General Notices

Annual Return for Companies

Prescribed Form for Annual Return

Pursuant to section 214(7) of the Companies Act 1993 ("the Act"), the Registrar of Companies gives notice that as from **28 June 2010**, the form below may be used for the purpose of section 214(1) of the Act, and the particulars contained therein shall be prescribed as the particulars required under the Act.

Dated this 17th day of June 2010.

NEVILLE HARRIS, Registrar of Companies.

Explanatory Note

The Registrar of Companies has reviewed the existing prescribed form for annual returns filed pursuant to section 214(1) of the Act.

The form currently requires companies to state whether the shareholders passed a unanimous resolution not to appoint an auditor for the current year (pursuant to section 196(2) of the Act) and, if so, to specify the date of the resolution. The Registrar of Companies has ascertained from research carried out on his behalf that the information obtained from this requirement is at risk of being incomplete or incorrect. The vast majority of companies (93%) reported that they had passed the unanimous resolution. Of the remaining 7% of companies which indicated in their annual returns that they had not passed the unanimous resolution, it was unclear whether they were reporting that the shareholders did not reach a unanimous agreement, that the resolution was not put to the shareholders, or that the company had not appointed an auditor.

In an effort to enhance the integrity of information contained on the Companies Register, the revised form therefore removes the two questions dealing with the resolution regarding the appointment of an auditor. There are no other changes to the existing form.

It should be noted that this change to the annual return form **does not affect the underlying requirement** in section 196 of the Act for all companies to appoint an auditor unless the shareholders have passed a unanimous resolution pursuant to section 196(2) of the Act.

Notice of Recommendation and Assessment Concerning the Electricity Governance (Policy Statement) Amendment Rules 2010

1. This notice of a recommendation and assessment concerning the Electricity Governance (Policy

Statement) Amendment Rules 2010 is issued by the Electricity Commission ("Commission") pursuant to section 172E(2)(c) of the Electricity Act 1992 ("Act").

2. The Act provides that, no later than 10 working days after making a recommendation to the Minister of Energy and Resources concerning the Electricity Governance Rules 2003 ("Rules"), the Commission must publicise the recommendation and the assessment.

Recommended Amendments to the Rules

3. On 14 June 2010, the Commission recommended that the existing policy statement in Schedule C4 of Part C of the Rules be replaced in its entirety with a new Schedule C4. The changes in the recommended new Schedule include:

(a) commitments by the system operator to:

(i) provide participants:

- at least two weeks' notice of the implementation of permanent security constraints; and
- as much notice as reasonably practicable of temporary security constraints, including in its notice the reasons why it is required;

(ii) schedule all available reserve in the event of a shortage of energy and reserve;

(iii) send participants a standby residual shortfall notice only when the shortfall exceeds a threshold specified by the system operator;

(b) significant changes to the list and categorisation of credible events, which represent an advance in the system operator's assessment of the appropriate economic arrangements for dealing with contingencies;

(c) removing the requirement for the system operator to publish standby residual shortfall input data, which is the information used to formulate the standby residual shortfall notices;

(d) providing the system operator flexibility to change the default constraint threshold percentage prior to the implementation of the simultaneous feasibility test software;

(e) a correction that makes it clear the fixed load distribution factors may be derived from the previous fortnight's meter readings (rather than solely from the previous week's); and

(f) several minor drafting amendments.

4. A copy of the Commission's recommendation and assessment is available, at no cost, on the Commission's website at

<http://www.electricitycommission.govt.nz/rulesandregs/recommend>
