Land Transfer Act / Joint Family Homes Act Notices

Land Transfer Act Notice

The applicant described below has applied, under section 70 of the Land Transfer Act 1952, for the removal of a redundant easement. It is contended by the applicant that the easement became redundant by reasons of the circumstances set out below. I intend to remove the easement at the expiry of one calendar month from the date of the publication of this notice in the *New Zealand Gazette*, provided that there is no objection lodged by anyone before that date:

Application No.: 6230175.1.

Applicant: Taipa Bay Developments Limited.

Easement: (1) A water supply easement over the parts of Lots 20, 22 and 29 (Computer Freehold Register 141929 to 141956); marked "A" on DP 172800, appurtenant to Lot 1, Plan 172800 (Supplementary Record Sheet NA111A/130 and NA106A/220), created by easement instrument D087084.1; and

(2) A water supply easement over parts of Lots 15, 16 and 29 (Computer Freehold Register 141929 to 141956); marked "B" on DP 172800, appurtenant to Lot 1, Plan 172800 (Supplementary Record Sheet NA111A/130 and NA106A/220), created by easement instrument B647557.7.

Circumstances: The easement became redundant because of the new subdivision made under DP 334672. Various titles were issued and the existing easement was no longer needed.

Dated at the Auckland Office of Land Information New Zealand this 30th day of November 2004.

Commerce Act 1986

Publication of Commerce Commission's Study of Gas Pipelines

In accordance with section 56(5) of the Commerce Act 1986, the Minister of Energy ("the Minister") has published the final report ("the report") of the Commerce Commission ("the Commission") on whether or not an Order in Council should be made under section 53 of the Commerce Act 1986, controlling goods and services supplied by persons in markets directly related to either a natural gas transmission system or a natural gas distribution system or both.

The report is in response to a request from the Minister.

Copies of the report can be downloaded from the Minister's web site:

<http://www.beehive.govt.nz/hodgson>

and the Ministry of Economic Development's web site:

<http://www.med.govt.nz/ers/gas/control-inquiry/>

For those without internet access, printed copies of the report can be requested from the Ministry of Economic Development by telephone on (04) 474 2859 or by facsimile on (04) 473 7010.

The Minister invites written comments on any new matters raised in the report and any other relevant matters that have not been the subject of submissions to the Commission or are not reflected in the report.

In particular, the Minister would welcome comments on the Commission's remarks regarding applying to gas pipeline businesses a regime comparable to the targeted control regime applicable to electricity lines businesses under Part 4A of the Commerce Act 1986.

Comments must be received by 15 February 2005 at 12.00 midday.

Comments received will be published on the Ministry of Economic Development's web site, and full versions (including any confidential information) of the submissions will be made available to the Commission in the course of assessing the submission should that prove desirable.

Comments on the report, including a public electronic version, should be sent to Gas Control Inquiry, Resources

and Networks Branch, Ministry of Economic Development,

Crown Minerals Act 1991

Notification of Issue of the Minerals Programme for Petroleum 2005

Pursuant to section 19 of the Crown Minerals Act 1991, I hereby give notice that the Governor-General, by Order in Council dated the 6th day of December 2004, has issued the Minerals Programme for Petroleum ("the programme"), with the programme to take effect from 1 January 2005.

The programme establishes the policies, procedures and provisions to be applied in respect of the allocation and management of petroleum, in particular:

- (a) the efficient allocation of rights in respect of petroleum; and
- (b) the Crown obtaining a fair financial return from petroleum.

The following items are included within the programme:

- An outline of the policy framework within which decisions relating to the management of the country's petroleum resource are to be made.
- The procedures for how the Crown will consult with hapu and iwi as a Treaty partner in relation to the issue of new permits, permit allocation and procedures for gaining access to land.
- Methods of allocating petroleum permits, including matters to be taken into consideration when evaluating applications.
- The application of conditions to the allocation of permits.
- Procedures for granting changes to permits.
- Procedures for coping with permit holders who do not comply with permit conditions.
- Royalty provisions to apply to oil and gas production.
- A detailed summary of the reasons for and against adopting the allocation framework.
- A detailed summary of the reasons for and against adopting the royalty regime.

