Foundation for Research, Science and Technology

Foundation for Research, Science, and Technology Act 1990

Notice of Changes to Ministerial Scheme Under Section 8A of the Foundation for Research, Science, and Technology Act 1990—the New Economy Research Fund Scheme

Direction to: The Foundation for Research, Science and Technology (“the foundation”).

Under section 8A of the Foundation for Research, Science, and Technology Act 1990, the foundation is directed to allocate funds in accordance with the New Economy Research Fund Scheme (“the scheme”) specified in this notice.

This direction comes into effect on 1 November 2008.

This direction revokes and replaces the previous direction dated the 20th day of July 2006, issued to the foundation for Research, Science and Technology, under section 8A of the Act, and published in *New Zealand Gazette*, 27 July 2006, No. 85, page 2649.

To avoid doubt, allocation of funds under the scheme must be consistent with the “Stable Funding” direction issued to the foundation under section 103 of the Crown Entities Act 2004, which came into effect on 1 July 2008 (*New Zealand Gazette*, 27 March 2008, No. 64, page 1861), as that direction may be amended from time to time.

The New Economy Research Fund Scheme

The Nature of the Scheme

The New Economy Research Fund (“NERF”) invests in investigator-initiated research that stimulates the emergence and growth of new knowledge-intensive enterprises for the benefit of New Zealand by providing investment for:

- investigator-initiated research covered under the NERF scheme to date (“original NERF”); and
- the new Transformational Research, Science and Technology investments (“TRSTs”).

Original NERF investment aims to develop capability and knowledge in new areas to support technology-based business opportunities.

Its focus is on targeted-basic research and human capital development, and on developing new knowledge to a point where business opportunities can be assessed.

It encourages research of an interdisciplinary nature and active international linkages with teams at the forefront of research.

Original NERF research may be a:

- Project – of short term duration aimed at developing a new idea and/or new researcher; or
- Programme – of medium to long term duration focussed on the significant delivery of outcomes; or
- Platform – of long term duration, created from Stable Funding, that delivers on externally led or endorsed strategies, large in scope, impact and effort with streams of applications over time.

TRSTs aim to develop world leading technological capabilities through consolidating existing research into an underpinning platform technology able to support a range of applications and products that can help establish high technology business opportunities.

TRSTs are intended to incorporate additional activities alongside the research component; therefore TRST funding can be used for any one or more of the following activities:

- Research that builds on, and has synergies with, but does not duplicate existing research; and
- intensification of existing research that has potential for commercialisation and/or is necessary for creating the underpinning platform technology; and
- multi- and inter-disciplinary approaches including social science; and
- proof of concept activities; demonstration projects and process and/or production engineering; and
- engagement and communication activities that develop profile for the research; and
- facilitators to actively develop the TRST, and appropriate networks and linkages between researchers and users of research.

A TRST may become a Stable Funding platform over time.

The Objectives of the Scheme

The objectives of the scheme are to:

- support investigator-initiated research (public or private) that has the potential to create advanced technologies; and
- utilise advanced technologies (New Zealand and international) to stimulate the emergence and growth of new knowledge-intensive enterprises for the benefit of New Zealand; and
- develop advanced human capital and skills in New Zealand; and
- in the case of TRSTs, utilise advanced technologies (New Zealand and international) to stimulate the emergence and growth of new knowledge-intensive enterprises more rapidly than may otherwise have occurred.

A new knowledge-intensive enterprise covers enterprises that are new to or emerging in New Zealand or that leverage off existing New Zealand enterprises.

Eligibility Criteria

The foundation is to allocate funds to research proposals that meet the scheme's objectives and that:

- are investigator-initiated; and
- stimulate the emergence and growth of new knowledge-intensive enterprises; and
- meet international standards of excellence as judged by international, or relevant peers; and
- additionally, in the case of TRSTs, best demonstrate:
 - distinct research and related activities that accelerate the proof of concept and potential application of any research into identified high technology business opportunities, to stimulate the emergence and growth of new knowledge-intensive enterprises; and
 - the incorporation of appropriate business development, commercial expertise and connections to industry alongside the research activity, to strengthen links to customer and market demand.

Persons, including bodies corporate, which may be eligible for funding are:

- persons that ordinarily carry on activities in New Zealand and are either a natural person domiciled or resident in New Zealand or a body corporate established under the laws of New Zealand; or
- international collaborations, provided that at least one of the collaboration's members is a person that ordinarily carries on activities in New Zealand and is either a natural person domiciled or resident in New Zealand or a body corporate established under the laws of New Zealand.

The research must be carried out in New Zealand unless there are exceptional circumstances that mean some of the research needs to be carried out overseas, for example, for the purpose of accessing equipment that is not available in New Zealand.

Funding Estimate

The amount of funds available for the scheme is estimated at \$73 million per annum.

Actual funding will be published in the annual *Estimates of Appropriation*.

The foundation's output agreement may include requirements about the proportion of funds that should be allocated to TRSTs.

Period of Operation Estimate

It is estimated that the scheme will operate for a minimum of five years from the date of this notice.

Monitoring

The scheme will be monitored by the Ministry of Research, Science and Technology ("MoRST").

In particular, but without limitation, MoRST will review the implementation of the first TRSTs before December 2010.

