## Business, Innovation and Employment

### Dumping and Countervailing Duties Act 1988

#### Anti-dumping Duties: Notice that Anti-dumping Duties on Galvanised Wire From South Africa May Cease to Apply

Under section 14(9) of the Dumping and Countervailing Duties Act 1988 ("the Act"), anti-dumping duties imposed on galvanised wire from South Africa will cease to apply to those goods on **18 August 2013**, unless at that date the goods are subject to review under section 14(8) of the Act.

Any interested party that might request that the Chief Executive of the Ministry of Business, Innovation and Employment initiate a review before the cessation date referred to above, should be aware that positive evidence justifying the need for a review must be provided to the chief executive.

If an application is received which provides positive evidence justifying the need for a review, the chief executive must undertake and complete a review investigation within 180 days of initiation on whether the anti-dumping duties should continue to be applied.

Positive evidence justifying the need for a review would need to include reasons for believing that the expiration of anti-dumping duties would see the continuation or recurrence of dumping of galvanised wire from South Africa, and for believing that such dumping would be likely to cause the continuation or recurrence of material injury to the New Zealand industry producing galvanised wire.

The reasons should be supported by evidence and not be based on mere allegations or assertions.

Signed at Wellington this 5th day of February 2013.

#### Notice of Initiation: Review of Anti-dumping Duty on Canned Peaches From South Africa

Pursuant to section 14(8) of the Dumping and Countervailing Duties Act 1988, and acting under delegated authority from the Chief Executive of the Ministry of Business, Innovation and Employment, I have initiated a review of the imposition of anti-dumping duty in respect

of the goods described in the Schedule to this notice ("the goods").

This initiation follows the receipt of an application made by the New Zealand industry providing positive evidence justifying the need for a review.

Anti-dumping duty was imposed on the goods following a determination made on 1 August 1996.

The current rates of duty are the result of a reassessment published in the *New Zealand Gazette*, 21 February 2008, No. 31, page 709, and a reassessment limited to "choice" grade peaches published in the *New Zealand Gazette*, 18 February 2010, No. 18, page 429.

#### Schedule

##### Goods Subject to Review

##### Country of Origin

South Africa

##### Description of Goods

Canned peaches (halves, slices or pieces) packed in various concentrations of sugar syrup and in can sizes ranging from 110 grams to 3 kilograms (A10).

The goods are classified under Tariff Item and Statistical Key 2008.70.09.00L of the Tariff of New Zealand, which classification is provided for convenience and Customs purposes only, the written description being dispositive.

Dated at Wellington this 11th day of February 2013.

ROBIN HILL, Principal Advisor, Registry Integrity and Trade Remedies, Ministry of Business, Innovation and Employment.

#### Invitation for Submissions

*A copy of the non-confidential version of the Initiation Memorandum, which details the consideration of the application for initiation of a review, is available from the Registry Integrity and Trade Remedies, Business Integrity Services, Market Services Group, Ministry of Business, Innovation and Employment, PO Box 1473, Wellington, or by emailing*
