Waiver of Restrictions on Baiting, and Methods of Taking Game Baiting for Waterfowl

Persons⁴ may hunt or kill game of the family Anatidae (waterfowl) during the open season for game in all Fish and Game Regions where food has been cast, thrown, placed or planted, either during the current open season for game, the thirty (30) days immediately prior to the season or any other time during the year.

Non-toxic alternative shot may be used including steel.

For the purposes of this requirement, “water fowl” means any of the following game species:
