## Auckland Electric Vehicles - Phase 2 Trial Bylaw

Under section 61(3) of the Government Roading Powers Act 1989, the NZ Transport Agency is proposing to create an Auckland Electric Vehicles - Phase 2 Trial Bylaw.

The proposed bylaw is intended to facilitate ease of access to, and the effectiveness of, electric vehicles travelling in specific priority bypass lanes for a 12-month period, after which the bylaw will be revoked.

The Energy Innovation Bill and supporting Road User Rules must be enacted prior to this bylaw coming into force. This consultation is in anticipation of these changes.

A copy of the draft bylaw and accompanying schedules may be obtained on the website at [www.nzta.govt.nz/auckland-electric-vehicles-phase-2-trial-bylaw-2017](http://www.nzta.govt.nz/auckland-electric-vehicles-phase-2-trial-bylaw-2017) together with questions and answers.

We welcome your input and views on the proposed bylaw.

Submissions close on **3 August 2017 at 5.00pm**.

For further information about the bylaw email: [AEVTbylaw@nzta.govt.nz](mailto:AEVTbylaw@nzta.govt.nz).

## Notice Replacing Scopes of Practice and Prescribed Qualifications for the New Zealand Medical Radiation Technologists Board

This notice replaces all previous scopes of practice and prescribed qualifications notices of the New Zealand Medical Radiation Technologists Board (“Board”).

### Introduction

Under section 11 of the Health Practitioners Competence Assurance Act 2003 (“Act”), the Board is obliged to define each of the practice areas (known as **scopes of practice** or **scopes**) that make up the practice of medical radiation technology. The Board’s role is to identify for each of these scopes of practice the aspects of medical radiation technology covered by each scope. Medical radiation technology practitioners seeking to practise in New Zealand must first be registered with the Board in one or more of the scopes of practice as defined in this notice.

Section 12 of the Act requires the Board to formally “prescribe” the specific qualifications that medical radiation technology practitioners must have, to be eligible for registration in each of the scopes of practice. The prescribed qualifications may be different for each scope of practice.

### The Profession of Medical Radiation Technology

Medical radiation technology is a patient-centred profession that encompasses the practices of medical imaging and radiation therapy. Medical imaging practitioners use different technologies to create images of the human body for diagnosis and the staging and management of disease. Radiation therapy practitioners use technology to create and evaluate images and data related to the localisation, planning and delivery of radiation treatments.

### Scopes of Practice

The profession of medical radiation technology contains eight scopes of practice. Pursuant to section 11 of the Act, the Council specifies those scopes of practice as:

#### 1. Scope of Practice - Medical Imaging Technologist

Medical Imaging Technologists are responsible for the outcome of the diagnostic imaging examination. The outcome of the examination is recorded electronically to allow for consultation with other health and medical practitioners.

Medical Imaging Technologists produce high quality diagnostic radiographs or carry out diagnostic procedures using ionising radiation. With appropriate training, Medical Imaging Technologists may practise computed tomography (CT), mammography, and angiography. Medical Imaging Technologists evaluate the diagnostic quality of images and take corrective measures as required.

Medical Imaging Technologists competencies include, but are not limited to, patient care, patient positioning, imaging physics and technology, anatomy and physiology identification and assessment, bioeffects and radiation safety, clinical and organisational responsibility for the examination, and quality assurance.

#### 2. Scope of Practice - Radiation Therapist

Radiation Therapists are responsible for the planning and delivery of radiation treatment, primarily for people diagnosed with cancer. Radiation Therapists create and evaluate images for the localisation, planning and delivery of radiation treatment according to the prescription of the Radiation Oncologist.

Radiation Therapists provide specific care to patients throughout the course of their treatment and educate patients on the management of any treatment related side-effects.

Radiation Therapists’ competencies include, but are not limited to, patient care, treatment design and delivery, radiation safety, clinical and organisational responsibility for the planning and treatment, and quality assurance.

#### 3. Scope of Practice - Nuclear Medicine Technologist

Nuclear Medicine Technologists are responsible for the outcome of the nuclear medicine examination. The outcome of the examination is recorded electronically to allow for consultation with other health and medical practitioners.

