Anti-Money Laundering and Countering Financing of Terrorism Act 2009

Ministerial Exemptions Under the Anti-Money Laundering and Countering Financing of Terrorism Act 2009

In accordance with section 159(3) of the Anti-Money Laundering and Countering Financing of Terrorism Act 2009 ("AML/CFT Act"), the Minister of Justice hereby gives notice that she has granted the following exemptions from the AML/CFT Act:

Ministerial Exemption: Guardians of New Zealand Superannuation

1. As the Minister of Justice, and pursuant to section 157 of the AML/CFT Act, I exempt the Guardians of New Zealand Superannuation from all the provisions of this Act.
2. This exemption is not subject to any conditions.
3. This exemption will come into force on **30 June 2013**.
4. This exemption will expire on **30 June 2018**.

Ministerial Exemption: Casino loyalty schemes

1. As the Minister of Justice, and pursuant to section 157 of the AML/CFT Act, I exempt casinos as a class of reporting entities from the following provisions of the Act:
 - (a) Sections 14(a)–(c), 22(1)(a), 22(1)(b), 22(2) and 26 (customer due diligence); and
 - (b) section 31 (ongoing customer due diligence and account monitoring), subject to clause 4.

2. It is a condition of this exemption that the exemption only applies to a business relationship which is membership in a gaming loyalty scheme operated by a casino. For the purposes of this exemption, a gaming loyalty scheme is a scheme that:
 - (a) generates points or credit exclusively through:
 - (i) gambling; or
 - (ii) gambling and purchase of food and beverages; or
 - (iii) gambling and purchase of hotel accommodation; or
 - (iv) gambling and purchase of food and beverages and hotel accommodation.
 - (b) meets the following criteria:
 - (i) A person cannot deposit funds or credit into a gaming loyalty scheme account or other loyalty arrangement or any associated loyalty card or instrument; and
 - (ii) a person can only hold one gaming loyalty scheme account or arrangement at a time and it is not transferable; and
 - (iii) the maximum value of points or credit where points or credit can be redeemed in cash in a gaming loyalty scheme account or arrangement is \$5,999.99; and
 - (iv) gaming loyalty scheme points or credit expire after 12 months from the date of the points accrual.

3. This exemption applies to gaming loyalty scheme cards or instruments that are used by a customer for the purpose of utilising membership in a gaming loyalty scheme. This exemption does not apply to other functions a gaming loyalty card or instrument may facilitate.

4. Exemption from account monitoring obligations applies only to the obligation to monitor the generation of loyalty points and the redemption of loyalty points. The exemption does not affect the obligation to conduct other account monitoring that might identify grounds for reporting a suspicious transaction.
5. The proposed exemption from account monitoring does not affect obligations under section 40 of the Act to report suspicious transactions.
6. This exemption will come into force on **30 June 2013**.
7. This exemption will expire on **30 June 2018**.

Notification of Liable Persons Information Disclosure Requirements to Support the 2012/13 Telecommunications Development Levy

The Commerce Commission ("Commission") is advising all telecommunications service providers that they will need to check whether they are required to provide information under section 82 of the Telecommunications Act 2001 ("the Act") to support identifying liable persons who will pay a portion of the 2012/13 Telecommunications Development Levy.

Liable persons obliged to provide information under section 82 would have earned \$10 million or more from providing telecommunications services (such as voice, data or other services excluding broadcasting) by means of a component

of a public telecommunications network in the 2011/12 financial year.

Electricity Industry Act 2010

Electricity Industry (Exemption No. 150 (Payless Energy Limited)) Exemption Amendment Notice 2013

Pursuant to section 11(3) of the Electricity Industry Act 2010 ("Act"), the Electricity Authority gives the following notice.

Notice

1. Title and commencement—(1) This notice is the Electricity Industry (Exemption No. 150 (Payless Energy Limited)) Exemption Amendment Notice 2013.

(2) This notice comes into force on the day after the date it is notified in the *New Zealand Gazette*.

