Land Transport Rules

In accordance with section 161(2) of the Land Transport Act 1998, the NZ Transport Agency, on behalf of the Minister of Transport, gives notice of the Minister's intention to make a Rule that applies to vehicle dimensions

and mass, and advises that draft *Land Transport Rule: Vehicle Dimensions and Mass 2016* is available for public comment.

The purpose of the proposed Rule is to deliver productivity improvements, greater regulatory efficiency and reduced compliance costs without compromising the road transport system and road user safety outcomes. The review of the current legislation aims to deliver benefits that:

- further enable “more freight on fewer trips” by better utilising the existing size and weight envelope available to heavy vehicles;
- support easier uptake of safety, emission and electric vehicle technologies by providing access to a wider range of vehicle suppliers that build to dimension and mass limits accepted in other jurisdictions;
- allow road controlling authorities (RCAs) greater flexibility in permitting and also standardise the treatment of loads under permit to reduce compliance costs;
- further increase compliance incentives by reducing weighing tolerance thresholds; and
- provide for more effective planning in the safe movement of the largest overdimension loads.

A copy of the draft Rule and accompanying overview material may be obtained by calling the NZ Transport Agency Contact Centre on freephone 0800 699 000 and is available, together with questions and answers, on the website at

www.nzta.govt.nz/vdam-2016

The consultation material is also available for viewing at the NZ Transport Agency’s National Office and regional offices. Groups and individuals who have registered their interest have been advised of the availability of the draft Rule for comment.

Submissions close at **5.00pm on Friday 12 August 2016**.

For further information about the rules process, contact the Rules Team, NZ Transport Agency, Private Bag 6995, Wellington 6141 or email rules@nzta.govt.nz.

Dated at Wellington this 8th day of July 2016.

Direction to Support a Whole-of-Government Approach, Given to the House of Representatives by the Minister of State Services and the Minister of Finance Under Section 107 of the Crown Entities Act 2004

The Minister of State Services and the Minister of Finance, pursuant to section 107 of the Crown Entities Act 2004, direct the agencies subject to this direction as follows:

1. An agency named in the Schedule to this notice must give effect to, or have regard to, all of the requirements in clause 7 in accordance with clause 1 of the Schedule.
2. Whether an agency must give effect to, or have regard to, a requirement and when it must do so is set out in the Schedule.

Application of Direction

3. This direction sets out requirements for agencies to implement the New Zealand Business Number (NZBN). The NZBN has been created primarily to enable improved electronic delivery of services. As such, where an agency maintains electronic and paper-based systems, priority is to be given to electronic systems when implementing this direction. This direction does not apply to agencies' policy processes.
4. Except in respect of Result 9 agencies, systems that are planned to be retired or replaced within the next three (3) years are exempt from the requirements of this direction providing that any new or replacement systems comply with this direction.
5. Commentary used in this direction elaborates on the requirement to which it relates. An example used in the commentary is only illustrative of the requirement to which it relates. The commentary does not limit any

requirement. If commentary and the requirement to which it relates are inconsistent, the requirement prevails.

Definitions

6. In this direction:

a. **Act** means the New Zealand Business Number Act 2016;

agency means a Crown entity named in the Schedule;

NZBN entity means an entity eligible for an NZBN under the Act (pursuant to sections 10 to 12 of the Act, the definitions of “entity” and “government agency” in section 5 of the Act and the definitions of “corporate or public entity” and “unincorporated entity” in section 9 of the Act);

NZBN means New Zealand Business Number;

Result 9 agencies means the Accident Compensation Corporation, Callaghan Innovation and New Zealand Trade and Enterprise; and

b. **identifier, primary business data, register** and **Registrar** have the same meanings as in section 5 of the Act.

Requirements

7. 1. If a person or system provides the agency a valid NZBN, the agency must be able to identify the NZBN entity that the NZBN applies to (without requiring an additional identifier from the person or system).

Commentary: This requirement does not prevent an agency seeking further information that is necessary as part of a transaction with the NZBN entity, that is required by law, or that the agency is empowered by an enactment to require be provided to it.

2. The agency must access primary business data on the register that is relevant to the agency’s functions.

Commentary: An agency may only access primary business data on the register if (pursuant to section 27(1) of the Act), the primary business data is public, an enactment other than the Act authorises the agency to collect that information, or the NZBN entity has consented to the agency accessing that primary business data.

3. To the extent permissible by the Act, the agency must ensure that the Registrar is provided with the (new or updated) primary business data it has been provided by NZBN entities.

Commentary: An agency is not required to collect, or provide to the Registrar, primary business data of NZBN entities that the agency would not ordinarily collect for its own functions or purposes.

4. If an agency provides primary business data to the Registrar, the agency must first seek the NZBN entity’s consent to provide primary business data to the Registrar (where consent is required).

Commentary: Consent is required for an agency to provide primary business data to the Registrar about an unincorporated entity as defined in section 9(1)(b) of the Act.

5. If an agency provides to the Registrar primary business data that has been provided to the agency by an NZBN entity, the agency must take reasonable steps to ensure that a person or system:

a. providing it with an NZBN entity’s primary business data; and

b. consenting to the primary business data being provided to the Registrar (where consent is required)

is authorised by the NZBN entity to do so.

Commentary: This requirement includes taking reasonable steps to verify the identity of any person providing primary business data to the agency. An agency fails to comply with this requirement if, for example, the only step taken to verify the person’s identity is to confirm their name.

6. An NZBN entity’s NZBN must be included in any written outward communication from the agency to the NZBN entity, except for:

- a. any communications which have no identifier other than the NZBN entity's name; and
- b. the agency considers that having no identifier other than the NZBN entity's name in the communication is consistent with good administrative practice.

