Dumping and Countervailing Duties Act 1988

Partial Termination of Anti-dumping Duty: Wire Nails From the People’s Republic of China

Pursuant to section 14(7) of the Dumping and Countervailing Duties Act 1988 (“the Act”), I hereby give notice that I have, with effect from the date of this notice, terminated the anti-dumping duty on the types of wire nails from the People’s Republic of China described in the First Schedule to this notice.

The termination of this anti-dumping duty follows a review carried out by the Chief Executive of the Ministry of Economic Development, pursuant to section 14(8) of the Act, to examine whether the anti-dumping duty should continue to apply to certain types of wire nails.

Notice of the initiation of this review was published in the *New Zealand Gazette*, 12 April 2012, No. 41, page 1226.

Wire nails from the People's Republic of China have been subject to anti-dumping duty imposed by the Minister of Commerce since 3 June 2011.

The description of these goods is shown in the Second Schedule to this notice.

The effect of my decision to terminate the anti-dumping duty on the nails described in the First Schedule will be to add those nails to the list of nails excluded from the duty.

Biosecurity Act 1993

General Permission Notice Under Sections 52 and 53 of the Biosecurity Act 1993 for the Operation of Plant Nurseries That Stock Kiwifruit Plants Infected With *Pseudomonas syringae* pv. *actinidiae* (Notice No. MPI 24)

Pseudomonas syringae pv. *actinidiae* (“Psa”) is an unwanted organism under the Biosecurity Act 1993 (“the Act”).

Under sections 52(d) and 53(2) of the Act, a person appointed as a chief technical officer (“CTO”), under section 101 of the Act, may give permission to persons to allow them to carry out acts that are prohibited by those sections.

Pursuant to sections 52 and 53 of the Act, I permit the owners and/or managers of plant nurseries stocking kiwifruit plants that are likely or known to be infected with or show symptoms of being infected with Psa (“affected nurseries”), and any person acting under their direction or control, (“permission holders”) to:

- (a) move plant material from plants of the genus *Actinidia* (“kiwifruit”) onto and off the nursery;
- (b) move vehicles, clothing and equipment onto and off the nursery;
- (c) to cause or permit kiwifruit plants or parts of plants to be in a place where kiwifruit plants or parts of plants are offered for sale or are exhibited; and
- (d) to sell or offer for sale kiwifruit plants or parts of plants and to carry out or act in a manner that is likely to cause the propagation, breeding, multiplication, exhibition and sale of kiwifruit plants or parts of plants.

Permission Conditions

This permission is granted subject to the following conditions:

1. Movement of infected or potentially infected kiwifruit plants or plant material is restricted to properties already known to be infected with Psa.
2. Prior to leaving a nursery or Psa infected property, vehicles, clothing and equipment must be subject to a cleaning and hygiene procedure approved by Kiwifruit Vine Health Incorporated (KVH).
3. Transportation of infected or potentially infected kiwifruit plants or plant material must be in secure, windproof and waterproof containers. Should any material accidentally escape from any of the containers, appropriate action will be taken to immediately retrieve it.
4. Symptomatic kiwifruit vines from affected nurseries must be managed to reduce the Psa inoculum loading in the air to a reasonable level, including pruning, collection, storage and/or disposal, in accordance with procedures approved by KVH.

The permission contained in this notice is given for the purposes of sections 52 and 53 of the Act only, and does not constitute an exemption from the requirements of any other relevant legislation.

This permission takes effect on the date it is published in the *New Zealand Gazette* and remains in force until it is revoked.

Signed at Wellington this 20th day of June 2012.

VERONICA HERRERA, Chief Technical Officer, Ministry for Primary Industries.

General Permission Notice Under Sections 52 and 53 of the Biosecurity Act 1993 for Operation of Kiwifruit Orchards That Have Been Confirmed as Positive for *Pseudomonas syringae* pv. *actinidiae* (Notice No. MPI 25)

Pseudomonas syringae pv. *actinidiae* ("Psa") is an unwanted organism under the Biosecurity Act 1993 ("the Act").

Under sections 52(d) and 53(2) of the Act, a person appointed as a chief technical officer ("CTO"), under section 101 of the Act, may give permission to persons to allow them to carry out acts that are prohibited by those sections.

Pursuant to section 52 of the Act, I permit the owners, managers or occupiers of kiwifruit orchards that have been confirmed as positive for Psa ("affected orchards"), and any person acting under their direction or control ("permission holders"), to:

- (a) move plant material from plants of the species *Actinidia* ("kiwifruit") onto and off the orchard; and
- (b) move vehicles, clothing and equipment onto and off the orchard.

