ACC Board's 2017-2019 Recommended Levy Rates

ACC Board's 2017-2019 Recommended Levy Rates

Pursuant to the Accident Compensation Act 2001

ACC provides no-fault personal injury cover for all New Zealand residents and visitors to New Zealand. The money to fund these services comes from levies on peoples' earnings, employers, petrol and vehicle registrations, as well as from the government.

Before the levies are set each year, ACC gives businesses, self-employed and individuals the opportunity to submit feedback not only on the levy proposals, but on all aspects of the Scheme.

The consultation process for the 2017-2019 levy period took place from 21 September 2016 to 19 October 2016.

The ACC Board would like to thank everyone who made a submission during the levy consultation. We received 1,081 submissions in total, including 1,038 through our consultation website

www.shapeyouracc.co.nz

All of the submissions were considered and the ACC Board have made their recommendations to the Minister for ACC, the Honourable Nathan Guy.

What are the ACC Board's 2017-2019 recommended levy rates?

<i>Who pays and how they pay</i>	<i>Current 2016-2017</i>	<i>Recommended 2017-2019</i>	<i>Change</i>
Cover for work injuries paid by self-employed* people and employers (invoiced directly by ACC)	\$0.80 [#]	\$0.72 [#]	Down 8c (-10%)
Cover for non-work injuries paid by employees (through PAYE) and by self-employed people	\$1.21	\$1.25	Up 4c (+3%)

Cover for motor vehicle injuries paid by motorists (through licensing fees and petrol levy)	\$130.26 [#]	\$113.94 [#]	Down \$16.32 (-13%)
---	-----------------------	-----------------------	---------------------------

* Self-employed and non-PAYE shareholders also pay the non-work claims levy.

These are average rates. Individual rates for industry groups and motor vehicle classes may increase or decrease.

Proposed levy rates are GST exclusive.

The ACC Board has also recommended some other changes, including:

- reducing the petrol levy from 6.9 cents to 6.0 cents per litre;
- maintaining the motorcycle levies; and
- increasing the minimum and maximum liable earnings limits (for Work and Earners' levies).

You can find more detailed information on the recommended levy rates and summaries of what we consulted on by visiting

Notice of Adoption of Replacement Procurement Plan

1. Under clause 5(c) of Schedule 1 of the Electricity Industry Act 2010 (“Act”), I give notice that the Electricity Authority (“Authority”) adopts a replacement procurement plan for the purposes of clause 8.44(7) of the Electricity Industry Participation Code 2010 (“Code”).
2. The adoption of the procurement plan has effect from **1 December 2016**.
3. The procurement plan is a document incorporated by reference into the Code as having legal effect in accordance with section 32 of the Act.
4. A copy of the procurement plan and the Code is available on the Authority’s website www.ea.govt.nz/code-and-compliance/the-code/documents-incorporated-into-the-code-by-reference/
5. A copy of the procurement plan and the Code may also be inspected free of charge or purchased from the Electricity Authority, Level 7, ASB Bank Tower, 2 Hunter Street, Wellington.

Dated at Wellington this 17th day of November 2016.

Notice Under Sections 148B and 149 of the Financial Advisers Act 2008

Pursuant to section 148 of the Financial Advisers Act 2008, the Financial Markets Authority (FMA) on 18 November 2016 granted the exemption contained in the Financial Advisers (GT Nominees Limited) Exemption Notice 2016.

The notice exempts GT Nominees Limited (“GT Nominees”) from compliance with Regulation 9 of the Financial Advisers (Custodians of FMCA Financial Products) Regulations 2014 (“Custodian Regulations”) in respect of FMCA custodial services provided to persons who are clients of GT Nominees as at the commencement of the notice, in respect of FMCA financial products held on behalf of those clients as at that date (“specified custodial services”), subject to the conditions that the value of FMCA financial products in respect of which the custodial services are provided, does not exceed \$250,000.00 and that GT Nominees does not provide any other FMCA custodial services.

