## Departmental Notices

### Agriculture and Forestry

#### Biosecurity Act 1993

#### Notification Under Section 62(1) of the Biosecurity Act 1993 ("the Act") of Review of the Biosecurity (National American Foulbrood Pest Management Strategy) Order 1998 ("the Strategy") (Notice No. 1635)

##### Description of the New Proposed Strategy

The above strategy relates to the management of the pest known as *Paenibacillus larvae larvae* (formerly *Bacillus larvae*), the cause of the disease American foulbrood, which affects bees.

The National Beekeepers' Association of New Zealand Incorporated ("NBA") is the management agency under the current strategy, which will expire on **30 September 2008**.

The primary objective of the strategy is to manage American foulbrood to reduce its reported incidence.

The strategy has been in force for more than 5 years and has not been reviewed since its inception.

I will be reviewing the strategy as required under section 88(6) of the Act.

A report assessing the effectiveness of the strategy and suggesting possible amendments is being released for public consultation. The report concludes:

- (a) The strategy has failed to achieve its primary objective.
- (b) There still appears to be considerable support for the strategy within the beekeeping industry.
- (c) Industry needs to assess what would be a realistic objective for the strategy, in light of the level of funding industry is prepared to provide.
- (d) Numerous minor changes are proposed, including:
  - (i) changes to the requirements for recording apiary locations;
  - (ii) streamlining the process needed to seize and destroy abandoned hives;
  - (iii) removing the requirement for the management agency to review every Disease Elimination Conformity Agreement each year; and
  - (iv) reducing the audit requirement imposed on the management agency.

A copy of the proposal may be viewed at  
<http://www.biosecurity.govt.nz/strategy-and-consultation/consultation/current>

or may be obtained by contacting Holly Foran, Policy and Risk, MAF Biosecurity New Zealand, Ministry of Agriculture and Forestry, PO Box 2526, Wellington. Telephone: (04) 894 5687. Email: [holly.foran@maf.govt.nz](mailto:holly.foran@maf.govt.nz)

### Result of review

Submissions on the report will be analysed. If there is support from affected persons for continuation of an amended strategy, I propose to recommend to the Governor-General to amend the strategy by Order-in-Council and extend its duration for another 10-year term, in order to enhance the ability of the beekeeping industry to control American foulbrood disease.

### Submissions

Any person may make submissions on the proposed strategy in writing to the Minister for Biosecurity, c/o Ministry of Agriculture and Forestry, PO Box 2526, Wellington (Attention: Holly Foran). Email: [holly.foran@maf.govt.nz](mailto:holly.foran@maf.govt.nz)

Submissions should reach the Ministry of Agriculture and Forestry no later than 5.00pm on **Friday, 28 November 2008**.

Every submission should state:

- those aspects of the proposed strategy that the submission supports; and
- those aspects of the proposed strategy that the submission opposes; and
- the reasons for the support and opposition identified; and
- any specific alternatives to the proposed strategy that the person making the submission wishes to recommend; and
- whether the person making the submission wishes to be heard in respect of that submission if a board of inquiry is held.

Dated at Wellington this 22nd day of September 2008.

## **Fisheries**

### **Fisheries (Reporting) Regulations 2001**

#### **Fisheries (Rock Lobster Reporting Waiver) Notice 2008 (F461)**

Pursuant to Regulation 41 of the Fisheries (Reporting) Regulations 2001, the Manager Regulatory and Information of the Ministry of Fisheries, acting pursuant to a delegation from the Chief Executive of the Ministry of Fisheries under the State Sector Act 1988, gives the following notice.

**Notice**

**1. Title and commencement**—(1) This notice may be cited as the Fisheries (Rock Lobster Reporting Waiver) Notice 2008.

(2) This notice shall come into effect on 1 October 2008.

**2. Interpretation**—In this notice:

- (a) “person” means a permit holder, or any person authorised by the permit holder to complete a Catch, Effort and Landing Return (CELR);
- (b) “rock lobster” means a crustacean of the species *Jasus edwardsii* (also known as red rock lobster, spiny rock lobster or koura); and *Sagmariasus verreauxi* (also known as packhorse rock lobster, green rock lobster, *Jasus verreauxi*, or pawharu); and includes any part of those fish;
- (c) “rock lobsters in non-legal states” means any rock lobster:
  - (i) carrying external eggs;
  - (ii) in the soft-shell stage;
  - (iii) where the calcified bar or a part of the exoskeleton (the outer shell of the tail) of the first abdominal segment of the tail is fractured;
  - (iv) in such a state that its tail cannot be properly measured in the manner required under regulations made under section 297 of the Fisheries Act 1996; or
  - (v) where the calcified bar or a part of the exoskeleton (the outer shell of the tail) of the second abdominal segment of the tail is fractured or a part of a primary pleural spine of the second abdominal segment is broken.

**3. Rock lobster reporting waiver**—(1) A person who is required to provide a completed CELR for rock lobster fishing need not complete information for rock lobsters in

non-legal states in respect of any returns to the sea properly made in accordance with Schedule 6 of the Fisheries Act 1996. Specifically the requirement to provide in these circumstances:

- (a) estimated greenweight ("Weight (kg)") information in the Catch/Effort data section of the CELR; and
- (b) estimated landing information recorded to destination type code "X" in the Catch Landing data section of the CELR

is waived.

(2) This reporting waiver does not apply to any other CELR destination type code.