Commentary: This requirement does not apply to generic mass communications that are sent from the agency to a group or groups of NZBN entities.

7. When changing its system or systems, the agency must consider phasing out identifiers that identify a legal entity (other than the NZBN entity's name) and replacing them with the NZBN.

Commentary: This requirement does not apply to identifiers that are nominated by the NZBN entity itself, for example, agencies are not expected to replace usernames used to access online services. However, consideration should be given to allowing an NZBN entity to use their NZBN as their self-nominated identifier. This requirement does not apply in respect of identifiers that are established or required by agreement with an international jurisdiction if the international jurisdiction does not or will not recognise the NZBN in the context in which the identifier is used.

8. Where an agency is uncertain or does not believe that this direction applies to a system or identifier, the agency must consult with the Registrar and give serious consideration to any advice of the Registrar in that respect.
9. The agency must provide the Registrar all reasonable assistance the Registrar requires to perform the Registrar's function of monitoring the State sector's implementation of the NZBN.
10. The agency must report on its progress implementing the requirements of this direction in its annual report required under section 150 of the Crown Entities Act 2004 or, in respect of Crown Research Institutes, section 17 of the Crown Research Institutes Act 1992.

Dated at Wellington this 10th day of May 2016.

HON PAULA BENNETT, Minister of State Services.

HON BILL ENGLISH, Minister of Finance.

Schedule

1. Each agency subject to this direction has been allocated to one of four tiers in the table below which sets out whether the agency must give effect or have regard to a requirement.

In the table:

E means "to give effect"; and

R means "to have regard"

2. Tier One agencies must give effect to requirement 1:
 1. in respect of key business customer-facing systems, by 31 December 2017; and
 2. in respect of procurement systems, by 31 December 2018.
3. Tier Two agencies must give effect to requirement 1 by 31 December 2018.
4. Tier Three agencies must have regard to requirement 1 by 31 December 2018 and ongoing after that if not implemented.
5. Tier One agencies must give effect to requirements 2-6 by 31 December 2020.
6. Tiers Two, Three and Four agencies must have regard to requirements 2-6 by 31 December 2020 and ongoing after that if not implemented.
7. The requirement for Tiers One, Two and Three agencies to give effect to, and for Tier Four to have regard to, requirements 7-9 is ongoing from the date of this direction and applies as relevant, ie when the agency changes a system or when assistance is sought by the Registrar.
8. The requirement for Tiers One, Two and Three agencies to give effect to, and for Tier Four to have regard to, requirement 10 commences with the annual report due in 2016 and is ongoing thereafter.

Direction on Financial and Other Assistance to Permanent Caregivers

To: The Chief Executive of the Ministry of Social Development.

Under section 388A(2)(e) of the Children, Young Persons, and Their Families Act 1989, the Minister for Social Development gives the following direction.

Direction

1. Title—This direction is the Direction on Financial and Other Assistance to Permanent Caregivers.

2. Commencement—This direction comes into force on **1 July 2016**.

3. Interpretation—In this direction, **Act** means the Children, Young Persons, and Their Families Act 1989, and terms defined in section 2 of the Act have the same meanings in this direction.

4. Application—This direction applies to the determination of whether to provide financial or other assistance under section 388A(2) of the Act to a permanent caregiver of a child or young person.

5. Need for assistance—(1) In determining whether there is a need for assistance that arises from the care and protection needs or the extraordinary health, education, or developmental needs of the child or young person, you should only consider a need that is clearly identified and arises from:

- a. care or protection needs that are attributable to:
 - i. the circumstances that led to the child or young person being placed into care or custody under the Act;
or
 - ii. the child's or young person's experience while in care or custody under the Act; or
- b. health, education, or developmental needs that are very unusual.

(2) Examples of care and protection needs are:

- a. the cumulative effect of abuse, neglect or other harm;
- b. behavioural difficulties.

6. Needs greater than is reasonable for caregiver to meet—In determining whether the child's or young person's care and protection needs or extraordinary health, education, or developmental needs are greater than it is reasonable to expect the permanent caregiver to meet, you must consider the following matters:

- a. The cost of meeting those needs;
- b. the financial circumstances of the caregiver;
- c. whether the impact of meeting those needs would, or would be likely to, cause financial or other hardship to the caregiver or the caregiver's family;
- d. whether, and to what extent, support is available from the child's or young person's family group.

7. Needs cannot be met by other sources—In determining whether the child's or young person's care and protection needs or extraordinary health, education, or developmental needs cannot be met by existing sources of support under the Act or any other enactment, and are unlikely to be provided otherwise, you may (without limitation) consider the following examples of support:

- a. Support for health or disability needs or other special assistance under the Social Security Act 1964;
- b. support for educational needs under the Education Act 1989;
- c. support for health or disability needs under the New Zealand Public Health and Disability Act 2000.

8. Reasonable for chief executive to provide assistance—In determining whether it is reasonable in the circumstances for the chief executive to provide the assistance identified in accordance with clause 5, you must consider the following matters:

- a. The impact of not providing the assistance on the child's or young person's development and well-being;
- b. whether providing the assistance is consistent compared with financial and other assistance provided under section 388A(2) to other children and young people in similar circumstances;
- c. whether, within a defined period, the assistance would achieve a defined outcome for the child or young person in relation to the need;
- d. whether the assistance would meet the need adequately;

e. evidence about what assistance is effective.

Dated at Wellington this 4th day of July 2016.

HON ANNE TOLLEY, Minister for Social Development.

Explanatory note

This note is not part of the direction but is intended to indicate its general effect.

This direction by the Minister for Social Development, which comes into force on 1 July 2016, identifies relevant considerations for determining whether financial or other assistance under section 388A(2) of the Children, Young Persons, and Their Families Act 1989 must be provided to a permanent caregiver of a child or young person.
