Parole Act 2002

Designation of a Class of Offenders Who Have Not Yet Reached Their Parole Eligibility Dates for Early Consideration by the Board for Parole

Pursuant to section 25(3) of the Parole Act 2002, I hereby designate the following class of offenders for early consideration by the board, namely any offender sentenced to preventive detention under the Criminal Justice Act 1985, if:

- (a) the Court has indicated a notional finite sentence of less than 10 years' imprisonment would have applied if the offender had not been sentenced to preventive detention; and
- (b) the offender has served a period of imprisonment of not less than the full term of the notional finite sentence; and

- (c) the offender makes an application for early consideration for parole.

Definitions

“Notional finite sentence” means in relation to an offender sentenced to preventive detention:

- Any period indicated in a judgement of the Court of Appeal as the finite term of imprisonment which would have applied if a sentence of preventive detention had not been imposed on the offender.
- Where the Court of Appeal has not indicated the finite term that would have applied if the offender had not been sentenced to preventive detention, any period indicated in the sentencing notes of the High Court as the finite term of imprisonment which would have applied if a sentence of preventive detention had not been imposed on the offender;

“the Court” means the Court of Appeal if that Court has indicated a notional finite sentence and in any other case the High Court.

Dated at Wellington this 9th day of February 2004.

Exemption Notice – Application #1 – M-co NZ Limited

Pursuant to Regulation 194 of the Electricity Governance Regulations and Rules 2003 (“the EGRs”), this Exemption Notice is issued by the Electricity Commission, formally constituted as the Electricity Governance Board (“the Commission”), in favour of M-co NZ Limited (“M-co”).

Subject to any terms and conditions imposed upon M-co as noted below, the Commission hereby grants M-co an exemption from the requirement to comply with the following Electricity Governance Rules:

1. Rule 3.25 of Section II of Part G (consult on backup procedures).
2. Rule 7.4 of Section II of Part G (consult on backup procedures).
3. Rule 7.5 of Section III of Part G (consult on backup procedures).
4. Rule 10.7 of Section III of Part G (consult on backup procedures).
5. Rule 2.11 of Section IV of Part G (consult on backup procedures).
6. Rule 3.36 of Section V of Part G (consult on backup procedures).
7. Rule 5.11 of Section V of Part G (consult on backup procedures).

Exemption Notice to Appear in the *New Zealand Gazette*

Regulation 194 (2) requires that an exemption, and the Commission's reasons for granting it, must be notified in the *New Zealand Gazette* as soon as practicable after being granted. Accordingly, the exemption the subject of this Exemption Notice and the Commission's reasons for granting it, shall be notified in the *New Zealand Gazette* on 26 February 2004.

Terms and Conditions of Grant of Exemption

Pursuant to Regulation 194 (1), the Commission may, in its discretion and upon the terms and conditions (if any) that it thinks fit, grant an exemption. In respect of the exemption contained within this Exemption Notice the Commission imposes the following terms and conditions:

1. The exemption expires on 15 March 2004.
2. M-co is required to consult on the backup procedures for each of the rules referred to above with all relevant participants M-co is aware of as at 9 February 2004.

Board's Reasons for Granting the Exemption Contained in this Notice

Pursuant to the requirements upon the Commission contained within Regulation 194 (3), the Commission has, before granting the exemption contained within this Exemption Notice:

- (a) had regard to section 172N of the Electricity Act 1992 ("the Act");
- (b) subject to Regulation 194 (4), publicised its intention to grant the exemption; and
- (c) had regard to any views that have been made known to the Commission within the time specified by the Commission.

The reasons for granting the exemption are as follows:

- (a) M-co, in its role as market administrator, is obliged to consult on backup procedures with relevant participants. M-co cannot know who participants are unless they register. Participants are continuing to register at the same time as M-co are consulting on the backup procedures.
- (b) It would be unreasonable for the Commission to expect M-co to consult with unregistered participants on backup procedures.
- (c) The issues affecting M-co are due to the transition from NZEM to the EGRs, and can be addressed through granting an exemption for a short period.
- (d) The backup procedures that M-co will use are virtually identical to those used in NZEM.
- (e) The Commission is unable to identify any participants who would be unduly affected by the grant of the exemption.
- (f) The Commission therefore considers it in the best interests of the market to grant the exemption.

Date Upon Which the Exemption Becomes Effective

Pursuant to Regulation 195, the date upon which the exemption contained in this Exemption Notice takes effect, being a date which is not earlier than the date of the *New Zealand Gazette* notice in respect of the exemption, is 26 February 2004.