**4. Application**—This reporting waiver will apply until further notice.

### **Commissions of Inquiry Act 1908**

#### **Extending Time Within Which Royal Commission on Auckland Governance May Report**

Elizabeth the Second, by the Grace of God Queen of New Zealand and Her Other Realms and Territories, Head of the Commonwealth, Defender of the Faith:

To The Honourable PETER SALMON, Q.C., of Auckland, retired High Court Judge; Dame MARGARET BAZLEY, of Wellington, retired public servant; and DAVID SHAND, of Auckland, consultant:

GREETING:

Whereas by Our Warrant, dated 30 October 2007<sup>1</sup>, issued under the authority of the Letters Patent of Her Majesty Queen Elizabeth the Second constituting the office of Governor-General of New Zealand, dated 28 October 1983<sup>2</sup>, and under the authority of and subject to the provisions of the Commissions of Inquiry Act 1908, and with the advice and consent of the Executive Council of New Zealand, we nominated, constituted, and appointed you, the said The Honourable PETER SALMON, DAME MARGARET BAZLEY, and DAVID SHAND to be a Commission to receive representations on, inquire into, investigate, and

report upon certain matters relating to the local government arrangements that are required in the Auckland region over the foreseeable future:

And whereas by Our said Warrant you are required to report to His Excellency the Governor-General, not later than 1 December 2008, your findings and opinions on those matters, together with any recommendations that you think fit to make in respect of those matters:

And whereas it is expedient that the time for so reporting should be extended as hereinafter provided:

Now, therefore, We do by these presents extend until 31 March 2009, the time within which you are so required to report without prejudice to the continuation of the liberty conferred on you by Our said Warrant to report your proceedings and findings from time to time if you should judge it expedient to do so:

And we do hereby confirm Our said Warrant, dated 30 October 2007, and the Commission constituted by that Warrant save as modified by these presents:

And, lastly, it is declared that these presents are issued under the authority of the Letters Patent of Her Majesty Queen Elizabeth the Second constituting the office of Governor-General of New Zealand, dated 28 October 1983, and under the authority of and subject to the provisions of the Commissions of Inquiry Act 1908, and with the advice and consent of the Executive Council of New Zealand.

In Witness whereof We have caused these presents to be issued and the Seal of New Zealand to be hereunto affixed at Wellington this 9th day of September 2008.

Witness Our Trusty and Well-beloved The Right Honourable Dame Sian Elias, Principal Companion of Our New Zealand Order of Merit, Chief Justice of New Zealand, Administrator of the Government.

## Public Trust

### Public Trust Act 2001

#### The Public Trust Common Fund Interest Rates Notice 25 September 2008

The following notice is given pursuant to section 50 of the Public Trust Act 2001 ("the Act").

#### Notice

**1. Title and commencement**—(1) This notice may be cited as the Public Trust Common Fund Interest Rates Notice 25 September 2008.

(2) The determinations and revocation in this notice take effect from and including 24 September 2008.

**2. Interpretation**—(1) Unless the context otherwise requires:

"agency deposit" means a deposit (not being an investment deposit) held as agent or attorney;

"call deposit" means a deposit (not being an agency deposit, an investment deposit, a protection deposit, a special deposit or a trust deposit) held in the ordinary course of administration, and determined by Public Trust to be held at call;

"deposit" means a sum of money held by Public Trust belonging to any estate, which money for the time being forms part of the Common Fund;

“investment deposit” means a deposit held at call or otherwise as an investment under section 51 of the Act;

“protection deposit” means a deposit, held at call, of tuition, boarding, accommodation or other fees by or on behalf of a student enrolled at a private training establishment within the meaning of Part 18 of the Education Act 1989;

“special deposit” means a deposit held other than at call on behalf of the Crown, or any local authority within the meaning of the Local Government Act 1974;

“trust deposit” means a deposit (not being an agency deposit, an investment deposit, a protection deposit or a special deposit) held on trust:

- (i) for persons not of full age or capacity; or
- (ii) for beneficiaries not entitled to payment at call; or
- (iii) otherwise than at call.

(2) Expressions defined in the Act have the same meaning in this notice as they do in the Act.

**3. Rates of Common Fund interest—**(1) The rate of Common Fund interest on deposits (other than investment deposits repayable at the end of fixed term or protection deposits) shall be that specified in Schedule 1 for the appropriate type of deposits.

(2) The rate of Common Fund interest on each protection deposit associated with a particular private training establishment shall be that specified in Schedule 2 for the appropriate dollar range of the total of those deposits.

(3) The rate of Common Fund interest payable on investment deposits repayable at the end of a fixed term shall be that specified in Schedule 3 for the appropriate interest payment frequency, term and dollar range.

(4) Despite subparagraph (1), the rate of Common Fund interest payable on deposits made pursuant to an enactment shall be the rate (if any) specified in the enactment.

(5) Despite subparagraphs (1), (2) and (3), in particular cases or classes of case, Public Trust and the depositor may agree on a rate of interest payable on investment deposits, protection deposits or special deposits that is different from the rate specified in Schedules 1, 2, or 3 and the agreed rate then applies.

#### **4. Revocation of notice and transitional provisions—**

(1) The Public Trust Common Fund Interest Rates Notice 18 September 2008 is revoked.

(2) The rates of interest specified in Schedules 1 and 2 to this notice do not apply to any period that ends with 23 September 2008 but otherwise operate as from 24 September 2008.

(3) The rates of interest specified in Schedule 3 to this notice:

- (i) do not apply to investment deposits repayable at the end of a fixed term that commenced prior to 24 September 2008; but
- (ii) do apply to investment deposits repayable at the end of a fixed term that commenced on or after 24 September 2008.

