Education

Education Act 1989

Risk Assessment Criteria for Tertiary Institutions

Pursuant to section 195A of the Education Act 1989 (incorporating all amendments), the Secretary for Education hereby publishes criteria for assessing the level of risk to the operation and long-term viability of tertiary institutions.

Nothing in this notice limits or affects the duties of tertiary councils under section 181 of the Education Act 1989 or any other duties or obligations of institutions or councils under any enactment, regulation or order.

Introduction

Under sections 195B to 195D of the Education Act 1989, the nature of the action available to the Secretary or the Minister depends upon an assessment of the level of risk to the institution or the operation or long-term viability of the institution. The levels of risk and the nature of the actions available are:

- Level 1: If the Secretary has reasonable grounds to believe that an institution may be at risk, the Secretary may require the council of the institution to provide specified information or reports about the operation, management or financial position of the institution at a given time (section 195B).
- Level 2: If the Minister considers on reasonable grounds that the operation or long-term viability of an institution is at risk, the Minister may appoint a Crown Observer to the institution (section 195C).
- Level 3: If the Minister believes on reasonable grounds that there is a serious risk to the operation or long-term viability of an institution and other methods of reducing that risk have failed or appear likely to fail, the Minister may dissolve the council of the institution and appoint a Commissioner to act in its place (section 195D).

After consultation with institution councils, the Secretary has determined (pursuant to section 195A of the Education Act 1989) criteria for assessing the level of risk to the operation and long-term viability of institutions. Those criteria are contained in the table set out below.

The greater the number of criteria which an institution meets, the greater the level of risk to its operation and long-term viability. The more adverse the position of an institution with respect to any of the criteria (for example, the greater the extent to which its Liquid Funds Ratio is less than 12.0%), the greater the level of risk to its operation and long-term viability.

Defined Terms

Words and phrases defined in the Education Act 1989 (and not defined below) bear the same meanings in this notice.

In this notice:

“Approved Borrowing Agreement” means an agreement between an institution and a third party, under which the institution may borrow money, issue debentures or otherwise raise money, which has been entered into by the institution with the written consent of the Secretary pursuant to section 192 of the Education Act 1989 (including any such agreement as it may be modified from time to time with the written consent of the Secretary).

“audited” means, in respect of an institution and any financial statements or financial statements component relating to any financial year of that institution:

- (a) the audited financial statements or audited financial statements component (as the case may be) for that financial year; or
- (b) (except in relation to risk criteria 22 below) if no such audited financial statements or audited financial statements component (as the case may be) for that financial year have or has been submitted to the Secretary within 120 days of the end of the relevant financial year, until they are or it is so submitted the unaudited financial statements or relevant financial statements component (as the case may be) in respect of that financial year most recently submitted to the Secretary.

“Available Credit Lines” is the aggregate amount able to be borrowed by an institution under any committed borrowing facility, less any amounts actually borrowed under those facilities, as at the balance date to which any audited actual or budgeted (as the case may be) statement of financial position for an institution relates.

“Debt” is the total of amounts recorded as debt in the audited or budgeted (as the case may be) statement of financial position of an institution, whether or not interest is payable on that debt.

“debt/equity ratio” means a ratio of debt to equity (however that ratio, that debt and that equity are calculated and described).

“Default Event”, in respect of an institution which is party to an Approved Borrowing Agreement, means any event or circumstance (however described) which (i) constitutes a default (however described) by that institution under that Approved Borrowing Agreement and/or (ii) results (or may result) in the date for repayment of any amount owing by the institution under that Approved Borrowing Agreement being advanced and/or (iii) entitles (or may entitle) any lender under that Approved Borrowing Agreement to require early repayment by that institution of any such amount, to refuse to advance any further amount to that institution, to review loans made by it to that institution or to take or refuse to take any other action under that Approved Borrowing Agreement.

“Default Debt/Equity Ratio” in respect of an institution is the ratio calculated as follows and expressed as a percentage:

$$\frac{\text{Debt}}{\text{Debt} + \text{Equity}}$$

“Default Interest Cover Ratio” in respect of an institution is the ratio calculated as follows:

$$\frac{\text{Operating Surplus / Deficit} + \text{Depreciation} + \text{Amortisation} + \text{Interest Expense}}{\text{Interest Expense}}$$

“Equity” is the amount recorded as equity in the audited actual or budgeted (as the case may be) statement of financial position of an institution.

“financial statements component” means a statement of financial position, statement of financial performance or statement of cash flows.

