Applications for authorisation to use Northern Busway

4. An operator wishing to operate vehicles of a type listed below on the Northern Busway must make an application for authorisation to the Agency in accordance with clause 5:

- 4.1 Heavy omnibuses engaged in a scheduled service, special event service, charter bus service, tour bus service or inter-regional bus service; or
- 4.2 Airport shuttles.

Content of application for authorisation

5. An application for authorisation to operate vehicles of the types listed in clause 4 above must:

- 5.1 be on the form provided by the Agency for authorisation to operate vehicles on the Northern Busway.
- 5.2 detail the number and type of vehicles that will use the Northern Busway and the schedule of services (where appropriate), time or times when those vehicles will use the Northern Busway.
- 5.3 provide details of the emergency procedures that are to be followed in the event such that a vehicle breaks down on the Northern Busway. Those procedures must be approved by the Agency. The emergency procedures must appoint a breakdown vehicle company and an appropriate haulage company that will attend the breakdown and/or tow the disabled vehicle and provide for the attendance of those vehicles at the site of the breakdown within 30 minutes of a vehicle breaking down. In the event that the hours of operation of any appointed breakdown vehicle company or haulage company are limited, the operator must not operate a vehicle on the Northern Busway outside of those hours of operation.
- 5.4 detail the method of communication between the drivers of the vehicle and the Busway Operations Centre.

Authorisation conditions

6. An operator wishing to operate heavy omnibuses on the Northern Busway must comply with any conditions attached to the authorisation given under clause 9.

7. The Agency may impose conditions relating to the following matters:

- 7.1 The emergency procedures that are approved by the Agency.
- 7.2 The method of communication between the driver of the authorised vehicle and the Busway Operations Centre.
- 7.3 The maximum number of vehicles that may use the Northern Busway at any given time or times (including during peak and off-peak times) or on different days of the week.
- 7.4 Prioritisation of the different types of vehicles that may be authorised to use the Northern Busway in accordance with the hierarchy in clause 8.
- 7.5 Any other conditions necessary to ensure safe and efficient operation of the Northern Busway and in particular to manage the finite capacity of vehicles on the Northern Busway including managing merging with traffic on the approaches to the Auckland Harbour Bridge.

Prioritisation of use

8.

- 8.1 The use of the Northern Busway will be prioritised in accordance with the hierarchy in clause 8.2 below, taking into account the capacity constraints of the Northern Busway, including that caused by the merging of vehicles using the Northern Busway into the traffic lanes approaching the Auckland Harbour Bridge.
- 8.2 The priority accorded to vehicles to be given authorisation to use the Northern Busway will be as follows:
- (a) First priority: Scheduled heavy omnibus services.
- (b) Second priority: Other services being:
- (i) special event heavy omnibus services;
 - (ii) airport shuttles;
 - (iii) charter buses (other than special event heavy omnibus services);
 - (iv) tour buses; and

(v) inter-region buses.

8.3 For the avoidance of doubt, other services in clause 8.2(b) have equal priority as between themselves.

Deciding applications

9. After considering any application for authorisation made under clause 4 the Agency may:

- 9.1 decline the application; or
- 9.2 grant the application; and
 - (a) determine the term of the authorisation;
 - (b) impose any reasonable conditions concerning the matters listed in clause 7; and
 - (c) set a review period.

Emergencies

10. Notwithstanding the approval by the Agency of an operator's emergency procedures:

- 10.1 in the event of any breakdown on the Northern Busway the driver of the broken down vehicle must comply with any instructions given by an authorised officer; and
- 10.2 in the event that a heavy omnibus breaks down on the Northern Busway, the driver of any heavy omnibus operated by them that is following the vehicle that breaks down, shall stop and pick up the passengers from that vehicle and transport them to the next busway transport station; and
- 10.3 in the event a shuttle breaks down on the Northern Busway, the operator must make all necessary arrangements to immediately transport any passengers from the Busway to the next busway transport station.

Suspension, variation or cancellation of authorisations

11. Notwithstanding any conditions imposed on any authorisation, the Agency may review, suspend, amend or revoke any authorisation issued under this bylaw if it reasonably believes that:

- (a) action is required to protect public safety.
- (b) there has been an alleged breach of any condition or conditions of the authorisation.
- (c) there has been an alleged breach of this bylaw.
- (d) the merging capacity of the Northern Busway with harbour bridge traffic is potentially compromised as a consequence of the existing authorisation.
- (e) action is required to preserve the priority accorded to different types of vehicles that may be authorised to use the busway transport stations in accordance with the hierarchy under clause 8.
- (f) action is required to ensure safe and efficient operation of the Northern Busway and in particular to manage the finite capacity of vehicles on the Northern Busway including managing merging of those vehicles with traffic on the approaches to the Auckland Harbour Bridge.

