Civil Defence Emergency Management Act 2002

Public Notification of the Revised National Civil Defence Emergency Management Plan

Pursuant to the Civil Defence Emergency Management Act 2002, the Minister of Civil Defence gives the following notice.

Under section 41 of the Civil Defence Emergency Management Act 2002, I hereby give notice of the release of the revised National Civil Defence Emergency Management Plan for public consultation.

Dated at Wellington this 29th day of May 2014.

NIKKI KAYE, Minister of Civil Defence.

Description of the Revised Plan

The National Civil Defence Emergency Management Plan (“the Plan”) sets out the hazards and risks to be managed at the national level, and the civil defence emergency management necessary to manage those hazards and risks. It also sets out the roles and responsibilities of central government, Civil Defence Emergency Management Groups and other agencies such as lifeline utilities, emergency services and non-government organisations.

The Plan has been in force since 1 July 2006. Under section 46 of the Civil Defence Emergency Management Act 2002, the Minister of Civil Defence must review the Plan every five years. The review commenced in 2010, and determined that, overall, the Plan was adequate, but a number of aspects could be improved.

The review was halted at the time of the 22 February 2011 Christchurch earthquake to enable government to focus on the response to the earthquake and for reviews of the response to be carried out. The Plan has been revised to incorporate recommendations from the reviews, as well as advancements in national civil defence emergency management planning arrangements.

The Minister of Civil Defence welcomes written submissions from any person on the revised National Civil Defence Emergency Management Plan.

Submissions should state which parts of the revised Plan are supported or opposed and the reasons for the support or opposition. Submissions may recommend specific alternatives to the provisions in the revised Plan.

Copies of the Revised National Civil Defence Emergency Management Plan

Copies of the revised Plan will be available from 29 May 2014 online at:

www.civildefence.govt.nz

or from the Ministry of Civil Defence & Emergency Management, PO Box 5010, Wellington, 6145. Telephone: (04) 817 8564. Email: NationalCDEM.Plan@dpmc.govt.nz

Please mail or email submissions to the Ministry of Civil Defence & Emergency Management by **Friday 25 July 2014**.

Social Development

Social Security Act 1964

Direction in Relation to New-born Children and Hardship Assistance

To: The Chief Executive of the Ministry of Social Development.

Pursuant to section 5 of the Social Security Act 1964, the Minister for Social Development gives the following direction.

Direction

1. Title—This direction is the Direction in Relation to New-born Children and Hardship Assistance.

2. Commencement—This direction comes into force on **1 July 2014**.

3. Application—This direction applies to the exercise of your powers under sections 82(6B), 86(1) and 124(1)(d) of the Act in relation to hardship assistance.

4. Interpretation—(1) In this direction,—

Act means the Social Security Act 1964

hardship assistance means—

- (a) an advance payment of a benefit under section 82(6) of the Act;
- (b) a grant of special assistance under the Special Needs Grants Programme* or the Recoverable Assistance Programme† under section 124(1)(d) of the Act.

new-born child means a child aged of or under 12 months.

(2) Terms otherwise defined in section 3(1) of the Act, the Direction on Advance Payment of Benefit‡, the Special Needs Grants Programme and the Recoverable Assistance Programme have the same meanings in this direction.

5. Hardship assistance—obligations

When an application is made for hardship assistance, you must consider whether the applicant is the principal caregiver of a new-born child when exercising your power whether to require the applicant to undertake a budgeting activity—

- (a) under section 82(6B) of the Act in the circumstances specified in Regulation 5, and of a kind specified in Regulation 6, of the Social Security (Advance Payment of Benefit) Regulations 2010; or
- (b) under clause 9.12 of the Special Needs Grants Programme in the circumstances set out in clause 9.13 of that Programme; or
- (c) under clause 9.5 of the Recoverable Assistance Programme in the circumstances set out in clause 9.6 of that Programme.