“interest cover ratio” means a ratio of surplus from operations to interest expense (however that ratio, that surplus and that expense are calculated and described).

“Interest Expense” is the amount recorded as interest expense in the audited annual or budgeted (as the case may be) statement of financial performance of an institution.

“liabilities to assets ratio” means a ratio of the value of liabilities to the value of assets (however that ratio, that value of assets and that value of liabilities are calculated and described).

“Liquid Funds” is the total of amounts recorded in the audited or budgeted (as the case may be) statement of financial position of an institution in the form of cash or securities or other investments which can be as readily converted into cash.

“Liquid Funds Ratio” in respect of an institution is the ratio calculated as follows and expressed as a percentage:

$$\frac{\text{Liquid Funds} + \text{Available Credit Lines}}{\text{Operating Cash Payments}}$$

“Maximum Permitted Debt/Equity Ratio”, in respect of an institution which is party to an Approved Borrowing Agreement, means a debt/equity ratio specified in that Approved Borrowing Agreement, that institution’s exceeding which (or meeting or exceeding which) will constitute or result in a Default Event.

“Maximum Permitted Liabilities to Assets Ratio”, in respect of an institution which is party to an Approved Borrowing Agreement, means a liabilities to assets ratio specified in that Approved Borrowing Agreement, that institution’s exceeding which (or meeting or exceeding which) will constitute or result in a Default Event.

“Minimum Required Interest Cover Ratio”, in respect of an institution which is party to an Approved Borrowing Agreement, means an interest cover ratio specified in that Approved Borrowing Agreement, that institution’s failure to exceed which (or failure to achieve or exceed which) will constitute or result in a Default Event.

“Operating Cash Payments” is the amount recorded as cash paid or applied to operations in the audited annual or budgeted (as the case may be) statement of cash flows of an institution.

“Operating Cash Receipts” is the amount recorded as cash received from operations in the audited annual or budgeted (as the case may be) statement of cash flows of an institution.

“Operating Surplus/Deficit” is the amount recorded as the net surplus or deficit (as the case may be) in the audited annual or budgeted (as the case may be) statement of financial performance (financial statements component) of an institution, adjusted by deducting any non-recurring revenues and adding back any non-recurring costs (in each case as reflected in the relevant statement of financial performance). An example of non-recurring revenue is a profit on the sale of an asset. Examples, of non-recurring costs include losses on asset disposals or revaluations and restructuring costs. An item does not qualify as non-recurring simply because it is unplanned or unexpected.

“Reforecast”, in respect of an institution, means any financial forecast or similar document which is prepared by or for an institution in relation to a financial year in respect of which there is already a council-approved group budget, and which is either approved by the council of the institution as an amendment to or update of that group budget or regarded by the chief executive of that institution as forecasting or reflecting, more accurately overall than that group budget, that institution’s likely actual financial performance for that period; and includes any working papers upon which that financial forecast is based.

“Total Revenue” is the amount recorded as total revenue or total income in the audited annual or budgeted (as the case may be) statement of financial performance of an institution.

“risk criteria” means any of the criteria set out below.

An “unfavourable trend”, in respect of a particular financial ratio and an institution’s audited group financial statements for five consecutive financial years, exists if:

- (a) the average of that ratio calculated with reference to the audited group financial statements for each of the third, fourth and fifth (in time) of those financial years is less favourable to that institution than the average of that ratio calculated with reference to the audited group financial statements for each of the second, third and fourth (in time) of those financial years; and
- (b) the average of that ratio calculated with reference to the audited group financial statements for each of the second, third and fourth (in time) of those financial years is less favourable to that institution than the average of that ratio calculated with reference to the audited group financial statements for each of the first, second and third (in time) of those financial years.

Other words and phrases defined in the Education Act 1989 bear the same meaning in this notice.