Pursuant to section 53 of the Act, I permit the affected orchards and permission holders:

- (a) to cause or permit kiwifruit plants or parts of plants to be in a place where kiwifruit plants or parts of plants are offered for sale or are exhibited; and
- (b) to carry out the propagation, breeding, multiplication, exhibition and sale of kiwifruit plants or parts of plants.

This permission is granted subject to the following conditions:

1. Vehicles, clothing and equipment leaving an affected orchard must be subject to a cleaning and hygiene procedure approved by Kiwifruit Vine Health Incorporated (KVH).
2. Transportation of symptomatic kiwifruit material from affected orchards must be in secure, windproof and waterproof containers and any material that escapes from the container must be retrieved immediately.
3. Symptomatic kiwifruit vines from affected orchards must be managed, including pruning, collection, storage and/or disposal, in accordance with procedures approved by KVH.

The permission contained in this notice is given for the purposes of sections 52 and 53 of the Act only, and does not constitute an exemption from the requirements of any other relevant legislation.

This permission takes effect on the date it is published in the *New Zealand Gazette* and remains in force until it is revoked.

This permission replaces the earlier general permission dated the 29th day of November 2010 and published in the *New Zealand Gazette*, 2 December 2010, No. 164, page 4091).

Signed at Wellington this 20th day of June 2012.

Biosecurity (Animal Identification Systems)
Regulations 1999**

Notice of Approved Identification System for Bovine Tuberculosis Control, Marking the Presence or Absence in Organisms of Particular Qualities, and for Meeting the Certification Requirements of Overseas Authorities (Notice No. MPI 28)

Pursuant to section 50(5) of the Biosecurity Act 1993 and Regulation 8 of the Biosecurity (Animal Identification Systems) Regulations 1999, I give notice that:

1. Animal Health Board (AHB) Identification System approved by David Hayes, Director, Preparedness and Partnerships*, on 22 June 2012 may be used from **1 July 2012** to comply with the Biosecurity (Animal Identification Systems) Regulations 1999 and section 50(2)(a) of the Biosecurity Act 1993, with respect to the identification of cattle and deer for the purpose of controlling bovine tuberculosis, and with section 50(2)(b) of the Act for marking the presence or absence in organisms of particular qualities relating to the purposes of the Act, and for section 50(2)(c) of the Act for meeting the certification requirements of overseas authorities in respect of New Zealand exports.
2. I hereby revoke the approval of the Animal Health Board (AHB) Identification System approved on 3 October 1999 and published in the *New Zealand Gazette*, 14 October 1999, No. 150, page 3579.

Dated at Wellington this 22nd day of June 2012.

DAVID HAYES, Director, Preparedness and Partnerships, Ministry for Primary Industries.

Explanatory Note:

This notice specifies that the Animal Health Board (AHB) Identification System approved on 22 June 2012 may be used for the identification of cattle and deer for the purposes of controlling bovine tuberculosis, marking the presence*

or absence in organisms of particular qualities relating to the purposes of the Biosecurity Act 1993, and for meeting the certification requirements of overseas authorities in respect of New Zealand exports.

This system replaces the Animal Health Board (AHB) Identification System approved on 3 October 1999. The AHB Identification System now:

- *defines the sole identification device approved for use in the AHB Identification System to be National Animal Identification and Tracing (NAIT) devices issued under the terms of an animal identification standard issued by the NAIT organisation under section 14 of the NAIT Act 2012;*
- *ceases to include specifications for any other type of approved primary tag;*
- *ceases to require the use of secondary tags; and*
- *ceases to provide the option to fit direct to slaughter tags.*

Tertiary Education Commission

Education Act 1989

Education (Proposed Investment Plans: Requirements, Content, Submission and Assessment) Notice 2012 No. 2

Pursuant to sections 159P, 159R, 159U and 159Y of the Education Act 1989, the Tertiary Education Commission (TEC) gives the following notice.

Notice

1. Title—This notice may be cited as the Education (Proposed Investment Plans: Requirements, Content, Submission and Assessment) Notice 2012 No. 2.

2. Commencement—This notice applies from the date of its publication.

3. Application—This notice revokes and replaces the Education (Proposed Investment Plans: Requirements, Content, Submission and Assessment) Notice¹.

4. Introduction—The TEC may decide to fund the tertiary education programmes and activities described in a proposed Investment Plan ("Plan") submitted by a tertiary education organisation (TEO) for a period of up to three years.

To be eligible to access TEC funding from 2013 onwards, all TEOs other than those exempted by this notice are required to submit a proposed Plan. Previous allocation of TEC or Government funding does not create an entitlement to future funding at any level from the TEC.

