Notices are accepted for publication in the next available issue, unless otherwise specified.

Microsoft Word is the preferred format for notice submissions. Please do not send notices as PDFs as errors can be introduced when converting to Word. Image files should be in JPG or PNG format.

The Gazette Office reserves the right to apply its in-house style to all notices. Any corrections which are related to style will be made at the discretion of the publisher for reasons of consistency.

Please go to www.gazette.govt.nz/howtosubmit/ for more information.

Deadlines

The deadline for submitting notices for publication in the principal edition is **midday Monday for commercial notices** and **midday Tuesday for Government notices**, in the week of publication.

The deadline for cancelling notices in the principal edition is **12.00 midday Wednesday**. Notices cancelled after being accepted for publication will be subject to a charge of \$55.00 to cover costs. Please call the Gazette Office immediately to cancel a notice, and confirm the cancellation by email.

For further information and for public holiday deadlines, please go to www.gazette.govt.nz/deadlines/

Advertising Rates

The standard rate for all notices in the principal edition of the *New Zealand Gazette* is 50 cents per word/number. Additional charges may apply.

Late notices may be accepted at the discretion of the publisher. A late fee of an extra 5 cents per word applies.

Customers will be invoiced in accordance with standard commercial practices. Advertising rates are not negotiable. All rates shown are inclusive of GST.

Availability

New Zealand Gazette notices are published directly online. A search-by-notice facility and PDFs of the notices are available on the website

The Education (2015 Annual Maximum Fee Movement and Fee Limits for Information and Communications Technology Graduate Schools) Notice 2015

Under sections 159L(3)(d) and 159M(b) of the Education Act 1989 (“Act”), the Minister for Tertiary Education, Skills and Employment gives notice of the proposed conditions setting limits on the annual increases that tertiary education organisations may make to fees charged to domestic students enrolled in courses at Information and Communications Technology (ICT) Graduate Schools in 2015.

Notice

1. Title—This notice may be cited as the Education (2015 Annual Maximum Fee Movement and Fee Limits for Information and Communications Technology Graduate Schools) Notice 2015.

2. Commencement—The proposed conditions outlined in this notice apply from **1 July 2015** until the end of the 2015 academic year only.

3. Proposal—I propose to specify conditions under section 159L(3)(d) of the Act that the Tertiary Education Commission (TEC) must attach to funding provided under the relevant funding mechanism, in particular:

- a. to specify the annual limits by which TEOs can increase fees charged to domestic students enrolled in courses at an ICT graduate school that are leading to short awards, certificate, diploma, degree and postgraduate qualifications that receive Student Achievement Component (SAC) funding in 2015; and
- b. to specify the other conditions in relation to fees that the TEC must attach to SAC-funded courses at ICT Graduate Schools.

4. Application—The conditions set out in this notice refer to:

- a. fees as including the following items: Tuition fees, compulsory course costs, examination fees, other charges associated with a programme of study, material charges, cost of field trips and any compulsory purchase of equipment or books through the organisation.
- b. TEOs as defined in section 159B, include tertiary education institutions (TEIs), and private training establishments (PTEs).

5. Call for submissions—Any TEO and any other person, body or organisation having an interest in the matter is invited to make a submission on the proposed Annual Maximum Fee Movement (AMFM) for SAC-funded courses at ICT Graduate Schools and other proposed conditions set out in this notice.

All submissions should be sent to:

ICT Graduate Schools Annual Maximum Fee Movement Submissions
Tertiary Education Policy
Ministry of Education
PO Box 1666
Wellington 6140
Email: tertiary.strategy@minedu.govt.nz

6. Date for submissions—All submissions must be received by **12 February 2015**.

Dated at Wellington this 22nd day of January 2015.

Hon STEVEN JOYCE, Minister for Tertiary Education, Skills and Employment.

Proposed Conditions to be Attached to Student Achievement Component Funding (SAC) Allocated and Paid For by the Tertiary Education Commission (TEC) to (TEOs) for Courses at ICT Graduate Schools

General

1. These conditions apply to fees charged for TEOs' SAC-funded provision in ICT Graduate Schools.
2. The fees in relation to a particular course of study or training will be subject to these conditions if:
 - a. the TEO is the sole source of the item to which the cost relates; and
 - b. all students enrolled in the relevant course of study or training are required to pay the fees.