Criteria for Risk Assessment

The criteria listed in the table below enable an objective assessment to be made of whether an institution or the operation or long-term viability of an institution is at risk and, if so, the level of such risk. The level of risk determines the nature of action available to the Secretary or the Minister. Each of the criteria is marked in columns 1, 2 or 3. The marking indicates which level of risk the criteria are relevant to assessing. The key to the table is:

Level 1 = relevant to assessing whether an institution *may be at risk*

Level 2 = relevant to assessing whether an institution *may be at risk* and/or whether the operation or long-term viability of an institution *is at risk*

Level 3 = relevant to assessing whether an institution *may be at risk* and/or whether the operation or long-term viability of an institution *is at risk* and/or whether there is a *serious risk* to the operation or long-term viability of an institution

<i>Compliance with borrowing covenants</i>				
25.	During the last or current financial year (as at the time of assessment), an institution breached any financial covenants under any loan agreement or other financing facility.		•	
26.	An institution has carried out a material activity which requires a consent from the Secretary of Education pursuant to section 192 of the Education Act 1989 and has not obtained such a consent.	•		
27.	An institution has not complied with all financial conditions of any consent received from the Secretary for Education under section 192 of the Education Act 1989 in the last completed or current financial year of the institution (as at the time of assessment).		•	
<i>Operations</i>				
28.	An institution has not developed and/or does not maintain internal financial and performance reporting of a nature reasonably to be expected of such an institution.		•	
29.	An institution has failed, in a material respect, to provide in a timely manner any information required to be provided pursuant to section 195B of the Education Act 1989 or section 45B of the Public Finance Act 1989.		•	
30.	There are grounds on which it can reasonably be concluded that an institution has acted, is acting, or is likely to act recklessly in a material respect.		•	
31.	There are grounds on which it can reasonably be concluded that an institution or its council has acted, is acting, or is likely to act contrary to any applicable law, regulation, order or bylaw in a material respect.		•	
32.	An institution has lost or failed to renew within the period of 18 months immediately prior to the time of assessment, or is likely to lose or fail to renew, accreditation with New Zealand Qualifications Authority or any body to which New Zealand Qualifications Authority has delegated its approval or accreditation powers (such as the Polytechnic Programmes Committee or the Colleges of Education Academic Committee), or with The New Zealand Vice Chancellors Committee for Accreditation for any qualification (other than a qualification which the institution no longer intends to offer).		•	
33.	Within the period of 18 months immediately prior to the time of assessment, an institution has not developed, and/or updated at least annually, a business plan of the nature reasonably expected of such an institution, including financial projections for the following three years.		•	
34.	Within the period of 18 months immediately prior to the time of assessment, an event has occurred or circumstance arisen which is likely, in the near future, to result in a material reduction in income, a material increase in outgoings, a material liability or a material increase in risk for an institution (having regard, in each case, to the likely impact of any mitigating actions taken or likely to be taken by the institution).		•	
35.	Where it is considered that the council is not fulfilling its statutory functions and duties, or is otherwise unable to conduct its business.			•
36.	Where council membership falls below the 12 member minimum statutory requirement, and this can be attributed to the action (or inaction) of the council, and this situation causes the council to be unable to fulfil its statutory functions and duties.			•
37.	Where there is an inquiry or report by the Auditor-General on the affairs of the institution that concludes there are serious mismanagement issues, which could relate to the spending or management of public monies.			•
38.	The council or management (or both) of the institution has either failed or refused to take adequate steps to address a level 2 risk, or risks, within a reasonable period from the date when the risk, or risks, occurred, whether or not that risk, or risks, has resulted in the appointment of a Crown Observer.			•

Assessment of budget and financial projections				
39.	On the basis of the most recent (as at the time of assessment) annual budget approved by the council and any other relevant financial forecasts or projections provided by the institution to the Secretary or Minister, there are reasonable grounds to believe that the institution is not, or is likely in the near future to not be, able to pay some or all of its debts as they become due in the ordinary course of business without recourse to a Crown loan, equity injection, or other special viability funding.			•

Prisoners' and Victims' Claims Act 2005**Notice of End of Process for Making and Determining Victims' Claims**

Take notice that, pursuant to part 2 (subpart 2) of the Prisoners' and Victims' Claims Act 2005 ("the Act"), compensation awarded to **Nicky Ian Taikato** was paid to the Secretary for Justice on 31 March 2007, and the surplus was paid into the Victims' Claims Trust Account on 2 April 2007 on behalf of **Nicky Ian Taikato** to enable any victims of that offender to make claims against it.

And that on 1 September 2007, notice was given by publication in the daily newspapers in Auckland, Hamilton, Wellington, Christchurch and Dunedin of the sum of money paid into the trust account, and the entitlement of victims of the offender to claim against this money and the manner to do so.

Under section 32 of the Act, the Secretary for Justice has now paid out all of the money held in the trust account on behalf of **Nicky Ian Taikato**.

Further enquiries should be directed to:

Public Trust

Public Trust Act 2001

The Public Trust Common Fund Interest Rates Notice 28 February 2008

The following notice is given pursuant to section 50 of the Public Trust Act 2001 ("the Act").

