## Consumer Affairs

### Electricity Regulations 1997

#### Regulation 102—Notice of Prohibition of the Importation, Sale or Use of a ‘Hot Glue Gun’

Pursuant to Regulation 102 of the Electricity Regulations 1997, and acting under delegated authority from the Chief Executive of the Ministry of Economic Development, pursuant to section 41 of the State Sector Act 1988, I, Graham Boxall, Manager, Operations, Ministry of Consumer Affairs, hereby notify that the following electrical appliance, being a hot glue gun, as described below, is prohibited from importation, sale or use in New Zealand.

This prohibition is to take effect on and from the date following the date of publication of this notice in the *New Zealand Gazette*.

#### Description

The glue gun is constructed of two “L” shaped black plastic moulded parts held together by screws.

The glue gun is identified by the marking “GLUE GUN 110-220V 10W”.

The front of the glue gun packaging is marked with “10013 HOT GLUE GUN”, “Great for all jobs around the house”, “QUALITY GUARANTEED”. The rear of the packaging is marked with a barcode numbered “9 330700 100139”, “MADE IN CHINA”.

The supply plug is a two pin, flat pin, parallel pin plug, not compatible with the New Zealand plug/socket system.

A sample of the glue gun was obtained from a “Just \$2” outlet at Northlands Shopping Mall, Papanui, Christchurch, although the glue guns may also be available elsewhere in New Zealand.

#### Details of Hazard

The appliance constitutes or may constitute an electrical hazard in that:

- the insulation system of the appliance is reliant on basic insulation only. This may constitute an electric shock hazard to the user; and
- the plug fitted may constitute an electric shock hazard if distorted to fit into a standard New Zealand socket-outlet, by having inadequate protection against direct contact with live parts.

#### Reasons for Prohibition

The glue gun does not meet the safety requirements of Electricity Regulation 69, in that:

- the glue gun is deemed to be unsafe by Regulation 76A (1) (c) – “its unearthed conductive parts are separated from live parts only by basic insulation”; and
- the plug fitted to the glue gun is deemed to be unsafe, by Regulation 76A (1) (b) – “it has inadequate protection against direct or indirect contact”.

Accordingly, I issue this prohibition.

Signed this 3rd day of August 2004.

GRAHAM BOXALL, Manager, Operations, Ministry of Consumer Affairs.

*Executive Manager:* Mr J. B. Wilson, P.O. Box 983, Community House, Timaru.

#### *Chairperson's Report for the Year Ended 31 March 2004*

It is with pleasure that I report to you on the financial accounts and the operations of The Community Trust of Mid & South Canterbury Inc. for the year ended 31 March 2004.

#### *Financial Considerations*

After a period of 36 months of indifferent financial returns, I can report the trust's most successful year under its present structure.

The return on investments to the year ending 31 March 2004 was 15.34%. While that is pleasing within itself, the trust exceeded the index benchmark returns by 2.67%.

Your trust sets itself a long-term objective of returning an average of 7% p.a. and this year's effort goes a long way to restoring this average.

Those of you who follow our investment strategy will note the trust has stayed with an asset allocation to growth investments of 31%. This allocation alone returned 32.89% for offshore equities and 32.23% for New Zealand shares.

The trust also benefited by being 100% hedged in terms of currency risk from December 2003.

#### Operational Matters

##### *Management*

In June 2003, John Wilson was employed as executive manager of the Mid & South Community Trust. John came to us with a high profile and as a well-known community person in Timaru holding a number of prominent positions.

The change of management required a period of induction, and John has completed our strategic plan and has integrated a working annual business plan to guide us through to our long-term objectives.

My thanks also to Sally Marsh, administration officer for the trust. Sally's efficiency is always appreciated and it is very appropriate that she is acknowledged in this report.

The year 2003 was a watershed year in that it saw the retirement of our long-time executive director Bruce Strathern. Bruce was an asset to this organisation and continues to be an asset to the community where his work with not-for-profit organisations is outstanding. His time with the trust was characterised by the development of best practise policies in the running of the trust administration.

#### *The Trustees*

It is a privilege to preside over such an excellent board of trustees. Their wide range of expertise is focused always on ways in which your trust can improve and enhance this community. In October, the trust said goodbye to Trevor McIntyre. This was a bittersweet experience as Trevor was an excellent trustee with a depth of knowledge in youth affairs that is sorely missed. I wish to thank him for the outstanding contribution he has made to this trust. However, we were collectively very proud that he was appointed as Headmaster of Christchurch Boys' High School. This is an exceptional achievement and we wish Trevor the very best for the challenges ahead.