The FMA, after satisfying itself as to the matters set out in section 148(2) of the Act, considers it appropriate to grant an exemption because:

- the scope of the exemption is limited to the specified custodial services, and the exemption only applies for so long as the scale of FMCA custodial services provided by GT Nominees remains limited;

- the benefits of compliance are limited because of the limited scale of the FMCA custodial services provided by GT Nominees, including in particular the low value of the assets held, noting also that, pursuant to the Custodian Regulations, GT Nominees must still provide information to investors about client money and client property received, held, or paid;
- the limited scale of the FMCA custodial services being provided by GT Nominees, and in particular the low value of the assets held, means that the cost of obtaining an assurance report, as otherwise required by Regulation 9 of the Custodian Regulations, would be disproportionate in the context of risks and benefits, and would therefore be unreasonable or not justified by the benefits of compliance; and
- the portfolios to which the FMCA custodial services relate have been in wind-up since 2013. It is envisaged that the wind-up will be completed in 2017. The exemption facilitates the continued orderly wind-up of the portfolios, and incurring the costs of an assurance report would be unreasonable or not justified in the context of a portfolio that is in its last stages of being wound-up with a relatively low level of remaining assets. This is reflected in the duration of the exemption and the conditions of the exemption.

Copies are available on the Financial Markets Authority's website

www.fma.govt.nz

Copies are also available for purchase on request to the Financial Markets Authority, Level 2, 1 Grey Street, Wellington, or Level 5, Ernst & Young Building, 2 Takutai Square, Britomart, Auckland, or by post to PO Box 1179, Wellington 6140.

Notification of Ordinary Rule

Pursuant to section 161(3) of the Land Transport Act 1998, notification is hereby given of the making of the *Land Transport Rule: Vehicle Dimensions and Mass 2016* ("VDAM Rule").

The VDAM Rule revokes and replaces the current *Land Transport Rule: Vehicle Dimensions and Mass 2002*. It sets vehicle size and weight limits, and vehicle configuration requirements, with a focus on heavy vehicles, and is intended to strike a reasonable balance between the risks that heavy vehicles present to public safety and the efficient operation of the heavy vehicle fleet within the constraints imposed by the road network. It comes into force on **1 February 2017**.

The VDAM Rule is available for inspection, free of charge, at the National Office of the NZ Transport Agency, 50 Victoria Street, Wellington, and at the NZ Transport Agency's regional offices. Bound copies of the Rule are available for purchase from selected bookshops that sell legislation and can also be purchased from Wickliffe NZ Limited, PO Box 932, Dunedin 9054 (telephone: (06) 358 8231).

Land Transport Rules are available on the website at

Departmental

Partnerships

Notice to the Science Board

1. Pursuant to section 8(1) of the Research, Science, and Technology Act 2010 (“Act”), I set the criteria specified in this notice for the assessment by the Science Board of proposals for Partnerships funding.

Policy Objectives

2. The policy objective of the Partnerships Scheme is to invest in research, science, or technology, or related activities that focus on areas of future value, growth or critical need for New Zealand through the establishment of sector-led research partnerships.
3. It is intended that the Partnerships Scheme will:
 - a. facilitate sector-led investment and collaborative effort in longer term research activity;
 - b. focus on developing emerging ideas; and
 - c. give effect to the Vision Mātauranga policy.

Interpretation

4. In this notice:
 - a. **areas of future value, growth or critical need for New Zealand** refers to the priorities signalled in the Partnerships Investment Plan.
 - b. **co-funding** means a cash contribution from sector partners or other sources, which excludes:
 - i. central government funding;
 - ii. funding from a subsidiary of either a Crown Research Institute or a Tertiary Education Institute which can qualify as co-funding only if the Science Board considers that is appropriate. Funding from a subsidiary that has been created to leverage Partnerships funding will not qualify as co-funding;
 - iii. levy funding administered by the government, unless the responsible Government Agency agrees that the stated purpose of the levy is consistent with the proposed programme of research; and
 - iv. funding which has been counted for the purposes of any other government grant scheme.
 - c. **investment signals** means the government investment priorities found in the current Partnerships Investment Plan.
 - d. **programme of research** means a portfolio of coordinated, coherent, strategic research activities that:
 - i. has a common objective or set of objectives; and
 - ii. is focused on exploring and developing emerging ideas.
 - e. **sector** means users of research, which must be organisations constituted as legal entities.
 - f. **Vision Mātauranga** means the government policy which aims to unlock the innovation potential of Māori knowledge, resources, and people for the benefit of New Zealand.
 - g. **research organisation** means an organisation that has internal capability for carrying out research, science or technology, or related activities.
 - h. **developing emerging ideas** refers to the horizons-based model for thinking about public science investment in the National Statement for Science Investment.