Annual Maximum Fee Movement (AMFM)

3. For 2015, the permitted AMFM is a 4% increase on the fees, exclusive of GST, charged in the previous academic year for short awards, certificate, diploma, degree and postgraduate courses at New Zealand Qualifications Framework (NZQF) Level 3 or above that receive SAC funding and are part of a programme of study at an ICT Graduate School.
4. This condition applies to any SAC-funded courses that are included in a programme of study at an ICT Graduate School at any time during the 2015 academic year.

Exceptions to the AMFM

5. A TEO may apply, on the basis of exceptional circumstances, for exceptions from the 2015 AMFM of 4% for SAC-funded courses at ICT Graduate Schools. Any exceptions granted will not exceed an additional 4% increase.
6. In considering exceptional circumstances, the TEC will use the following criteria:
 - a. The organisation is unable to support the course(s) while remaining financially viable;
 - b. for courses at NZQF Levels 3-8, the completion rate for the course met or exceeded the median performance benchmark for that level in the previous year;
 - c. the TEO can demonstrate that the qualification of which the course is a part is in some way unique or special, for example, that there are no local alternatives to the course available; and
 - d. that not allowing an exception will prevent the TEO from making a significant contribution to the achievement of one or more of the Government's priorities, as set out in the Tertiary Education Strategy 2014/2019.
7. An application must satisfy all criteria to gain an exception.

Low or Zero Fee Courses

8. If the fees for a course are less than \$511.11 (GST inclusive) (\$444.44 GST exclusive) per Equivalent Full-Time Student (EFTS) in 2014, then for 2015, the TEO can increase the fee to up to \$511.11 (GST inclusive) (\$444.44 GST exclusive) per EFTS, or can increase the fee for the course by 4%, whichever is the greater.

Note: Effect of this Notice

These notes do not form part of this notice, but are intended to indicate its general effect.

- A. *Section 159L(3)(d) of the Education Act 1989 ("Act") provides that the Minister, when determining the design of a funding mechanism, may specify the conditions that the TEC must attach to funding provided under the mechanism, including conditions that limit the fees that an organisation may charge domestic students.*
- B. *Under section 159M(b) of the Act, the Minister may not specify conditions setting limits on fees until two months after the date of publication of a notice in the **New Zealand Gazette** that:*
 - i. *states that the Minister proposes to specify such conditions; and*
 - ii. *sets out the proposed conditions; and*
 - iii. *invites submissions on the proposed conditions; and*
 - iv. *specifies the date by which submissions must be received, which must be a date no more than 21 days after the date of the **New Zealand Gazette** notice.*
- C. *The conditions setting limits on fees subsequently specified by the Minister in accordance with section 159L(3)(d) of the Act must be attached as conditions on the receipt of funding payable by the Tertiary Education Commission to an organisation under sections 159YA and 159ZC of the Act.*

- D. *Under sections 227(1A) and 234A of the Act, TEIs and PTEs respectively must not charge domestic students a fee that exceeds the maximum specified as a condition on funding approved by the TEC under sections 159YA and 159ZC of the Act.*

Risk Assessment Criteria for Tertiary Education Institutions

Background

Section 195A of the Education Act 1989 (“the Act”) requires the Secretary for Education to determine and publish in the *New Zealand Gazette* criteria for assessing the level of risk to the operation and long-term viability of tertiary education institutions, and the level of risk to the educational performance of students enrolled at polytechnics.

This notice sets out these criteria.

These risk assessment criteria will be considered by the Chief Executive of the Tertiary Education Commission (TEC) and the Minister for Tertiary Education, Skills and Employment (“Minister”) when they consider whether an institution is at risk in a way that might warrant intervention in accordance with Parts 15 and 15A of the Act.

