Climate Change Response Act 2002

Ministerial Direction to the Registrar of the New Zealand Emission Unit Register: Issuance of New Zealand Units into the Crown Holding Account in the New Zealand Emissions Unit Register

Having consulted the Minister of Finance and having had regard to all the relevant matters, pursuant to section 68 of the Climate Change Response Act 2002, I direct the Registrar of the New Zealand Emission Unit Register to issue 86 million New Zealand units into the Crown holding account in the New Zealand Emission Unit Registry on 1 July 2010.

I direct the Registrar to identify and "tag" 17 million New Zealand Units as non-exportable, and "tag" 69 million New Zealand Units as suitable for conversion and exportable.

Dated at Wellington this 27th day of May 2010.

HON DR NICK SMITH, Minister for Climate Change Issues.

go4383

Ministerial Statement to Accompany Direction to the Registrar of the New Zealand Emission Unit Register

In making the above direction to the Registrar, I have consulted with the Minister of Finance and I have had regard to the following matters specified in section 68 of the Climate Change Response Act 2002:

Section 68(2)(b)(i) The number of units that New Zealand has received, or that the Minister expects New Zealand to receive, under any international agreement

New Zealand has received 309,564,733 Assigned Amount Units (AAUs) under the Kyoto Protocol. New Zealand has elected to receive removal units for net increases in forest sinks (RMUs) at the end of commitment period one (CP1). It is estimated New Zealand will receive 79.9 million RMUs.

Section 68(2)(b)(ii) New Zealand's international obligations, including any obligation to retire units equal to the number of tonnes of emissions that are emitted in New Zealand

Under the United Nations Framework Convention on Climate Change, New Zealand has a commitment to adopt policies and measures to mitigate climate change.

New Zealand also has obligations under the Convention's Kyoto Protocol, whereby it must retire sufficient Kyoto units to cover its total emissions during CP1 or face non-compliance consequences. The most recent Net Position Report (published in April 2010) projected New Zealand's total emissions of greenhouse gases for the first commitment period to be 370.9 million tonnes of CO₂-e. New Zealand has received 309,564,733 AAUs and expects to receive 79.9 million RMUs.

In other words, New Zealand is currently projected to have more units than emissions. The current projected surplus is 11.4 Mt CO₂-e although this will be updated in May 2011. A provision for the Kyoto liability is reported in the Financial Statements of the Crown.

Section 68(2)(b)(iii) The proper functioning of the greenhouse gas emissions trading scheme established under this Act

The proper functioning of the NZ ETS requires the issuance of sufficient NZUs to meet entitlements of post-1989 forestry participants; any entitlements under an allocation plan; and any auctions of NZUs the Crown undertakes.

Officials estimate that in CP1, 60 million NZUs will be allocated to post-1989 forest land owners (based on the mid range projection of 67 percent uptake); 17 million NZUs will be issued to pre-1990 forest land owners; 11 million NZUs will be issued to emissions intensive, trade exposed industry; 700,000 NZUs will be allocated to the fishing sector; 4 million will be issued to those carrying out removal activities, or other non-forestry related activities; and 1 million units will be granted to parties to meet the Crown's obligations under the two Negotiated Greenhouse Gas Agreements.

Officials will monitor the balance of units closely to ensure a further issuance, or cancellation of units in 2012 can occur to maintain the proper functioning of the NZ ETS.

Section 68(2)(b)(iv)

Any other matters that the Minister considers relevant

Under section 86F of the Climate Change Response Act, by the end of the true-up period under the Kyoto Protocol (which will be in 2015 for CP1), the Crown holds a number of Kyoto units equal to the number of NZUs issued into a Crown holding account during CP1, subject to specified exemptions. The projected net flow of units to the Government under the scheme is such that obligation to back issued NZUs with Kyoto units means the Crown will have a deficit of approximately 30 million units.

In addition, careful monitoring of the Commitment Period Reserve between now and 2012, and the Crown's position in 2012 to ensure that the Government's obligations are met at least cost, is required.

Authorities and Other Agencies of State Notices

Commerce Commission

Commerce Act 1986

Commerce Act (Transpower Thresholds) Amendment Notice 2010

Pursuant to Part 4 of the Commerce Act 1986, the Commerce Commission gives the following notice.

Notice

1. Title—(1) This notice is the Commerce Act (Transpower Thresholds) Amendment Notice 2010.

(2) In this notice, the Commerce Act (Transpower Thresholds) Notice 2008 (Supplement to the *New Zealand Gazette*, 27 June 2008, No. 106, page 2793) is called the “principal notice”.

