Electricity Commission

Electricity Act 1992

Notice of Recommendation and Assessment Concerning the Electricity Governance Rules 2003—Rule Amendment Proposal No. 147, 2009

1. This notice of a recommendation and assessment concerning the Electricity Governance Rules 2003

(“Rules”), Rule Amendment Proposal No. 147, 2009, is issued by the Electricity Commission (“Commission”) pursuant to section 172E(2)(c) of the Electricity Act 1992 (“Act”).

2. The Act provides that, no later than 10 working days after making a recommendation to the Minister of Energy and Resources (“Minister”) concerning the Rules, the Commission must publicise the recommendation and the assessment completed under section 172F of the Act.

Recommended Amendments to the Rules

3. On 2 July 2009, the Commission recommended that Schedule C4 be replaced.

4. The recommended amendments to the Rules were:

(a) the replacement of the existing policy statement in Schedule C4 in Part C of the Rules with a new Schedule C4. The key changes from the current policy statement include:

- (i) publishing temporary security constraints applied to schedules where those constraints have reached the “constraint percentage threshold” once new market systems are implemented. Publication will be within 10 minutes of completion of the relevant schedule rather than from the application of the constraint to the database;
- (ii) publishing grid asset outage information used in the preparation of market schedules rather than within its publication of branch constraint information;
- (iii) issuing a grid emergency notice if the System Operator considers a grid reconfiguration is required to mitigate a situation;
- (iv) using reasonable endeavours to begin the preparation of a new security schedule at least once every two hours;

- (v) providing the information system with information from the week-ahead dispatch schedule once it completes such a schedule;
 - (vi) removing the requirement for the System Operator to publish transmission capability limits as these are available elsewhere;
 - (vii) providing more flexibility for the System Operator to choose the level of reserve required between 0–100% when there are insufficient generation and reserve offers;
 - (viii) removing specific conditions under which the System Operator will procure over frequency reserves for the South Island, giving it more flexibility to determine when it will procure the service and more accurately reflecting operational procedures used in the dispatch of over frequency reserves;
 - (ix) identifying the restoration of load following a loss of supply as an event in which a grid emergency might arise;
 - (x) no longer requiring the System Operator to send formal notices to every participant, only to those the System Operator believes may be able to assist in mitigating a grid emergency or will have a significant interest in the occurrence and nature of the grid emergency;
 - (xi) no longer requiring the System Operator to send separate Demand Allocation Notices but to permit including them in the relevant formal notice; and
 - (xii) rewording various clauses to remove obligations on asset owners where those obligations are already stated in Part C of the Rules (the policy statement should contain only commitments made by the System Operator); and
- (b) minor drafting amendments to various clauses, in reliance on section 172F(3) of the Act.
5. A copy of the Commission's recommendation and assessment is available, at no cost, on the Commission's website at
<http://www.electricitycommission.govt.nz/rulesandregs/recommend>
- Dated at Wellington this 2nd day of July 2009.

New Zealand Qualifications Authority

Education Act 1989

Policies and Criteria for the Ongoing Registration of Private Training Establishments 1 September 2009

Pursuant to section 253(3) of the Education Act 1989, the New Zealand Qualifications Authority, having undertaken the consultation required by section 252(2) and having established policies and criteria in respect of the registration of private training establishments pursuant to section 253(1)(ca), publishes the criteria.

For the sake of completeness, the New Zealand Qualifications Authority also publishes the policies that complement the criteria.

The policies and criteria, which are described as the Policies and Criteria for the Ongoing Registration of Private Training Establishments 1 September 2009, take effect from 1 September 2009.

Compliance with these policies and criteria is a condition of registration for all registered private training establishments.

The policies and criteria replace The Quality Assurance Standard for Private Training Establishments, Government Training Establishments and Wananga (QA Standard One), published in the *New Zealand Gazette*, 7 February 2003, No. 11, page 302.

Criterion One: Governance and Management

Governance and management functions are distinct, support academic integrity and are undertaken in the best interests of the private training establishment (PTE) and its learners.

Policies for Governance and Management

Goals and purposes

- 1.1 The primary focus of the PTE's activities must be the achievement of its goals and purposes relating to education and training.
- 1.2 The PTE contributes positively to the goals of the Tertiary Education Strategy and the objectives of tertiary education in the Education Act 1989.

Ownership

- 1.3 The body corporate status of the PTE or its governing body must be current and the organisation compliant with all legal requirements.
- 1.4 The conduct of the PTE's officers and directors must not be likely to bring the PTE into disrepute nor conflict with its educational goals and purposes.
- 1.5 Arrangements with shareholders, trust beneficiaries, related companies and other bodies must not conflict with the PTE's educational focus or be incompatible with its education and training goals and purposes.
- 1.6 The PTE incorporates relevant principles of the Treaty of Waitangi into its culture and activities.

Change of ownership

- 1.7 Where ownership is changed as a result of a sale or transfer of the PTE's assets or operating activities to a body that is not a PTE registered under the Education Act 1989, the new owner must apply for new registration and, where applicable, accreditation.
- 1.8 Where ownership of the enterprise is changed as a result of a sale or transfer of shares, the purchaser or transferee must apply to have the PTE's current registration confirmed under the new ownership.

