Red	36 49.465 S	174 49.659 E
Black	36 50.319 S	174 48.352 E

Conditions and Requirements

General Designated Area

The following conditions and requirements must be complied with in the general designated area:

1. All vessels not subject to an exemption issued by the Auckland Harbourmaster are restricted to a maximum speed of 12 knots;
2. no vessel may approach within 100 metres of any regatta yacht;
3. recreational and smaller commercial craft may transit the general area to which the application applies (excluding any race course in use) freely when entering or leaving the harbour, or observing the racing from a safe distance; and
4. the wake provisions of the Auckland Regional Council Navigation Safety bylaw 3.25 will apply at all times. This may mean that recreational vessels will need to reduce their speed below the 12 knot maximum to comply in the vicinity of the race course in use.

Race Course Areas

The race course to be used on any given day will be publicly announced on VHF channel 27.

The decision on which course to use is dependant on wind direction and is likely to be made only an hour before racing begins.

The boundaries of the course in use will generally be marked by buoys and anchored launches with flags but specific details of boundary markings will be publicly announced via a supplement published in the *New Zealand Herald* prior to the regatta. Additional supplements will also be available to the public.

The following conditions and requirements must be complied with inside the race course areas:

1. Only competing yachts, vessels used by the Race Committee, umpires and course marshals, emergency vessels and vessels accredited by the event organisers or the Auckland Harbourmaster may navigate within the race course area during the period of racing operations for that day;
2. scheduled ferry services transiting the race area will, when necessary, and in agreement with the operating companies, be routed around the designated race areas for the day; and
3. all vessels must be navigated in accordance with Maritime Rules Part 22: Collision Prevention.

Other Conditions and Requirements

When the red course is in use all vessels must remain outside the lines of yellow Harbourmaster buoys that will demark the boundaries of the red course and areas of shallow water.

In all areas defined above the Auckland Regional Council may:

1. order the suspension or abandonment of racing operations if, in the opinion of the Auckland Regional Council's Harbourmaster, adequate levels of public safety cannot be guaranteed. This power will be exercised in consultation with the New Zealand Police, the event organiser and Ports of Auckland Limited.
2. specify and vary conditions and requirements for the day-to-day management and conduct of activities within each area, for the purpose of protecting the safety of the public and competing yachts.

On race days the co-ordination and management of commercial shipping in Waitemata Harbour will be conducted jointly between the Auckland Regional Council's Harbourmaster; the Race Committee; and the Shipping Operations Manager & Senior Pilot, Ports of Auckland Limited, in order to minimise any potential conflict between commercial shipping and operations surrounding the Louis Vuitton Trophy Auckland Series.

Racing may be delayed on occasions to allow the normal transit of commercial shipping and naval vessels to and from the Port of Auckland.

Hours of Operation

General hours of operation for the area covered by the proposed application are 0700 to 1900 hours (New Zealand Daylight Time) for the entire period from **5 March 2010** to **21 March 2010** inclusive.

These hours are subject to change and will be determined on a daily basis and notified to the public in advance.

The specific hours of operation will be announced on public broadcasting and marine communication channels.

Means of Enforcement

Compliance with the above conditions and requirements will be enforced by appointed enforcement officers, as defined in section 200B(6) of the Maritime Transport Act 1994.

Under section 200B(5) of the Maritime Transport Act 1994, any person in charge of a ship, craft or seaplane who contravenes this notice commits an infringement offence and is liable to the relevant penalty prescribed in the

Maritime Transport (Infringement Fees for Offences Relating to Major Maritime Events) Regulations 1999.

Application to Enforcement Officers

Enforcement officers are exempt from the rules or conditions contained in this notice where necessary to execute their duties, but must at all times navigate in accordance with Maritime Rule Part 22: Collision Prevention.

I make this declaration in accordance with the requirements set out in section 200A(3) of the Maritime Transport Act 1994.

