## EASTERN AND CENTRAL COMMUNITY TRUST INC

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 MARCH 2011****1. REPORTING ENTITY**

The Eastern and Central Community Trust Inc. is a Charitable Trust incorporated in accordance with the provisions of the Community Trusts Act 1999.

The financial statements, for the year ended 31<sup>st</sup> March 2011, have been prepared in accordance with the Financial Reporting Act 1993. The Eastern and Central Community Trust Inc is primarily involved in the management of the investment of assets and the distribution of donations to the community within a designated lower North Island region of New Zealand.

**2. BASIS OF PREPARATION****a) Statement of Compliance**

The financial statements have been prepared in accordance with New Zealand Generally Accepted Accounting Practice ("NZ GAAP"). They comply with New Zealand Equivalents to International Financial Reporting Standards ("NZ IFRS"), and other applicable Financial Reporting Standards, as appropriate for public benefit entities.

The financial statements were approved by the Board of Trustees on 27<sup>th</sup> May 2011.

**b) Basis of Measurement**

The financial statements have been prepared on the historical cost basis except for financial instruments at fair value through the statement of comprehensive income, which are measured at fair value and disclosed further in note 14.

**c) Functional and Presentation Currency**

These financial statements are presented in New Zealand dollars (\$), which is the Trust's functional currency. All financial information has been rounded to the nearest dollar.

**d) Use of Key Estimates and Judgements**

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of the income and expenses during the period. Actual results could differ from these estimates.

Fair value estimates are made at a specific point in time, based on market conditions and information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgement and therefore, can not be determined with precision. Changes in assumptions could significantly affect the estimates.

Judgements are made by management in the application of NZIFRS that have a significant effect on the financial statements, and estimates with a significant risk of material adjustment in the next year are discussed in note 14, Financial Instruments.

**e) Standards, Amendments and Interpretations to Existing Standards that are not yet effective**

There are new or revised Accounting Standards and Interpretations on issue that are not yet effective. These include the following Standards and Interpretations that are applicable to the Trust and may have an impact on future financial statements.

**NZ IFRS 9**

NZ IFRS 9 Financial Instruments will be adopted by the Trust for the first time for its financial period ending 31 March 2015.

## EASTERN AND CENTRAL COMMUNITY TRUST INC

**3. SIGNIFICANT ACCOUNTING POLICIES**

The following are the particular accounting policies, which have a material affect on the measurement of results and financial position. They have been applied consistently to all periods presented in these financial statements.

**a) Foreign Currency Transactions**

Foreign currency balances are converted to NZD at the year end rate of exchange. Transactions completed during the year are converted at the rate applying at the date of the transaction. Any foreign exchange gain or loss on monetary items is included within the statement of comprehensive income as revenue.

**b) Financial Instruments**

Financial instruments comprise financial assets held for trading, cash and cash equivalents, accrued income, short term advance, term deposits, derivatives and trade and other payables. Financial assets held for trading are initially recognised at fair value, being the fair value of the consideration paid. Subsequent to initial recognition they are measured to fair value through the statement of comprehensive income as revenue. For investments that are actively traded in organised financial markets, fair value is determined by reference to exchange quoted market bid prices at the close of business on the balance sheet day. Cash and cash equivalents comprise cash balances, call deposits and short term deposits but do not include cash held by fund managers. Cash flow from operating activities includes withdrawal of income from managed funds.

A financial instrument is recognised when the Trust becomes a party to the contractual provisions of the instrument. Financial assets are derecognised if the Trust's contractual right to the cash flows from the financial assets expire or if the Trust transfers the financial assets to another party without retaining control or substantially all risks and rewards of the asset.

The Trust uses derivative financial instruments to reduce exposure to fluctuations in foreign currency denominated assets. Forward exchange contracts are entered into to hedge foreign currency denominated assets. These are converted to the New Zealand dollar rate at balance date with all realised and unrealised gains and losses being recognised in the statement of comprehensive income as revenue.

**c) Donations**

Donations are recognised as a liability of the Trust when they are approved by Trustees and notified to applicants notwithstanding that the applicants may still have to fulfil some conditions. Donations no longer required, or not fully utilised by donation recipients, are shown separately in note 10 as donations written back.