## **Research, Science & Technology**

### **Foundation for Research, Science, and Technology Act 1990**

#### **Notice of Revocation and Replacement of Government Priorities Under Section 7(1) of the Foundation for Research, Science, and Technology Act 1990**

##### **Statement of Science Priorities**

Under section 7(1) of the Foundation for Research, Science, and Technology Act 1990 (“the Act”), the Foundation for

Research, Science and Technology (“the foundation”) is hereby advised of an amendment to the Government’s priorities that the foundation must adhere to in carrying out its functions under section 5(1)(a) of the Act.

This notice revokes and replaces all previous notices, issued under section 7(1) of the Foundation for Research, Science, and Technology Act 1990, published in the *New Zealand Gazette*.\*.

#### **Funds to which this notice applies**

This statement sets out the Government’s policies and priorities that the foundation will have regard to in allocating funds that are not otherwise subject to a ministerial scheme issued under section 8A of the Act.

#### **Priorities for allocating funds**

Priorities to which the foundation must adhere to in allocating funds are:

- Government’s Agenda for New Zealand Research, Science and Technology;
- the annual Estimates of Appropriations for Vote Research, Science & Technology;
- my Letter of Expectations to the foundation;
- the output agreement between the foundation and myself;
- current Roadmaps for Science (which currently includes those for Environmental Research, Biotechnology Research, Nanoscience and Nanotechnologies and Energy Research); and
- the funds appropriated for the Sustainable Land Management and Climate Change Plan of Action, as set out in the annual Estimates of Appropriation for Vote Agriculture and Forestry, and the Strategic Research Framework developed for those funds.

The foundation shall confer with Ministry of Research, Science & Technology to ensure that the foundation’s allocation strategies, and the associated investment signals to the research sector, contribute to the Government’s objectives and the needs of the end-users of research and research organisations.

I expect the foundation to seek guidance on matters including, but not limited to:

- research organisations’ strategies;
- whole-of-Government and Government departments’ strategies; and
- end-user and other private sector strategies.

Dated at Wellington this 18th day of September 2008.

## Commerce Commission

### Electricity Industry Reform Act 1998

#### Notice of Revocation

1. In Decisions 384, 517 and 547, the Commerce Commission (“Commission”), pursuant to section 81(1) of the Electricity Industry Reform Act 1998 (“EIR Act”), exempted Joan Withers<sup>1</sup>, Dr Keith Turner<sup>2</sup> and Wayne Boyd<sup>3</sup> from the application of section 17 of the EIR Act in relation to a prohibited cross-involvement in an electricity supply business (Meridian Energy Limited) and an electricity lines business (Auckland International Airport Limited). These exemptions were subject to a condition that Meridian Energy Limited not enter into

any kind of contract or arrangement with Auckland International Airport Limited that related to the use of Auckland International Airport Limited’s electricity distribution network whilst the exempt persons remained cross-involved.

- Joan Withers, Dr Keith Turner and Wayne Boyd have now confirmed that these cross-involvements no longer exist and the exemptions are no longer required. Meridian Energy Limited requests that it be released from its restrictions on operating on Auckland International Airport Limited’s electricity network.
- The Commission, pursuant to section 81(5) of the Electricity Industry Reform Act 1998, revokes the exemptions granted to Joan Withers, Dr Keith Turner and Wayne Boyd in Decisions 384, 517 and 547 (respectively).
- The revocation takes effect from the date of publication of this notice in the *New Zealand Gazette*.

#### Notice of Making of Electricity Governance Amendment Rules (No. 63) 2008 and Notice of Reasons for Decision

1. Pursuant to section 172I of the Electricity Act 1992 ("Act"), I notify the amendment of the Electricity Governance Rules 2003 ("Rules") under section 172H of the Act.
2. The empowering provisions for the electricity governance regulations in relation to which the amendments to the Rules are made are sections 172D(1)(1) and (1)(31) of the Act.
3. The amendments alter the timing, content and mode of publication of reports issued by the market administrator and remove the 9.00am deadline for production of reports issued by the system operator, pricing manager, and clearing manager.
4. Pursuant to section 172Z(4) of the Act, the reason for my decision to amend the Rules is that the rule changes will streamline the reporting requirements and better meet participants' needs.
5. These amendments are made in reliance on section 172F(3) of the Act.
6. These rules come into force on 1 November 2008.
7. Copies of the Rules may be inspected free of charge or purchased from the Electricity Commission, Level 7, ASB Bank Tower, 2 Hunter Street, Wellington.

#### **Notes to the Financial Statements for the Year Ended 31 March 2008**

##### **1. Statement of Accounting Policies**

The ASB Community Trust (“the trust”) is the reporting entity. The trust was formed on 30 May 1988 through the creation of a trust deed in compliance with the Trustee Banks Restructuring Act 1988. Under the terms of the trust deed, the trust was settled with 60 million \$1 fully paid ordinary shares in ASB Bank Limited representing 100% of the issued capital. As at 31 March 1988, the net tangible asset backing of those 60 million shares was \$147,655,000. In 1989, 45 million shares were sold to the Commonwealth Bank of Australia for \$252,000,000 which was then donated to the ASB Charitable Trust. In October 2000, the remaining 15 million shares were sold to the Commonwealth Bank of Australia for \$545,000,000.

On 27 February 2006, the trustees of the ASB Charitable Trust resolved to distribute, on or before 31 March 2006, the capital of that trust (including all accumulations of income and capital to that date less accrued liabilities) *in specie* to the ASB Bank Community Trust. Subsequent to this distribution, the ASB Charitable Trust was wound up.

The ASB Bank Community Trust formally changed its name to the ASB Community Trust by way of deed dated 17 July 2006.