The length of the proposed Plan will depend on the size and complexity of the submitting TEO.

5. Plan content—The proposed Plan must concisely describe:

- the TEO's planning context, including its mission and role and the outcomes to which the TEO intends to contribute;
- the activities and services (including mix of provision) that the TEO will undertake to contribute to these outcomes; and
- how the TEO will measure its contribution to outcomes.

The proposed Plan must therefore include the following parts, each of which must clearly connect and align with the others:

(i) Plan Context

The Plan Context must establish the framework for the proposed Plan by presenting the TEO's strategic direction: that is, its particular mission, role and functions, reflecting any changes in response to the Tertiary Education Strategy (TES) priorities and how it intends to give effect to those priorities in the short and medium term.

The Plan Context must give key information about the TEO and its operating environment, including a summary of the nature and scope of the TEO's functions and intended operations over the next three years. It must explain:

- how the TEO intends to respond to Government priorities in the *Tertiary Education Strategy 2010–15*;
- how the TEO intends to identify and respond to the needs of its community of learners and potential learners, industry and employers, and in particular:
 - how it will accelerate improvement of participation and achievement for Māori learners;
 - how it will accelerate improvement of participation and achievement for Pacific learners;
 - how it will accelerate improvement of participation, engagement and achievement of young learners aged under 25; and
 - how it will adapt its provision to support the needs of industry and employers;
- how the TEO has performed against the commitments it made in its last Plan (for TEOs that have previously received Plan funding);
- the findings of any quality assurance reviews;
- any key changes the TEO is making that are likely to have a significant impact on its educational performance or other outcomes; and
- for tertiary education institutions (universities, institutes of technology and polytechnics, and wānanga) only, the Plan Context section should also briefly explain how the institution will manage its capital assets to support its mission and role over the period of the proposed Plan (including any new significant capital initiatives).

(ii) Summary of Activity

The Plan must include a Summary of Activity that sets out information on planned delivery over the period of the proposed Plan. The proposed activity must align with and support the achievement of the strategic direction presented in the Plan Context.

The Summary of Activity must include information about:

- planned programmes and activities for which the TEO is seeking Student Achievement Component (SAC) or Industry Training Fund funding, including learner numbers by New Zealand Qualification Framework Level;
- other planned programmes and activities for which funding is sought from the TEC, including learner numbers;
- total TEC funding;
- planned learner numbers in more detail, if requested by the TEC, for non-SAC-funded programmes and activities; and
- a brief description of other programmes and activities not funded by the TEC, including significant activities undertaken through subsidiary bodies.

The TEC will provide guidance to TEOs about the format in which they must submit this information.

(iii) Performance Commitments

This section sets out proposed performance commitments that the TEC will use to evaluate the TEO's performance. The TEC will provide

all TEOs with information about specific metrics they must use when making certain performance commitments, and in some cases will specify minimum commitments for TEOs.

In addition to the mandatory commitments set by the TEC, TEOs may propose additional commitments as they see fit in the following areas, aligned to their Plan Context and Summary of Activity:

- Achievement against the Government priorities in the *Tertiary Education Strategy 2010–2015*;
- meeting the needs of learners, particularly:
 - Māori learners;
 - Pacific learners;
 - young people under 25 years; and
 - learners needing improved literacy, language and numeracy skills;
- meeting the needs of employers, businesses and industry;
- improving performance (including but not limited to educational performance) across TEC-funded programmes and activities; and
- any key initiatives and/or changes related to the outcomes the TEO is seeking to contribute to through its proposed Plan, as outlined in the Plan Context.

6. Particular requirements for Plans of tertiary education institutions—To enable tertiary education institutions to report on performance compared with proposed outcomes in their Statement of Service Performance (SSP), plans of TEIs should include a forecast SSP².

The forecast SSP should be prepared in accordance with Generally Accepted Accounting Practice (GAAP).

The forecast SSP should reflect the full scope of the institution's activities, which will include but not be covered completely by the performance commitments.

The forecast SSP should focus on the outputs/services of the institution, and must include measures and visible information about the quality of these services.

The broader Plan should present a clear and structured narrative that describes how the outputs in the SSP contribute to the TEI's proposed outcomes.

The outcomes framework agreed with the TEC, or an institution's own outcomes framework, should facilitate this narrative. The TEC expects the narrative to rely on research, such as in the General Social Survey and the Employment Outcomes of Tertiary Education report, showing how outputs aggregated by subsector or qualification levels and areas contribute to high-level outcomes.

7. Other supplementary information for tertiary education institutions—The TEC may ask tertiary education institutions to provide additional information about their financial outlook to accompany their proposed Plans.