2. Amendment to principal exemption—Replace clause 3 of the Electricity Industry (Exemption No. 150 (Payless Energy Limited)) Exemption Notice 2012* ("principal exemption") with:

"3. Term—This exemption expires at the earlier of:

- (a) the close of **30 June 2013**; and
- (b) Payless being responsible for more than 10 installation control points ("ICPs")."

3. Reasons for this amendment—The reasons for amending the principal exemption are as follows:

- (a) The proposed amendment to the exemption meets the requirements in section 11(3) of the Act for amending exemptions;
- (b) Payless Energy Limited is close to obtaining an ISO 9001 equivalent certification;
- (c) amending the exemption will assist a small new entrant to enter the market, which could lead to increased competition for the long-term benefit of consumers; and
- (d) due to the small number of ICPs involved, amendment to the exemption will have little or no impact on other participants and service providers, and will not affect any other provisions of the Electricity Industry Participation Code 2010.

3. Term—This exemption expires at the earlier of:

- (a) the date on which the Electricity Industry Participation (Metering Arrangements) Code Amendment 2011 comes into force; and
- (b) the date, as recorded in the registry, on which MRPL no longer has the responsibility as the trader for the ICPs listed above.

4. Reasons for granting the exemption—The reasons for granting this exemption are:

- (a) Granting the exemption meets the requirements in section 11(2) of the Act for granting exemptions;
- (b) MRPL would incur significant expenditure in fitting meters to each ICP where the loads are predominantly street lights, bus shelters and speed cameras with low annual consumption volumes (but over the 3,000 kWh level for unmetered load);
- (c) the loads at these ICPs are static, have little annual variation, and load changes can be accurately tracked;
- (d) MRPL will continue to treat the loads as standard unmetered loads and record the information in the registry;
- (e) the ICPs are likely to comply with the new threshold (6,000 kWh per annum) for predictable unmetered load when the new Part 10 of the Code comes into force; and
- (f) the exemption will have little or no impact on other participants and service providers, and will not affect any other Code provisions.

Notice of the Electricity Industry Participation (Temporary Grid Reconfiguration) Code Amendment 2013

1. Pursuant to section 38(3)(b) of the Electricity Industry Act 2010 ("Act"), the Electricity Authority ("Authority") gives notice of the making of the Electricity Industry Participation (Temporary Grid Reconfiguration) Code Amendment 2013.

2. The amendment is made urgently under section 40 of the Act. The amendment comes into force on **15 March 2013**.

3. The amendment enables Transpower to temporarily remove interconnection assets from service or temporarily reconfigure the grid in specified circumstances where doing so results in a net benefit, to improve the operation of the electricity system.

4. The Authority considers that it is desirable to make the amendment urgently because:

- (a) due to ongoing dry conditions in the lower South Island, inflows into the Waiau catchment area are extremely low and there is a risk of reaching the low operating range of Lake Te Anau and Lake Manapouri. When the absolute minimum of the low operating range of those lakes is reached, the output of Manapouri hydroelectric power station is restricted to inflows only. Under a continued low inflow scenario, the absolute minimum would be reached by about 15 April 2013;
- (b) a temporary grid reconfiguration could provide a significant benefit by enabling increased transmission of electricity into Southland, which is needed to meet

the daily Southland load in the conditions described above;

- (c) without the ability to temporarily reconfigure the grid, the system operator and Southland generators have less ability to manage the dry situation, which could expose consumers to rolling outages; and
 - (d) a delay in making an amendment to the Electricity Industry Participation Code 2010 ("Code") will increase the likelihood that the benefits of a removal or reconfiguration of interconnection assets will not be realised.
5. Copies of the amendment and the Code are available on the Electricity Authority's website at
www.ea.govt.nz/act-code-regs/code-regs/
6. Copies of the amendment and the Code may also be inspected free of charge or purchased from the Electricity Authority, Level 7, ASB Bank Tower, 2 Hunter Street, Wellington.