Management

- 1.9 The people who are responsible for day-to-day management must have skills and experience appropriate to the PTE's educational goals and purposes, its specific characteristics, its distinctive contribution to the tertiary education sector and the services it provides to learners and other stakeholders.
- 1.10 The PTE must comply with all applicable legal and regulatory requirements.
- 1.11 The PTE must submit, annually, such documents as are required by NZQA to monitor the PTE's continued satisfaction of the statutory requirements of registration and compliance with NZQA Policies and Criteria for Ongoing Registration of PTEs.
- 1.12 Public information about the PTE and the education and other services it provides must be accurate, clear and not misleading.
- 1.13 A PTE cannot associate its registration status with courses not approved under the Education Act 1989 section 258 or qualifications not registered on the National Qualifications Framework.
- 1.14 Personnel policies and procedures for all staff should comply with New Zealand laws, be reviewed regularly, and should meet the needs of the PTE.
- 1.15 A PTE must ensure its records are managed to ensure their accuracy, integrity and compliance with relevant statutory requirements.

Quality management

- 1.16 The PTE applies a coherent quality management system across all aspects of its business.
- 1.17 Every PTE should have a risk management plan appropriate to the PTE and its special characteristics. The risk management plan should identify, analyse and evaluate risks across the PTE's business activities, including education provision. The PTE should have policies and procedures to mitigate the likelihood and consequence of some risks.

Criterion Two: Finances

Financial viability

- 2.4 A PTE must be financially sustainable and able to meet its financial commitments.

Criterion Three: Resources

Physical and learner resources support good educational practice and are current, available and relevant to the learners.

Policies for Resources*Premises*

- 3.1 All premises used for the purposes of teaching and training must be of a sufficient size for the number of learners, suitable to the learners' needs, and appropriate for the courses being taught.

- 3.2 All premises must comply with regulations relevant to the purposes for which they are used.
- 3.3 A PTE should take reasonable steps to ensure off-site learning is undertaken in conditions which are equal to on-site learning conditions.

Learning resources

- 3.4 Learners can access and use learning resources and equipment that are current and appropriate.
- 3.5 Learners can access independent learning services, such as library, study aids and electronic aids, where these are needed to achieve good learning outcomes.

Criterion Four: Staff

Recruitment, management and development of staff ensure sufficient personnel with the necessary skills, experience and knowledge.

Policies for Staff

- 4.1 A PTE must use appropriate recruitment and selection practices to make sure it has enough personnel with:
 - (a) teaching and subject knowledge;
 - (b) assessment and moderation expertise;
 - (c) educational management expertise;
 - (d) quality management expertise;
 - (e) student support skills;
 - (f) financial and administration expertise.
- 4.2 The PTE's policies and procedures for ensuring the recruitment, management and development of teaching staff ensure there are sufficient personnel with the skills, experience and knowledge necessary to provide high quality teaching and learning.
- 4.3 A PTE must implement staff development and management processes to ensure teaching skills and subject knowledge are current and relevant to the needs of learners and other stakeholders.

Criterion Five: Courses

Development, design and delivery of courses respond to the demonstrated needs of learners and relevant parties and are consistent with the goals and purposes of the private training establishment.

 - (c) specify the learning outcomes and expected standards of achievement;

- 5.2 The effectiveness of a course, its delivery and its value to learners and other relevant parties is evaluated as part of the PTE's ongoing self-assessment.

- 5.3 The results of self-assessment of courses/programmes are used to improve learning outcomes and achievement.

Criterion Six: Learners

Learner support, information and entry ensure appropriate learning pathways, a safe learning environment and a reasonable chance of successful achievement.

Policies for Learners

Learner support

- 6.1 The PTE deals with students in a fair and equitable manner.
- 6.2 The PTE has an approach to well-being that encompasses taha whānau (social/cultural), taha wairua (spiritual), taha hinengaro (emotional/mental) and taha tinana (physical) dimensions to encourage and enable progress.
- 6.3 Learners have access to educational and non-educational support and guidance services that meet their individual needs.
- 6.4 There is a clear process for receiving and responding to student complaints which is accessible by students and which refers to NZQA's complaints process.
- 6.5 The PTE must comply with NZQA's Student Fee Protection Policy.

Learner information and entry

- 6.6 Students and prospective students receive clear information on the PTE, its courses and other educational services to enable them to make informed choices about their course of study.

Criterion Seven: Assessment

Assessment of learner achievement and moderation ensures that assessment tasks, methods and decisions are fair, reliable and valid and that moderation and reporting comply with the requirements of NZQA and other national standard-setting bodies.

Policies for Assessment

Assessment and moderation

- 7.1 The PTE has systems of assessment and moderation for assessing learners against the expected outcomes of programmes which:
 - (a) ensure assessment processes and decisions are open, systematic and consistent; assessment methods are appropriate, fair, manageable and integrated with work or learning and evidence is valid, authentic and sufficient;
 - (b) provide for internal moderation of assessment materials and judgements;
 - (c) comply with external moderation requirements of NZQA and national standard-setting agencies; and
 - (d) ensure learners are assessed only against those unit standards or qualifications registered on the National Qualifications Framework for which the provider has accreditation.

Reporting

- 7.2 A PTE adequately and appropriately reports on learner achievement, reporting learner achievement

of National Qualifications Framework credits to NZQA accurately, as soon as practicable after assessment has taken place, and only in relation to the scope of the accreditation granted.

Criterion Eight: Quality Assurance

Quality assurance is based on an evaluative approach that judges the quality, value and importance of educational outcomes and key contributing processes.

Policies for Quality Assurance

- 8.1 The PTE's quality assurance should focus on educational outcomes and key processes contributing to the achievement of those outcomes as set out in the policies for the Quality Assurance Framework established by NZQA.
- 8.2 The PTE must:
 - (a) undertake ongoing self-assessment of its performance;

Self-assessment should also be used to improve the quality of educational and other outcomes for learners and other interested parties, including their potential employers and communities; and