Funding Decisions

5. The Science Board must make funding decisions on proposals for the Partnerships Scheme in accordance with:
 - a. the Public Finance Act 1989 and the relevant Appropriation Acts for Vote Business, Science and Innovation;

- b. the eligibility criteria specified in this notice;
- c. the assessment criteria specified in this notice; and
- d. the current Partnerships Investment Plan published by the Ministry of Business, Innovation, and Employment (ISSN 2537-7019).

Eligibility Criteria

6. The following eligibility criteria apply:
 - a. Partnerships must include at least:
 - i. two sector partners or a sector representative body; and
 - ii. one research organisation, which may be either a partner in the partnership, or an organisation contracted by the sector partners to undertake the research, science, or technology, or related activities of the partnership.
 - b. The Science Board must not fund a programme of research for more than two terms of up to seven years each.
 - c. The partnership must invest a minimum of 60% co-funding of the total cost of the research, science, or technology, or related activities carried out by the partnership over the first term of the Partnerships funding.
 - d. Where a partnership is successful in achieving funding for a second term, the partnership must invest a minimum of 70% co-funding of the total cost of the research, science, or technology, or related activities carried out by the partnership over the second term of the Partnerships funding.
 - e. The majority of research, science or technology or related activities are to be undertaken in New Zealand, unless the Science Board considers that there are compelling reasons to consider the proposals, despite the amount of research, science or technology or related activities being proposed to be undertaken overseas.
 - f. Applicants must:
 - i. meet any applicable timing, formatting, system or other similar administrative requirements imposed by the Ministry of Business, Innovation, and Employment in supplying administrative services to the Science Board under section 10(7) of the Act; and
 - ii. advise that, if successful, they will adhere to the terms and conditions of funding set out in an investment contract determined by the Science Board.
 - g. Not be made by a department of the public service as listed in Schedule 1 of the State Sector Act 1988.
 - h. Not be for research with the primary objective of health outcomes.

Assessment Criteria

7. A proposal that has been assessed by the Science Board as meeting the eligibility criteria and as being consistent with investment signals must be assessed with regard to the extent to which the proposal meets the following criteria:
 - a. Excellence (weighted 50%)
 - i. Science (weighted 25%). Research should be well-designed, well-performed, and leverage additional value from wider research. Assessment must have particular regard to whether the proposed research, science or technology or related activities:
 - progress and disseminate new knowledge;
 - possess scientific risk, technical risk or innovative approaches;
 - are well-positioned in the domestic and international research context; and
 - have a well-managed research plan and credible approach to risk management.
 - ii. Team (weighted 25%). The proposed team should have the demonstrated mix of complementary skills, knowledge and resources to deliver the proposed research, science or technology or related activities and to manage risk.

- b. Impact (weighted 50%)
- i. Benefit to New Zealand (weighted 25%). Research should have direct and indirect benefits or effect on individuals, communities or society as a whole, including broad benefits to New Zealand's economic, social, human or natural capital. Assessment must have particular regard to:
 - the credibility of the need for, scale and extent of potential benefits from the proposed research, science or technology or related activities; and
 - the relevance and additional value they deliver to New Zealand.
 - ii. Implementation Pathway(s) (weighted 25%). The credibility of implementation pathway(s) to deliver public benefits to New Zealand, not limited to a single firm or end user, and the strength of relationships with relevant end users, beneficiaries, or stakeholders.

Additional Assessment Criteria

8. When assessing proposals and allocating Partnerships funding, the Science Board must take the following additional criteria into account:
- a. the policy objectives specified in this notice including, where relevant, the Vision Mātauranga policy; and
 - b. governance and commercial arrangements; these must be well positioned to support the proposed programme of research and the investment signals.

Revocation of Previous Notices

9. I hereby revoke the following notices:
- a. Criteria for Proposals for Partnerships Funding, published in the [New Zealand Gazette, 15 March 2012, No. 33, page 1006](#);
 - b. Criteria for Proposals for Partnerships Funding, published in the [New Zealand Gazette, 20 November 2014, Issue No. 140, Notice No. 2014-go7149](#); and
 - c. Amending a Notice - Criteria for Proposals for Partnerships Funding, published in the [New Zealand Gazette, 3 December 2015, Issue No. 132, Notice No. 2015-go7123](#).

Dated at Wellington this 4th day of November 2016.