Revocation

The notice published in the *New Zealand Gazette*, 27 July 2006, No. 85, page 2649, which provided direction on the New Economy Research Fund Scheme, is revoked.

Dated at Wellington this 2nd day of November 2008.

HON PETE HODGSON, Minister of Research, Science and Technology.

Health and Disability Services (Safety) Act 2001

Modification of Designation of Auditing Agency

Pursuant to section 35(1)(a) of the Health and Disability Services (Safety) Act 2001 ("the Act"), I, Anthony Hill, Deputy Director-General, Sector Accountability & Funding, Ministry of Health ("the Ministry"), under delegation from the Director-General of Health, advise the modification of the designation of **Verification New Zealand Limited** (the Designated Auditing Agency ("DAA")) to audit the provision or likely future provision of the following kinds of health care services:

- Hospital Care (as defined in section 4(1) of the Act)
- Rest Home Care (as defined in section 6(2) of the Act)
- Residential Disability Care (as defined in section 4(1) of the Act)

This designation is subject to the following conditions:

1. The DAA must comply with the requirements of the DAA Handbook issued by the Ministry and updated from time to time.
2. The DAA must provide any information about the auditing of health care services pursuant to the Act if requested in writing by the Ministry.
3. During the term of the DAA's designation, the DAA will allow the Ministry to audit or to commission the undertaking of audits or reviews of the DAA. This could also include attending audits being undertaken by the DAA. The Ministry may or may not notify the DAA of any audit or review.
4. The DAA must immediately notify the Ministry in writing of any significant change to the DAA, including but not restricted to:
 - any change in ownership and/or control of the legal entity;

- any change in management personnel;
- any change to the Auditor Register (refer to condition 7); and
- any change in the status of any third party accreditation the DAA may hold including evidence of such accreditation and copies of any Third Party Accreditation Audit Reports or notifications in respect of their accreditation.

5. The DAA must conduct as a minimum at least one annual:
 - internal audit that focuses on the DAA's auditing activities undertaken pursuant to the Act, together with a compliance audit against the requirements of the DAA as set out in the Act; and
 - management review in respect of the DAA's programmes operated pursuant to the Act.

6. The DAA shall at all times operate an internal appeals system which is documented and conveyed in writing to all clients. Auditable records of the facts and outcomes of all client appeals shall be maintained by the DAA. The DAA must provide these records to the Ministry when requested in writing by the Ministry.
7. The DAA must provide, in a timely manner when requested by the Ministry, in writing the details of the name, auditing qualifications and experience, and if relevant, the area of clinical or service competency of each auditor or technical expert approved by the DAA to undertake audits pursuant to the Act.

This designation expires on 25 January 2010.

This notice revokes and replaces in its entirety the notice that designated **Verification New Zealand Limited**, made pursuant to section 32 of the Health and Disability Services (Safety) Act 2001, and published in the *New Zealand Gazette*, 1 February 2007, No. 10, page 211.

Authorities and Other Agencies of State Notices

Electricity Commission

Electricity Governance Regulations 2003

Electricity Governance Regulations (Exemption No. 95 (Transpower New Zealand Limited)) Exemption Notice 2008

Pursuant to Regulation 194(2) of the Electricity Governance Regulations 2003, the Electricity Commission ("Commission") gives the following notice.

Notice

1. Title and commencement—(1) This notice is the Electricity Governance Regulations (Exemption No. 95 (Transpower New Zealand Limited)) Exemption Notice 2008.

(2) This notice comes into force on the day after the date it is notified in the *New Zealand Gazette*.

2. Interpretation—A term that is used in this notice and is in bold has the same meaning as in the Electricity Governance Rules 2003 ("**Rules**").

3. Exemption—Transpower New Zealand Limited, in its capacity as **system operator** ("**system operator**"), is exempt from compliance with the requirement in Clause 67 of Schedule C4 (**policy statement**) of Part C of the **Rules** to send written **formal notices** to all **registered participants**.

4. Terms and conditions—This exemption is granted on the following conditions:

- (a) The **system operator** will send **formal notices** in writing to **participants** who:
 - (i) may be able to assist in the mitigation of the **grid emergency**; or
 - (ii) have a significant interest in the occurrence and nature of the **grid emergency**;
- (b) the **system operator** will maintain distribution lists of **participants** who are to receive **formal notices** issued in writing, for any type of event;
- (c) the **system operator** will ensure that the distribution lists described in paragraph (b) are updated to include or remove any **participant**, on request of that **participant**; and

(d) it will expire on 31 August 2009.

5. Reasons for granting the exemption—The reasons for granting this exemption are:

- (a) Rule 4.1 of Technical Code B of Schedule C3 of Part C of the **Rules** requires the **system operator** to issue **formal notices** in writing only to relevant **participants**, and thus Clause 67 of the **policy statement** should be aligned with this requirement;
- (b) unnecessary costs, in complying with Clause 67 of the **policy statement**, may be incurred with no apparent material benefit; and
- (c) based on the **system operator's** current practice, there is no identified negative security or market impact on the overall scheme of the **Rules** or on **participants**, which would be caused by the granting of this exemption.

Dated at Wellington this 11th day of November 2008.