Whether the Chief Executive of the TEC or the Minister decides to initiate an intervention will depend on their assessment of the nature and level of the risk or risks, and the thresholds for the various types of intervention set out in the Act. Other relevant considerations may also be taken into account. For example, the Chief Executive of the TEC or the Minister will assess the appropriateness of the steps already taken by the council of the institution before deciding whether or how to intervene.

Different levels of intervention under the Act have different risk thresholds. These risk thresholds are described by statements in the Act relating to whether:

- an institution “may be at risk” (sections 195B (provision of information), 222A (specialist help), 222B (performance improvement plans))
- the “operation or long-term viability of an institution is at risk” (section 195C (Crown observer))
- “there is a serious risk to the operation or long-term viability of the institution” (sections 195D (Crown commissioner), and 222C (Crown manager))
- “The educational performance of students at a polytechnic may be or is at risk” (this only relates to polytechnics) (sections 222A (specialist help), 222B (performance improvement plans), and 222C (Crown

manager)).

The risk assessment criteria apply to three areas.

These are:

- organisational;
- financial; and
- educational.

Two of the risk assessment criteria cross-reference the Financial Monitoring Framework (FMF) operated by the TEC from 1 January 2010.¹

To the extent that the FMF is incorporated by reference in this notice, it should be taken to be the FMF in the form published by the TEC on its website on the date of publication of this notice in the *New Zealand Gazette*. Any revision to the FMF will not be automatically included in this notice, and a replacement notice will need to be published in the *New Zealand Gazette* to give effect to any changes to TEC's FMF.

Nothing in this notice limits or affects the duties of a tertiary education institution council under section 181 of the Act, or any other duties or obligations of an institution or council under any other enactment.

Words and phrases used in this notice bear the same meaning as under the Act.

Criteria for Assessing the Level of Risk

Organisational

1. The council has not fulfilled, and continues not to fulfil, its statutory functions and duties under the Education Act 1989.
2. The council has failed, and continues to fail, to ensure the institution maintains adequate systems and processes for effective planning, and for the effective management of the financial and educational performance and infrastructure of the institution.
3. The council has failed, and continues to fail, to meet a material obligation under the Education Act 1989, Crown Entities Act 2004 or Public Finance Act 1989.

Financial

4. The institution is, or is at risk of being, unable to pay its debts as they become due in the normal course of business.
5. The institution has breached any of the conditions set by the Secretary for Education in a borrowing consent under section 192(7) of the Education Act 1989, and the breach has not been remedied.
6. The institution is in default under any loan or other facility agreement with a bank or other commercial lender, or the Crown, and the default has not been remedied.
7. The institution has an overall rating of Moderate Risk or High Risk in the most recent financial performance assessment carried out under the FMF operated by the TEC from 1 January 2010. The overall financial performance assessment under the FMF covers the dimensions of the shorter-term financial viability and longer-term sustainability of an institution.
8. The institution has a rating of Moderate Risk or High Risk under the financial viability criteria in its most recent financial performance assessment carried out under the FMF operated by the TEC from 1 January 2010. The financial viability criteria under the FMF focus on the shorter-term financial performance of the institution.

Educational

9. The polytechnic has failed to meet the educational performance commitments in the investment plan agreed by the TEC.
10. The external evaluation and review of the polytechnic carried out under the auspices of the New Zealand Qualifications Authority has resulted in an assessment of educational performance that is "not yet confident" or "not confident".

Dated at Wellington this 22nd day of January 2015.

PETER HUGHES, Secretary for Education.

Notice of Reassessment of a Registered Trade Name Product (Notice No. MPI 444)

Joy O'Connor, Acting Manager (ACVM Programmes and Appraisals) of the Ministry for Primary Industries (MPI), acting under delegated authority from the Director-General of MPI, gives notice, under section 14(1) of the Agricultural Compounds and Veterinary Medicines Act 1997 ("the Act"), that the following application has been made to reassess the following trade name product under section 29 of the Act:

Trade Name: **Fyfanon 440EW**

Reference: P8240

Active Ingredient and Concentration:

Maldison 440g/litre

Formulation Type: Emulsion in water

Affected Use Claims:

Change in Withholding Period: Fruit, vegetables, pasture, fodder crops, cereals, sweetcorn.