Exemption Notice – Application #2 – Energy Clearing House Limited

Pursuant to Regulation 194 of the Electricity Governance Regulations and Rules 2003 ("the EGRs"), this Exemption Notice is issued by the Electricity Commission, formally constituted as the Electricity Governance Board ("the Commission"), in favour of Energy Clearing House Limited ("ECHL").

Subject to the terms and conditions imposed upon ECHL as noted below, the Commission hereby grants ECHL an exemption from the requirement to comply with the following Electricity Governance Rule:

1. All rules in Part D (metering arrangements).

Exemption Notice to Appear in the *New Zealand Gazette*

Regulation 194 (2) requires that an exemption, and the Commission's reasons for granting it, must be notified in the *New Zealand Gazette* as soon as practicable after being granted. Accordingly, the exemption the subject of this Exemption Notice and the Commission's reasons for granting it, shall be notified in the *New Zealand Gazette* on 26 February 2004.

Terms and Conditions of Grant of Exemption

Pursuant to Regulation 194 (1), the Commission may, in its discretion and upon the terms and conditions (if any) that it thinks fit, grant an exemption. In respect of the exemption contained within this Exemption Notice the Commission imposes the following terms and conditions:

1. The exemption only applies to the extent that ECHL has retailer obligations as a result of ECHL discharging its obligations in ECHL's role as clearing manager under the EGRs.

Board's Reasons for Granting the Exemption Contained in this Notice

Pursuant to the requirements upon the Commission contained within Regulation 194 (3), the Commission has, before granting the exemption contained within this Exemption Notice:

- (a) had regard to section 172N of the Electricity Act 1992 ("the Act");
- (b) subject to Regulation 194 (4), publicised its intention to grant the exemption; and
- (c) had regard to any views that have been made known to the Commission within the time specified by the Commission.

The reasons for granting the exemption are as follows:

- (a) The definition of "Electricity Retailer" in the Act includes ECHL in its capacity as clearing manager as the definition includes parties who sell electricity to another party other than for the purposes of resupply.
- (b) ECHL is concerned that it is possible to construe the definition as placing unintended obligations on them. A specific obligation would be for ECHL to provide metering equipment for some direct connect consumers. It is possible that other amendments to Part D would add further unintended obligations on ECHL as a result of the definition of "retailer".
- (c) The Commission considers that ECHL should not have any obligations as a retailer in respect of Part D by virtue of its role as clearing manager.
- (d) The Commission is unable to identify any participants who would be unduly affected by the grant of the exemption.
- (e) The Commission has decided it is appropriate to exempt ECHL from this obligation while ECHL continues in its role as clearing manager.

Date Upon Which the Exemption Becomes Effective

Pursuant to Regulation 195, the date upon which the exemption contained in this Exemption Notice takes effect, being a date which is not earlier than the date of the *New Zealand Gazette* notice in respect of the exemption, is 1 March 2004.

Exemption Notice – Application #4 – Todd Energy Limited and King Country Energy Limited

Pursuant to Regulation 194 of the Electricity Governance Regulations and Rules 2003 ("EGRs"), this Exemption Notice is issued by the Electricity Commission, formally constituted as the Electricity Governance Board ("the Commission"), in favour of Todd Energy Limited ("Todd Energy") and King Country Energy Limited ("KC Energy"). This exemption is being granted under urgency in reliance on Regulation 194 (4).

Subject to any terms and conditions imposed upon Todd Energy and KC Energy as noted below, the Commission hereby grants Todd Energy and KC Energy an exemption from the requirement to comply with the following Electricity Governance Rule:

1. Rule 4.9 of section III of part G (dispatch instructions).

Exemption Notice to Appear in the *New Zealand Gazette*

Regulation 194 (2) requires that an exemption, and the Commission's reasons for granting it, must be notified in the *New Zealand Gazette* as soon as practicable after being granted. Accordingly, the exemption the subject of this Exemption Notice and the Commission's reasons for granting it, shall be notified in the *New Zealand Gazette* on 26 February 2004.

Terms and Conditions of Grant of Exemption

Pursuant to Regulation 194 (1), the Commission may, in its discretion and upon the terms and conditions (if any) that it thinks fit, grant an exemption. The Commission is also required to state an expiry date pursuant to Regulation 194 (5) (b). In respect of the exemption contained within this Exemption Notice the Commission imposes the following terms and conditions:

1. The exemption shall expire on 1 June 2004.
2. The exemption is only in relation to dispatch instructions for Mangahao power station at the MHO0331 node.