6. Exceptional circumstances—amount of special needs grant

In exercising your power under clause 9.4 of the Special Needs Grants Programme to consider whether exceptional circumstances exist for the purpose of determining whether to make a Grant in excess of the amount stated in the clause of that programme under which the Grant is made, you must consider, in addition to any other relevant consideration, whether the applicant is the principal caregiver of a new-born child.

7. Exceptional circumstances—rate of recovery

You must consider whether the applicant is the principal caregiver of a new-born child when exercising your power to consider whether exceptional circumstances exist in regard to—

- (a) recovering an Advance at a lower rate than set out in clause 5 of the Direction on Advance Payment of Benefits; or
- (b) setting a rate of recovery of less than \$4.00 per week under clause 21.4 of the Special Needs Grants Programme; or
- (c) determining the rate of repayment by instalments under clause 15.4 of the Recoverable Assistance Programme.

Dated at Wellington this 21st day of May 2014.

HON PAULA BENNETT, Minister for Social Development.

Explanatory Note

This note is not part of the direction but is intended to indicate its general effect.

This direction by the Minister for Social Development under the Social Security Act 1964 (“the Act”) clarifies existing policy settings for hardship assistance for principal caregivers of new-born children aged under 12 months. The intention is to ensure that existing supports that are available through hardship assistance are appropriately provided to caregivers of new-born children by clarifying:

- *that the chief executive must consider the presence of a new-born child when considering whether to apply certain hardship obligations;*
- *ministerial expectations around considering the presence of a new-born child when determining whether exceptional circumstances exist for exceeding guideline grant amounts;*
- *that lower rates of repayment for recoverable assistance may be available to caregivers of new-born children, which would free up their financial resources during the first year with their child.*

Land Transport Rule: Traffic Control Devices 2004

Sharrow Symbol Road Marking Trial—Palmerston North

Pursuant to subclause 3.4(1) of Land Transport Rule: Traffic Control Devices 2004 (“the Rule”) and a delegation from the NZ Transport Agency, I, Glenn Bunting, Network Manager, authorise the installation and maintenance of the sharrow symbol (shared lane) road marking and alternative cycle lane markings:

- (a) for the purpose described in Schedule 1;
- (b) in the form and layout, set out in Schedule 2;
- (c) at the locations stated in Schedule 3;
- (d) for the period specified in Schedule 4; and
- (e) subject to an evaluation in accordance with Schedule 5.

The sharrow symbol may be marked on roads that are not suitable for dedicated cycle lanes to indicate an area of roadway that bicycles and motor vehicles should share. To distinguish shared lanes from dedicated cycle lanes, cycle lanes must be marked with the cycle symbol and the word “LANE”. The sharrow symbol and cycle “LANE” marking may be installed for the purpose of evaluating their use and the trial will be called the “Sharrow symbol road marking trial – Palmerston North”.

Schedule 1—Purpose of trial

The purpose of the trial is to:

- (a) evaluate the effectiveness and safety of new road markings and the alternative use of existing road markings;
- (b) enable the cycle symbol road marking, which is currently dedicated to identifying cycle lanes, to be used as a component of the sharrow symbol road marking to identify shared lanes.

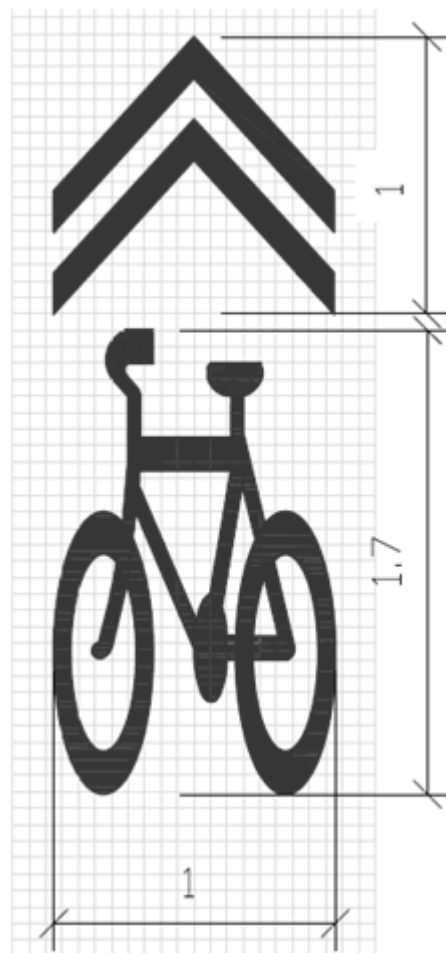

Schedule 2—Form and layout of cycle lane and sharrow markings

The markings used to identify a cycle lane or to identify a shared lane must comply with the following:

- (a) A cycle lane listed in Schedule 3 of this notice must be marked at the start of the lane and after each intersection along its length with:
 - (i) the cycle symbol illustrated in diagram M2-3 in Schedule 2 of the Rule; and

- (ii) the word “LANE” beyond the cycle symbol;
- (b) additional cycle lane markings, which may include the word “LANE”, may be marked in the lane if the road controlling authority considers it necessary to discourage the use of the lane by other vehicles or to draw attention to the likely presence of cycles in the lane;
- (c) the cycle symbol must be a minimum of one metre wide x 1.7 metres long;
- (d) the shape, spacing and dimensions of the letters in the word “LANE” must conform with diagram M8-2 in Schedule 2 of the Rule, except that dimensions may be reduced to 75% of those specified for urban road markings, provided the letters have a minimum longitudinal stroke width of 100mm. *Note:* When marked in letters which are 75% of the size of standard urban road markings, “LANE” will be 1.2 metres wide by 1.8 metres long. If it is essential to mark the word “LANE” in a place where the width of the cycle lane is less than 1.3 metres, the width of the letters and spacing between letters may be reduced to less than 75% of the dimensions for urban road markings;
- (e) a shared lane listed in Schedule 3 of this notice may be marked with the sharrow symbol consisting of:
 - (i) the cycle symbol illustrated in diagram M2-3 in Schedule 2 of the Rule; and
 - (ii) two chevrons pointing forward, marked beyond the cycle symbol;
- (f) the cycle lane markings and sharrow symbol described in this Schedule must be white;
- (g) the minimum dimensions of the sharrow symbol must comply with the following layout diagram:

Layout of sharrow symbol

Schedule 3—Location

Cycle lanes approved for this trial, which must be marked with cycle symbols and the word “LANE” in accordance with Schedule 2, are located on the following roads controlled by Palmerston North City Council:

- (a) Broadway Avenue, from Victoria Avenue to Princess Street;
- (b) College Street, from Victoria Avenue to Fitzherbert Avenue;
- (c) Victoria Avenue, from Broadway Avenue to College Street.

Shared lanes approved for this trial, which may be marked with the sharrow symbol, are located on the following roads controlled by Palmerston North City Council:

- (a) Broadway Avenue, from Princess Street to The Square;
- (b) College Street, from Albert Street to Victoria Avenue.

Schedule 4—Period of trial

The trial may begin after the publication of this notice and, unless terminated earlier, must end by 31 December 2014.

Schedule 5—Evaluation

An evaluation and analysis must be undertaken as outlined in the trial application document dated 12 May 2014 received from Palmerston North City Council. The evaluation must include analysis of the following:

- (a) Whether cyclists and motorists understand the meaning of different uses of the cycle symbol:
 - (i) to identify a cycle lane when marked with the word “LANE”; and
 - (ii) to identify a shared lane when used in the sharrow symbol; and

- (b) cyclists’ and motorists’ understanding of the purpose of the sharrow symbol; and
- (c) cyclists’ and motorists’ behaviour in lanes marked with the sharrow symbol; and
- (d) the costs and benefits of adding the word “LANE” to all existing cycle symbols, which are currently used to identify cycle lanes, thereby enabling the cycle symbol to be used for other cycle safety purposes, such as marking shared lanes.

An evaluation report must be sent to me by 31 January 2015.

Signed at Wellington this 26th day of May 2014.

GLENN BUNTING, Network Manager.

