## Land Transport Rule: Hurunui-Kaikōura Earthquakes 2016

Pursuant to sections 162 and 163 of the Land Transport Act 1998, and after having had regard to the criteria specified in section 164(2) of that Act, I, Fergus Gammie, Chief Executive of NZ Transport Agency, make the following emergency Rule:

**1. Title**—This Rule is *Land Transport Rule: Hurunui-Kaikōura Earthquakes 2016*.

**2. Commencement**—This Rule comes into force on **21 December 2016**.

**3. Expiry**—This Rule expires at the close of 20 March 2017.

**4. Purpose**—The purpose of this Rule is to:

- (a) manage the immediate response to a sudden change in traffic volumes along certain State highways following the Hurunui-Kaikōura earthquakes on 14 November 2016 and the subsequent closure of parts of State Highway 1, in order to minimise the risk of death or injury to a person or damage to property; and
- (b) allow time for more permanent measures to be developed to assist in safely managing traffic volumes along those State highways.

**5. Interpretation**—A term that is used in this Rule and defined in the Land Transport Act 1998 but not defined in this Rule has the meaning given in that Act.

**6. Speed limits for certain State highways in the South Island**—(1) The speed limits specified in the fourth column of Part A of the Schedule are the speed limits for the parts of State highways described in the three previous columns.

(2) The speed limits specified in the fourth column of Part A of the Schedule are shown in the map of State highways in Part B of the Schedule.

(3) If there is any inconsistency between Part A and Part B of the Schedule, Part A prevails.

(4) Subclause (1):

- (a) applies despite any provision of *Land Transport Rule: Setting of Speed Limits 2003* to the contrary; but
- (b) notwithstanding paragraph (a), does not prohibit a road controlling authority from setting a temporary speed limit in accordance with section 5 of that Rule.

(5) Subclause (1) applies despite any bylaw setting a speed limit for any of the State highways, or any part of the State highways, listed in the Schedule.

**7. Speed limit signage**—(1) The Agency must install a speed limit sign at or near, and not more than 20m from, the point on a State highway at which a speed limit set by this Rule begins or changes.

(2) At any intersection between a State highway listed in the Schedule and any other road, the Agency must install a speed limit sign on the left-hand side of the other road at or near, and not more than 20m from, the intersection, indicating the speed limit.

(3) In addition to subclause (2), the Agency must install a speed limit sign on the right-hand side of the road, or on the central median where appropriate, at or near, and no more than 20m from, the point at which the road intersects the State highway indicating the speed limit, if the estimated two-way average daily traffic at that intersection exceeds 500 vehicles.

## Notice of Appointment of a Crown Manager for the Tai Poutini Polytechnic

### Preamble

The Tai Poutini Polytechnic (TPP) is based on the West Coast, with delivery of education provision on the West Coast as well as in Auckland and Christchurch. TPP is forecasting a significant financial deficit for 2016 (against an original forecast of a small surplus) as a result of falling student numbers. Furthermore, TPP has acknowledged that without significant change, it will not have sufficient funds to meet its financial obligations. This has been verified by an independent review undertaken by PricewaterhouseCoopers.

Earlier in 2016, the Tertiary Education Commission (TEC) commissioned an investigation of TPP's delivery of teaching against funding conditions, as a result of some issues revealed in an audit undertaken as part of the TEC's regular audit programme. The draft findings of an investigation undertaken by Deloitte indicate serious under-delivery of provision in a number of programmes TPP provides. The New Zealand Qualifications Authority (NZQA) is currently undertaking an assessment of qualifications TPP provides in response to these draft findings.

The council of TPP wrote to me on 8 November 2016 requesting that I consider appointing a Crown manager to address these issues. Having considered:

1. this request;
2. available information; and
3. the Risk Assessment Criteria for Tertiary Education Institutions (determined and published by the Secretary for Education pursuant to section 195A of the Education Act 1989)

I gave notice of an intention to appoint a Crown manager for TPP on 21 November 2016. At that time, I believed there was a serious risk to the operation or long-term viability of TPP and that the education performance of students at TPP may be at risk for the reasons set out above. I signalled that I intended to appoint a Crown manager to TPP with the objective of:

- ensuring that there is access to tertiary level vocational education and training on the West Coast that:
  - is effective, sustainable and of high quality;
  - is appropriate to the needs of students and employers; and
  - contributes to the economic development of the West Coast;
- improving TPP's financial performance, management and reporting systems; and
- ensuring the appropriate use of public funding.

I received submissions from TPP on 30 November 2016 in response to my notice of intention to appoint a Crown manager. Having considered those submissions, I have confirmed my belief that there is a serious risk to the operation or long-term viability of TPP and that the educational performance of students at TPP may be at risk. I therefore appoint a Crown manager on the basis below and with the continued objectives outlined below.

### Appointment

Pursuant to a request by the council of TPP under section 222F of the Education Act 1989, I give notice, under section 222C of the Education Act 1989, of appointment of a Crown manager for TPP. The Crown manager is

Murray Strong

and his appointment will take effect on 12 December 2016.

