Inquiries Act 2013

Establishment of the Government Inquiry into the Whey Protein Concentrate Contamination Incident

Pursuant to section 6(3) of the Inquiries Act 2013, I, The Honourable Nathan Guy, Minister for Primary Industries, and I, The Honourable Nikki Kaye, Minister for Food Safety, hereby establish the Government Inquiry into the Whey Protein Concentrate Contamination Incident ("Inquiry").

Membership

The following persons are appointed to and constitute the Inquiry:

- Miriam Rose Dean, CNZM QC (chairperson);
- Dr Anne Marie Astin, PSM (member); and
- Anthony John Nowell, CNZM (member).

Terms of Reference

Background

New Zealand has a reputation as a credible and trusted supplier of safe and suitable food to both domestic and international markets. This well-deserved reputation is a vital element in the continuing growth and productivity of the food industry.

Exporting food is critical to New Zealand's economy, with the food industry making up half of New Zealand's merchandise export value. New Zealand has an excellent track record of exporting safe food, and our food safety system is considered world-leading.

The whey protein concentrate ("WPC") contamination incident risks damaging the reputation we have worked hard to gain.

This Inquiry is about strengthening an already strong system, to ensure that New Zealand food products retain their status as among the world's safest and most desired.

Appointment and Order of Reference

This Inquiry will inquire into and report (making any recommendation it thinks fit) upon the following:

Inquiry into how the potentially contaminated whey protein concentrate entered the New Zealand and international markets, and how this was subsequently addressed

- (a) In relation to this incident of potential contamination of whey protein concentrate at Fonterra's Hautapu plant in 2012:

- (i) The causes of this incident;
- (ii) the practices used at each stage, from sourcing the raw material to products containing the whey protein concentrate entering the market;
- (iii) the timeline of steps taken by Fonterra, and any other party, with regard to testing and reporting the potential contamination of whey protein concentrate;
- (iv) the implementation of contingency plans for food safety incidents by Fonterra;
- (v) Fonterra's history as a significant manufacturer and exporter of safe dairy products; and
- (vi) an examination of the response of the regulator (that is, what actually happened).

This part of the Inquiry will not be undertaken until the Ministry for Primary Industries' (MPI) compliance investigation is completed, subject to any views the Inquiry reaches on the application of section 16 of the Inquiries Act 2013.

This part of the Inquiry will rely on findings of fact from the MPI compliance investigation and supplement this as required.

Inquiry into regulatory and best practice requirements

- (b) The requirements of any Acts, Regulations, or other laws, or of any recognised practices, that govern the following aspects of food safety against the background of this incident in relation to the dairy industry, including how those legal and practice requirements interact with each other:
 - (i) Quality and integrity of product testing;
 - (ii) traceability requirements, including the requirements across the supply chain to retailers;
 - (iii) reporting and risk management decision-making;
 - (iv) implementation of food safety standards;
 - (v) contingency plans for food safety and food quality;
 - (vi) role of regulators, including any recognised agency; and
 - (vii) potentially affected products, including infant formula.
- (c) How the matters referred to in paragraphs (b)(i)–(vii) above compare with similar matters in other comparable jurisdictions.

Matters Upon or for Which Recommendations Required

The Inquiry will report on and make any recommendations it considers fit on:

- (a) the adequacy of legal and best practice requirements with regard to product testing, traceability, reporting, implementation of food safety standards, contingency planning and role of regulators (refer to paragraphs (b)(i)–(vii) and paragraph (c) above);
- (b) any legal or regulatory changes or additions necessary and desirable to prevent or minimise similar incidents; and
- (c) any changes or additions to operational practices for product testing, traceability, reporting, implementation of food safety standards, contingency planning and response of regulators, to address the lessons from this incident.

Exclusions From Inquiry and Scope of Recommendations

The Inquiry is not to inquire into, determine, or report in an interim or final way, or otherwise prejudice any of the following matters:

- (a) The Ministry for Primary Industries' investigation into the compliance with any legal or practice requirements;
- (b) whether any questions of liability arise; and
- (c) the legislative structure of the New Zealand dairy industry.

Definitions

“Practice” or “practices” includes, without limitation, each of the following:

- (a) Decision-making;
- (b) procedures;
- (c) processes;
- (d) services; and
- (e) systems.

Reporting Sequence

The Inquiry is to report findings and opinions, together with recommendations, required and otherwise, that it thinks fit to make in respect of them, to the appointing Ministers in writing in the following sequence:

- (a) Inquiry into regulatory and best practice requirements:
 - (i) An interim report is to be provided by no later than three months after notification of the Government Inquiry in the *New Zealand Gazette*;
 - (ii) a final report is to be provided at a date to be specified by the appointing Ministers, following the conclusion of the Ministry for Primary Industries' investigation and any subsequent Court action;
- (b) Inquiry into how the potentially contaminated whey protein concentrate entered the New Zealand and international markets, and how this was subsequently addressed, at a date to be specified by the appointing Ministers, following the conclusion of the Ministry for Primary Industries' investigation and any subsequent Court action.

