Section 1

Early Childhood Education

General

The purpose of the Early Childhood Education (ECE) enrolment policy is to provide – as far as is possible – equity of access to early childhood education for children whose location, health, educational or personal circumstances prevent attendance at a reasonably convenient service.

Priority for enrolment

The number of state-funded enrolment “places” is capped. This may mean that not all children who are eligible may be able to be enrolled at the time they first apply.

Children whose access to Early Childhood Education is limited by their rural location and geographic isolation will normally be given first priority for enrolment.

Children approved by Te Kura as eligible for enrolment but for whom a place is not immediately available will have their names placed on a wait list. Wait-listed children will normally be enrolled in age order, oldest first.

Programmes

Te Kura provides two types of Early Childhood Education programme – full-time and part-time.

Categories

There are two categories of enrolment:

- Access – a parent can make an application for their child’s enrolment.
- Referral – the parent’s application must be supported by referral documents (as set out in the referral gateways below).

Gateways

Within each category there are a number of “gateways” (ie, sets of entry criteria)

Access gateways:

- Geographic isolation
- Itineracy
- High Health Needs
- Special Circumstances.

Referral gateways:

- Special Development Needs
- Ministry of Education.

Eligibility to enrol

To be eligible for enrolment in an Early Childhood Education programme at Te Kura, children must be:

- (a) New Zealand citizens or permanent residents or domestic students¹; and
- (b) under the age of 6 (ie, 5 years of age or under); and
- (c) not enrolled in a primary school, or about to be enrolled within the first two weeks of February that year; and
- (d) meet the criteria for enrolment in either a full-time Te Kura Early Childhood Education programme or a part-time Te Kura Early Childhood Education programme and,
- (e) meet the criteria for a gateway where a place is available.

Criteria for enrolment in a full or part-time programme

Full-time programme

Children may be enrolled in a **full-time** Te Kura Early Childhood Education programme where they are:

- (a) eligible to enrol in an Early Childhood Education programme; and
- (b) not enrolled in a licensed Early Childhood Education service for more than two four-hour sessions a week.

Part-time programme

Children may be enrolled in a **part-time** Te Kura Early Childhood Education programme where they are:

- (a) eligible to enrol in an Early Childhood Education programme; and
- (b) fit the criteria for the Ministry of Education Referral gateway, and
- (c) a place is available through that gateway.

A child ceases to be eligible for enrolment when age or changed circumstances mean that the gateway criteria under which they were enrolled are no longer met. Te Kura must check in a timely manner when the child is expected to start school to ensure that funding is not claimed in error.

For this review, caregivers will provide a written declaration confirming that they continue to meet the requirements of this gateway.</p>

Section 2

Section 3

Years 1–13 Full-time Students

General

The purpose of the full-time enrolment gateways is to provide equity of access to compulsory education for students whose location, itinerancy, educational or personal circumstances prevent attendance at a reasonably convenient school.

The two full-time enrolment categories are Access and Referral.

Students meeting the entry criteria for the Access category gateways can self-refer to Te Kura. Full-time enrolments through the Referral category gateways must be made through the designated agency.

Eligibility

Year 1–13 domestic students² may be enrolled in a full-time Primary or Secondary programme at Te Kura where they meet the entry criteria for one of the enrolment gateways identified.

Except for the gateways for non-enrolled students, and for expelled or excluded students, eligibility ceases when changed circumstances mean that the entry criteria for the gateway concerned no longer apply. Year 11–13 students whose circumstances change during term 3 or later may stay enrolled until the end of the school year in question.

Requirements

Unless otherwise stated:

- (a) the minimum period of enrolment is one term; and
- (b) the student's continued enrolment is subject to meeting Te Kura's engagement and tuition requirements; and
- (c) all enrolments must be reviewed by Te Kura on an annual basis or as otherwise specified for a specific category.

Section 4

Years 1–13 Dual Tuition

Authority

Section 158 of the Education Act 1989 (“the Act”) provides that, by agreement between the boards concerned, students enrolled at one state or state integrated school may receive tuition at or from another. The board of the school at which the students are enrolled may pay the board of the school giving that tuition for that tuition.

Section 7A of the Act further provides that students of registered private schools may receive tuition from a correspondence school subject to the appropriate fee, if any, prescribed by the board with the Minister of Education’s consent.

Eligibility

Schools may register Year 1–13 domestic students³ with Te Kura for supplementary government funded dual tuition where the entry criteria for one of the registration gateways set by the attached schedules are met.⁴

This supplementary dual tuition is additional government resourcing to that provided to schools through operations monies and staffing entitlements, or to registered private schools through the per student subsidy.

The supplementary dual tuition is for curriculum adaptation and for curriculum capability purposes. The curriculum adaptation categories cover circumstances where a student’s home school is unable to provide the required specialist programming or curriculum adaptation. The curriculum capability categories are to enable generally smaller schools to provide a full and balanced curriculum.

Accountabilities

The school at which the students are enrolled retains all legislative accountabilities, including for attendance, while its students are registered for supplementary government funded dual tuition from Te Kura. Students registered with Te Kura must attend the school that they are enrolled in on a full-time basis.

All supplementary government funded dual tuition arrangements are subject to a Service Level Agreement (SLA) being in place between the registering school and Te Kura.

The SLA defines the tuition, supervision and support responsibilities of both parties and the circumstances in which these dual tuition arrangements may be terminated by Te Kura.

Parents/caregivers must be made aware of dual tuition arrangements, by the registering school, prior to the student’s registration with Te Kura.

³ Refer Ministry of Education Circular 2011/01 – Eligibility for enrolment in New Zealand Schools

⁴ Non-domestic students on approved cultural exchanges to New Zealand as defined by Ministry of Education Circular 2011/01 are exempt this requirement.

Students for whom dual tuition is terminated by Te Kura, because its return of work and/or course completion requirements have not been met, cannot be re-registered for the course or programme concerned that school year.

Requirements

Unless otherwise stated:

- (a) the minimum period of tuition is one school term; and
- (b) all dual tuition arrangements, except those for Regional Health School students, cease automatically at the end of each school year.

The following schedules set out the dual tuition provisions by student year group and by school type.