The trust is a public benefit entity which makes grants to qualifying not for profit entities in the Auckland and Northland regions.

##### **Accounting Policies**

The measurement basis adopted is that of historical cost except for financial assets and liabilities which are designated at fair value through profit or loss.

Reliance is placed on the fact that the trust is a going concern. The financial statements have been prepared in accordance with the requirements of the Financial Reporting Act 1993.

In December 2002, the New Zealand Accounting Standards Review Board announced that New Zealand Equivalents to International Financial Reporting Standards (NZ IFRS) will apply to all New Zealand entities for financial reporting periods commencing on or after 1 January 2007. These are the first statements of the trust prepared in accordance with the NZ IFRS. NZ IFRS 1: First-time Adoption of New Zealand Equivalents to International Financial Reporting Standards has been applied in preparing these financial statements.

The financial statements of the trust until 31 March 2007 have been prepared in accordance with New Zealand Financial Reporting Standards (NZ FRS). NZ FRS differs in certain respects from NZ IFRS. The trust has assessed the differences in accounting policies arising from the adoption of NZ IFRS. The differences upon the transition to NZ IFRS are detailed in the note “Adoption of New Zealand Equivalents to International Financial Reporting Standards”.

These financial statements have been prepared in accordance with, and comply with, the requirements of NZ IFRS and other applicable financial reporting standards as appropriate for public benefit entities.

NZ IAS 1 Revised has been issued but is not yet effective. The trust has assessed the effect of this statement and concluded that there will be no material impact.

The trust’s functional currency is New Zealand dollars.

##### **Basis of Preparation**

The preparation of financial statements in conformity with NZ IFRS requires management to make judgements, estimates and assumptions that affect the application of policies and the reported amounts of assets, liabilities, income and expense. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Judgements are made by management in the application of NZ IFRS that have a significant effect on the financial statements and estimates with a significant risk of material adjustment in the next year are discussed in Note 9: Financial Assets and Liabilities.

### **Consolidated Financial Statements**

Consolidated financial statements have not been prepared as the subsidiary companies have not traded since incorporation.

### **Statement of Cash Flows**

Cash comprises cash at bank and call deposits but does not include cash or deposits held by the fund managers. Therefore, the statement of cash flows does not reflect the cash flows within the fund managers' portfolios.

### **Revenue – Dividends, Pooled Funds and Interest**

Dividends are recognised as income on declaration date, and are recorded net of any imputation tax credits. Income from pooled funds is recognised on declaration date. Interest is recognised on an accrual basis.

### **Grants**

Grants are accounted for as they are committed to be distributed to eligible organisations approved by the trustees. Committed grants are payable on the satisfaction of any conditions placed on the recipients. Grants no longer required or not fully utilised by grant recipients are shown separately in the statement of financial performance.

### **Fixed and Intangible Assets**

#### ***Fixed assets***

Fixed assets are valued at cost, less accumulated depreciation and accumulated impairment losses.

#### ***Intangible assets***

Intangible assets are valued at the lower of cost or fair value, less accumulated depreciation and accumulated impairment losses.

Fixed assets and intangible assets are reviewed annually to determine any impairment losses. Impairment losses are recognised in the statement of financial performance.

### **Depreciation, Amortisation and Impairment Losses**

Depreciation is provided over the useful life of the assets. Buildings are depreciated on a straight line basis. Other fixed assets are depreciated on a diminishing value basis. The rates used are those approved by trustees as follows:.

Land	Nil
Buildings	2.5% – 3.0%
Office equipment and furniture	9.5% – 6.0%

### **Foreign Currency Transactions and Balances**

Foreign currency transactions are recorded in New Zealand dollars at the spot exchange rate applying at the date of the transaction.

All amounts denominated in foreign currencies at balance date are translated to New Zealand dollars at the balance date closing exchange rate.

All realised and unrealised gains and losses on foreign currency transactions are recognised in the statement of financial performance.

### **Financial Assets**

All assets that are financial instruments are recognised in the statement of financial position.

All investments are initially recognised at fair value, being the fair value of consideration paid. After initial recognition, financial assets designated at fair value through profit or loss are revalued to fair value at each reporting date.

For investments that are actively traded in organised financial markets, fair value is determined by reference to exchange quoted market bid prices at the close of business on the statement of financial position date.

All realised and unrealised gains or losses on investments are recognised in the statement of financial performance.

Investments in pooled funds are valued at the unit exit price determined by the fund manager at the close of business on the statement of financial position date.

Investment transactions are recorded by fund managers on a transaction date basis.

Financial assets are managed and have their performance evaluated on a fair value basis in accordance with risk management and investment strategies of the trust, as disclosed in Note 9.

The trust uses financial instruments to reduce exposure to fluctuations in foreign currency denominated assets. Forward exchange contracts are entered into to hedge foreign currency denominated assets. These are converted to the New Zealand dollar rate at balance date with all realised and unrealised gains and losses being recognised in the statement of financial performance.

The trust derecognises a financial asset when and only when the contractual rights to cash flows from the financial asset expire.

### **Reserves**

Transfers to the capital maintenance reserve are based on the annual movement in the consumer price index as described in Note 6.

Transfers to all other reserves from the retained surplus are made at the discretion of the trustees.

### **Taxation**

The Income Tax Act 1994 provides exemption from income tax for community trusts established under the Trustee Banks Restructuring Act 1988. The amendment applied from the 2005 income year, and consequently no taxation has been provided for in these financial statements.