This might include forecast financial statements, capital asset management information, and any other information and explanations needed to fairly reflect the forecast financial operations and financial position of the institution (eg information about subsidiaries for which the institution has residual liability).

The TEC may use this additional information when assessing the potential of the institution to meet its proposed performance commitments.

8. Decision making criteria—These criteria allow the TEC to assess the alignment of an eligible TEO's proposed direction and activities to Government priorities and regional and national need, as well as its capability to deliver on its Plan. The purpose of this assessment is for

the TEC to determine which (if any) of the tertiary education programmes and activities in the proposed Plan to fund, and the amount and the period of funding.

TEC will make a holistic judgement on these matters.

(i) For tertiary education institutions only, the TEC will use the following criteria to assess proposed Plans:

- Whether the institution's proposed mission and role, and the outcomes the institution intends to contribute to, show an awareness of the institution's place in the regional and national tertiary system;
- whether the institution has clearly and accurately identified its key stakeholders, which must include:
 - employers, businesses or industries relevant to the institution's areas of delivery; and
 - learners or prospective learners, in particular those who are Māori, or Pacific, or under the age of 25, or who have low levels of literacy, language, and numeracy;
- how the institution has ascertained the needs of its key stakeholders, including through consultation and the use of statistical information about regional or national demographics and labour market demand;
- how the institution has planned its proposed programmes and activities to respond to the needs of its stakeholders and the priorities of the *Tertiary Education Strategy 2010–2015*;
- whether the TEC considers that the institution is likely to be able to carry out the programmes and activities (including capital asset management), and contribute to the outcomes, outlined in the proposed Plan;
- whether the TEC considers that the institution's proposed programmes and activities (including capital asset plans) are desirable and appropriate in the context of regional and national need and the proposed programmes and activities of other TEOs;
- whether the institution's proposed performance measures are:
 - relevant, so that they give meaningful information about the institution's performance against its objectives;
 - complete, so that they cover all significant programmes and activities the institution intends to undertake, and all important dimensions of those activities;
 - clearly presented, so that their content and relevance is clear;
- whether the institution's proposed performance commitments are appropriate and achievable, and whether they represent a meaningful improvement on past performance against the objectives of the *Tertiary Education Strategy 2010–2015*, especially with respect to outcomes for priority learner groups;
- whether the institution has performed adequately against current or past Plans, including:
 - whether the institution's educational performance is satisfactory, and whether it meets the upper thresholds of the TEC's Performance Linked Funding framework;
 - whether the institution's financial performance is satisfactory, as determined by the TEC's Financial Monitoring Framework assessment;

- whether the institution has good management capability in forecasting, planning and implementation, and can provide supplementary information such as capital asset management reporting;
 - whether the institution meets the expectations expressed in this notice regarding the inclusion of a forecast SSP in its Plan; and
 - when assessing programmes and activities through the competitive process for Student Achievement Component funding at level 1 and 2:
 - whether the amount of funding sought for providing level 1 and 2 programmes and activities is the best value for money, having regard to the Government's stated objectives for foundation education, price proposed by other TEOs, the nature of the proposed programmes and activities, and regional and national need.
- (ii) For industry training organisations, private training establishments, community providers and schools only, the TEC will use the following criteria to assess proposed Plans:
- Whether the TEO's proposed mission and role, and its proposed outcomes, show an awareness of the TEO's place in the regional and national tertiary system;
 - whether the TEO has clearly and accurately identified its key stakeholders, which must include:
 - employers, businesses or industries relevant to the TEO's areas of delivery; and
 - learners or prospective learners, in particular those who are Māori, or Pacific, or under the age of 25, or who have low levels of literacy, language, and numeracy;
 - how the TEO has ascertained the needs of its key stakeholders, including through consultation and the use of statistical information about regional or national demographics and labour market demand;
 - how the TEO has planned its proposed programmes and activities to respond to the needs of its stakeholders and the priorities of the *Tertiary Education Strategy 2010–2015*;
 - whether the TEC considers that the TEO is likely to be able to carry out the programmes and activities, and achieve the outcomes, outlined in the proposed Plan;
 - whether the TEC considers that the TEO's proposed programmes and activities are desirable and appropriate in the context of regional and national need and the proposed programmes and activities of other TEOs;
 - whether the TEO's proposed performance measures (ie the metrics used) are:
 - relevant, so that they give meaningful information about the TEO's performance against its objectives;
 - complete, so that they cover all significant programmes and activities the TEO intends to undertake, and all important dimensions of those activities;
 - clearly presented, so that their content and relevance is clear;
 - whether the TEO's proposed performance commitments (ie the targets set) are appropriate and achievable, and whether they represent a

meaningful improvement on past performance against the objectives of the *Tertiary Education Strategy 2010–2015*, especially with respect to outcomes for priority learner groups;