2. Commencement—This notice comes into force on 1 July 2010.

3. Interpretation—Clause 6(1)(c) of the principal notice is revoked and is substituted with the following:

“(b) \$225.60 million for the assessment period ending 30 June 2011.”

Dated at Wellington this 10th day of June 2010.

COMMERCE COMMISSION.

Explanatory Note

In May 2008, the Commerce Commission set thresholds for the declaration of control in relation to Transpower New Zealand Limited under Part 4A of the Commerce Act 1986 (“the Act”) and published those thresholds in a Supplement to the *New Zealand Gazette*, 27 June 2008, No. 106, page 2793, as the Commerce Act (Transpower Thresholds) Notice 2008 (the “principal notice”).

Further detail regarding the thresholds can be found in a Decision Paper, *Decision and Reasons for not Declaring Control of Transpower New Zealand Limited & Decision to Reset Transpower’s Thresholds*, published by the Commerce Commission on 13 May 2008.

The majority of the provisions of Part 4A of the Act were repealed by the Commerce Amendment Act 2008 on 14 October 2008 and replaced with a new Part 4. However, under Part 4, Transpower continues to be subject to its administrative settlement until its expiry date of 30 June 2011 (section 54M). This notice is, therefore, issued under Part 4 of the Act.

The amendment now made to the principal notice by the amendment notice set out above is to set a transmission (non-Part F capex) threshold for the assessment period ending 30 June 2011, as required under Schedule 2, Part 2, clause (j).

Telecommunications Act 2001

Notification of Clarification of the Standard Terms Determinations on Telecom’s Unbundled Bitstream Access Service

On 12 December 2007, the Commerce Commission (“Commission”) made a standard terms determination, under section 30M of the Telecommunications Act 2001 (“the Act”), in respect of the designated access service of Telecom’s Unbundled Bitstream Access (“UBA”) Service (“Decision 611”) which has been amended by way of clarification under section 58 of the Act on a number of occasions.

On 10 May 2010, Commission Decision 693 further amended Decision 611 under section 58 of the Act to clarify the application of Decision 611 to VDSL and VDSL2 based technology. Decision 693 amended Decision 611 by including amendments to:

- clause 10 of the UBA General Terms to specify with further particulars the information that must be included with a notice from Telecom of any new UBA Variants (ie new wholesale “commercial” broadband services that are delivered using VDSL or VDSL2 based technology);
- clauses 4.1, 4.2 and 4B of the UBA Price List (Schedule 2 to the UBA General Terms) to ensure that the wholesale price calculations for the UBA Service (which are conducted on a regular basis) are not affected by retail broadband plans that are supplied by Telecom using new UBA Variants;
- clause 5.1 of the UBA Price List to ensure consistency with other amendments made and to provide clarity as to the plans that may be considered as part of any quarterly or service adjustment calculation.

Pursuant to section 58(2) of the Act, the Commission is required to give public notice that it has amended Decision 611 for the purposes of making a clarification under section 58(1) of the Act.

Decision 693 sets out the amendments made to Decision 611 and a copy of the clarification is available on the Commission’s website

<http://www.comcom.govt.nz/unbundled-bitstream-standard-access-service/>

Date of Decision: 10 May 2010.

Eleventh Schedule*Conditions of Right to Convey Electricity Easement***Electricity Easement**

Unless otherwise provided below, the rights and powers implied in specific classes of easements are those prescribed by the Land Transfer Regulations 2002.

The implied rights and powers are hereby varied and added to by the provisions set out below:

1. Where there is a conflict between the provisions of the Fourth Schedule to the Land Transfer Regulations 2002 and the modifications in this easement instrument, the modifications in this easement instrument must prevail.
2. The provisions of the Fourth Schedule to the Land Transfer Act Regulations 2002 are modified as follows:
 - (a) The right to convey electricity provisions in clause 7 of the Fourth Schedule to the Land Transfer Regulations 2002 are modified by:
 - (i) deleting the word "lead" in the second line of subclause (1) and replacing it with the word "install"; and
 - (ii) adding the words "and to install and convey telecommunications, network signals and multimedia data" after the words "and convey electricity and electric impulses" in subclause (1).
 - (b) The maintenance provisions in clause 11 of the Fourth Schedule to the Land Transfer Regulations 2002 are modified by deleting the full stop at the end of clause 11(5) and inserting the words "or any person for whom that party is responsible".
3. The provisions of the Fourth Schedule to the Land Transfer Act Regulations 2002 are added to as follows:
 - (a) The grantor shall not permit the growth of any trees, shrubs or other vegetation or the erection or establishment of any structure whatsoever which:
 - (i) may interfere with the easement facility; or
 - (ii) may endanger or cause nuisance to the easement facility or persons working on the easement facility in the course of their duties; or
 - (iii) breaches any bylaw or Regulation or other statutory provision relating to the easement facility.