Dated at Wellington this 18th day of February 2010.

STEVEN JOYCE, Minister of Transport.

Notification of Review of the Cost of Data Transmission in the Standard Terms Determination for the Designated Service of Telecom's Unbundled Bitstream Access

On 12 December 2007, the Commerce Commission ("Commission") made a standard terms determination ("STD"), under section 30M of the Telecommunications Act 2001 ("the Act"), in respect of the designated access service of Telecom's Unbundled Bitstream Access ("Decision 611").

Pursuant to this provision, the Commission is giving public notice that it has launched a review of the cost of data transmission determined in Decision 611.

The owner of the land and those persons with a registered interest in it have been served with notice of the Council's intention to take the land and of their right to object.

Any other person having a right to object to the proposed taking of the said land may forward a written objection to the Registrar, Environment Court, Department of Courts, Level 8, 3 Kingston Street, Auckland 1010, or to PO Box 7147, Wellesley Street, Auckland 1141, within 20 working days of the date of publication of this notice.

Veterinary Council of New Zealand

Veterinarians Act 2005

Minimum Standards for Practising as a Veterinarian Notice 2010

Pursuant to section 75(i) of the Veterinarians Act 2005, the Veterinary Council of New Zealand sets out in this notice* the following prescribed minimum standards for practising as a veterinarian:

1. Fitness to Practise

A veterinarian must be fit in order to maintain his or her practising certificate and to practise as a veterinarian in New Zealand.

Matters that may bring a person's fitness to practise into question can include:

- the contracting of any addictive, mental or physical condition;
- any addictive or inappropriate taking of drugs or alcohol;
- a formal competence enquiry from an employer;
- an adverse finding in any disciplinary action by an employer or licensing or professional body; and
- a guilty finding in any criminal proceeding (including traffic offences involving alcohol or drugs for which the maximum penalty is not less than three months' imprisonment).

All persons are required to provide the council with a statement about their fitness to practise when they apply for registration or for a practising certificate.

The council may also examine a person (section 25(a)), require statutory declarations (section 25(b)), require other information (section 25(c)) and take various actions under specific, relevant sections of the Act.

2. Competence to Practise

(a) Competency Standards

Pursuant to section 88(3) of the Veterinarians Act 2005, the council refers persons to the document "Competency Standards and Performance Indicators for Veterinarians" available on the council's website

www.vetcouncil.org.nz

and from the council's office on request. This document sets out the competency standards council expects veterinarians to meet, at the point of initial registration, and on an ongoing basis, and provides criteria against which an individual veterinarian's performance may be measured.

(b) Recency of Practice

All applicants for a practising certificate are required to provide the council with information on their recency of practice. In the following situations, the council, after consideration of the individual circumstances of the case, may propose to decline or place conditions upon the applicant's practising certificate (section 26(3)(c)):

- those who have not practised as a veterinarian for five consecutive years, or have not practised as a veterinarian for five consecutive years in the area in which they intend to practise; and
- those who hold a recognised qualification or a pass in a prescribed examination or assessment programme (section 6) but have not:
 - practised as a veterinarian for one or more years subsequent to gaining a section 6 entitlement to registration; or
 - practised for one or more years in the area in which they intend to practise subsequent to gaining a section 6 entitlement to registration.

(c) *Continuing Professional Development*

The council requires veterinarians to record and report their professional development.

Under section 25, when considering an application for a practising certificate, the council may require the applicant to provide any document or information that the council considers, on reasonable grounds, is necessary to assess his or her application.

The council may use this section and section 26 where veterinarians have not reported on their professional development for more than two consecutive years.

*This notice replaces the Veterinary Council notice published in the *New Zealand Gazette*, 18 September 2008, No. 141, page 3854. The only change is the addition of specific recency of practice requirements for those who have not practised for one or more years subsequent to gaining a recognised qualification or a pass in a prescribed examination or assessment programme.