A right of way (pedestrian and cycle path) easement in gross over that part of the Servient Tenement marked “A”, “B”, “D”, “F”, “H”, “HA”, “J”, “L”, “M”, “O”, “S” and “T” on SO 457871 (“Stipulated Course”).

Third Schedule*Easement Rights and Powers*

The right of way easement shall contain the rights and powers implied by the Fourth Schedule of the Land Transfer Regulations 2002, varied as set out below.

In the event of any conflict between the implied rights and powers contained in the Land Transfer Regulations 2002 and the rights and powers contained in this instrument, the rights and powers expressly stated in this instrument shall prevail.

1. Right of Way

- 1.1 The Grantor grants to the Grantee the right of the Grantee, in common with the Grantor and other persons to whom the Grantor may grant similar rights, an easement in gross to go over and along the easement facility on the Stipulated Course for use as a public pedestrian and cycle path.
- 1.2 The right to go over and along the easement facility includes the right to go over and along the easement facility on foot or with cycles only.
- 1.3 The Grantee shall ensure that no animals (including any dogs, whether on a leash or not) are taken onto the Servient Land.
- 1.4 The right of way shall be for the use of the general public.
- 1.5 For the avoidance of doubt the rights and powers implied by the Fifth Schedule of the Property Law Act 2007 are negated, the grant not being a vehicular right of way (except for cycles).
- 1.6 The right of way includes:
 - 1.6.1 the right to establish a lime sand pedestrian and cycle path, to repair and maintain an existing lime sand pedestrian and cycle path, and (if necessary for any of those purposes) to alter the state of the easement facility; and

1.6.2 subject to clause 4, the right to have the easement facility kept clear at all times of obstructions to the use and enjoyment of the pedestrian and cycle path.

1.7 Notwithstanding clause 1.5, the Grantee may temporarily exclude the general public from the Servient Land or any part thereof if it believes on reasonable grounds it is necessary to do so because of flooding, or any other emergency endangering public safety.

2. Repair, Maintenance and Costs

2.1 The Grantee is responsible for arranging the repair and maintenance of the Stipulated Course, and for the associated costs, so as to keep the Stipulated Course in good order and to prevent it from becoming a danger or a nuisance.

2.2 The parties acknowledge and agree that the Grantee is required (as a condition of the Grantor agreeing to this easement) to erect cycle barriers and signage in the vicinity of the Whakamaharatanga Walkway to prevent cyclists from using part of the Whakamaharatanga Walkway between the cycle barriers (such portion of the Whakamaharatanga Walkway being an existing walking track and not being the part of the Stipulated Course). The parties agree that such barriers and signage is included in the definition of the easement facility and must be maintained in accordance with clause 2.1.

3. Deletion of Certain Implied Terms

3.1 The following clauses of the Fourth Schedule to the Land Transfer Regulations 2002 are deleted:

3.1.1 Clause 6; and

3.1.2 Clauses 11(1) and 11(2).

3.2 The meaning of any words in these special conditions shall be that given in paragraph 1 Fourth Schedule of the Land Transfer Regulations 2002 where applicable.

3.3 Where there is any conflict between the provisions of the Fourth Schedule of the Land Transfer Regulations 2002 and this instrument, the provisions of this instrument must prevail.

4. Existing Grants

The parties acknowledge that the Servient Land is subject to existing registered rights. This easement is subject to the rights of the existing registered grantees and in the event of any conflicts the right of the existing grantees shall prevail.

5. Assignment

The Grantee shall not assign this easement without obtaining the prior written consent of the Grantor.

6. Grantee May Surrender

6.1 The Grantee:

6.1.1 may at any time give the Grantor written notice of its intention to surrender the Grantee's rights under this easement; and

6.1.2 may at any time more than one month after giving the notice, at its own cost, surrender the Grantee's rights subject to clause 6.2.

6.2 The parties acknowledge that:

6.2.1 the Grantee is required (as a condition of the Grantor agreeing to grant this easement) to complete works to reconfigure the Grantor's existing fence lines and gates to reasonably replicate that existing at the time of the grant, while allowing for the removal of gates and fences across the Stipulated Course.