Reason for Reassessment: The Environmental Protection Authority (EPA) has reassessed Organophosphate and Carbamate active ingredients under the Hazardous Substances and New Organisms Act 2001. The outcomes of the reassessment included a reduction in the Potential Daily Exposure (PDE) (food), setting of maximum application rates, and limiting the frequency of applications for some of the actives assessed. As a result, MPI is re-examining the use patterns and controls to ensure dietary intake of these compounds is acceptable and labels are consistent with the use pattern restrictions imposed by EPA. To achieve this, Maximum Residue Limit (MRL) changes may be required. The reassessment will only apply to products affected by the EPA assessment.

Any person may make a written submission to the director-general concerning this application.

Under sections 16 and 17 of the Act, a written submission:

- a. must state in full the reasons for making the submission; and
- b. may state any decision sought on that application; and
- c. must be received by the director-general no later than 30 working days after the date of notification in the *New Zealand Gazette*.

Under section 18 of the Act, a copy of every submission will be forwarded to the applicant for the applicant's information.

The following address is:

- a. where submissions on this application are to be sent; and
- b. where requests for copies of the public information relating to the application can be sent; and
- c. where public information relating to the application can be viewed; and
- d. the director-general's address for service:

ACVM Group, Ministry for Primary Industries, Pastoral House, 25 The Terrace, Wellington 6011. *Postal Address:* PO Box 2526, Wellington 6140.

The applicant's address for service is:

Cheminova (NZ) Limited, 141 Powderham Street, New Plymouth 4310. *Postal Address:* PO Box 187, Beechcroft,

New South Wales 2119, Australia.

Dated at Wellington this 13th day of January 2015.

DairyNZ Limited's Procedures for Complying With Decisions of the Panel

Publication pursuant to Regulation 26(1)(a) of the Dairy Industry (Herd Testing and New Zealand Dairy Core Database) Regulations - procedures for complying with decisions of the Panel, including maximum time periods for the provision of data

1. In the first instance, the applicant will contact the Dairy Industry Good Animal Database (DIGAD) administrator:
DIGAD Administrator
DairyNZ
Private Bag 3221
Hamilton 3240
Telephone: (07) 858 3750
Freephone: 0800 4 324 7969
Email: Info@nzael.co.nz
2. DIGAD administrator and applicant to liaise to:
 - a. clarify purpose for which the core data will be used;
 - b. determine the applicant's exact data requirements;
 - c. determine and discuss indicative pricing and discuss any preliminary negotiation of any terms on which the data will be provided to the applicant.
 - d. complete detailed application for the panel to review
3. The DIGAD administrator receives the panel's decision and liaises with the applicant or the panel about any relevant aspect of the decision.
4. An agreement will be completed between DairyNZ Limited ("DairyNZ") and the applicant regarding the terms on which data is provided and used by the applicant.
The agreement will be based on DairyNZ's standard "Data Provision Agreement" modified to contain the terms and conditions set by the panel and other provisions specific to core data.
5. The maximum time period for the provision of data to an applicant will be:
 - a. as specified by the panel; or
 - b. if not specified by the panel, 28 days from the date of payment of DairyNZ's charges by the applicant; or
 - c. such other period or date agreed between DairyNZ and the applicant.
6. The DIGAD administrator implements data extraction and delivery to the applicant in accordance with the decision and the completed agreement.

Note: For the avoidance of doubt, the applicant should be aware that it is the panel that sets the terms and conditions on which core data is made available to an applicant under the Regulations.

DairyNZ's Procedures for Complying With Regulation 25

Publication pursuant to Regulation 26(1)(b) of the Dairy Industry (Herd Testing and New Zealand Dairy Core Database) Amendment Regulations 2014 - Procedures for complying with Regulation 25

All DairyNZ staff will maintain strict confidentiality in respect of any information by not disclosing information or data to any person other than those involved in the operation of the Core Database or in the management of Panel applications.