**d) Revenue**

Dividends are recognised as income on the date that the Trust's right to secure payment is established and recorded net of any imputation tax credits. Interest income is recognised on an accruals basis.

**e) Cash and Cash Equivalents**

Cash and cash equivalents comprise cash on hand, cash in banks and short term deposits. Cash equivalents are short term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

**f) Plant and Equipment**

Items of plant and equipment are recorded at cost less accumulated depreciation and impairment losses. The Trust has one class of asset being office furniture and fittings.

**g) Depreciation**

Depreciation is recognised in the statement of comprehensive income on a straight line basis on all tangible fixed assets at rates calculated to allocate the assets' cost less estimated residual

## EASTERN AND CENTRAL COMMUNITY TRUST INC

value, over their estimated useful lives. Depreciation methods, useful lives and residual values are reassessed at the reporting date. The estimated life of assets is between 3 and 10 years.

**h) Impairment on items of Plant and Equipment**

The Trust's plant and equipment assets are reviewed at each balance date to determine whether there is any objective evidence of impairment. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses directly reduce the carrying amount of assets and are recognised in the statement of comprehensive income.

**i) Trade and Other Payables**

Trade payables and other accounts payable are recognised at amortised cost when the Trust becomes obliged to make future payments resulting from the purchase of goods and services.

**j) Employee Benefits**

Provision is made for salaries, annual leave and long service leave when it is probable that settlement will be required and they are capable of being measured reliably. Provisions in respect of employee entitlements expected to be settled within 12 months of the reporting date are measured at the amounts expected to be paid when the liabilities are settled.

**k) GST**

GST inclusive accounting has been adopted, as the Trust is not registered for GST.

**l) Income Tax**

The Trust is exempt from income tax under section CW52 of the Income Tax Act 2007.

**m) Leases**

Operating lease payments are recognised in the statement of comprehensive income on a straight line basis.

**n) Cash Flows**

The cash flow statement is prepared inclusive of GST, which is consistent with the method used in the statement of comprehensive income. The following are the definitions of the terms used in the cash flow statement:

- Operating activities include all transactions and other events that are not investing or financing activities
- Investing activities include transactions relating to the acquisition, holding or disposal of investments
- Financing activities are those activities that change the equity of the Trust
- Cash means cash on deposit with banks

**6. EQUITY****a) Trust Capital**

The initial Trust capital was set at \$90 million in 1997. The Trust capital has been increased over time as a surrogate for inflation and population growth within the region administered by the Trust. The Trustees periodically review the capital maintenance transfer. This year the Trustees determined to increase the capital by a further \$3.6 million (\$10.142 million in 2010) to ensure the "real" capital of the Trust is maintained.

|                                       | 2011<br>\$         | 2010<br>\$         |
|---------------------------------------|--------------------|--------------------|
| Balance at the beginning of the year  | 125,934,669        | 115,792,322        |

| <b>Balance at the end of the year</b> | <b>129,534,669</b> | <b>125,934,669</b> |

**b) Donations Reserve**

The Trustees retain all undistributed income in the donation reserve. The optimum level of the donation reserve is 25% of the capital base so that the annual donation distribution is able to be maintained when investment markets provide negative results.

The lease on the present Westerman's premises commenced on 1<sup>st</sup> July 2004 and expires on 30<sup>th</sup> June 2016. The rent payable has been reviewed at the conclusion of the second and fourth years and the rental was adjusted in accordance to any increase in the consumer price index. In

## EASTERN AND CENTRAL COMMUNITY TRUST INC

July 2010 the rent was market assessed but was limited to a 20% increase over the rent set in 2008. During the year ended 31 March 2011, \$58,410 was recognised as an expense in the statement of comprehensive income in respect of operating leases (\$50,209 - 2010).

**Contingencies**

There are no contingent liabilities or contingent assets at balance date (nil -2010).