Board's Reasons for Granting the Exemption Contained in this Notice

The reasons for granting the exemption are as follows:

- (a) Todd and KC Energy have been in discussions with the system operator about a means by which they can receive and relay dispatch instructions. The discussions have almost been completed but as at 1 March, Todd Energy and KC Energy will be unable to comply with the rule requiring them to have in place means for receiving and relaying electronic dispatch instructions. Facilities are likely to be in place by 1 June 2004.
- (b) The Commission is unable to identify any participants who would be unduly affected by the grant of the exemption.
- (c) The Commission considers it is practical to grant the exemption to allow Todd Energy and KC Energy sufficient time to implement facilities which comply with the rule.

Date Upon Which the Exemption Becomes Effective

Pursuant to Regulation 195, the date upon which the exemption contained in this Exemption Notice takes effect, being a date which is not earlier than the date of the *New Zealand Gazette* notice in respect of the exemption, is 26 February 2004.

Pursuant to Regulation 194 (5) (c) the Commission will publicise the exemption on the Commission's web site.

Exemption Notice – Application #8 – TrustPower Limited

Pursuant to Regulation 194 of the Electricity Governance Regulations and Rules 2003 (“EGRs”), this Exemption Notice is issued by the Electricity Commission, formally constituted as the Electricity Governance Board (“the Commission”), in favour of TrustPower Limited (“TrustPower”).

Subject to the terms and conditions imposed upon TrustPower as noted below, the Commission hereby grants TrustPower an exemption from the requirement to comply with the following Electricity Governance Rules:

1. Rule 6.12 of section II of part G (revision of reserve offers).
2. Rule 6.16 of section II of part G (notifying reserve offers).

Exemption Notice to Appear in the *New Zealand Gazette*

Regulation 194 (2) requires that an exemption, and the Commission’s reasons for granting it, must be notified in the *New Zealand Gazette* as soon as practicable after being granted. Accordingly, the exemption the subject of this Exemption Notice and the Commission’s reasons for granting it, shall be notified in the *New Zealand Gazette* on 26 February 2004.

Terms and Conditions of Grant of Exemption

Pursuant to Regulation 194 (1), the Commission may, in its discretion and upon the terms and conditions (if any) that it thinks fit, grant an exemption. In respect of the exemptions contained within this Exemption Notice the Commission imposes the following terms and conditions:

1. The exemption is limited to reserve offers made for Patea power station at the HWA1101 node.
2. The exemption only applies when TrustPower revises energy offers within two hours prior to the relevant trading period for Patea power station at the HWA1101 node.
3. TrustPower must submit any reserve offers at least 30 minutes prior to the relevant trading period.
4. The exemption shall expire on 1 September 2004.

Board’s Reasons for Granting the Exemption Contained in this Notice

Pursuant to the requirements upon the Commission contained within Regulation 194(3), the Commission has, before granting the exemption contained within this Exemption Notice:

- (a) had regard to section 172N of the Electricity Act 1992 (“the Act”),
- (b) subject to Regulation 194 (4), publicised its intention to grant the exemption, and
- (c) had regard to any views that have been made known to the Commission within the time specified by the Commission.

The reasons for granting the exemption are as follows:

- (a) There appears to be a misalignment between the rules regarding energy offers and the rules regarding reserve offers, as the rules permit embedded generators to revise energy offers inside two hours but not reserve offers.
- (b) The Commission is of the preliminary view that a rule change may be required to address this misalignment but that there is insufficient time to progress a rule change by 1 March 2004.
- (c) The issues affecting TrustPower are due to the transition from NZEM to the EGRs and can be addressed through granting an exemption until an appropriate rule change can be considered.
- (d) The Commission is unable to identify any participants who would be unduly affected by the grant of the exemptions.
- (e) On balance the Commission thinks it is appropriate to grant an exemption to allow the Commission sufficient time to investigate an appropriate rule change.

Date Upon Which the Exemption Becomes Effective

Pursuant to Regulation 195, the date upon which the exemption contained in this Exemption Notice takes effect, being a date which is not earlier than the date of the *New Zealand Gazette* notice in respect of the exemption, is 26 February 2004.

Pursuant to Regulation 194 of the Electricity Governance Regulations and Rules 2003 (“EGRs”), this Exemption Notice is issued by the Electricity Commission, formally constituted as the Electricity Governance Board (“the Commission”), in favour of Carter Holt Harvey Limited (“Carter Holt”). This exemption is being granted under urgency in reliance on Regulation 194 (4).

Subject to any terms and conditions imposed upon Carter Holt as noted below, the Commission hereby grants Carter Holt an exemption from the requirement to comply with the following Electricity Governance Rule:

1. Rule 4.11 of section III of part G (compliance with dispatch instructions).

Exemption Notice to Appear in the *New Zealand Gazette*

Regulation 194 (2) requires that an exemption, and the Commission’s reasons for granting it, must be notified in the *New Zealand Gazette* as soon as practicable after being granted. Accordingly the exemption, the subject of this Exemption Notice and the Commission’s reasons for granting it, shall be notified in the *New Zealand Gazette* on 26 February 2004.

