any issues with a compressed process for the first year can be resolved in subsequent years;
- a statement of opportunities produced in early March 2005 would allow more time for participants to view the information presented, prior to the submission of the grid upgrade plan; and
- the amendments to Rules 9.7 and 17.1 of section III of Part F, and to the cross references in the definition of "grid reliability standards" and of "statement of opportunities" in Part A, are to correct typographical and cross-referencing type errors.

6. These Rules come into force on 14 January 2005.

Making of a Recommendation Concerning the Electricity Governance Rules 2003 – Rule Amendment Proposal No. 18 and No. 46

This notice of a recommendation concerning the Electricity Governance Rules ("Rules"), Rule Amendment Proposal No. 18 and No. 46, is issued by the Electricity Commission ("Commission"), established under the Electricity Act 1992 ("Act"), pursuant to section 172E (2) (c) of that Act.

Section 172E (2) (c) provides that, no later than 10 working days after making a recommendation concerning the Rules to the Minister of Energy, the Commission must publicise the recommendation and the assessment completed under section 172F of the Act.

Recommendation

The Commission made a recommendation that a new defined term "distributor kvar reference node" be inserted into Part A of the Rules, and Rule 11.6 of section IV, Part C of the Rules be amended (including replacing references to "grid exit point" and "point of connection" with "distributor kvar reference node" or "generating stations" (as appropriate), replacing references to "reconciled quantity" with "metered information" in Rule 11.6.3, the correction of other drafting errors and the insertion of a new Rule 11.6.4), in reliance on section 172F (3) on 8 December 2004.

Section 172F(3) provides that the Commission is not required to comply with section 172F(1) (assessment) if it is satisfied that the effect of the recommendation is minor and will not adversely affect the interests of any person in a substantial way.

Accordingly, no such assessment has been carried out under section 172F(1) of the Act.

Recommended Amendment to the Rules

The recommended amendments are to correct errors in the Rules relating to the allocation of voltage support costs to zone 1 distributors as described below:

- (a) Rule 11.6 of section IV, Part C of the Rules is amended, and a new defined term “distributor kvar reference node” is inserted into Part A of the Rules, to allow the voltage support cost allocation methodology to be performed on an aggregate rather than GXP basis;
- (b) the new Rule 11.6.4 of section IV, Part C, means that generators are excluded from the definition of “distributor” for the purposes of Rule 11.6; and
- (c) references to “reconciled quantity” are replaced by references to “metered information” in Rule 11.6.3 of section IV, Part C, to ensure that the clearing manager uses the appropriate information.

A copy of the Commission’s recommendation (and assessment) is available, at no cost, on the Commission’s web site:

Making of a Recommendation and Assessment Concerning the Electricity Governance Rules 2003 – Rule Amendment Proposal No. 44

This notice of a recommendation and assessment concerning the Electricity Governance Rules 2003 (“Rules”), Rule Amendment Proposal No. 44, is issued by the Electricity Commission (“Commission”), established under the Electricity Act 1992 (“Act”), pursuant to section 172E(2)(c) of that Act.

Recommendation

Section 172E(2)(c) of the Act provides that, no later than 10 working days after making a recommendation concerning the Rules to the Minister of Energy (“Minister”), the Commission must publicise the recommendation and the assessment completed under section 172F of the Act.

The Commission made a recommendation to the Minister on 10 December 2004 that:

- (a) Rules 4.2 and 9.1 of section III of Part F of the Rules be amended, the defined terms “initial statement of opportunities” and “interim grid reliability standards” be inserted into Part A of the Rules, and the defined terms “statement of opportunities” and “grid reliability standards” be amended in Part A of the Rules. A copy of the assessment carried out under section 172F(1) is available on the Commission’s web site; and
- (b) Rules 9.7 and 17.1 of section III of Part F and the cross references in the defined terms “grid reliability standards” and “statement of opportunities” in Part A of the Rules be amended in reliance on section 172F(3) of the Act. Section 172F(3) provides that the Commission is not required to comply with section 172F(1) if it is satisfied that the effect of the recommendation is minor and will not adversely affect the interests of any person in a substantial way. Accordingly no such assessment has been carried out under section 172F(1).