- (b) On completion of any work to the easement facility, the surface of the servient land will be restored as nearly as possible to its former condition.
- (c) The grantee shall have exclusive rights to the easement facility in relation to the easement right to convey electricity and to install and convey telecommunications, network signals and multimedia data.
- (d) The grantor grants to the grantee and all persons authorised by the grantee with or without materials, plant and other apparatus and vehicles, to enter and cross the servient land as necessary at all times of the day and night via any practical route of access to the stipulated area subject to the grantee repairing and reinstating any damage to the servient land or its appurtenances caused by such access and crossing.
- (e) The grantor must not, without the written consent of the grantee which consent may be withheld in the grantee's absolute discretion:
 - (i) build or allow to be built or grow on the servient land any structure or plant which will interfere with the grantee's permitted use of the stipulated area;
 - (ii) alter existing ground levels on the servient land on or adjacent to the stipulated area;
 - (iii) prevent any of the grantee's permitted uses being conducted in a normal manner.
- (f) If:
 - (i) the stipulated area is damaged or destroyed or if there is interruption to access to the stipulated area so as to render the stipulated area or any part of the stipulated area wholly or substantially unfit for the occupation or use of the grantee or inaccessible by any means of access; or
 - (ii) the grantee commits a material breach of any of its obligations and has not remedied that breach after having been given written notice of that breach and after the lapse of a reasonable time after that notice having regard to the nature of that breach; or
 - (iii) any application for a required or further consent or permit from any government agency or other competent authorities for the installation and use of the stipulated area is declined or granted subject to conditions which are unacceptable to the grantee and the grantee determines in its sole discretion not to appeal such decline or unacceptable decision or take any further action in respect of the same, or if the grantee is unsuccessful in any appeal or further action which it does take; or
 - (iv) the stipulated area is rendered unfit for the grantee's use; or
 - (v) some alteration in the grantee's operational requirements or some change in government legislation or by-laws or planning requirements renders the grantee's use of the stipulated area obsolete or unnecessary, then the easement may be terminated immediately by the grantee by written notice to the grantor.
- (g) Termination of the easement does not affect the rights and liabilities of the parties in relation to any cause of action accruing prior to termination.
- (h) The grantee has the right at or prior to the termination of the easement to remove from the stipulated area all above-ground fixtures, fittings, plant, machinery, cables and other equipment erected or brought by it onto the stipulated area.
- (i) The grantor will attend to and pay the grantee's costs in the preparation and execution of this easement instrument. The grantor will attend to registration of this easement instrument at the grantor's cost.

Twelfth Schedule

Conditions of Right to Convey Water Easement in Gross and Right to Drain Water Easement in Gross

1. Any terms used in this easement that are defined in the Land Transfer Regulations 2002 shall take those meanings.
2. Unless otherwise provided below, the rights and powers implied in specific classes of easements are those provided by the Land Transfer Regulations 2002.
3. Where there is a conflict between the provisions of the Fourth Schedule to the Land Transfer Regulations and the modifications set out herein, the modifications must prevail.
4. References in clauses 3(1) and 4(1) of the Fourth Schedule of the above Regulations to the Dominant Land shall be deleted for the purposes of this easement.
5. The Grantee shall have the right to dig up to any depth the soil of the portions of the servient land and to lay down and construct pipes of such size and material as the Grantee thinks fit for the purpose of this easement.
6. The Grantor covenants with the Grantee not to place any buildings, erect fences or other permanent structures on the stipulated course without the prior consent of the Grantee and the Grantor will not at any time commit or suffer any acts whereby the rights, powers, licences and liberties hereby granted to the Grantee may be interfered with or affected.
7. The Grantee may convey water and drain water in any quantities.
8. The Grantee's rights to the easement facility or facilities under this easement are exclusive.
9. Nothing contained or implied by this easement shall be deemed to compel the Grantee to convey water and/or drain water along the stipulated course.
10. All rights or immunities from liabilities, powers and remedies which the Grantee may have or be entitled to by virtue of statute or at common law shall not be affected by the easement and the Grantee may exercise any such other powers vested in it at common law or by statute independently of those grants of easements.