**Adoption of New Zealand Equivalents to International Reporting Standards**

In accordance with NZ IFRS, the trust now recognises grants committed as an expense in the trust's statement of financial performance. Previously grants committed were recognised as a distribution of reserves in the statement of movement in trust funds.

In addition, grants that are no longer required by recipients are now separately disclosed in the statement of financial performance. Previously, grants written back were recognised in the statement of movements in trust funds prior to the date of transition.

Grants to community organisations previously classified as cash flows from funding activities are now classified as cash flows from operating activities.

These changes have no impact on the trust funds as at the date of transition or as at the previous statement of financial position date, these being reclassification adjustments only, which are summarised as follows:

	2007 \$000
Net surplus for the year as previously reported	86,446

Total original capital and capital maintenance reserve	<u>793,687</u>	<u>767,589</u>

The original capital of the trust arose from the sale of shares in the ASB Bank Limited. The original capital and the capital maintenance reserve form the trust capital. Trustees are required to preserve the trust capital for the benefit of present and future generations. This is achieved by setting aside each year sufficient sums from reserves to increase the trust capital by the annual rate of inflation as measured by the consumer price index.

**6.2 General Reserve**

Transfer from community innovation reserve	<u>25,000</u>	<u>—</u>
Total general reserve	<u>225,000</u>	<u>200,000</u>

The general reserve forms part of the trust fund and is used to provide a stable flow of grants to the community during times of adverse investment earnings.

**6.3 Community Innovation Reserve**

	2008 \$000	2007 \$000
Balance at 1 April	51,679	65,000

Transfer to retained earnings	(26,679)	—
Transfer to general reserve	<u>(25,000)</u>	<u>—</u>
Total community innovation reserve	<u>—</u>	<u>51,679</u>

As a result of the exceptional investment returns achieved in the 2005/2006 year, the trustees resolved to establish a community innovation reserve of \$65 million. This reserve was dis-established on 31 March 2008, with allocations to the general reserve and retained surplus, in order to strengthen the general reserve and recognise the specific grants made by the trust during the year.

**6.4 Retained Surplus**

Net (deficit)/surplus for year	<u>(41,759)</u>	<u>18,811</u>
Total recognised income and expenditure for year	(41,759)	18,811
Opening balance	43,488	30,076
Transfer from community innovation reserve	26,679	13,321
Transfer to capital maintenance reserve	<u>(26,098)</u>	<u>(18,722)</u>
Total surplus 31 March	<u>2,308</u>	<u>43,486</u>

The retained surplus represents funds unallocated to the general reserve and as such forms part of the trust fund. Like the general reserve, balances in retained surplus are used to provide a stable flow of grants to the community during times of adverse investment earnings.

The trust capital and reserves form the trust fund and maintain the capital base of the trust.

## 8. Related Party Information

The following companies have been established by the trust:

<i>Name</i>	<i>Interest Held</i>	<i>Balance Date</i>	<i>Principal Activity</i>
ASB Trusts Amateur Public Sports Promotion Limited	100%	31 March	Grants to amateur sport bodies
ASB Community Trust Charitable Purposes Limited	100%	31 March	Grants for specific charitable purposes

These subsidiaries were incorporated on 29 March 2001. They have not traded since incorporation.

During the year, the ASB Trusts Public Amenities Development Limited changed its name to ASB Community Trust Charitable Purposes Limited, and amended its constitution to meet the requirements of the Charities Act 2005. On 31 March 2008, the trust committed, but has not paid, a grant to the ASB Community Trust Charitable Purposes Limited to further the objectives of the company.

The trustees are the key management personnel of the trust as defined by NZ IAS 24: Related Party Disclosures. As the trustees are not employees of the trust, they do not receive short-term employee benefits, post employment benefits, other long-term benefits, or termination benefits. Trustees are appointed by the New Zealand Government and remunerated at rates set by the Government. These rates were last set in June 2002. During the year, trustees received honoraria and meeting fees as follows:

C. Craven	19,345	16,375
M. Foy	18,000	14,955
A. Green	14,150	13,695

**Financial Liabilities**

Sundry accounts payable	841	1,035
Outstanding grants payable	80,680	68,634

Risks arising from the trust's financial assets and liabilities are inherent in the nature of the trust's activities, and are managed through an ongoing process of identification, measurement and monitoring. The trust is exposed to credit risk, liquidity risk, and market risk (including currency, interest rate and pricing risks).

The trust's income is generated from its financial assets. Liabilities which arise from its operations are met from cash flows provided by these assets.

Information regarding the fair value of assets and liabilities exposed to risk is regularly reported to the trust's management, the trust's finance and administration and investment committees and ultimately to the board of trustees. The investment portfolio is regularly rebalanced to ensure that asset classes remain within the strategic asset allocation set out in the trust's statement of investment policy and objectives (SIPO).

The SIPO sets out the trust's investment objectives. These can be summarised as to:

- maintain the real value of the trust's capital with regard to inflation
- maintain equity between present and future generations in terms of the amounts available for grants
- ensure a stable level of grants over time by maximising the total return that can be provided by the investments of the trust, subject to a prudent level of portfolio risk.

As a responsible member of the world community, the trust aims to demonstrate leadership by advancing universal principles and responsible corporate citizenship to make the global economy more sustainable and inclusive. The trust supports the United Nations Global Compact and is a signatory to the United Nations Principles for Responsible Investment. The investment portfolio is screened against the principles set out in the United Nations Global Compact and the trust contracts an external service provider to engage with companies where there have been allegations of practices contrary to the global compact principles. The trust encourages dialogue and discussion in this process of engagement.