Nuclear Medicine Technologists are involved in the preparation, administration, imaging and quantification of diagnostic pharmaceuticals to demonstrate organ and molecular function as well as the delivery of therapeutic radiopharmaceuticals to treat a number of pathologies.

Nuclear Medicine Technologists operate gamma camera systems (SPECT) and PET imaging systems with or without sealed sources of radioactive materials or x-ray tubes for attenuation correction, anatomical fusion, transmission imaging or, subsequent to a Board-approved training programme, diagnostic CT.

Nuclear Medicine Technologists’ competencies include, but are not limited to, patient care, patient positioning, preparation and administration of radiopharmaceuticals, radionuclide and radiation safety, in-vitro diagnostic

testing, radionuclide therapy, clinical and organisational responsibility for the examination, and quality assurance.

#### **4. Scope of Practice - Sonographer**

Sonographers are responsible for the outcome of the diagnostic ultrasound examination. The outcome of the examination is recorded electronically to allow for consultation with other health and medical practitioners.

Sonographers perform a wide range of real-time diagnostic examinations and may at their discretion (and in accordance with clinical and workplace guidelines) extend the examination to include relevant regions and/or sequences not suggested in the referral.

Sonographers' competencies include, but are not limited to, patient care, ultrasound physics and technology, anatomy and physiology identification and assessment, diagnostic interpretation of the ultrasound findings, bioeffects and the use of ultrasound technology, clinical and organisational responsibility for the examination, and quality assurance.

#### **5. Scope of Practice - Magnetic Resonance Imaging (MRI) Technologist**

Magnetic Resonance Imaging (MRI) Technologists are responsible for the outcome of the MRI examination. The outcome of the examination is recorded electronically to allow for consultation with other health and medical practitioners.

MRI Technologists produce high quality diagnostic images using a powerful magnetic field. MRI Technologists may at their discretion (and in the accordance with clinical and workplace guidelines) extend the examination to include relevant regions and/or sequences not suggested in the referral or protocol.

MRI Technologists' competencies include, but are not limited to, patient care, patient positioning, use of magnetic resonance imaging physics and technology, bioeffects and magnetic resonance safety, clinical and organisational responsibility for the examination, and quality assurance.

#### **6. Scope of Practice - Trainee Nuclear Medicine Technologist**

Suitably qualified applicants can apply for registration as a Trainee Nuclear Medicine Technologist in an approved training programme in nuclear medicine. Upon completion of the nuclear medicine training programme, and meeting the requirements for demonstrating clinical competence, the Trainee Nuclear Medicine Technologist is eligible to apply for registration in the scope of practice of Nuclear Medicine Technologist.

#### **7. Scope of Practice - Trainee Sonographer**

Suitably qualified applicants can apply for registration as a Trainee Sonographer in an approved training programme in ultrasound. Upon completion of the ultrasound training programme, and meeting the requirements for demonstrating clinical competence, the Trainee Sonographer is eligible to apply for registration in the scope of practice of Sonographer.

#### **8. Scope of Practice - Trainee Magnetic Resonance Imaging (MRI) Technologist**

Suitably qualified applicants can apply for registration as a Trainee MRI Technologist in an approved training programme in MRI. Upon completion of the MRI training programme, and meeting the requirements for demonstrating clinical competence, the Trainee MRI Technologist is eligible to apply for registration in the scope of practice of Magnetic Resonance Imaging (MRI) Technologist.

### **Betting Rules Amendment Notice (No. 3) 2017**

Pursuant to section 54 of the Racing Act 2003, the New Zealand Racing Board hereby gives notice of the following amendments to the Betting Rules published as a Supplement to the [New Zealand Gazette, 25 August 2003, No. 113, page 2981](#).

Deleted words are ~~struck out and in red~~.

These amendments to the Betting Rules are as follows:

#### **15.13 Football**

~~[DELETE] (g) Bets on the number of corners in a match refers to corners taken rather than corners awarded. If a corner is awarded but the whistle blows for the end of the match before it is taken, then it will not count towards total corners.~~

#### **15.13 Football**

[INSERT] (g) Bets on the number of corners in a match refers to corners taken rather than corners awarded. For example, if a corner is awarded but the whistle blows for the end of the match before it is taken, then it will not count towards total corners.