6.2.2 prior to surrender, the Grantee must if required by the Grantor, complete fencing and gate works to return the Servient Land, including the Grantor's paddock configuration (and standard of affected gates and fences) to that existing prior to the works completed in accordance with clause 6.2.1 and to the condition it was in prior to the rights under this instrument being granted.

6.3 On the surrender, the Grantor:

6.3.1 releases and discharges the Grantee from all its obligations and liabilities under this easement in respect of the right; and

Bets will be Settled on the scorer as determined at the end of the match. Any subsequent alterations will not count for betting purposes. Own goals do not count in first goal scorer betting. If an own goal is the only score of the match, the result of that first goal scorer betting option will be the "No Goal" selection. Bets on players who have not taken the field at any stage before the first goal is scored will be Void.

Top Series/Competition/Tournament/Team Goal Scorer:

- (c) Bets will be Settled on the official competition results (regardless of whether all matches are played or not). Goals scored during extra time will count for top goal scorer markets. Bets placed on a player to be the top scorer in a given tournament will stand as long as the player is named in the squad and has the opportunity to play in the named tournament. If more than one player finishes on the same number of goals, then Rule 14.13 Dead Heat Rules will apply (any tournament top scorer award, for example "Golden Boot" is ignored for settlement purposes).

Tournament Totals:

- (d) For tournament total markets including goals, red cards, yellow cards and corners, extra time counts but goals scored in penalty shoot outs do not.

Relegation Betting:

- (e) Bets will be Settled based on the position on the final day of the season regardless of any subsequent disqualifications or points deductions. Bets will be Voided on any team that does not fulfil its fixtures and complete the season.

Player Specials:

- (f) For all player specials such as to score a goal or to score a hat-trick, the player must start the match at kickoff for bets to stand.

Total Match Corners:

- (g) Bets on the number of corners in a match refers to corners taken rather than corners awarded. If a corner is awarded but the whistle blows for the end of the match before it is taken, then it will not count towards total corners. If there is a dispute over the number of corners, the result will be obtained from Sportinglife.com or another website that provides results if Sportinglife.com is not available.

First Goal Method:

- (h) For the purpose of this market a "shot" is considered to be an effort on goal propelled by a body part below the waist, a "header" an effort on goal propelled by a body part above the waist. Only one outcome will be Settled as a

winner, therefore if the goal is a penalty, then “penalty” will be Settled as a winner while “shot from inside the penalty box” will be Settled as a loser. Similarly, if the goal is scored directly from a free-kick, “direct from free-kick” will be Settled as a winner while “shot from outside the penalty box” will be Settled as a loser.

These Rules come into force on **30 May 2014**.

Nursing Council of New Zealand

Health Practitioners Competence Assurance Act 2003 Medicines Amendment Act 2013

Notice of Replacement and Revocation of Notices for Nurse Practitioners

Commencement

This notice is given pursuant to sections 11 and 12 of the Health Practitioners Competence Assurance Act 2003, and section 51(a) of the Medicines Amendment Act 2013, and comes into effect on **1 July 2014**.

On that date, it replaces Scope of Practice – Nurse Practitioner in section 2 of the Notice of Scopes of Practice and Related Qualifications Prescribed by the Nursing Council of New Zealand* published in 2004, and the Medicines (Designated Prescriber: Nurse Practitioners) Notice 2009[†] listed below under Previous Notices.

Explanatory note

Introduction

Under the Health Practitioners Competence Assurance Act 2003, the Nursing Council of New Zealand (“Council”) is required to describe the scopes of practice for nursing in New Zealand. The Council’s role is to identify the health services and the prescribed qualifications for each scope of practice.

Nurse practitioners seeking to practise in New Zealand must first be registered with the Council as a registered nurse and as a nurse practitioner. To be able to practise nursing in New Zealand, a registered nurse practitioner must hold a current practising certificate. To be eligible for a practising certificate, a nurse practitioner must meet any continuing competence requirements set by the Council.