Pricing Methodology for Access to Core Data

Publication pursuant to Regulation 26(1)(c) of the Dairy Industry (Herd Testing and New Zealand Dairy Core Database) Amendment Regulations 2014 - Pricing methodology or methodologies used to set charges for access to data in the core database (including charges that the manager makes to businesses it owns for access to that data), and the prices resulting from applying these methodologies.

Introduction

The Regulations place an obligation on DairyNZ to provide access to core data, however DairyNZ determines the price of access to that data.

The Regulations also provide that DairyNZ must in each year publish its pricing methodology, which is used to calculate prices for the provision of extracts of core data. That methodology is set out in this section.

General Principles

The access price for core data has been derived from the costs associated with supplying data, including application, administration and programming functions, capital and depreciation costs and expenses.

An activity-based costing system has been applied to these items.

There are no charges for the input of data. However, the activity of cleansing and validating input data forms part of the processes involved in the provision of data.

The costs associated with these activities are attributed to the provision of core data.

Processing Applications

An application fee is payable to the panel and is prescribed under the Regulations as being \$200.00 (including GST). It partially covers the cost of receiving an application, the panel convening to review applications and the administration to notify the outcome of their consideration of each application.

An administration fee is charged by DairyNZ to partially cover the costs of processing applications. The fee includes a proportion of the following costs:

- Personnel to support, develop and maintain the database
- Expenses such as office equipment and supplies
- Capital costs such as computer equipment and furniture calculated on a cost-recovery basis over the estimated lives of the assets).

Programming

All data requests will require an initial analysis by a programmer to determine the complexity of the request.

A fixed fee (base programming fee) is applied to cover the initial programming and it allows for four hours of a programmer's time.

If the request is completed in this time, no further charges are incurred.

Some applications will be complex and require more than four hours to fulfil. In these cases an additional programming fee will be incurred.

All requestors will be provided with an estimate of the hours expected to extract data prior to any programming work commencing.

The fee includes a proportion of the following costs:

- Personnel to support, develop and maintain the database and develop data extracts
- Expenses such as office equipment and supplies.

Repeat or top-up requests that require no further programming will not incur additional programming charges.

Extract Fee

This charge covers the cost of receiving, storing and transmitting data. The fee includes a proportion of the following costs:

- Personnel to support, develop and maintain the database and develop data extracts
- Expenses (eg data centre power and support costs of infrastructure)
- Capital costs of computer equipment (calculated on a cost recovery basis over the estimated lives of the

assets).

The extract charge is capped at a maximum of \$80,000.00 (excluding GST) per extract, subsequent or additional data supplied for repeat or top-up extracts (within the same season or a new season) attract an additional extract fee to cover the cost of administration and additional programming (if relevant) functions. The fee is derived identically to the extract fee.

Exceptions and Incentives

Certified data providers (CDP) would not in principle be charged to recover records they have provided to DIGAD apart from associated programming charges.

This will ensure that a CDP passing data to DIGAD is not disadvantaged in recovering that same data.

Ascertaining the herd recorder associated with supplied data will not always be obvious, due to DIGAD not holding the information of who the herd recorder was prior to the 2014/15 season.

To determine charges for records prior to this season, DairyNZ will total up the animals for each herd recorder in DIGAD (for the current season) and apply a ratio split for all data. If the split for example was 80% for Herd Recorder A and 20% for Herd Recorder B, when extracting historical records Herd Recorder A would not be charged for 80% of those records.

Industry Good Research

Users who are performing industry good activities are able to apply through DairyNZ for funding for projects requiring data extracts.

SCHEDULE OF CHARGES

(FOR CORE DATA)

All charges are exclusive of GST

All Applications

Application fee - payable to Core Database Panel	\$179.31 per request (\$200 including GST, as prescribed in Regulations)
Administration fee - payable to DairyNZ Limited	\$500.00 per request
Base programming charge	\$500.00 per approved data extract
Additional programming fee	\$125.00 per hour (or part thereof)
Extract fee	\$0.33 per animal per season of Core Data
Maximum cost per extract	\$80,000.00
Additional extracts fee	\$500.00 per extract and \$0.03 per animal
