2. The amendment comes into force on **19 December 2014**, except clauses 6, 7 and 8, which come into force on **23 February 2015**.
3. The amendment makes changes to the Code under section 39(3) of the Act that are of a technical and non-controversial nature or for which there is widespread support among the people likely to be affected by them.

These exemptions expire on 31 December 2014. This amendment removes the need for further exemptions.
5. The amendment makes minor changes to the Code, including changes to amend the definitions of "approved test house", "half-hour metering information", "nominated bid", and "submission expiry date", to clarify the requirement for participants to provide complete and accurate information under Parts 10, 11 and 15, to clarify the metering component requirements for ATHs under Schedule 10.8, and to amend the requirement for generators to provide half-hour metering information to the relevant grid owner instead of the pricing manager under clauses 13.136-13.141 and 13.145-13.147.
6. In accordance with section 39(3)(a) and (b) of the Act, the Authority has not prepared and publicised a regulatory statement or consulted on the amendment and the regulatory statement because it is satisfied that the amendments are technical and non-controversial or that there is widespread support for the amendment among the people likely to be affected by it.