Notice

1. Title and commencement—(1) This notice may be cited as the Public Trust Common Fund Interest Rates Notice 28 February 2008.

(2) The determinations and revocation in this notice take effect from and including 20 February 2008.

2. Interpretation—(1) Unless the context otherwise requires:

"agency deposit" means a deposit (not being an investment deposit) held as agent or attorney;

"call deposit" means a deposit (not being an agency deposit, an investment deposit, a protection deposit, a special deposit or a trust deposit) held in the ordinary course of administration, and determined by Public Trust to be held at call;

"deposit" means a sum of money held by Public Trust belonging to any estate, which money for the time being forms part of the Common Fund;

"investment deposit" means a deposit held at call or otherwise as an investment under section 51 of the Act;

"protection deposit" means a deposit, held at call, of tuition, boarding, accommodation or other fees by or on behalf of a student enrolled at a private training establishment within the meaning of Part 18 of the Education Act 1989;

"special deposit" means a deposit held other than at call on behalf of the Crown, or any local authority within the meaning of the Local Government Act 1974;

"trust deposit" means a deposit (not being an agency deposit, an investment deposit, a protection deposit or a special deposit) held on trust:

- (i) for persons not of full age or capacity; or
- (ii) for beneficiaries not entitled to payment at call; or
- (iii) otherwise than at call.

(2) Expressions defined in the Act have the same meaning in this notice as they do in the Act.

3. Rates of Common Fund interest—(1) The rate of Common Fund interest on deposits (other than investment deposits repayable at the end of fixed term or protection deposits) shall be that specified in Schedule 1 for the appropriate type of deposits.

(2) The rate of Common Fund interest on each protection deposit associated with a particular private training establishment shall be that specified in Schedule 2 for the appropriate dollar range of the total of those deposits.

(3) The rate of Common Fund interest payable on investment deposits repayable at the end of a fixed term shall be that specified in Schedule 3 for the appropriate interest payment frequency, term and dollar range.

(4) Despite subparagraph (1), the rate of Common Fund interest payable on deposits made pursuant to an enactment shall be the rate (if any) specified in the enactment.

(5) Despite subparagraphs (1), (2) and (3), in particular cases or classes of case, Public Trust and the depositor may agree on a rate of interest payable on investment deposits, protection deposits or special deposits that is different from the rate specified in Schedules 1, 2, or 3 and the agreed rate then applies.

4. Revocation of notice and transitional provisions—

(1) The Public Trust Common Fund Interest Rates Notice 14 February 2008 is revoked.

(2) The rates of interest specified in Schedules 1 and 2 to this notice do not apply to any period that ends with 12 February 2008 but otherwise operate as from 13 February 2008.

(3) The rates of interest specified in Schedule 3 to this notice:

- (i) do not apply to investment deposits repayable at the end of a fixed term that commenced prior to 20 February 2008; but
- (ii) do apply to investment deposits repayable at the end of a fixed term that commenced on or after 20 February 2008.

British Settlements Act 1887

Officers of the Government of Ross Dependency Appointed

ANAND SATYANAND, Governor-General

Background:

- A. An Order in Council dated 30 July 1923* ("the order") made under the British Settlements Act 1887 (UK) appoints the Governor-General of New Zealand to be the Governor of the Ross Dependency ("the Governor") and vests in the Governor certain powers:
- B. The order empowers the Governor to make rules and regulations for the peace, order, and good government of the Dependency:
- C. Regulations made by the Governor on 14 November 1923† provide that all persons appointed by the Governor may be empowered to do such things as may be necessary or desirable to ensure that the laws in force in the Dependency are duly observed and complied with in every respect, and to do all things necessary or expedient for the peace, order, and good government of the Dependency, and to safeguard and preserve Her Majesty's rights and sovereignty over and in respect of the Dependency:
- D. It is now expedient that Erik Ronald Barnes, Yvonne Boesterling, and Iain James Miller be appointed officers of the Government of the Dependency:

Now therefore I, The Honourable Anand Satyanand, the Governor-General of New Zealand, and as such the Governor of the Dependency, appoint

Erik Ronald Barnes

Yvonne Boesterling

Iain James Miller

to be officers of the Government of the Dependency while they act as Senior New Zealand Representatives at Scott Base during the period beginning with this appointment and ending with the close of 28 February 2010:

I confer on Erik Ronald Barnes, Yvonne Boesterling, and Iain James Miller, while they hold office as officers of the Government of the Dependency, all the powers exercisable in New Zealand by a Justice of the Peace.