**The Investment Portfolio**

The trust manages its investment portfolio in terms of its SIPO. The SIPO is monitored on a regular basis by the board of trustees and, as required, amended to reflect international best investment practice. The portfolio's strategic asset allocation is reviewed at three-yearly intervals. The strategic asset allocation was last reviewed in 2005, and was under review at this year's balance date. Russell Investment Group Limited assists both management and trustees with international strategic best investment advice and portfolio monitoring. The pricing of financial assets is undertaken by JP Morgan Chase Inc, the trust's custodian.

**Portfolio Characteristics**

The trust is not directly involved with the analysis, sale or purchase of individual asset securities. Investments are made into either pooled funds or segregated accounts with fund managers. The performance of each asset class is measured against an appropriate internationally accepted standard or index for each asset class.

**Global Equities**

The global equities portfolio is made up of three pooled funds with eight underlying product fund managers. This spread of fund managers enables the trust to access a wide range of segments within the global equity markets. This portfolio is measured against the MSCI World Index, and is fully hedged back to New Zealand dollars.

**Global Bonds**

The global bond portfolio is managed by one fund of fund manager, with four underlying product managers. This spread of fund managers enables the trust to access a wide range of segments within the global bond markets. The portfolio is measured against the Lehman Brothers Global Aggregate Index, and is fully hedged back to New Zealand dollars.

**Collateralised Commodity Futures (CCF)**

The CCF portfolio is an index fund, managed by one fund manager. It invests in and is measured against the S&P GSCI Commodity Index, and is fully hedged back to the New Zealand dollar.

**Global Property**

The global property portfolio is managed by one fund of fund manager, with four underlying product fund managers. This spread of fund managers enables the trust to access a wide range of segments within the global property markets. The portfolio is measured against the FTSE EPRA/NAREIT index, and is fully hedged back to New Zealand dollars.

**New Zealand Equities**

The New Zealand equity portfolio is a segregated account with one fund manager. The investment mandate allows the fund manager to invest up to 20% of the portfolio in companies listed on the Australian Stock Exchange. This portfolio is measured against the NZX 50 index.

**New Zealand Bonds**

The New Zealand bond portfolio is managed by two fund managers. The investment guidelines provide strict limits on the underlying investment categories, along with credit and duration restrictions. The portfolio is measured against the NZX Government Stock Index.

**Cash**

The cash portfolio is managed by one fund manager. The mandate places limits on the underlying investment categories, along with credit and duration restrictions. The portfolio is measured against the NZX 90 day bank bill index.

**Credit Risk**

Credit risk represents the risk that a counterparty to a financial asset fails to discharge an obligation which will cause the trust to incur a financial loss.

With regard to the credit risk arising from financial assets, the trust's credit risk arises from any default by a counterparty. The current exposure at balance date is the fair value of these assets as disclosed in the statement of financial position.

Concentrations of risk arise when a number of financial instruments or contracts are entered into with the same counterparty or where a number of counterparties are engaged in similar business activities, geographic regions, or similar economic features that would influence their ability to meet their contractual obligations by reason of changes in economic, political or other conditions.

The trust manages credit concentration risks through:

- a diversified and non-correlated basket of investments across traditional and alternative classes
- through the use of a multi-fund manager approach to investments in its portfolio
- and by ensuring compliance with the individual mandate requirements of each investment.

The trust's custodian reviews the portfolio for compliance against each investment mandate on a regular basis and reports findings to the trust's management and board of trustees. Fund of fund managers ensure that underlying product fund managers comply with fund mandates.

The credit quality of trust's New Zealand bond portfolio is managed by the trust using Standard & Poor's rating categories.

### Hedging

Hedging is split evenly between the following counterparties:

#### S&P Rating

ANZ Banking Group Limited	AA
Bank of New Zealand Limited	AA
Westpac New Zealand Limited	AA

### Liquidity Risk

Liquidity risk is the risk that the trust will encounter difficulties in meeting the obligations associated with its financial liabilities. This risk is managed through the trust's investment in a diversified portfolio of financial assets.

The trust's investment portfolio during the year under review consisted of only listed securities which under normal market conditions are readily convertible to cash. In addition, the trust maintains sufficient cash and cash equivalents to meet normal operating requirements.

The trust's financial liabilities comprise trade and other payables, and committed but unpaid grants.

At balance date, all trade and other payables were current, and are normally settled on the 20th of the month following invoice date.

Committed but unpaid grants are held as current liabilities pending the satisfaction of conditions under which the grant was made. At balance date, committed but unpaid grants totalled \$80.68 million. These committed but unpaid grants had the following profile:

Financial Year Approved	Number of Grants Outstanding	Value \$000
2002	1	12
2005	2	92
2006	15	16,004
2007	89	20,667
2008	455	43,905

Committed but unpaid grants at 31 March 2007 had the following profile:

Financial Year Approved	Number of Grants Outstanding	Value \$000
2002	1	12
2004	1	64
2005	19	1,628
2006	111	19,027
2007	495	47,903

### Market Risk

Market risk is the risk that the fair value of future cash flows from financial assets will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and market prices. Market risk is managed and monitored using sensitivity analysis and minimised by ensuring that all investment activities are undertaken in accordance with established mandate limits and the investment strategies set out in the trust's SIPO.

### Interest Rate Risk

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or the fair value of financial assets. The trust's investment in global bonds is held in a pooled fund. As such, movements in interest rates will be reflected in each pooled fund's fair value asset pricing. New Zealand bonds are held in segregated accounts. The exposure to movement in the fair value of the trust's bond portfolios is discussed in the commentary on price risk.

The trust's cheque and call accounts are interest bearing. Any movement in interest rates on these accounts is minimal and is not considered to be material.