Procedure for reviewing, amending and suspending authorisations

12. If the reason for reviewing, suspending or revoking any authorisation arises under clause 11(a) above, the Agency may act urgently to suspend the authorisation by serving written notice of suspension on the holder of the authorisation.

13. If the reason for reviewing, suspending or revoking any authorisation arises under clause 11(a) – 11(f), the Agency may require the holder of the authorisation, on one months notice, to attend a hearing to explain why the authorisation should not be suspended, reviewed, amended or revoked.

14. If the holder of the authorisation does not attend that hearing or after the hearing, the Agency is satisfied that the operator has been in breach of the bylaw or that the authorisation needs to be suspended, reviewed, amended or revoked the Agency may suspend, review, amend or revoke the authorisation at their discretion.

Use of the Northern Busway

15. No person, being the driver of a vehicle shall use or drive that vehicle on or along any part of the Northern Busway unless:

- (a) that person is driving a vehicle which is operated by an operator that has satisfied the requirements and been granted an authorisation under clause 9 above and the vehicle is not open-topped; or
- (b) that person is driving an emergency vehicle in an emergency or driving a vehicle that has approval from either the New Zealand Police or an authorised officer to use the Northern Busway in an emergency; or
- (c) that person is driving an authorised vehicle; or
- (d) that person is driving or is in charge of a vehicle which has suffered an accident or breakdown on the motorway adjacent to that part of the busway extending from the Esmonde Road Underpass to a point south of the Onewa Road Interchange where the busway merges with the motorway carriageway (described in Schedule 1) and is in the process of moving the vehicle across the busway to the shoulder; or
- (e) that person is driving a breakdown vehicle which is required by an authorised officer to attend to an accident or breakdown.

16. No person, being the driver of a vehicle or person in charge of a vehicle shall stop, stand, or park any vehicle on the Northern Busway whether that vehicle is attended or unattended unless:

- (a) that person is driving or is in charge of a vehicle which is operated by an operator that has been granted an authorisation under clause 9 above and is stopping on an area of the Northern Busway designated as a stopping place available for that vehicle. For the avoidance of doubt, any area of the Northern Busway set aside as a stopping place and the designated use of stopping places will be indicated by signs; stopping is only for the purpose of loading and unloading passengers; and no person, being the driver of a vehicle, shall stand or park that vehicle at any busway stopping place; or
- (b) that person is driving or is in charge of a vehicle which is operated by an operator that has been granted authorisation under clause 9 above and has suffered an accident or breakdown; or

- (c) that person is driving or in charge of a breakdown vehicle which is required by an authorised officer to attend to an accident or breakdown; or
- (d) that person is driving or is in charge of an authorised vehicle.

17. No person, being the driver of a vehicle or person in charge of a vehicle, shall perform any of the turning movements on that part of the busway except where the turning movement is permitted. For the avoidance of doubt, permitted turning movements shall be identified by prescribed signs.

Transitional provisions

18. Every authorisation to operate heavy omnibuses on the Northern Busway that is in existence on the day this bylaw comes into force shall:

- (a) continue but be subject to this bylaw; and
- (b) notwithstanding (a) be subject to a right of annual review by the Agency in accordance with clauses 11, 12, 13 and 14 of this Bylaw from the 12-month anniversary of grant.

Any reference in this bylaw to any Statute or Regulation is deemed to include all amendments and revisions made from time to time to that Statute or Regulation.

Pursuant to section 11(1) of the Health Practitioners Competence Assurance Act 2003, the Physiotherapy Board amends the Scope of Practice – Physiotherapist in the notice with the above heading published in the Supplement to the *New Zealand Gazette*, 15 September 2004, No. 120, at page 2972.

This notice takes effect from 1 January 2009.

Please remove the Scope of Practice – Physiotherapist and replace it with:

“1. Scope of Practice – Physiotherapist

Physiotherapy provides services to individuals and populations to develop, maintain, restore and optimise health and function throughout the lifespan.

This includes providing services to people compromised by ageing, injury, disease or environmental factors.

Physiotherapy identifies and maximises quality of life and movement potential by using the principles of promotion, prevention, treatment/intervention, habilitation and rehabilitation.

This encompasses physical, psychological, emotional and social well-being.

Physiotherapy involves the interaction between physiotherapists, patients/clients, other health professionals, families/whanau, care givers and communities.

This is a people-centred process where needs are assessed and goals are agreed using the knowledge and skills of physiotherapists.

Physiotherapists are registered health practitioners who are educated to practise autonomously by applying scientific knowledge and clinical reasoning to assess, diagnose and manage human function.

The practice of physiotherapy is not confined to clinical practice, and encompasses all roles that a physiotherapist may assume such as patient/client care, health management, research, policy making, educating and consulting, wherever there may be an issue of public health and safety.”