Further information can be found published on the Council’s website at

www.nursingcouncil.org.nz

Changes coming into effect on 1 July 2014

In October 2012, the Council proposed that the prescription of medicines be included in the scope of practice for all nurse practitioners when registered with the Council. Previously prescribing was optional for a registered nurse practitioner. The Council also proposed that the prescribed qualifications be changed so that the education programme and assessment of prescribing competence was no longer optional for registration as a nurse practitioner.

The reason for these changes is to align the scope of practice for nurse practitioners with changes to the Medicines Act 1981 which come into effect on 1 July 2014. Under the Medicines Act 1981, nurse practitioners are defined as having prescribing rights when they register with the Council. The Medicines (Designated Prescriber: Nurse Practitioners) Regulations 2005 will be revoked on 1 July 2014. The Medicines (Designated Prescriber: Nurse Practitioners) Notice 2009[†] made under this regulation by the Council is also be revoked from 1 July 2014 (see below under Previous Notices).

From 1 July 2014, prescribing nurse practitioners will no longer have a condition/authorisation included in their scope of practice stating that they may prescribe. Nurse practitioners who do not have prescribing rights will have a condition in their scope of practice indicating that they may not prescribe. All nurse practitioners will continue to have a condition stating their specific area of practice. These conditions will be on their practising certificate and on the online public register available on the Council’s website.

The Council consulted with stakeholders including nursing professional organisations, district health boards and other health providers. The consultation was also available on the Council’s website for public comment. Thirty submissions were received with the majority in favour of these changes. In December 2012, the Council approved the changes to the nurse practitioner scope of practice and prescribed qualifications and resolved to introduce them at the same time as the amendments to the Medicines Act 1981 came into force.

In February 2013, the Council notified nurse practitioners affected by these changes and placed information on its website.

Previous Notices

The Council last published the scope of practice and prescribed qualifications for nurse practitioners in September 2004. The Council also published two notices related to nurse practitioners as designated prescribers under the Medicines (Designated Prescriber: Nurse Practitioners) Regulation 2005. This regulation will be revoked by the amendments to the Medicines Act 1981 that come into force on 1 July 2014.

1. Scope of Practice – Nurse Practitioner in section 2 of the Notice of Scopes of Practice and Related Qualifications Prescribed by the Nursing Council of New Zealand* outlined the scope of practice and prescribed qualifications for nurse practitioners. This notice came into effect on 15 September 2004.
2. Medicines (Designated Prescriber: Nurse Practitioners) Notice 2009[†] outlined the requirements (qualifications and experience) for nurse practitioners who wish to prescribe medicines and changed the assessment of competence to prescribe to three yearly. This notice came into effect on 3 November 2009.

Dated at Wellington this 29th day of May 2014.

CAROLYN REED, Registrar, Nursing Council of New Zealand.

Scope of Practice – Nurse Practitioner

Nurse practitioners are expert nurses who work within a specific area of practice incorporating advanced knowledge and skills. They practise both independently and in collaboration with other health care professionals to promote health, prevent disease and to diagnose, assess and manage people's health needs. They provide a wide range of assessment and treatment interventions, including differential diagnoses, ordering, conducting and interpreting diagnostic and laboratory tests, and administering therapies for the management of potential or actual health needs. They work in partnership with individuals, families, whānau and communities across a range of settings. Nurse practitioners prescribe medicines within their specific area of practice. Nurse practitioners also demonstrate leadership as consultants, educators, managers and researchers, and actively participate in professional activities, and in local and national policy development.

Prescribed qualification

- (a) Registration with the Nursing Council of New Zealand in the Registered Nurse Scope of Practice; and
- (b) a minimum of four years of experience in a specific area of practice; and
- (c) the completion of an approved clinical Master's degree programme which includes demonstration of the competencies, for advanced practice and prescribing applied within a defined area of practice of the nurse practitioner. The programme must include relevant theory and concurrent practice; or
- (d) the completion of an equivalent overseas clinically focussed Master's degree qualification which meets the requirement specified in (c) above; and
- (e) passing an assessment against the nurse practitioner competencies by an approved panel.