**13. RELATED PARTY TRANSACTIONS**

There has been one related party transaction during the year. Two trustees attended a three-day course held at Massey University entitled "Governance for the 21<sup>st</sup> Century". Trustee Dr Bev Edlin was one of the paid presenters of the course.

Trustees update their personal register of interests at each Trust Meeting. A folder containing each Trustee's register of interests is readily available to members of the public.

In addition, a record of all declarations of interests with any donation application is maintained and is also included in the Trustees' register of interest folder. Trustees abstain from decisions regarding donations to entities in which they have an interest.

Key management personnel include the Trustees and Trust Manager. Short term benefits paid to key management personnel were \$289,810 (\$277,681 - 2010).

**14. FINANCIAL INSTRUMENTS**

The Trust has the following financial assets and liabilities which are shown at their fair value:

|  | 2011<br>\$         | 2010<br>\$         |
|--|--------------------|--------------------|

|  | <b>3,172,049</b>   | <b>2,129,410</b>   |

Risks arising for the Trust's financial assets and liabilities are inherent in the nature of the Trust's activities, and are managed through an ongoing process of identification, measurement and monitoring. The Trust is exposed to credit risk, liquidity risk and market risk (including currency, interest rate and pricing risks).

The Trust's income is generated from its financial assets. Liabilities which arise from its operations are met from cash flows provided by these assets.

Information regarding the fair value of assets and liabilities exposed to risk is regularly reported to the Trust's management, the Trust's Executive Committee and ultimately the Board of Trustees. The Investment Portfolio is rebalanced, as necessary, to ensure that the asset classes remain within the strategic asset allocation ranges as set out in the Trust's Statement of Investment Policies and Objectives (SIPO). The Trustees regularly review the Trust's SIPO.

## EASTERN AND CENTRAL COMMUNITY TRUST INC

The SIPO sets out the Trust's primary investment objectives. These can be summarised as to:

- ensure that the investment fund is invested prudently;
- provide inter-generational equity with regard to distribution levels over time;
- ensure money is available for distribution, as required, to meet the needs and distribution policies of the Trust;
- maintain the value of the investment fund's capital base in real terms (CPI);
- maximise the funds available for distribution.

**The Investment Portfolio**

The Trust manages its Investment Portfolio in terms of its SIPO. The SIPO is monitored and amended on a regular basis by the Board of Trustees. The Portfolio's strategic asset allocation is reviewed annually. The strategic asset allocation was last reviewed in November 2010. MCA NZ Limited assists both management and the Trustees with investment advice and the portfolio management.

**Portfolio Characteristics**

The Trust has its investments in seven different portfolios and the performance of each asset is measured against an appropriate index:

***NZ Equities***

The NZ Equity portfolio is managed by Forsyth Barr. The Investment mandate allows the Fund Manager to invest between 2.5% and 7.5% of the portfolio in companies listed on the NZ Stock Exchange. This portfolio is measured against the NZSX40 (net Dividend) Index.

***NZ Listed Property***

The NZ Listed Property portfolio is managed by Forsyth Barr. The Investment mandate allows the Fund Manager to invest between 2.5% and 7.5% of the portfolio in property companies listed on the NZ Stock Exchange. This portfolio is measured against the NZX Property Sector (net Dividend) Index.

***NZ Bonds***

The NZ Bond portfolio is managed by Forsyth Barr Esam Cushing Limited. The Investment mandate allows the Fund Manager to invest between 20% and 35% of the portfolio in bonds. The mandate places limits on the underlying investment categories, along with credit and duration restrictions. This portfolio is measured against the NZX Corporate A Grade Index.

***Off Shore Equities***

The Off Shore portfolio is managed by State Street Global Advisors. The investment is in a pooled fund. The investment mandate allows the Fund Manager to invest between 40% and 60% of the portfolio in off shore equities. This portfolio is measured against the MSCI Gross (\$NZ) Index and the strategic policy is to be fifty percent hedged back to NZ dollars.

***Australian Listed Property***

The Australian Listed Property portfolio is managed by State Street Global Advisors. The investment is in a pooled index trust. The investment mandate allows the Fund Manager to invest between 2.5% and 7.5% of the portfolio in Australian listed property equities. This portfolio is measured against the S&P/ASX200 Property Accumulation index and the strategic policy is to be fifty percent hedged back to NZ dollars.

