### **Maximum Contribution Applying in Each Territorial Local Authority Region From 1 July 2016**

Under section 152 of the Social Security Act 1964, the Director-General of Health is required to notify the maximum contribution that applies in each region for long-term aged residential care.

The maximum contribution is the maximum weekly amount (inclusive of GST) that a resident assessed as requiring long-term residential care (through a needs assessment and service coordination agency) is required to pay for contracted care services provided to them in the region in which their rest home or continuing care hospital is located.

The maximum contribution is the same for all residents regardless of the type of contracted care services they receive. It is equivalent to the rest home contract price applying to residential care facilities in each territorial local authority region.

The maximum contribution set by this *New Zealand Gazette* notice applies from **1 July 2016** and replaces the previous maximum contribution notice published in the [New Zealand Gazette, 18 June 2015, Issue No. 68, Notice No. 2015-go3619](#).

The daily GST exclusive contract price for rest home services has been increased by 1%, GST has been added and the result has been multiplied by seven to determine the new maximum contribution. The calculations are rounded to two decimal places at each step.