### Currency Risk

Currency risk is the risk that the fair value of, or future cash flows from, financial assets will fluctuate due to changes in foreign currency exchange rates. All investments denominated in foreign currencies are fully hedged back to the New Zealand dollar on a monthly basis for 30-day periods. This effectively removes the exposure to currency risk.

The timing of the implementation of hedging contracts at month end may result in small parcels of securities being unhedged. These unhedged securities, when they occur, are not considered material, and will have minimal impact on the fair value of or future cash flows from the trust's financial assets.

At balance date the trust's exposure to currency risk was as follows:

	2008 \$000	2007 \$000
Foreign currency denominated financial assets	716,429	680,576
Less foreign currency contracts	<u>707,842</u>	<u>680,576</u>
Unhedged currency exposure at 31 March	<u>8,587</u>	<u>—</u>
USA and Canada	4,551	—
United Kingdom and Europe	2,883	—
Japan and Far East	<u>1,153</u>	<u>—</u>
Total unhedged currency exposure at 31 March	<u>8,587</u>	<u>—</u>

### Pricing Risk

Pricing risk is the risk that the fair value of financial assets will increase or decrease as a result of changes in market prices, whether these changes are caused by factors specific to individual stocks or factors affecting all financial assets in the market. Price risks arise from the trust's investment portfolio.

The trust's financial assets are priced at fair value by the trust's custodian. The effect on the trust's statement of financial performance and statement of financial position at 31 March 2008, due to a reasonably possible change in market factors is represented in the following table:

	Sensitivity Range (-1 to +1 standard deviation)	Sensitivity Impact \$000
NZ equities	-7.9% to +26.1%	-8,536 to +28,201
Global equities	-6.3% to +23.4%	-23,113 to +85,486
NZ bonds	+2.9% to +9.4%	+6,224 to +20,176
Global bonds	+2.9% to +9.4%	+7,376 to +23,190
NZ cash	+4.1% to +7.1%	+2,441 to +4,228
CCF's	-10.3% to +25.7%	-7,387 to +18,432
Global property	-4.0% to +20.0%	-938 to +4,694
Total portfolio	+1.1% to +13.6%	+12,085 to +149,421

There is a 68% probability that the return in any one year will be within the range of 1.1% to 13.6%.

The effect on the trust's statement of financial performance and statement of financial position as at 31 March 2007, due to a possible change in market factors, is represented in the following table:

	<b>Sensitivity Range (–1 to +1 standard deviation)</b>	<b>Sensitivity Impact \$000</b>
NZ equities	–8.1% to +25.9%	–9,254 to +29,591
Global equities	–6.5% to +23.3%	–23,897 to +85,665
NZ bonds	+2.7% to +9.3%	+6,546 to +22,240
Global bonds	+2.7% to +9.3%	+6,882 to +23,704
NZ cash	+3.9% to +6.9	+3,135 to +5,546
CCF's	–10.5% to +25.5%	–6,092 to +14,796
Total portfolio	1.0% to 13.3%	+11,143 to +148,207

There is a 68% probability that the return in any one year will be within the range of 1.0% to 13.3%.

These sensitivity analyses are based on the volatility of each asset class and the portfolio as a whole, as measured by plus or minus one standard deviation.

The overall effect of the trust's diversified portfolio of uncorrelated financial assets is to reduce volatility and stabilise investment returns over time.

Net cash outflow from operating activities	<u>(46,689)</u>	<u>(49,165)</u>

#### 11. Capital Commitments and Contingent Liabilities

Other than committed grants, the trust has no other capital commitments or contingent liabilities.

#### 12. Conflicts of Interest

During the year, trustees and staff were required to declare either a direct or indirect conflict of interest in a matter being considered by the trust. A register of interests is maintained by the trust.

At the commencement of a meeting, trustees are asked to disclose any interest in the upcoming business. A trustee who has an interest in any matter before the meeting must not be counted in the quorum present at the meeting, not vote in respect of the matter, and absent him/herself from discussion or consideration of the matter. If, because of the number of trustees who have an interest in the matter, the meeting would fail for want of a quorum and it is a meeting of a committee of trustees, the matter is referred to a meeting of the board of trustees. If a meeting of the board of trustees would fail for want of a quorum because of the number of trustees with an interest in the matter under consideration, then those trustees who have the interest must sign a certificate for entry in the minutes certifying that the matter is in the best interest of the trust and cause details of the matter and the nature of the trustee's interest to be included in the next financial statements of the trust.

At their meeting on 27 August 2007, the trustees resolved to effect trustee liability insurance for the sum of \$2 million at a premium cost of \$12,738.00. Trustees individually contributed 10% of the premium cost. All of the trustees signed the resolution approving the purchase of the trustee liability insurance along with a certificate certifying that transaction was in the best interests of the trust as the terms of the insurance and the cost were recommended by the trust's brokers as being appropriate and reasonable.

#### 13. Material Events After Balance Date

There were no material events after balance date which required adjustment to the financial statements for the year ended 31 March 2008.

#### Audit Report

*To the Trustees of ASB Community Trust:*

We have audited the financial statements. The financial statements provide information about the past financial performance of the trust and its financial position as at 31 March 2008. This information is stated in accordance with the accounting policies.

#### Trustees' Responsibilities

The trustees are responsible for the preparation of financial statements which give a true and fair view of the financial position of the trust as at 31 March 2008 and the results of its operations and cash flows for the year ended on that date.

#### Auditors' Responsibilities

It is our responsibility to express an independent opinion on the financial statements presented by the trustees and report our opinion to you.