***Off Shore Bond Securities***

The Off Shore Bond Securities portfolio is managed by Vanguard. The investment is in a pooled hedged index fund. The investment mandate allows the Fund Manager to invest between 5% and 10% of the portfolio in bonds. This portfolio is measured against the Citigroup WGBI Index and is fully hedged to Australian dollars. The strategic policy is to be one hundred percent hedged back to NZ dollars.

***Cash***

The Cash Portfolio is managed by the Trust Manager. The mandate places limits on the underlying investment categories, along with credit and duration restrictions. The investment

## EASTERN AND CENTRAL COMMUNITY TRUST INC

mandate allows the Trust Manager to invest between 2% and 10% of the portfolio in cash. The portfolio is measured against the NZX 90 day bank bill index.

**Performance against Policy**

The following table shows the actual performance, the benchmark performance and value added for all asset classes held by the Trust for the year ended 31<sup>st</sup> March 2011:

| Asset             | Actual Return (%) | Benchmark Return (%) | Value Added (%) |
|-------------------|-------------------|----------------------|-----------------|
| NZ Equities       | 11.9              | 4.5                  | + 7.4           |
| NZ Property       | 6.0               | 6.7                  | - 0.7           |
| NZ Bonds          | 9.2               | 8.8                  | + 0.4           |
| Offshore Equities | 5.7               | 7.2                  | - 1.5           |
| Aus Property      | 6.5               | 1.6                  | + 4.9           |
| Offshore Bonds    | 14.4              | 4.4                  | + 10.0          |
| Cash              | 4.2               | 2.9                  | + 1.3           |
| <b>TOTAL</b>      | <b>8.0</b>        | <b>8.0</b>           | <b>0.0</b>      |

The following table shows the actual performance, the benchmark performance and value added for all asset classes held by the Trust for the year ended 31<sup>st</sup> March 2010:

| Asset             | Actual Return (%) | Benchmark Return (%) | Value Added (%) |
|-------------------|-------------------|----------------------|-----------------|
| NZ Equities       | 40.0              | 25.3                 | +14.7           |
| NZ Property       | 10.7              | 14.7                 | -4.0            |
| NZ Bonds          | 14.3              | 10.0                 | +4.3            |
| Offshore Equities | 32.1              | 22.2                 | +9.9            |
| Aus Property      | 48.0              | 45.1                 | +2.9            |
| Offshore Bonds    | 5.9               | 4.8                  | +1.1            |
| Cash              | 4.1               | 2.6                  | +1.5            |
| <b>TOTAL</b>      | <b>26.3</b>       | <b>23.9</b>          | <b>+2.4</b>     |

**Fair Value and Impairment**

As all of the financial instruments are revalued at year end to published prices there is no subjectivity as to if the assets are impaired. The fair value equals the carrying value for all financial instruments.

**Credit Risk**

Credit risk represents the risk that a counterparty to a financial asset fails to discharge an obligation which will cause the Trust to incur a financial loss.

With regard to the credit risk arising for financial assets, the Trust's credit risk arises from any default by a counterparty. The current exposure at balance date is the fair value of those assets as disclosed in the statement of financial position. There is no security held over these assets.

Concentrations of risk arise when a number of financial instruments or contracts are entered into with the same counterparty or where a number of counterparties are engaged in similar business activities, geographic regions, or similar economic features that would influence their ability to meet their contractual obligations by reason of changes in economic, political or other conditions.

The Trust manages credit concentration risks through;

- a diversified and non-correlated basket of investments
- ensuring compliance with the individual mandate requirements of each investment.

The Trust Manager, Trust's investment advisor and the Trust's Board review the portfolios for compliance against each investment mandate on a regular basis. The Fund Managers ensure that the funds they manage comply with their mandates as defined in the SIPO.

As at 31<sup>st</sup> March 2011 the maximum exposure to credit risk for New Zealand corporate bonds is detailed in the table below. The credit quality of the Trust's NZ Bond portfolio is managed by the Trust using Standard and Poor's rating categories.

## EASTERN AND CENTRAL COMMUNITY TRUST INC

|                 | <b>AAA to AA</b> | <b>A+ to A-</b> | <b>BBB to BB</b> | <b>Unrated</b> | <b>2011<br/>\$</b> | <b>2010<br/>\$</b> |
|-----------------|------------------|-----------------|------------------|----------------|--------------------|--------------------|
| Corporate Bonds | 11.0%            | 27.1%           | 35.7%            | 8.7%           | 43,002,219         | 44,983,702         |

| <b>Total</b>    |                  |                 |                  |                | <b>51,889,769</b>  | <b>50,308,893</b>  |

**Forward Foreign Exchange Contracts**

The Trust manages its foreign exchange risk by using forward exchange contracts to cover varying amounts of its foreign currency exposure. Such forward exchange contracts have the economic effect of converting foreign currency denominated balances into NZ dollars. These forward exchange contracts are not treated as hedges for accounting purposes. All contracts are with the Bank of New Zealand which has a Standard and Poor's Rating of AA.

The following table details the three-month forward foreign currency contracts outstanding as at 31<sup>st</sup> March 2011:

| <b>Currencies</b>  | <b>Buy Amount<br/>NZ\$</b> | <b>Deal Rate<br/>9 February 2011</b> | <b>Valuation Rate<br/>31 March 2011</b> | <b>Gain/(Loss)<br/>NZ\$</b> |

| British Pounds     | 2,000,000                  | 0.4359                               | 0.4701                                  | 144,807                     |
| Japanese Yen       | 3,100,000                  | 60.515                               | 66.080                                  | 260,309                     |
| US Dollars         | 10,800,000                 | 0.6783                               | 0.7082                                  | 454,103                     |
| <b>TOTAL</b>       | <b>47,400,000</b>          |                                      |   | <b>809,262</b>              |

**Liquidity Risk**

Liquidity risk is the risk that the Trust will encounter difficulties in meeting the obligations associated with its financial liabilities. This risk is managed through the Trust's investment in a diversified portfolio of financial assets.

The Trust's investment portfolio during the year under review consisted of only listed securities which under normal market conditions are readily convertible to cash. In addition the Trust maintains sufficient cash and cash equivalents to meet normal operating requirements, as well as the timing of the commitments below.

The Trust's financial liabilities comprise trade and other payables, and committed but unpaid donations.

At balance date all trade and other payables were current, and are normally settled on the 20<sup>th</sup> of the month following invoice date.

Committed but unpaid donations are held as current liabilities pending the satisfaction of conditions under which the donations were made. At balance date committed but unpaid donations totalled \$1,318,130 (\$1,904,930 – 2010).

## EASTERN AND CENTRAL COMMUNITY TRUST INC

These committed and unpaid donations at 31<sup>st</sup> March 2011 had the following profile:

| Financial Year<br>Approved | Number of Grants<br>Outstanding | Value<br>\$      |
|----------------------------|---------------------------------|------------------|
| 2010                       | 6                               | 415,500          |
| 2011                       | 107                             | 902,630          |
| <b>Total</b>               | <b>113</b>                      | <b>1,318,130</b> |

Committed but unpaid donations at 31<sup>st</sup> March 2010 had the following profile:

| Financial Year<br>Approved | Number of Grants<br>Outstanding | Value<br>\$      |
|----------------------------|---------------------------------|------------------|
| 2009                       | 7                               | 425,000          |
| 2010                       | 115                             | 1,479,930        |
| <b>Total</b>               | <b>122</b>                      | <b>1,904,930</b> |

**Market Risk**

Market risk embodies the potential for both loss and gains and includes currency risk, interest risk and price risk.

The Trust's investment strategy and the management of the investment risk are detailed in the SIPO. The Trust's investments are diversified across a range of assets including New Zealand and Overseas equities, New Zealand bonds, New Zealand and Australian property and cash. Within each asset class there are defined policies and mandates to ensure diversification, to minimise investment risk and to limit exposure to any one investment. Each asset class has a defined target allocation and is managed within a defined allocation range.

In addition, the Trust has a Risk Management Policy which includes a Tactical Asset Allocation Policy. This policy is to identify times when the Trustees should instigate a process to review the short term investment strategy of the Trust.

**a) Currency Risk**

Currency risk is the risk that the fair value of, or future cash flows from financial assets will fluctuate due to changes in foreign exchange rates. The Trust has exposure to currency risk through its investments in offshore equities. The strategic investment policy requires full hedging of currency risk for overseas bonds, when held, and 50% hedging, on average, of currency risk for overseas equities. When exchange rates are at extreme levels the percentage of hedging is varied as determined by the Trust's currency policy. Currency hedging on overseas equities has been increased marginally throughout the year. Hedging decisions have been constantly reviewed. Currency risk is self managed with the Bank of New Zealand with a range of tolerance.

At balance date the Trust's exposure to currency risk was as follows:

|  | 2011<br>\$        | 2010<br>\$        |
|--|-------------------|-------------------|
| Foreign Currency denominated assets    | 79,048,880        | 74,041,605        |
| Less foreign currency contracts        | <u>47,000,000</u> | <u>47,400,000</u> |
| Unhedged currency exposure at 31 March | <b>32,048,880</b> | <b>26,641,605</b> |

Geographic location of Investments:

|            |                   |                   |
|------------|-------------------|-------------------|
| USA/Canada | 14,455,037        | 13,359,656        |
| UK/Europe  | 13,930,347        | 13,298,964        |
| Japan/Asia | 18,246,934        | 17,614,771        |
| Australia  | <u>32,416,563</u> | <u>29,768,214</u> |
|            | <b>79,048,881</b> | <b>74,041,605</b> |

## EASTERN AND CENTRAL COMMUNITY TRUST INC

The Australian Listed Property Index Trust and the Off Shore Bond Securities Index Fund are reported in AUD. The remaining offshore equity investments are:

- Managed by State Street Global Advisors (Boston, USA).
- Invested in 24 individual country common trust funds.
- Reported in the fund's base currency of USD.

Exposure to currency risk:

| Asset               | Australian Dollar<br>at 31 March 2011<br>\$ | US Dollar<br>at 31 March 2011<br>\$ | Australian Dollar<br>at 31 March 2010<br>\$ | US Dollar<br>at 31 March 2010<br>\$ |
|---------------------|---|-------------------------------------|---|-------------------------------------|
| Equities<br>& Bonds | 13,724,811                                  | 65,324,066                          | 11,585,597                                  | 62,456,008                          |

The following NZD exchange rates applied during the year:

| Currency          | Average monthly Mid-Rate<br>for 2010 - 2011 | Average monthly Mid-Rate<br>for 2009 – 2010 |
|-------------------|---|---|
| Australian Dollar | 0.7772                                      | 0.7971                                      |
| US Dollar         | 0.7332                                      | 0.6785                                      |

**Sensitivity Analysis for Currency:**

A 10 per cent movement of the NZD against the following currencies at 31 March would have increased (decreased) profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant. This analysis is performed on the same basis for 2010.

Effect in NZD:

| Effect of Movements<br>in NZD | Profit or (Loss)<br>31 March 2011<br>\$ | Profit or (Loss)<br>31 March 2010<br>\$ |
|-------------------------------|---|---|
| 10% fall in NZD/AUD           | 1,524,979                               | 1,287,289                               |
| 10% rise in NZD/AUD           | (1,247,710)                             | (1,053,236)                             |
| 10% fall in NZD/USD           | 7,258,230                               | 6,939,556                               |
| 10% rise in NZD/USD           | (5,938,551)                             | (5,677,819)                             |

**b) Interest Rate Risk**

The Trust's investments in fixed rate securities are subject to interest rate risk. The Trust's SIPO requires a fixed rate security to have a minimum of a BBB- rating or equivalent grade. The maximum exposure to each fixed security is controlled by the credit rating so that the higher the credit rating, the higher the allowable exposure. The fixed rate securities mandate ensures that a percentage of the securities are rated A, or higher. Short term deposits are invested for periods up to 365 days taking into account current interest rates.

The Trust's cheque and call accounts are interest bearing. Any movement in interest rates on these accounts is minimal and not considered to be material.

At the reporting date the interest rate profile of the Trust's interest bearing financial instruments was:

|                           | Carrying Amount 2011<br>\$ | Carrying Amount 2010<br>\$ |
|---------------------------|----------------------------|----------------------------|
| Fixed Rate Instruments    | 62,054,451                 | 62,453,931                 |
| Variable Rate Instruments | 9,758,151                  | 6,203,976                  |
| <b>Total</b>              | <b>71,812,602</b>          | <b>68,657,907</b>          |

## EASTERN AND CENTRAL COMMUNITY TRUST INC

**Sensitivity Analysis for Fixed Rate Instruments:**

A change of 100 basis points (1%) in interest rates for the entire period reported would have increased or (decreased) profit or loss by the amounts shown. The analysis is performed on the same basis for 2010.

| Fixed Rate Instruments    | Cash Flow Sensitivity<br>31 March 2011<br>\$ | Cash Flow Sensitivity<br>31 March 2010<br>\$ |
|---------------------------|--|--|
| 100 basis points increase | 641,524                                      | 559,539                                      |
| 100 basis points decrease | (641,524)                                    | (559,539)                                    |

**Sensitivity Analysis for Variable Rate Instruments:**

A change of 100 basis points (1%) in interest rates for the entire period reported would have increased (decreased) profit or loss by the amounts shown below. The analysis is performed on the same basis for 2010.

| Variable Rate Instruments | Cash Flow Sensitivity<br>31 March 2011<br>\$ | Cash Flow Sensitivity<br>31 March 2010<br>\$ |
|---------------------------|--|--|
| 100 basis points increase | 66,393                                       | 135,598                                      |
| 100 basis points decrease | (66,393)                                     | (135,598)                                    |

**c) Pricing Risk**

Pricing risk is the risk that the value of the instrument will fluctuate as a result of changes in market price (other than those arising from interest rate risk or currency risk), whether caused by factors specific to an individual investment, its issuers or all factors affecting all instruments traded in the market. As the majority of the funds' financial instruments are carried at fair value with fair value changes recognised in the statement of comprehensive income, all changes in market conditions will directly affect investment income.

Price risk is managed by the Trust by constructing a diversified portfolio of instruments traded on various markets. The SIPO sets down the guidelines for this diversification.

The Trust's financial assets are priced at fair value. The effect on the Trust's statement of comprehensive income and balance sheet as at 31<sup>st</sup> March 2011, due to a possible change in market factors is represented in the following table:

| Financial Asset        | Sensitivity Range<br>(-1 to +1 Standard Deviations) | Sensitivity Impact<br>\$,000 |
|------------------------|---|------------------------------|
| NZ/Australian Equities | -11.0% to 27.5%                                     | -3,007 to 7,616              |
| NZ Bonds               | 2.7% to 12.8%                                       | 1,385 to 6,658               |
| NZ Cash                | 4.4% to 7.1%  | 313 to 498                   |
| Overseas Equities      | -8.9% to 25.9%                                      | -4,034 to 11,773             |
| Overseas Bonds         | 3.4% to 12.6%                                       | 422 to 1,588                 |
| Property               | -8.5% to 24.5%                                      | -126 to 364                  |
| <b>Total Portfolio</b> | <b>-3.5% to 19.5%</b>                               | <b>1,032 to 7,007</b>        |

There is a 68% probability that the return in any one year will be within the range -3.5% to 19.5%.

## EASTERN AND CENTRAL COMMUNITY TRUST INC

The effect on the Trust's statement of comprehensive income and balance sheet as at 31<sup>st</sup> March 2010, due to a possible change in market factors is represented in the following table:

| Financial Asset        | Sensitivity Range<br>(-1 to +1 Standard Deviations) | Sensitivity Impact<br>\$,000 |
|------------------------|---|------------------------------|
| NZ/Australian Equities | -10.6% to 27.6%                                     | -2,820 to 7,325              |
| NZ Bonds               | 2.7% to 12.8%                                       | 1,353 to 6,445               |
| NZ Cash                | 4.4% to 7.1%  | 333 to 536                   |
| Overseas Equities      | -9.0% to 27.0%                                      | -4,076 to 12,237             |
| Overseas Bonds         | 3.1% to 12.9%                                       | 335 to 1,382                 |
| Property               | -7.9% to 23.9%                                      | -113 to 340                  |
| <b>Total Portfolio</b> | <b>-3.5% to 19.9%</b>                               | <b>-1,081 to 7,112</b>       |

There is a 68% probability that the return in any one year will be within the range -3.5% to 19.9%.

These sensitivity analyses are based on the volatility of each asset class and the investment portfolio as a whole, as measured by plus or minus one standard deviation.

The overall effect of the Trust's diversified portfolio of uncorrelated financial assets is to reduce volatility and stabilise investment returns over time.

**Fair Value Hierarchy**

The table below analyses financial instruments carried at fair value, by valuation method. All assets are categorised as level 1, which are financial instruments with quoted prices (unadjusted) in active markets.

| Financial Asset                   | at 31 March 2011<br>\$ | at 31 March 2010<br>\$ |
|-----------------------------------|------------------------|------------------------|
| Financial assets held for trading | 140,700,077            | 133,488,732            |
| Derivative financial assets       | -                      | 809,262                |
| <b>Total Assets</b>               | <b>140,700,077</b>     | <b>134,297,994</b>     |

There were no transfers between levels during the year.

**15. TRUSTEES' ATTENDANCE AND REMUNERATION**

Trustees' remuneration for meeting attendance and an annual honorarium is set by the Minister of Finance. Trustees are also reimbursed for travel costs. Details of the Trustees' attendance and remuneration are:

**Attendance Record & Fees of Trustees**

| Trustee                  | Two Day Trust<br>Meetings attended | Committee<br>Meetings attended | Fees<br>\$     |
|--------------------------|------------------------------------|--------------------------------|----------------|
| Bev Edlin                | 6 of 6                             | 14 of 14                       | 12,460         |
| Beverley Fullerton-Smith | 6 of 6                             | 13 of 13                       | 15,032         |

**INDEPENDENT AUDITOR'S REPORT  
TO THE TRUSTEES OF  
EASTERN & CENTRAL COMMUNITY TRUST**

**Report on the Financial Statements**

We have audited the financial statements of Eastern & Central Community Trust, which comprise the statement of financial position as at 31 March 2011, and the statement of changes in equity, statement of comprehensive income (single statement approach), and statement of cash flow's for the year then ended, and a summary of significant accounting policies and other explanatory information.

This report is made solely to the Trustees as a body, in accordance with the Trust Deed of Eastern and Central Community Trust. Our audit has been undertaken so that we might state to the Trustees those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Trustees as a body, for our audit work, for this report, or for the opinions we have formed.

**Trustees Responsibility for the Financial Statements**

The Trustees are responsible for the preparation and fair presentation of financial statements in accordance with generally accepted accounting practice in New Zealand that give a true view of matters to which they relate and for such internal control as the Trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing (New Zealand). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of financial statements that give a true and fair view of the matters to which they relate in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other than in our capacity as auditor we have no relationship with, or interests in Eastern & Central Community Trust.

PARTNERS: D W Pearson      L R Townshend      M W Williams  
ASSOCIATES: C A MacRobertson      H J Eysenck  
CONSULTANTS: J R Palmer

**Opinion**

In our opinion, the financial statements:

- Comply with generally accepted accounting practice in New Zealand;
- Comply with New Zealand equivalents to International Financial Reporting Standards;
- Give a true and fair view of the financial position of Eastern & Central Community Trust as at 31 March 2011, and the financial performance and cash flow of the Trust for the year ended on that date.

**Report on Other Legal and Regulatory Requirements**

We have obtained all the information and explanations we have required.

In our opinion proper accounting records have been kept by Eastern & Central Community Trust as far as appears from our examination of those records.