The programme replaces the Minerals Programme for Petroleum published in the *New Zealand Gazette*, 21 December 1994, page 4467.

The programme applies to all permit applications for petroleum received by the Crown from 1 January 2005

onwards, and to any permit holder who elects to switch from the Minerals Programme for Petroleum (1 January 1995).

An electronic copy of the programme can be accessed from the Crown Minerals web site:

Radiocommunications Regulations 2001

Radiocommunications Regulations (General User Radio Licence for Short Range Devices) Notice 2004

Pursuant to Regulation 9 of the Radiocommunications Regulations 2001 ("the Regulations") made under section 116(1)(b) of the Radiocommunications Act 1989 ("the Act"), and acting under delegated authority from the Chief Executive, I give the following notice.

Notice

1. Short title and commencement—(1) This notice is the Radiocommunications Regulations (General User Radio Licence for Short Range Devices) Notice 2004.

(2) This notice comes into force on 10 December 2004.

2. General user radio licence—A general user radio licence is granted for the transmission of radio waves for the purpose of Short Range Devices (SRD), also known as Restricted Radiation Devices (RRD), Low Interference Potential Devices (LIPD), or Spread Spectrum Devices (SSD), in accordance with the terms, conditions and restrictions of this notice.

3. Terms, conditions and restrictions—(1) The ranges of frequencies, power of transmissions permitted within those ranges of frequencies and designated uses of frequencies permitted pursuant to this licence are those prescribed in the Schedules to this notice.

(2) Transmitters must conform to technical standards as prescribed in notices made under Regulation 32(1)(b) of the Regulations.

(3) Frequency use is on a shared basis and the chief executive does not accept liability under any circumstances for any loss or damage of any kind occasioned by the unavailability of frequencies or interference to reception.

(4) Should interference occur to services licensed pursuant to a radio licence or a spectrum licence, the chief executive reserves the right to require and ensure that any transmission pursuant to this general user radio licence change frequency, reduce power or cease operation.

(5) Transmissions for the purposes of broadcasting, as defined in the Broadcasting Act 1989, are not permitted.

4. Consequential revocation of licences—(1) The Radiocommunications Regulations (General User Radio Licence for Short Range Devices) Notice 2003 published in the *New Zealand Gazette*, 22 May 2003, page 1372, is revoked.

(2) Notwithstanding the revocation of a notice under subsection (1), every transmitter compliant with the requirements of that notice on the commencement date of this notice is deemed to be compliant with the requirements of this notice.

Governance Role—Call For Nominations

The Minister of Energy is seeking nominations for members of the Energy Efficiency and Conservation Authority (EECA).

The authority, established by the Energy Efficiency and Conservation Act 2000, is responsible for encouraging, promoting and supporting energy efficiency, energy conservation and the use of renewable energy sources in New Zealand.

In essence, EECA works to improve the energy choices made in New Zealand.

Members of the authority must have knowledge and experience in matters relevant to the responsibilities of the authority (as required by section 25 of the Act).

This may include knowledge of and experience in:

- governance and public sector management
- the transport sector
- the energy sector, including transport energy
- the environment
- community organisations and consumer issues
- commerce, marketing and communications
- science and technology.

Please forward your nominations to Sarah Adams-Linton, Minister's Liaison, Ministry for the Environment, P.O. Box 10-362, Wellington, or email:

sarah.adams-linton@mfe.govt.nz

Nominations close on Friday, 7 January 2005.

Further information can be obtained from:

www.mfe.govt.nz/new/eeeca.htm

or by contacting Sarah Adams-Linton at the contact details above or by telephone on (04) 917 7400.

