Research, Science, and Technology Act 2010

Criteria for Proposals for Science-led Contestable Funding

1. Notice to the Science Board

Pursuant to section 8(1) of the Research, Science, and Technology Act 2010, I set the criteria specified in this notice for the assessment by the Science Board of proposals for Science-led contestable funding.

2. Policy objective

- 2.1 The policy objective of Science-led contestable funding is to fund research, science, and technology that has the potential to:
- (a) enhance the productivity of established industries; or
 - (b) generate new industries for New Zealand; or
 - (c) add new value to public services in New Zealand; or
 - (d) develop world-leading technological capabilities by supporting research programmes to develop technology able to support a range of applications, products, and services.
- 2.2 Vision Mātauranga is a theme that traverses Science-led contestable funding. It encompasses Māori innovation and focuses on four themes:
- (a) Contributing to economic growth through distinctive science and innovation;
 - (b) Taiao – achieving environmental sustainability through iwi and hapū relationships with land and sea;
 - (c) Hauora/Oranga – improving health and social wellbeing; and
 - (d) Mātauranga – exploring indigenous knowledge and science and innovation.

3. Investment mechanisms

The investment mechanisms available under Science-led contestable funding are described in the Schedules to this notice.

4. Eligibility criteria for Science-led contestable funding

- 4.1 Proposals for Science-led contestable funding must be assessed against the following eligibility criteria:
- (a) Proposals from researchers from public research organisations and other research providers for research that will benefit New Zealand are eligible;
 - (b) proposals from researchers from private sector organisations are not eligible if the scientific research, development or technology transfer activities are solely for the benefit of that organisation; and
 - (c) it is expected that a significant proportion of the research will be undertaken in New Zealand.
- 4.2 Proposals for Science-led contestable funding must also be assessed against any additional eligibility criteria in the relevant Schedule.

5. Assessment criteria for Science-led contestable funding

Proposals for Science-led contestable funding that meet the eligibility criteria must be assessed against the assessment criteria in the relevant Schedule.

6. Additional criteria for Science-led contestable funding

- 6.1 When assessing proposals and allocating Science-led contestable funding, the following additional criteria must be taken into account:
- (a) Funding allocations must be consistent with the Public Finance Act 1989 and the relevant vote administered by the Ministry of Science and Innovation;
 - (b) the assessment and allocation must take into account the relevant Sector Investment Plan (“Plan”) (if any), including the investment strategy for each output expense; and
 - (c) proposals must be assessed against any additional criteria in the relevant Schedule.
- 6.2 Funding for proposals for Science-led contestable funding may be allocated from any of the following output expenses:
- (a) Biological Industries Research;
 - (b) High Value Manufacturing and Services Research;
 - (c) Energy and Minerals Research;
 - (d) Environmental Research;
 - (e) Hazards and Infrastructure Research; and
 - (f) Health and Society Research (except that funding that is administered by the Health Research Council may not be allocated to such proposals).
- 6.3 The overall mix of investments made in respect of each output expense must be taken into account, so that the mix of investments will contribute to the delivery of the outcomes for that output expense sought in the relevant Plan, and that the mix of investments will contribute to the objectives of the Vision Mātauranga theme.

7. Revocation of previous notice

This notice supersedes and revokes the notice entitled “Science-led contestable funding” published on pages 196 and 197 of the Establishment of Innovation Board and Science Board and Other Related Notices in the Supplement to the *New Zealand Gazette*, 31 January 2011, No. 9, page 177.

Dated at Wellington this 9th day of December 2011.

HON DR WAYNE MAPP, Minister of Science and Innovation.

Schedule 1**Smart Ideas Investment Mechanism****1. Policy objective**

- 1.1 Smart Ideas is a contest of ideas, designed to drive innovation and an entrepreneurial culture in the national research portfolio. Supporting novel ideas and emerging research capability is intended to continually challenge and refresh the national science portfolio.
- 1.2 The objective of Smart Ideas is to:
- support basic discovery and/or applied research into promising ideas in priority areas; and
 - provide early guidance to researchers from key end-users, such as service providers, entrepreneurs or commercialisation on positioning research for successful application and/or commercialisation; and
 - build and support entrepreneurial capability, by providing support to early career researchers.
- 1.3 Smart Ideas funding is available in two phases; a research phase ("Phase 1") and an application phase ("Phase 2"). The objectives of each phase are as follows:
- The objective of Phase 1 is investigative, in that it aims to use an innovative approach to develop new knowledge that will solve a problem, fulfil a need, or prove a hypothesis; and
 - the objective of Phase 2 is to focus the research on achieving application or market potential.