- whether the TEO has performed adequately against current or past Plans, including:
 - whether the TEO's educational performance is satisfactory, and whether it meets the upper thresholds of the TEC's Performance Linked Funding framework;
 - whether the TEO is financially viable and sustainable; and
 - whether the TEO has good management capability in forecasting, planning and implementation; and
- when assessing programmes and activities through the competitive process for Student Achievement Component funding at level 1 and 2:
 - whether the amount of funding sought for providing level 1 and 2 programmes and activities is the best value for money, having regard to the Government's stated objectives for foundation education, the price proposed by other TEOs, the nature of the proposed programmes and activities, and regional and national need.

When assessing Plans against the criteria, the TEC may use a range of evidence, including, without limitation, the information contained in a proposed Plan, TEC monitoring information (including funding, organisational and financial data), Quality Assurance Bodies' reports, Plan engagement (where applicable), and both national and regional demographic and economic data.

The TEC will also decide whether any conditions or limits on funding approval are required, having regard to appropriations and any relevant funding determinations issued by the Minister for Tertiary Education, Skills and Employment under the Education Act 1989.

9. Exemptions—The following TEOs are exempted from the requirement to prepare and submit a proposed Plan for funding for 2013 onward:

- Schools whose only funding from the TEC is for Gateway;
- TEOs with which the TEC is contracting only pilot initiatives and which receive no other funding from the TEC;
- employers receiving only Workplace Literacy funding from the TEC;
- government training establishments;
- TEOs that receive only the English for Migrants pre-purchased English tuition fees from the TEC; and
- Worldskills New Zealand.

The TEOs that receive only Modern Apprenticeships Co-ordinator funding from the TEC are not required to submit a Plan, as this funding is not administered under a funding mechanism that provides for funding via Plans.

10. Timelines and processes—The TEC's Plan Guidance and other information to assist TEOs in developing their proposed Plans, including information about timelines and submission processes, is published on the TEC's website

Easement to be Acquired

A right to drain water easement in gross over that part of the Easement Land marked “A”, “B”, “C”, “D”, “E” and “F” on SO 420331 (“the Stipulated Course”) upon the terms and conditions in Schedule 4 of the Land Transfer Regulations 2002 (“the Regulations”) together with those additional terms in the Third Schedule to this notice (where the additional terms are inconsistent with those in the Regulations, the additional terms shall apply).

Third Schedule

Additional Terms and Conditions for Right to Drain Water Easements in Gross

A. The rights and powers contained in the Regulations are amended as follows:

Clause 4.1 is removed and replaced with the following:

“4.1 A right to drain water includes the right for the Grantee and such persons the Grantee authorises to drain, discharge, and convey water (whether sourced from rain, spring, soakage or seepage), in any quantity, through the easement facility and over the servient land.”

Clauses 11.1 and 11.2 are removed and replaced with the following:

“11.1 The Grantee is responsible for arranging the repair and maintenance of the easement facility, and for

the associated costs, so as to keep the facility in reasonable order.”

B. The provisions of Schedule 4 to the Regulations are to be read subject to the additional terms and conditions for right to drain water:

1. The Grantor covenants with the Grantee that it will not:
 - 1.1 Do or allow to be done anything on the Stipulated Course which may damage or obstruct the easement facility or which may prevent the Grantee from obtaining reasonable access to the easement facility;
 - 1.2 Plant or allow to be planted any tree, shrub or other plant or construct or allow to be constructed any building, fence or other erection on the Stipulated Course which might damage or obstruct the easement facility or prevent the Grantee from obtaining reasonable access to the easement facility.
2. Should the Grantor act in breach of the preceding covenants, the Grantee may:
 - 2.1 Take all reasonable steps to prevent the activity done by the Grantor or allowed to be done by the Grantor which, in the Grantee's reasonable opinion, may damage or obstruct the easement facility or prevent access to it, at the cost of the Grantor.
 - 2.2 Remove any tree, shrub, plant, building, fence or other erection from the Stipulated Course which, in the Grantee's reasonable opinion, may damage or obstruct the easement facility or prevent access to it, at the Grantor's cost.
 - 2.3 The Grantor shall not be entitled to compensation for any reasonable action taken by the Grantee to prevent any activity or remove any obstruction in accordance with this clause.
3. The Grantee may enter on to the servient land to access other properties upon which the Grantee operates a drain or stream for the purposes of inspecting, maintaining, repairing or replacing the easement facility (or other similar work) on those properties.