Research, Science & Technology**Foundation for Research, Science, and Technology Act 1990****Notice of Revocation of Ministerial Scheme and Introduction of New Ministerial Scheme Under Section 8A of the Foundation for Research, Science, and Technology Act 1990—the Technology for Business Growth Scheme**

Direction to: The Foundation for Research, Science and Technology (“the foundation”).

Under section 8A of the Foundation for Research, Science, and Technology Act 1990, I direct the foundation to allocate funds in accordance with the Technology for Business Growth Scheme (“the scheme”) specified in this notice.

This notice revokes and replaces the notices published in the *New Zealand Gazette*, 17 August 1995, page 2236, *New Zealand Gazette*, 1 August 1996, page 2019, *New Zealand Gazette*, 10 July 1997, page 1695 and *New Zealand Gazette*, 29 June 2000, page 1672, which established and amended the Technology for Business Growth Scheme.

Nature of the Scheme

The scheme is intended to foster research and development, technological learning and technological innovation in technologically capable¹ firms.

The intended outcome of the scheme is a greater investment by firms² in research and development, technological learning, knowledge application and the development of technology-based human capital.

The scheme is intended to focus on projects that have the potential to enhance technological capability and enable firms to move towards high-value, technology-based products, processes or services.

Scheme Objectives

Projects that meet the scheme’s objectives are eligible to receive funds from the foundation.

The scheme’s objectives are to:

- foster research and development, technological learning and technological innovation within firms; and

- support projects that may enhance a firm's technological capability and may enable firms to move towards high-tech, high-value markets.

More projects may meet the scheme's objectives than there are funds available. The foundation will fund those projects that, in its view, best meet the following criteria:

- Have a clear link to a business strategy focused on developing new markets for high-value, technology-based products, processes or services with reasonable commercial potential;
- are not likely to proceed without the scheme's support;
- are technology-based projects undertaken in a "learning by doing" model; and
- have the potential to create an enduring increase in technological capability in the firm.

The foundation will have full discretion to manage the allocation of funds for the scheme in a way that achieves the outcome and objectives of the scheme. The type of projects that could be supported may include, but are not limited to, the following:

- Feasibility projects; and/or
- product and process development; and/or
- technology platform development.

The Mechanism

The foundation will use the scheme to fund up to 50% of the research and development costs that a firm will incur in undertaking a project which meets the scheme's objectives.

Those costs can include the cost to the firm of contracting research and development capability.

Funding to be Allocated

Funds available for the scheme will be published each year in the estimates of appropriations.

The foundation will have the discretion to allocate up to 10% of funding for this scheme:

- to the TechLink Scheme or the Technology for Industry Fellowship Scheme; or

- between the TechLink Scheme and the Technology for Industry Fellowship Scheme.

This will occur if all schemes involved in the allocation are appropriated within the same non departmental output class under the Public Finance Act 1989.

The Minister of Research, Science and Technology's written approval is required before the foundation can allocate 10% or more than 10% of the scheme to any other scheme issued by the Minister of Research, Science and Technology under section 8A of the Foundation for Research, Science, and Technology Act 1990.

Period of Operation

The scheme will commence operation on 1 November 2004 and will operate for a minimum of five years from the date of this notice.

Monitoring Agency

Monitoring of the scheme, including implementation of this Ministerial notice by the Foundation for Research, Science and Technology and the extent to which the scheme achieves its stated objectives, will be carried out by the Ministry of Research, Science and Technology.

Dated at Wellington this 18th day of November 2004.

PETE HODGSON, Minister of Research, Science and Technology.