Consideration of Evidence

Authorities and Other Agencies of State Notices

Electricity Authority

Electricity Industry Act 2010

Electricity Governance Regulations (Exemption No. 106 (New Zealand Aluminium Smelters Limited)) Exemption Notice Revocation Notice 2013

Pursuant to section 11(3) of the Electricity Industry Act 2010 ("Act"), the Electricity Authority gives the following notice.

Notice

1. Title and commencement—(1) This notice is the Electricity Governance Regulations (Exemption No. 106 (New Zealand Aluminium Smelters Limited)) Exemption Notice Revocation Notice 2013.

(2) This notice comes into force on the day after the date it is notified in the *New Zealand Gazette*.

2. Revocation—The Electricity Governance Regulations (Exemption No. 106 (New Zealand Aluminium Smelters Limited)) Exemption Notice 2009* ("Exemption 106") is revoked.

3. Reasons for granting the revocation—The reasons for granting this revocation are:

- (a) the Electricity Authority has granted the Electricity Industry (Exemption No. 176 (New Zealand Aluminium Smelters Limited)) Exemption Notice 2013[†] ("Exemption 176");
- (b) Exemption 176 replicates the exemption granted under Exemption 106 but extends it to two other clauses and extends the duration to 31 December 2030;
- (c) Exemption 106 is therefore no longer required;
- (d) revoking Exemption 106 will result in administrative efficiency, rather than New Zealand Aluminium Smelters Limited ("NZAS") having two separate exemptions, granted under different legislation, and with different expiry dates;
- (e) such efficiency will result in marginally lower costs for NZAS, which is in the long-term benefit of consumers; and
- (f) the revocation will reduce administration and compliance costs, so the benefit of the revocation will outweigh any disadvantage.

Dated at Wellington this 9th day of September 2013.

DR THOMAS BRENT LAYTON, Chairperson, Electricity Authority.

Electricity Industry (Exemption No. 174 (N L & C E Wensley)) Exemption Notice 2013

Pursuant to section 11 of the Electricity Industry Act 2010 ("Act"), the Electricity Authority gives the following notice.

Notice

1. Title and commencement—(1) This notice is the Electricity Industry (Exemption No. 174 (N L & C E Wensley)) Exemption Notice 2013.

(2) This notice comes into force on the day after the date it is notified in the *New Zealand Gazette*.

2. Exemption—N L & C E Wensley ("Wensley") is exempted from compliance with the obligation in clause 15.7 of the Electricity Industry Participation Code 2010 ("Code") to provide monthly retailer electricity supplied information to the reconciliation manager for the following three installation control points ("ICPs"):

- (a) 0000031475NT4F1;
- (b) 0000003774NT9DB; and
- (c) 0000042819NTC4A.

3. Term—This exemption expires on the date that Wensley becomes responsible for more than these three ICPs.

4. Reasons for granting the exemption—The reasons for granting this exemption are:

- (a) granting the requested exemption meets the requirements in section 11(2) of the Act for granting exemptions;
- (b) without the exemption, Wensley would incur disproportionately high administration and compliance costs providing the monthly total quantity of electricity supplied for these three ICPs;
- (c) the electricity supplied information required under clause 15.7 is information that is not required for reconciliation purposes; and
- (d) the exemption will have little impact on other participants and service providers, and will not affect any other Code provisions.

Dated at Wellington this 9th day of September 2013.

For and on behalf of the Electricity Authority:

Electricity Industry (Exemption No. 176 (New Zealand Aluminium Smelters Limited)) Exemption Notice 2013

Pursuant to section 11 of the Electricity Industry Act 2010 ("Act"), the Electricity Authority gives the following notice.

Notice

1. Title and commencement—(1) This notice is the Electricity Industry (Exemption No. 176 (New Zealand Aluminium Smelters Limited)) Exemption Notice 2013.

(2) This notice comes into force on the day after the date it is notified in the *New Zealand Gazette*.

2. Exemption—New Zealand Aluminium Smelters Limited ("NZAS") is exempted from complying with the following clauses of the Electricity Industry Participation Code 2010 ("Code"), in respect of the local network at TWI2201:

- (a) clause 10.13(1);
- (b) clause 11.10; and
- (c) clause 15.38.

3. Term—This exemption expires at the close of 31 December 2030.

4. Reasons for granting the exemption—The reasons for granting this exemption are:

- (a) granting the exemption meets the requirements in section 11(2) of the Act for granting exemptions;
- (b) although it would be impossible for NZAS to provide a metering installation on its installation control point (“ICP”) on TWI2201 NZAS GN, quantities can be accurately determined by differencing from the metered grid exit point volume;
- (c) without the exemption, NZAS would incur high administration and compliance costs obtaining and maintaining certification as a reconciliation participant, for little activity;
- (d) without the exemption, NZAS would incur ongoing administration and compliance costs associated with distributor processes audits, for little or no actual activity; and
- (e) as NZAS is the only purchaser at TWI2201 NZAS GN, the exemption can have no impact on any other participant or service provider, and will not affect any other Code provision.
