Electricity Authority

Electricity Industry Act 2010

Electricity Industry (Exemption No. 152 (Norske Skog Tasman Limited)) Exemption Amendment Notice 2014

Pursuant to section 11(3) of the Electricity Industry Act 2010 (“Act”), the Electricity Authority (“Authority”) gives the following notice.

Notice

1. Title and commencement—(1) This notice is the Electricity Industry (Exemption No. 152 (Norske Skog Tasman Limited)) Exemption Amendment Notice 2014.

(2) This notice comes into force on **7 August 2014**.

2. Amendment to principal exemption—Replace clause 3 of the Electricity Industry (Exemption No. 152 (Norske Skog Tasman Limited)) Exemption Notice 2012* (the “principal exemption”) with:

“**3. Term**—This exemption expires on a date specified by the system operator in the extended reserve schedule under clause 8.54O of the Code.”

3. Reasons for this amendment—The reasons for amending the principal exemption are as follows:

- (a) The amendment to the principal exemption meets the requirements in section 11(3) of the Act for amending exemptions;
- (b) the Authority has amended the Electricity Industry Participation Code 2010 (“Code”) to introduce a regime that revises the requirements for providing automatic under-frequency load shedding (“AUFLS”), but the technical requirements and new arrangements will not be finalised until late 2015;
- (c) if the principal exemption expired before the technical requirements and new arrangements are finalised, the transitional provisions of the Code amendment provide that the current Code provisions remain in force. This would mean that Norske Skog Tasman Limited would be required to install AUFLS relays at grid exit points KAW0112 and KAW0113 which would very likely become redundant within a short period of time. Granting this amendment avoids this risk;
- (d) there would be adverse practical effects if the amendment was not granted and no adverse practical effects if the amendment was granted; and
- (e) the amendment to the principal exemption will have no impact on other participants and service providers, and will not affect any other Code provisions.

Dated at Wellington this 24th day of July 2014.

HON ROGER SOWRY, ONZM, Member, Electricity Authority.

The increase in practising certificate fee (B above) follows consultation by the Council with all medical practitioners with current practising certificates, in accordance with Council's established practice of consulting on changes to prescribed fees. Medical practitioners and other stakeholder groups received a document indicating a proposed increase of \$80.00, providing an explanation of the proposed increase and inviting submissions. In the information provided to the medical practitioners, the Council noted:

- (a) The last practising certificate fee increase was \$10.00 on 1 September 2013.*
- (b) The Council, like any organisation, is facing increasing costs. The majority of its increasing costs relate directly to its responsibilities as a medical regulator under the Health Practitioners Competence Assurance Act 2003. Compounding the increased expenses are lower income from investment and examination activities.*
- (c) The Council had reviewed all areas of expenditure and reduced several items.*

The Council resolved, on 29 July 2014, following consideration of submissions, to adopt an increase of \$40.00 in the practising certificate fee.

Dated at Wellington this 31st day of July 2014.

DAVID DUNBAR, Registrar, Medical Council of New Zealand.