These Rules come into force on **23 June 2017**.

Full copies of the Betting Rules may be inspected on request at TAB offices or downloaded from the New Zealand Racing Board website: [www.tab.co.nz](http://www.tab.co.nz).

**Notice of Intention to Take Land for University Teaching and Research Purposes  
—55 Park Road, Grafton, Auckland**

Notice is hereby given that the University of Auckland, under the provisions of section 23 of the Public Works Act 1981, proposes to take the land (“land”) described in the Schedule to this notice for university teaching and research purposes.

The land is required for university teaching and research purposes and it is intended to use the property of which the land is part for the purposes of the construction and use of a university teaching and research building.

The reasons why the University of Auckland considers it reasonably necessary to take the land is as follows:

- a. The University of Auckland wishes to construct a new teaching and research building on the property the University of Auckland owns at 55–57 Park Road, Grafton, Auckland;
- b. construction of the new building on that property will require the demolition of the existing building currently on it;
- c. the land is part of the existing building and the University of Auckland requires vacant possession of the whole of the existing building, including the land, to be able to demolish the existing building and construct and use the new teaching and research building; and
- d. to achieve this the University of Auckland requires vacant possession of all parts of the existing building.

The owners of the land and those persons with an interest in it have been served with notice of the University of Auckland’s intention to take the land and have been advised of their right to object.

Any other person having the right to object may send a written objection to the Registrar, Environment Court, Tribunals Division, Department of Courts, PO Box 7147, Wellesley Street, Auckland 1141, within 20 working days after the date of publication of this notice.

If any objection is made in accordance with this notice, a public hearing will be held with the right of the objector to appear and be heard personally, unless the objector otherwise requires, and each objector will be informed of the time and place of the hearing.

Any person requiring further information in respect of this notice should contact Gemma Park, PwC, 188 Quay Street, Auckland 1010. Postal Address: Private Bag 92162, Auckland 1142. Telephone: (09) 355 8903.

## **Notice of Intention to Take an Easement in Gross—Kaikohe-Kaitaia Single Circuit 110kV Transmission Line Project, Waipapa, Far North District**

Notice is hereby given that the Minister for Land Information proposes to take, under the Public Works Act 1981, the easement (“easement”) over the land described in the Schedule of this notice (“land”).

The easement is required for the Kaikohe-Kaitaia Single Circuit 110kV Transmission Line Project (“project”).

Pursuant to section 186(1) of the Resource Management Act 1991, the Minister for Land Information has agreed to have the easement acquired under Part 2 of the Public Works Act 1981.

By way of section 186(2) of the Resource Management Act 1991, the effect of any proclamation taking the easement for the purposes of section 186(1) shall be to vest the easement in Top Energy Limited, being the network utility operator responsible for the project instead of the Crown.

The project will allow Top Energy Limited to construct a single-circuit high-voltage transmission line with a nominal operating voltage of up to 110kV and other electrical and communications works together with all associated works installed or constructed from Wiroa to Kaitaia.

The project is required to improve the capacity, security and reliability of the electricity distribution network in the Far North region to meet growth and increasing demand for electricity in the region, and to remedy underlying network weakness, which will provide a more secure supply for the region.

The owner of the land and those persons with a registered interest in it have been served with notice of the Minister for Land Information’s intention to take their interest and advised of their right to object.

Any other person having the right to object may send a written objection to the Registrar, Environment Court, Ministry of Justice, Level 2, 41 Federal Street, Auckland 1010, or by post to PO Box 7147, Wellesley Street, Auckland 1141 or DX CX10086, Auckland, within 20 working days after the date of publication of this notice.

If any objection is made in accordance with this notice a public hearing will be held with the right of the objector to appear and be heard personally, unless the objector otherwise requires, and each objector will be informed of the time and place of the hearing.

A copy of the terms and conditions of the easement can be obtained from Bart van Stratum, Senior Portfolio Manager, Land Information New Zealand, PO Box 5501, Wellington 6145. Telephone: (04) 460 0123.