2. Assessment criteria

Proposals for Smart Ideas funding that meet the eligibility criteria for Science-led contestable funding must be assessed against the following assessment criteria, and each assessment criteria must be weighted as set out below:

3. Additional criteria

When assessing proposals and allocating Smart Ideas funding, the following additional criteria must be taken into account:

- (a) Phase 1 funding should be provided as small grants, typically between \$200,000 and \$500,000 per year for two years;
- (b) the size and duration of Phase 2 funding grants should be appropriate for the needs of each project; and
- (c) Phase 1 and Phase 2 funding should be provided on the conditions that during the project the applicant must:
 - (i) receive advice or mentoring from an entrepreneur or similar commercialisation specialist to aid commercial positioning, or from an end-user or service provider who could potentially apply the research results; and
 - (ii) undertake or source some market analysis or user-needs analysis to aid positioning of the research project.

Schedule 2

Targeted Research Investment Mechanism

1. Policy objective

- 1.1 Targeted Research supports purpose driven research, science and technology aligned with national priorities that generate economic, environmental or social benefits for New Zealand. To increase the impact of the national science portfolio, knowledge transfer outputs and activities are an important part of the research programme.
- 1.2 Targeted Research addresses the strategic needs, challenges and opportunities identified in Sector Investment Plans and the corresponding research questions identified in Requests for Proposals.

2. Assessment criteria

Proposals for Targeted Research funding that meet the eligibility criteria for Science-led contestable funding must be assessed against the following assessment criteria, which are all weighted equally:

Benefits to New Zealand	Risk Management or Success Factors
<p>Outcome benefits to New Zealand</p> <p>Key Question: <i>Assuming this project is successful, what is the potential contribution it will make to the achievement of outcomes?</i></p> <p>Proposals must be assessed on:</p> <ul style="list-style-type: none"> Assessment of the opportunity or need in the New Zealand context Description of the potential contribution to outcomes Clarification of why the research is beyond “business as usual” 	<p>Implementation Pathway</p> <p>Key Question: <i>What is the likelihood the team will successfully have the research implemented?</i></p> <p>Proposals must be assessed on:</p> <ul style="list-style-type: none"> Implementation plan, including mitigation of barriers to implementation Quality engagement with users, including the provision of co-funding if required

Schedule 3

Enabling Technologies Investment Mechanism

1. Policy objective

- 1.1 Enabling Technologies supports purpose driven research, science and technology and related activities aligned with national priorities that generate economic, environmental or social benefits for New Zealand.
- 1.2 Enabling Technologies supports generic technologies that potentially have multiple applications and many connections across science and business. It also funds knowledge transfer and co-ordination activities linked to the research.
- 1.3 Enabling Technologies funding is designed to accelerate the development of “enabling technology platforms” and provide a core of expertise, knowledge and relevant infrastructure. An enabling technology platform is a critical mass of capabilities and equipment that is responsive to industry needs and that provide the means to enhance the performance and capabilities of the users.
- 1.4 Enabling Technologies will:
 - (a) build on existing capability in the RS&T system so there are not long start-up periods before impacts begin to accrue; and
 - (b) be closely aligned or partnered with users including industry so that pathways to development of tangible outcomes of benefit to New Zealand are incorporated from the outset; and

- (c) involve an integrated and multidisciplinary mix of “fit-for-purpose” RS&T that includes the expertise, capabilities and infrastructure required to deliver results (eg encompassing all stages of research from basic-targeted to applied); and
- (d) include, if appropriate, strong international links so there is both rapid absorption of relevant and applicable overseas knowledge and expansion of New Zealand market potential, while ensuring safeguards for New Zealand’s intellectual property.

