Injury Prevention, Rehabilitation, and Compensation Act 2001

Consultation on Proposed ACC Levy Rates

The Accident Compensation Corporation (ACC) is consulting on the 2009/10 levies.

You have the opportunity to have a say on our proposed rates for the coming year by making a submission during our consultation process. Legislation requires us to consult levy payers about proposed rates and regulations before we take our recommendations to the Minister for ACC. This consultation is required under section 331 of the Injury Prevention, Rehabilitation, and Compensation Act 2001.

Why do levies change?

We try to keep rates as stable as possible from one year to the next.

Rates can increase, for example because people are taking longer to recover from their injuries. And they can decrease, for example because injuries have become less serious and expensive.

Good investment helps us to keep levy rates as low as possible. These efforts also help reduce the costs of cover to levy payers.

This is your chance to have your say on what you pay

Summary of the proposed levy rates for 2009/10 (GST exclusive)

<i>Who pays</i>	<i>Levy Component</i>	<i>Current 2008/09</i>	<i>Proposed 2009/10</i>	<i>Proposed change</i>
Self-employed people* and Employers (invoiced directly by ACC)	Levy rate for work claims in 2009/10	\$0.72	\$0.70	
	Levy rate for injury claims prior to 1999	\$0.54	\$0.56	
	Combined average levy rate per \$100.00 liable earnings	\$1.26	\$1.26	No change
<i>Note: These are average rates. Individual rates for industry groups may increase or decrease based on recent experience.</i>				
Employees (through PAYE)	Levy rate for non-work claims in 2009/10 per \$100.00 liable earnings	\$1.2444	\$1.511[^]	Up 27c
Motorists (through licensing fees and petrol levy)	Average levy per vehicle	\$254.63	\$287.00	Up \$32.37

*Self-employed people and non-PAYE shareholders also pay the non-work claims levy.

[^]Proposed non-work claims levy including GST is \$1.70 (\$1.40 in 2008/09).

To see how the proposed rate changes affect you or your industry, visit the ACC website for more detailed information. You will find out what your proposed rate is by visiting www.acc.co.nz/levyconsultation

Proposals for each group of levy payers

Self-employed and Employers

Employer levies are based on their employee payroll. Employers pay:

- a levy to cover work-related injuries to their employees in 2009/10; and a levy to cover injury claims prior to 1999.

Self-employed levies are based on their earnings. Self-employed people pay:

- a levy to cover their work-related injuries in 2009/10; a levy to pay for injury claims prior to 1999 and non-work claims prior to 1999; and a levy to cover their non-work injuries.

ACC proposes:

- maintaining the combined levy rate for self-employed people and employers at an average of \$1.26 per \$100 of liable earnings by:
 - decreasing the levy rate to cover 2009/10 work claims from \$0.72 to \$0.70
 - increasing the levy rate to cover injury claims prior to 1999 from \$0.54 to \$0.56
- maintaining the number of risk groups to cover 2009/10 work injuries at 117, and maintaining the existing 41 risk groups for injury claims prior to 1999.

Earners

The earners levy is based on the earnings of employees and self-employed people, and pays for cover for their non-work injuries.

ACC proposes:

- increasing the levy rate to cover non-work injuries to \$1.511 per \$100 of earnings.

Motorists

Motorists pay for most injuries involving moving vehicles on public roads, through a combination of:

- a levy paid by motor vehicle owners through their annual vehicle licensing fee (the levy is based on the type of vehicle)
- a levy on petrol sales paid by vehicle users.

ACC proposes:

- increasing the combined average motor vehicle rate from \$254.63 to \$287.00 per vehicle
- increasing the petrol levy for 2009/10 to 9.90 cents per litre and increasing the average licensing fee per petrol vehicle to \$168.45, resulting in a combined average levy rate of \$287.00 per petrol vehicle
- maintaining the existing nine vehicle classifications.

Electricity Commission

Electricity Act 1992

**Notice of Making of Electricity Governance
Amendment Rules (No. 66) 2008 and Notice of
Reasons for Decision**

1. Pursuant to section 172I of the Electricity Act 1992 (“Act”), I notify the amendment of the Electricity Governance Rules 2003 (“Rules”) under section 172H of the Act.
2. The empowering provision for the electricity governance regulations in relation to which the amendment to the Rules is made is section 172D(1)(14) of the Act.
3. A brief description of the nature of the amendment is as follows:

The insertion of a new Rule 6.5A of Technical Code B of Schedule C3 of Part C which will relieve North Island distributors and direct connect customers, and South Island grid owners, from the obligation to have automatic under-frequency load shedding systems (“AUFLS”) in place in circumstances to be notified by the System Operator.

4. The amendment is made under urgency, in reliance on section 172E(3) of the Act.
5. Pursuant to section 172Z(4) of the Act, the reasons for my decision to amend the Rules are that:
 - (a) potential overlaps between the obligations under the Electricity Governance (Security of Supply) Regulations 2008 (“Regulations”) and the obligation to provide AUFLS mean that those feeders that would probably best meet the criteria for being scheduled for disconnection first in the event of rolling outages under the Regulations, are also likely to be those tagged as AUFLS blocks;
 - (b) to simultaneously meet the existing AUFLS obligations and the requirements of the Regulations, distributors would need to apply rolling outages to non-AUFLS feeders;
 - (c) this could result in higher priority load being interrupted under the rolling outage arrangements under the Regulations than would otherwise be required;
 - (d) making this amendment under urgency is appropriate to allow consultation to take place on these Rules concurrently with the consultation with the Regulations; and
 - (e) the required consultation processes for each of the Regulations and this amendment can now be undertaken concurrently, enabling consideration of the package of arrangements collectively.

6. These rules come into force on 9 October 2008.

7. Copies of the Rules may be inspected free of charge or purchased from the Electricity Commission, Level 7, ASB Bank Tower, 2 Hunter Street, Wellington.

8. The Rules can also be viewed on the Electricity Commission’s website

<http://www.electricitycommission.govt.nz/rulesandregs/rules>

Dated at Wellington this 8th day of September 2008.

 - (d) resolve some minor drafting and wording issues, to rectify cross-referencing, formatting, or other minor matters and effect other amendments in order to achieve consistency within the Rules, and between the Rules and the Electricity Governance Regulations 2003.
5. Section 172F(3) of the Act provides that the Commission is not required to comply with section 172F(1) (relating to making an assessment) if it is satisfied that the recommendation will have only minor effects and will not adversely affect the interests of any person in a substantial way. In reliance on section 172F(3), no such assessment has been carried out.

 - (e) each reconciliation participant must continue to use the seasonal adjustment shapes published by the reconciliation manager under paragraph (a) for all subsequent transitional revisions for the period for which transitional revisions are required.
5. Section 172E(3) of the Act provides that section 172E(2)(b) and section 172F (which relate to consultation and assessment) do not apply if the Commission considers that it is necessary or desirable in the public interest that the recommended rule amendments be made urgently. Instead, consultation and an assessment must be carried out within six months of the amendments being made. In reliance on section 172E(3), no such consultation or assessment has been carried out at this stage.