Terms and Conditions of Grant of Exemption

Pursuant to Regulation 194 (1), the Commission may, in its discretion and upon the terms and conditions (if any) that it thinks fit, grant an exemption. The Commission is also required to state an expiry date pursuant to Regulation 194 (5) (b). In respect of the exemption contained within this Exemption Notice the Commission imposes the following terms and conditions:

1. The exemption shall expire on 1 September 2004.
2. The exemption only relates to generation at KIN0112.
3. Carter Holt must ensure that generation at KIN0112 stays within 5 MW of any dispatch instruction issued by the system operator.

Board's Reasons for Granting the Exemption Contained in this Notice

The reasons for granting the exemption are as follows:

- (a) Most of the energy produced by Carter Holt's generation at Kinleith is used on-site and the on-site processes require the operation of the co-generation plant in conjunction with these processes. Carter Holt is therefore unable to comply with the rule requiring them to follow dispatch instructions.
- (b) The issues faced by Carter Holt are due to the transition from NZEM to the EGRs and can be addressed through granting an exemption for a short period.
- (c) The Commission has not had sufficient time to review the options available to Carter Holt and take independent advice of these matters.
- (d) The Commission is unable to identify any participants who would be unduly affected by the grant of the exemption.
- (e) Granting the exemption will allow time for the Commission to investigate a rule change or other mitigation measures which appropriately reflect the operation of cogeneration plant.

Date Upon Which the Exemption Becomes Effective

Pursuant to Regulation 195, the date upon which the exemption contained in this Exemption Notice takes effect, being a date which is not earlier than the date of the *New Zealand Gazette* notice in respect of the exemption, is 26 February 2004.

Pursuant to Regulation 194 (5) (c) the Commission will publicise the exemption on the Commission's web site.

For and on behalf of the Electricity Governance Board.

ROY HEMMINGWAY, Chairman.

Exemption Notice – Application #17 – Jade Direct NZ Limited

Pursuant to Regulation 194 of the Electricity Governance Regulations and Rules 2003 ("EGRs"), this Exemption Notice is issued by the Electricity Commission, formally constituted as the Electricity Governance Board ("the Commission"), in favour of Jade Direct NZ Limited ("Jade"). This exemption is being granted under urgency in reliance on Regulation 194 (4).

Subject to any terms and conditions imposed upon Jade as noted below, the Commission hereby grants Jade an exemption from the requirement to comply with the following Electricity Governance Rule:

1. Rule 5.4.4 of schedule E3 of part E (notification of switch completion).

Exemption Notice to Appear in the *New Zealand Gazette*

Regulation 194 (2) requires that an exemption, and the Commission's reasons for granting it, must be notified in the *New Zealand Gazette* as soon as practicable after being granted. Accordingly the exemption, the subject of this Exemption Notice and the Commission's reasons for granting it, shall be notified in the *New Zealand Gazette* on 26 February 2004.

Terms and Conditions of Grant of Exemption

Pursuant to Regulation 194 (1), the Commission may, in its discretion and upon the terms and conditions (if any) that it thinks fit, grant an exemption. The Commission is also required to state an expiry date pursuant to Regulation 194 (5) (b). In respect of the exemption contained within this Exemption Notice the Commission imposes the following terms and conditions:

1. The exemption shall expire on 1 May 2004.
2. Jade must continue to notify the new retailer, the old retailer and the relevant distributor in accordance with rule 5.4.4 of schedule E3 of part E.

Board's Reasons for Granting the Exemption Contained in this Notice

The reasons for granting the exemption are as follows:

- (a) The EGRs include a new obligation on the registry to notify meter owners of changes in registry data from 1 March 2004. Jade advises that they have had insufficient time to make the software changes necessary to comply with the new obligation.
- (b) The issue faced by Jade is due to the transition from NZEM and MARIA to the EGRs and can be addressed through granting an exemption for a short period.
- (c) The Commission is unable to identify any participants who would be unduly affected by the grant of the exemption.
- (d) Granting the exemption will allow Jade sufficient time to implement facilities which comply with the rule.

Date Upon Which the Exemption Becomes Effective

Pursuant to Regulation 195, the date upon which the exemption contained in this Exemption Notice takes effect, being a date which is not earlier than the date of the *New Zealand Gazette* notice in respect of the exemption, is 1 March 2004.

Pursuant to Regulation 194 (5) (c) the Commission will publicise the exemption on the Commission's web site.

For and on behalf of the Electricity Governance Board.

ROY HEMMINGWAY, Chairman.
