Climate Change Response Act 2002

New Zealand Emissions Trading Scheme 2010 Final Allocations for Eligible Activities

In accordance to section 86B(5) of the Climate Change Response Act 2002 (CCRA), the Minister for Climate Change Issues has made final decisions allocating the following New Zealand Units (NZUs) to eligible industry persons as listed.

These NZUs have been allocated to protect their competitiveness against producers that do not face equivalent costs for emissions.

All industry persons listed were eligible to receive an allocation of NZUs under the CCRA for the period of 1 July 2010 to 31 December 2010.

The final unit allocation reflects the total units given to an entity based on their actual production for 2010.

The total number of NZUs allocated for this period was 1,772,320*.

The NZUs allocated under these decisions have been transferred to the respective New Zealand Emission Unit Register (NZEUR) holding accounts.

Where it has been determined by the Chief Executive of the Ministry for the Environment (MfE) that publishing this number would be likely to "prejudice unreasonably the commercial position of the eligible person" as outlined in section 86B(6)(b) the number has been withheld from publication.