2. Assessment criteria

Proposals for Enabling Technologies funding that meet the eligibility criteria for Science-led contestable funding must be assessed against the following assessment criteria, which are all weighted equally:

Benefits to New Zealand	Risk Management or Success Factors
<p>Outcome benefits to New Zealand</p> <p>Key Question: <i>Assuming this project is successful, how will it provide outcome benefits to New Zealand?</i></p> <p>Proposals must be assessed on:</p> <ul style="list-style-type: none"> • Assessment of the potential for multiple opportunities arising from the enabling technology platform • Description of the potential contribution to outcomes of benefit to New Zealand • Clarification of why the research is beyond “business as usual” 	<p>Implementation Pathway</p> <p>Key Question: <i>What is the likelihood the team will successfully have the research implemented through multiple channels?</i></p> <p>Proposals must be assessed on:</p> <ul style="list-style-type: none"> • Implementation plan, including: <ul style="list-style-type: none"> – appropriate timelines to delivery – plans to overcome any barriers to adoption • Quality of existing partnerships and scope of engagement across multiple users, including the provision of co-funding if required

Plumbers, Gasfitters and Drainlayers Board

Plumbers, Gasfitters, and Drainlayers Act 2006

Amendment to the Plumbers, Gasfitters and Drainlayers Board (Fees) Notice 2010

The Plumbers, Gasfitters and Drainlayers Board, under sections 139, 142 and 143 of the Plumbers, Gasfitters, and Drainlayers Act 2006, issues the following amendment to the Plumbers, Gasfitters and Drainlayers Board (Fees) Notice 2010 ("the principal notice"), published in the *New Zealand Gazette*, 21 October 2010, No. 143, page 3604.

Notice

1. **Title**—This notice is the Plumbers, Gasfitters and Drainlayers Board (Fees) Amendment Notice 2011.

2. **Commencement**—This notice comes into force on **12 January 2012**.

3. **Amendment**—(1) Paragraph A(1) of the Schedule to the principal notice is amended by omitting "3,200.00", which is the fee for a Practical Test of Workmanship for registration (excluding the GST increase that came into effect on 1 October 2010), and substituting "1,410.00".

(2) Paragraph B(4) of the Schedule to the principal notice is amended by:

- omitting "NIL", which is the fee for application for an exemption (fixing water heaters by gasfitters), and substituting "102.00";
- omitting "500.00", which is the fee for an employer licence or renewal of an employer licence (excluding the GST increase that came into effect on 1 October 2010), and substituting "2,820.00";
- inserting the following new fees below the fee of "2,820.00":

"Offences fee for each licensed plumber, gasfitter or drainlayer (one payment per person per year irrespective of the number of licences held by an individual)	90.00
Fee for application for an exemption from registration and licence requirements and conditions under section 52	102.00"

(3) Paragraph C(6) of the Schedule to the principal notice is amended by omitting "266.00", which is the disciplinary levy (excluding the GST increase that came into effect on 1 October 2010), and substituting "175.00".

Explanatory Note

This note is not part of the amendment notice and has been included to explain its general effect.

This amendment notice amends some fees and the disciplinary levy prescribed by the board in the Plumbers, Gasfitters and Drainlayers Board (Fees) Notice 2010, and establishes three new fees.

The amendments regarding the disciplinary levy and the offences fee are made as a result of acting on a recommendation to review the disciplinary levy made by the Regulations Review Committee in its February 2011 report (Report I.16I) entitled "*Complaints regarding three notices issued by the Plumbers, Gasfitters and Drainlayers Board on 25 March 2010 and the Plumbers, Gasfitters and Drainlayers Board (Fees) Notice 2010*".

Some further amendments have been made to address some other outstanding matters.

The changes are as follows:

- The disciplinary levy is reduced from \$266.00 (excluding the GST increase which came into effect on 1 October 2010) to \$175.00. The costs of prosecutions, which were misallocated, have been removed from the disciplinary levy.

- A new offences fee of \$90.00 is prescribed. This fee is for prosecutions the board conducts.
- The fee for the practical test of workmanship is reduced from \$3,200.00 (excluding the GST increase which came into effect on 1 October 2010) to \$1,410.00. This follows decreases in costs due to changes in the way the practical test is carried out.
- The fee for an exemption for gasfitters working on hot water cylinders is increased from NIL to \$102.00.
- The fee for an employer licence or renewal of an employer licence is increased from \$500.00 (excluding the GST increase which came into effect on 1 October 2010) to \$2,820.00. The previous fee level was determined by the Ministry of Economic Development when it was responsible for administering this licence class. It has been proven insufficient to cover the costs of administering this licence. The increase reflects the true cost.
- A new fee of \$102.00 is prescribed for an application for an exemption from registration and licence requirements and conditions made under section 52 of the Act.

Dated at Wellington this 15th day of December 2011.

MAX PEDERSEN, Registrar, Plumbers, Gasfitters and Drainlayers Board.