The Crown manager will perform the following functions:

- Monitor and evaluate the performance of the chief executive – the Crown manager will be responsible for all matters relating to the employment of the chief executive (although the TPP council will remain his employer for contractual and legislative purposes);
- prepare TPP's proposed investment plan except in relation to the provision of tertiary education programmes and activities on the West Coast (which will be prepared by the council in consultation with the Crown manager);
- in relation to TPP's current investment plan for 2015–2016:
  - ensure that TPP is managed in accordance with the overall investment plan; and

- determine policies to implement that plan including in relation to its financial performance, to address the final findings of the Deloitte investigation (if any) into its educational performance and to assess any issues arising from NZQA's assessment of qualifications provided by TPP (if any);
- determine, subject to the State Sector Act 1988, TPP's policies in relation to its financial management, financial reporting, financial strategy, including reviewing existing budgets and preparing any future budgets; and
- undertake planning relating to TPP's long-term strategic direction, in particular with regard to ensuring continued provision on the West Coast.

The conditions subject to which the Crown manager may perform the functions are as follows:

- the Crown manager will work co-operatively with the council and will, where appropriate, engage with third party stakeholders;
- the council will retain its primary duty of care as a person conducting a business or undertaking, under the Health and Safety at Work Act 2015, above and beyond all functions, duties and powers of the Crown manager.

The Crown manager will, as he considers appropriate, advise the council on matters relating to his functions.

Dated at Wellington this 12th day of December 2016.

HON STEVEN JOYCE, Minister for Tertiary Education, Skills and Employment.

[page 3018](#), is revoked.

Dated at Wellington this 9th day of December 2016.

HON SIMON WILLIAM ENGLISH, Minister of Finance.

HON LOUISE CLAIRE UPSTON, Minister for Land Information.

***Explanatory note***

This note is not part of the notice, but is intended to indicate its general effect.

This notice, which comes into force on 1 February 2017, sets out exemptions from section 16(1)(f) of the Overseas Investment Act 2005 (“Act”). Section 16 of the Act sets out the criteria for an overseas investment in sensitive land. If the relevant land in relation to a proposed overseas investment in sensitive land is or includes farm land, section 16(1)(f) of the Act requires that the farm land or farm land securities be offered first for acquisition on the open market to persons who are not overseas persons in accordance with the procedure set out in regulations. However, that requirement does not apply to the extent that an exemption in this notice applies.

This notice:

- replaces the Notice of Exemptions From Farm Land Offer Criterion Pursuant to Section 20 of the Overseas Investment Act 2005 made on 1 August 2005 (“2005 notice”). The 2005 notice is revoked. The exemptions in the 2005 notice are, in general, restated in this notice (in clause 4(a) to (i)); however, some exemptions are updated in this notice to take into account changes in the law (for example, the regulation of financial markets conduct);
- provides for two new exemptions from section 16(1)(f) of the Act. The new exemptions are in clause 4(j) and (k). The first new exemption relates to the acquisition of a lease or any other interest (other than a freehold estate) in farm land for a term of not more than 20 years. The second new exemption relates to the acquisition of farm land securities in a person if the only interest (other than an easement or a *profit à prendre*) owned or controlled by that person in sensitive farm land is a lease or any other interest (other than a freehold estate) for a term of not more than 20 years. If the farm land was the subject of a previous overseas investment in sensitive land in the 20 years prior to the date of acquisition under a transaction, the new exemptions will apply only if consent was obtained for the transaction that resulted in that previous overseas investment and section 16(1)(f) of the Act was complied with.

### **Education Council of Aotearoa New Zealand: New Category of Practising Certificate (Practising Certificate (Interim))**

Pursuant to sections 361(4)(a)(ii) and 364(1)(b) of the Education Act 1989 (“Act”), the following notice is given.

Following the implementation of the Education Amendment Act 2015, teachers who held practising certificates for one year prior to the establishment of the Education Council on 1 July 2015 were deemed to hold a two-year practising certificate expiring on 1 July 2017 (at the latest). In contrast, persons who applied to the Education Council for practising certificates after 1 July 2015 have been granted practising certificates valid for three years.

The two-year expiry date for the former group of teachers was not set by the Education Council, but rather was prescribed by one of the transitional provisions implemented under clause 6(b) of Schedule 20 of the Act. For those teachers who applied for practising certificates after the Education Council was established, and who were granted certificates for three years, the Education Council was acting in accordance with the Act in granting certificates for this length of time – three years being the default expiry period for practising certificates set under the Act. Accordingly, the Education Council was not exercising its discretion in setting two different time periods, but rather was acting in accordance with its governing legislation.

However, in order to ensure fairness to the former group of teachers, the Education Council has decided to establish a new category of practising certificate called the practising certificate (interim).

Pursuant to standards and criteria established by the Council under section 382(1)(h) of the Act, a teacher will be eligible to receive a practising certificate (interim) where:

- i. the teacher holds a current practising certificate; and
- ii. the teacher has been issued with, or has renewed, their practising certificate in the 12 months prior to the establishment of the Education Council on 1 July 2015.

The practising certificate (interim) will enable the holder’s practising certificate status to continue until the date their practising certificate would have expired under the Act, before it was amended by section 40 of the Education Amendment Act 2015.

The practising certificate (interim) will be applied with the appropriate status of provisional, subject to confirmation or full, and will expire on the date that the applicant’s previous practising certificate would have expired before the amendment to the Act. All other applicable criteria and standards which apply to the various categories of practising certificate, and any conditions placed on individual practising certificates (including suspension), will continue to apply.

Further information about this category of practising certificate is available on the Education Council website [educationcouncil.org.nz](http://educationcouncil.org.nz)

In accordance with the need for fairness, the Education Council will not charge fees for applications for the practising certificate (interim).

Printed copies of this notice are available free from the Education Council of Aotearoa New Zealand offices at 80 Boulcott Street, Wellington 6011.

Dated this 15th day of December 2016.

BARBARA ALA’ALATO, Chair of the Education Council of Aotearoa New Zealand.
