### Education Act 1989

#### National Administration Guidelines

Pursuant to section 60A of the Education Act 1989, the Minister of Education hereby specifies the following National Administration Guidelines.

Those notified in the *New Zealand Gazette*, 29 April 1993, No. 58, page 1086, are hereby revoked from 2 February 2010.

#### NAG 1

Each board of trustees is required to foster student achievement by providing teaching and learning programmes which incorporate The National Curriculum as expressed in *The New Zealand Curriculum 2007* or *Te Marautanga o Aotearoa*.

Each board, through the principal and staff, is required to:

- (a) develop and implement teaching and learning programmes:
  - (i) to provide all students in Years 1–10 with opportunities to achieve for success in all areas of the National Curriculum;
  - (ii) giving priority to student achievement in literacy and numeracy, especially in Years 1–8; and
  - (iii) giving priority to regular quality physical activity that develops movement skills for all students, especially in Years 1–6;
- (b) through a range of assessment practices, gather information that is sufficiently comprehensive to enable the progress and achievement of students to be evaluated, giving priority first to:
  - (i) student achievement in literacy and numeracy, especially in Years 1–8; and then to
  - (ii) breadth and depth of learning related to the needs, abilities and interests of students, the nature of the school's curriculum, and the scope of *The National Curriculum* as expressed in *The New Zealand Curriculum* or *Te Marautanga o Aotearoa*;
- (c) on the basis of good quality assessment information, identify students and groups of students:
  - (i) who are not achieving;
  - (ii) who are at risk of not achieving;
  - (iii) who have special needs<sup>1</sup>; and
  - (iv) aspects of the curriculum which require particular attention;

- (d) develop and implement teaching and learning strategies to address the needs of students and aspects of the curriculum identified in (c) above;
- (e) in consultation with the school's Māori community, develop and make known to the school's community policies, plans and targets for improving the achievement of Māori students; and
- (f) provide appropriate career education and guidance for all students in year 7 and above, with a particular emphasis on specific career guidance for those students who have been identified by the school as being at risk of leaving school unprepared for the transition to the workplace or further education/training.

**NAG 2**

Each board of trustees, with the principal and teaching staff, is required to:

- (a) develop a strategic plan which documents how they are giving effect to the National Education Guidelines through their policies, plans and programmes, including those for curriculum, National Standards, assessment and staff professional development;
- (b) maintain an on-going programme of self-review in relation to the above policies, plans and programmes, including evaluation of information on student achievement; and
- (c) report to students and their parents on the achievement of individual students, and to the school's community on the achievement of students as a whole and of groups (identified through NAG 1(c) above) including the achievement of Māori students against the plans and targets referred to in NAG 1(e) above.

**NAG 2A**

Where a school has students enrolled in Years 1–8, the board of trustees, with the principal and teaching staff, is required to use National Standards to:

- (a) report to students and their parents on the students' progress and achievement in relation to National Standards. Reporting to parents in plain language in writing must be at least twice a year;
- (b) report school-level data in the board's annual report on National Standards under three headings:
  - (i) school strengths and identified areas for improvement;
  - (ii) the basis for identifying areas for improvement; and
  - (iii) planned actions for lifting achievement.
- (c) report in the board's annual report on
  - (i) the numbers and proportions of students at, above, below or well below the standards, including by Māori, Pasifika and by gender (where this does not breach an individual's privacy); and
  - (ii) how students are progressing against the standards as well as how they are achieving.

These requirements do not apply to boards of trustees that are working towards implementing *Te Marautanga o Aotearoa* until 2 February 2011.

For the avoidance of doubt, the first annual report to which subclauses ii and iii apply is that which reports on the 2011 school year, except for boards of trustees that are working towards implementing *Te Marautanga o Aotearoa* when the relevant report is that which reports on the 2012 school year.

**NAG 3**

**NAG 6**

Each board of trustees is also expected to comply with all general legislation concerning requirements such as attendance, the length of the school day, and the length of the school year.

Dated at Wellington this 14th day of October 2009.