*Basis of Opinion*

An audit includes examining, on a test basis, evidence relevant to the amounts and disclosures in the financial statements. It also includes assessing:

- the significant estimates and judgements made by the trustees in the preparation of the financial statements;
- whether the accounting policies are appropriate to the trust's circumstances, consistently applied and adequately disclosed.

We conducted our audit in accordance with New Zealand Auditing Standards. We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to obtain reasonable assurance that the financial statements are free from material misstatements, whether caused by fraud or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the financial statements.

Our firm has also provided tax advisory services to the trust in respect of the year ended 31 March 2008. These services have not impaired our independence as auditors of the trust. The firm has no other relationship with, or interest in, the trust.

*Unqualified Opinion*

We have obtained all the information and explanations we have required.

In our opinion:

- proper accounting records have been kept by the trust as far as appears from our examination of those records;
- the financial statements:
  - comply with New Zealand generally accepted accounting practice; and
  - give a true and fair view of the financial position of trust as at 31 March 2008 and the results of its operations for the year ended on that date.

Our audit was completed on 26 May 2008 and our unqualified opinion is expressed as at that date.

KPMG, Auckland.

## Deer Industry New Zealand

### Deer Industry New Zealand Regulations 2004

#### Deer Industry New Zealand Levy Rates

1. Deer Industry New Zealand (DINZ) is a marketing authority established by Regulation 4 of the Deer Industry New Zealand Regulations 2004.

#### 2. DINZ levy

2.1 Under Regulation 18(1) of the Deer Industry New Zealand Regulations 2004, DINZ fixes the rates of DINZ levy (which levy rates are exclusive of goods and services tax imposed by the Goods and Services Tax Act 1985) as follows:

(a) On venison derived from deer, other than fallow deer, slaughtered in deer slaughtering premises, on the basis of hot clean carcass weight after removal of condemned parts:

16 cents (sixteen cents) per kilogram.

(b) On venison derived from each fallow deer slaughtered in deer slaughtering premises, on the basis of hot clean carcass weight after removal of condemned parts:

11 cents (eleven cents) per kilogram.

(c) On velvet from deer other than fallow deer received at a packing house for processing or packing, on a frozen weight basis:

315 cents (three hundred and fifteen cents) per kilogram.

(d) On velvet from fallow deer received at a packing house for processing or packing, on a frozen weight basis:

80 cents (eighty cents) per kilogram.

2.2 For the purpose of paragraphs 2.1 (a) and 2.1 (b) above, hot clean carcass weight is defined in the DeerQA Venison Processors Industry Agreed Standards (dated

21 July 2003) at Standard IAS-3: Venison Standard Carcass. This document is available on request from Deer Industry New Zealand by telephone (04) 473 4500 or mail PO Box 10702, Wellington.

2.3 The levy rates described in paragraphs 2.1 (a) and 2.1 (b) above are payable by the owner at the time of slaughter. However, where the venison is sold at the time of slaughter to a venison processor or venison marketer (as defined in Regulation 3 of the DINZ Regulations 2004):

(a) the portion of the levy on such venison that is allocated to the Animal Health Board (as described in paragraph 9.2 below) shall remain payable by the owner at the time of slaughter;

(b) the remainder of the levy payable on such venison shall be payable in equal shares by the owner at the time of slaughter and the venison processor or venison marketer.

2.4 No levy is payable on velvet when the value of the applicable velvet grade, as defined by the Industry Agreed Grading Guidelines, is less than or equal to \$15.00/kg (GST exclusive).

2.5 If the Deer Slaughtering Premises ("DSP") or Packing House ("PH") (formerly Game Packing House) fails to keep accurate records relating to the DINZ levy or to file accurate returns relating to the DINZ levy, then the levy payable will be assessed by DINZ with reference to such information as DINZ considers fit.

3. DSPs are not required to collect levies on Tb reactors but will be required to report the number of reactor deer slaughtered to DINZ in their monthly returns. The levy will be waived for those Tb reactors which are identified with an official reactor tag and where they arrive at the DSP accompanied by an official permit to move.

4. A nil rate of levy applies to any farmed deer or killed game deer carcasses which are wholly condemned for any reason following slaughter or receipt into a PH.

5. No levy is payable in respect of any one farmed deer carcass or piece of velvet more than once.

6. These rates of levy come into effect on and from 1 October 2008 and apply until 30 September 2009, or until such time as new levy rates are fixed and come into force.
7. Under Regulation 19, notice is given that DINZ fixes the rate of additional levy payable in respect of failure to pay, or late payment of, amounts of levy payable on or after 1 October 2008 at 10 percent of the amount of levy unpaid.
8. The additional levy for failure to pay or late payment may be applied by DINZ at a rate of 10 percent on the outstanding balance following expiration of the period within which payment is required to be received by DINZ, and is payable by the DSP or PH concerned.
9. Of the DINZ levy, a portion will be paid to the Animal Health Board as the deer industry's contribution to the Animal Health Board's activities under the national

pest management strategy for bovine tuberculosis. The DINZ levy will be broken down as follows:

- 9.1 For Deer Industry New Zealand:
  - Venison (fallow) 7 cents per kilogram.
  - Venison (other) 12 cents per kilogram.
  - Velvet (fallow) 40 cents per kilogram.
  - Velvet (other) \$2.75 per kilogram.
- 9.2 For the Animal Health Board:
  - Venison 4 cents per kilogram.
  - Velvet 40 cents per kilogram.

Dated at Wellington this 25th day of September 2008.

M. J. O'CONNOR, Chief Executive, Deer Industry New Zealand.