Recommended Amendments to the Rules

The recommended amendments to the Rules were:

- (a) to provide for a special process for the first statement of opportunities, defined as the “initial statement of opportunities”, and, as part of this process, to use a set of simplified grid reliability standards, defined as “interim grid reliability standards”; and
- (b) to correct typographical and cross-referencing type errors.

A copy of the Commission’s recommendation (and assessment) is available, at no cost, on the Commission’s web site:

New Zealand Racing Board

Racing Act 2003

Amendments to the Betting Rules of the New Zealand Racing Board—Resolution of the New Zealand Racing Board

That under section 52 of the Racing Act 2003, the New Zealand Racing Board amends the betting rules, published in the Supplement to the *New Zealand Gazette*, 25 August 2003, No. 113, page 2981, by deleting the existing Rules 11.6.1, 11.6.4 and 11.6.5 and replacing them with the following. The amendments are to come into effect on Monday, 6 December 2004.

“11.6.1 Interpretation

“**Place**” is a bet type whereby the investor endeavours to select a Race Entrant to fill a Dividend Bearing Place in a Race as designated by the Board.

“**Starters**” is the number of Race Entrants in a race. For races run in New Zealand, the number of Starters shall be the number of Race Entrants remaining in each of such races at 9.00 a.m. on the day of the race meeting, or one hour prior to the scheduled starting time of Race one, when Race one is scheduled to start prior to 10.00 a.m. For races run outside of New Zealand, the number of Starters shall be similarly determined two hours prior to the scheduled starting time of the first race of each meeting as made available for betting by the Board.

“**Dividend Bearing Places**” means the number of parts that the Dividend Pool will be divided and is determined as follows:

- Dividend Bearing Places will be zero if the number of Race Entrants in a race is four or fewer. In such cases, all units of Place betting on that Race will be refunded.
- Dividend Bearing Places will be two and dividends will be paid to first and second places where the number of Starters is five or six. Where a dead heat occurs, the Dividend Bearing Places shall be the first two Entrants across the finishing line in the order in which they are placed by the judge, stewards or judicial committee, notwithstanding that a dead heat between two or more Race Entrants may cause the number of Race Entrants eligible to fill the Dividend Bearing Places to be more than two; and
- Dividend Bearing Places will be three and dividends will be paid to first, second and third places where the number of Starters is seven or more. Where a dead heat occurs, the Dividend Bearing Places shall be the first three Entrants across the finishing line in the order in which they are placed by the judge, stewards or judicial committee, notwithstanding a dead heat between two or more Race Entrants may cause the number of Race Entrants eligible to fill the Dividend Bearing Places to be more than three.
- If the judge, stewards or judicial committee make an error regarding such authorisation and subsequently correct the error in accordance with the Rules of Racing, the placing Entrants shall be the Race Entrants in respect of which the judge, stewards or judicial committee, after correcting their error, authorise the Place Dividends to be paid; and
- The disqualification of the Race Entrant on which a Place Dividend has been paid shall not affect that Entrant's status as a placing Entrant if the disqualification resulted from a protest lodged after the expiration of the period allowed by the Rules of Racing for the lodging of such protests.”

“11.6.4 Dividend Pool

The Dividend Pool shall be divided into as many equal parts as there are Dividend Bearing Places provided such Dividend bearing Race Entrants have units of place betting invested on them. Each part is then distributed equally amongst those units of Place betting that have selected the Race Entrant to place.

Should any part of the Dividend Pool be less than the number of units of Place betting to be paid by that part, then that part will be supplemented from that race's Place betting Deductions until that part is equal to the corresponding number of units of betting.

Should such Deductions be exhausted and that part is still less than the corresponding number of units of betting, then it shall be further supplemented up to the required amount, by equal amounts of money being transferred from the remaining parts.

11.6.5 Dead Heats

In the event of a dead heat causing there to be more Race Entrants, filling a Dividend Bearing Place, than there are Dividend Bearing Places, then only those parts of the Dividend Pool from Rule 11.6.4 affected by the dead heat will be further divided equally into as many sub-parts as there are Race Entrants (with units of betting on them) involved in the dead heat.

Example: In a race, where Dividend Bearing Places is three, there is a triple dead heat for second, then the 2nd and 3rd parts of the Dividend Pool will be further divided to create three sub-parts, each now two-thirds of the 1st part.”