Notes

¹*Technologically capable firms are those firms that, in the foundation's view, have developed a comprehensive set of competencies in the area of technological innovation and recognise that research, science and technology capability is fundamental to sustained competitive advantage.*

²*A firm is defined as a body corporate or other entity that has a legal personality or existence distinct from those of its members (including sole traders) and is resident in New Zealand. For the purposes of this scheme, a firm excludes all Crown owned body corporates or other entities governed by the Education Act 1989 and the Crown Research Institutes Act 1992. On a case by case basis, the foundation may allow other Crown owned body corporates or other entities not excluded from this definition the opportunity to apply to this scheme. Guidelines for determining access to this scheme will be published by the foundation from time to time.*

Electricity Commission

Electricity Act 1992

Making of a Recommendation Concerning the Electricity Governance Rules – Rule Amendment Proposal No. 14

This notice of a recommendation concerning the Electricity Governance Rules (“Rules”), Rule Amendment Proposal No. 14, is issued by the Electricity Commission (“Commission”), established under the Electricity Act 1992 (“Act”), pursuant to section 172E (2) (c) of the Act.

Section 172E (2) (c) provides that, no later than 10 working days after making a recommendation concerning the Rules to the Minister of Energy, the Commission must publicise the recommendation and the assessment completed under section 172F of the Act.

Recommendation

The Commission made a recommendation that Rule 3.1 of Code of Practice D3, Schedule D1, Part D of the Rules be amended, in reliance on section 172F (3) (effect of recommendation is minor), on 7 December 2004.

Section 172F (3) provides that the Commission is not required to comply with section 172F (1) (assessment) if it is satisfied that the effect of the recommendation is minor and will not adversely affect the interests of any person in a substantial way.

Accordingly, no such assessment has been carried out.

Recommended Amendment to the Rules

The recommended amendment to Rule 3.1 of Code of Practice D3, Schedule D1, Part D of the Rules, was the deletion of the words that outline that work that may have an effect on any components of a metering installation, but do not affect accuracy, will only be permitted to be carried out by the employees or subcontractors of an approved test house.

Additional wording was also recommended to clarify that components of a metering installation, including auxiliary equipment and wiring, may be installed by suitably qualified personnel, other than employees and subcontractors employed by an approved test house.

A copy of the Commission’s recommendation (and assessment) is available, at no cost, on the Commission’s web site:

<http://www.electricitycommission.govt.nz/govern/regs/index.html>

Dated at Wellington this 6th day of December 2004.

Making of a Recommendation Concerning the Electricity Governance Rules – Rule Amendment Proposal No. 16

This notice of a recommendation concerning the Electricity Governance Rules (“Rules”), Rule Amendment Proposal No. 16, is issued by the Electricity Commission (“Commission”), established under the Electricity Act 1992 (“Act”), pursuant to section 172E (2) (c) of the Act.

Section 172E (2) (c) provides that, no later than 10 working days after making a recommendation concerning the Rules

to the Minister of Energy, the Commission must publicise the recommendation and the assessment completed under section 172F of the Act.

Recommendation

The Commission made a recommendation that Rule 5.1.3 of Code of Practice G1, Schedule G8, Part G of the Rules, be deleted and replaced with new Rules 5.1.3, 5.1.3A and 5.1.3B, in reliance on section 172F (3) (effect of recommendation is minor), on 7 December 2004.

Section 172F (3) provides that the Commission is not required to comply with section 172F (1) (assessment) if it is satisfied that the effect of the recommendation is minor and will not adversely affect the interests of any person in a substantial way.

Accordingly, no such assessment has been carried out.

Recommended Amendment to the Rules

The recommended amendment was the deletion of 5.1.3 from, and the insertion of new Rules 5.1.3, 5.1.3A and 5.1.3B into Code of Practice G1, Schedule G8 of Part G, to remove ambiguity in the Rules, enable consistency in reporting, and ensure that the results can be meaningfully used as a basis for seeking improvements.

The proposed amendments also recognise that there are some meters that are either unsafe or unable to be accessed by a retailer despite best endeavours.

A copy of the Commission’s recommendation is available, at no cost, on the Commission’s web site:

<http://www.electricitycommission.govt.nz/govern/regs/index.html>

Dated at Wellington this 6th day of December 2004.