The trust has been running with a trustee vacancy since October 2003.

#### *Trust Activities*

December 2003 saw the launch of a "social research study" that was facilitated and underwritten by your trust. The trustees, identifying there was a lack of co-ordinated information on which to form good donation criteria, felt this restriction most probably applied to other grant makers within this region. The resulting work titled *Mid & South Canterbury: A Profile* was presented to the community at an event held in Timaru in December and was supported by a large number of community organisations. The trust has been heartened by the feedback and uptake of this research. We wish to acknowledge the financial support of the Timaru District Council and the Department of Internal Affairs in this study.

A number of trustees attended and participated in the annual community trust conference held this year in Taupo. At that meeting, your trust made a commitment, in conjunction with the majority of the other community trusts, to fund our share in a global research study of not-for-profit organisations conducted by the Johns Hopkins University, Maryland, United States of America. The combined trusts are working in conjunction with the Department of Statistics and the resulting report will enable New Zealand to measure the size and robustness of community volunteering against other nation states on an ongoing basis. I believe this to be a very worthy initiative and I am proud our trust has made this commitment.

#### *Donations*

This financial year has indeed been a busy one for the trustees. You will note that the donation round for the year ending 31 March 2004, is based on the performance of the previous year. While the donation round was smaller in terms of dollars, we endeavoured to be fair and consistent in our distribution. You will also note we have been more severe in restricting new large capital projects in an effort to maintain support to those smaller, valuable organisations that have fewer options and capabilities to resource themselves. We look forward to a much larger distribution in the ensuing year.

#### *Philanthropy New Zealand (PNZ)*

Your trust resolved to become a member of this organisation. PNZ is committed to growing the concept of gifting and also provides support for grant-making organisations. This body has a growing membership of community and energy trusts that gain professional development for their directors.

#### *Appointment of Auditor*

The trust has again appointed Martin Wakefield, Chartered Accountants of Timaru, to act as auditors to the trust.

PETER MCILRAITH, Chairperson.

Date: 23 August 2004.

*Notes to the Consolidated Financial Statements for the Year Ended 31 March 2004***1. Statement of Accounting Policies****Reporting Entity**

The Community Trust of Mid & South Canterbury Inc. is a charitable trust incorporated under the Trustee Banks Restructuring Act 1988. The financial statements have been prepared in accordance with the Financial Reporting Act 1993 and generally accepted accounting policies.

**General Accounting Policies**

The general accounting policies adopted in the preparation of these financial statements are:

- The measurement base adopted is that of historical cost, except for the revaluation of investments. Reliance is placed on the fact that the trust is a going concern.
- The matching of revenues earned and expenses incurred using accrual accounting.

**Particular Accounting Policies**

The following are the particular accounting policies which have a material effect on the measurement of results and financial position:

(a) *Dividend Income*

Dividend income is included in the consolidated statement of financial performance when it is received.

(b) *Donations*

Donations, special projects and community loans are accounted for when they are approved for payment.

(c) *Investments*

Investments held as managed funds are shown at market value. Net income including unrealised gains or losses from holding such investments are recorded in the consolidated statement of financial performance.

(d) *Trust Capital*

Trust capital is made up of:

- Capital fund – which records initial capital fund (being the realised value of trust bank shares).
- Inflation reserve – it is intended to increase the inflation reserve each year by applying the consumer price index to the sum of the initial capital fund and opening inflation reserve. This amount to be allocated from trust profit on an annual basis.
- Uncommitted surplus represents the balance of any profit remaining.

(e) *Basis of Consolidation*

The Community Trust of Mid & South Canterbury Inc. and its subsidiary the Trust Bank South Canterbury Community Trust Charities Limited have been consolidated using the purchase method of consolidation.

**Changes in Accounting Policies**

- (a) While the trust has not changed its policy with respect to the capital and reserves of the trust, unfortunately prior year financial results depleted the capital and reserves:

- Capital fund – The initial capital fund (being the realised value of trust bank shares) was \$32,087,148.
- Inflation reserve – It is intended to increase the inflation reserve each year by applying the consumer price index to the sum of the initial capital fund and opening inflation reserve. The nominal inflation reserve required under this policy at 31 March 2004 is \$4,892,604 and it is the trustees intention to restore the inflation reserve accordingly.

- (b) There have been no other changes in accounting policy.