Erik Ronald Barnes, Yvonne Boesterling, and Iain James Miller are to exercise their functions at such places within the Dependency as may be directed by an officer of the Government of the Dependency who has the general executive and administrative authority in preserving Her Majesty's rights and sovereignty and the laws in force in the Dependency.

As witness the hand of His Excellency the Governor-General as the Governor of the Ross Dependency, this 24th day of January 2008.

WINSTON PETERS, Minister of Foreign Affairs.

Electricity Commission

Electricity Act 1992

Notice of Making of Electricity Governance Amendment Rules (No. 60) 2008 and Notice of Reasons for Decision

1. Pursuant to section 172I of the Electricity Act 1992 ("Act"), I notify the amendment of the Electricity Governance Rules 2003 ("Rules") under section 172H of the Act.

2. The empowering provisions for the electricity governance regulations in relation to which the amendments to the Rules are made are sections 172D(1)(4), 172D(1)(5), 172J(1)(e) and 172KA(1) of the Act.

3. In brief, the amendments are:

- to Schedule F1 of Section II of Part F of the Rules, to except New Zealand Aluminium Smelters Limited ("NZAS") and RTA Power (NZ) Limited ("RTA Power") from the categories of designated transmission customers in certain circumstances; and
- to Rule 9.1 of Section IV of Part F of the Rules to permit Transpower New Zealand Limited ("Transpower") to impose charges additional to those set out in the transmission pricing methodology if those charges are provided for in the Comalco agreements (as defined in Part A of the Rules).

4. Pursuant to section 172Z(4) of the Act, the reasons for my decision to amend the Rules are that:

- at present, NZAS and RTA Power could be designated transmission customers and therefore either:
 - could be required to enter into a transmission agreement with Transpower under Section II of

Part F of the Rules to apply from the date determined by the Electricity Commission ("Commission") under Rule 3.1.2.1 of Section II of Part F; or

- if they fail to agree on a transmission agreement by that date, the benchmark agreement set out in Schedule F2 of Section II of Part F of the Rules could apply as a default agreement between them;
- if NZAS and RTA Power entered into a transmission agreement with Transpower in accordance with Section II of Part F of the Rules, or the benchmark agreement were to apply as a default agreement, the terms of that agreement could conflict with rights and obligations of NZAS, RTA Power, Meridian Energy Limited and Transpower under the Comalco agreements;
- if Rule 9.1 of Section IV of Part F of the Rules is not amended, and a related amendment to Regulation 199 of the Electricity Governance Regulations 2003 ("Regulations") recommended to me by the Commission is not made, Transpower would only be able to charge for transmission services provided under the Comalco agreements from 1 April 2008 in accordance with the transmission pricing methodology made under Section IV of Part F. It would not be able to charge the additional special charge that it currently does under the Comalco agreements. Although the related amendment to Regulation 199 (if made) would allow Transpower to continue to impose additional charges under the Comalco agreements, if the amendment to Rule 9.1 is not also made, the Comalco agreement parties would need to comply with the disclosure obligations in Regulations 205 and 206 of the Regulations. The Commission would also have to consider and publish the notifications in accordance with the Regulations. This is not considered necessary, as the special charge and any other additional charges payable under the Comalco agreements will not

affect third parties. The amendment to Rule 9.1 of Section IV of Part F will mean that the disclosure and notification obligations will not apply; and

- (d) the Commission has, after carrying out the assessment and consultation process required under the Act, recommended these amendments to me because they will:

(i) avoid:

- (A) the overriding of longstanding transmission arrangements under the Comalco agreements by Section II of Part F of the Rules;
- (B) transaction costs for the parties to the Comalco agreements;
- (C) costs arising from inconsistencies between the Comalco agreements and any transmission agreement entered into or that applies under Part F of the Rules; and
- (D) detrimental effects on regulatory certainty;

- (ii) be consistent with good regulatory practice; and
- (iii) contribute to the Commission's objectives of ensuring that electricity is delivered in an efficient, fair and reliable manner while also meeting the Commission's objective of maintaining incentives for investment in transmission.

5. These Rules come into force on 1 April 2008.

6. Copies of the Rules may be inspected free of charge or purchased from the Electricity Commission, Level 7, ASB Bank Tower, 2 Hunter Street, Wellington.

The Rules can also be viewed on the Electricity Commission's website:

<http://www.electricitycommission.govt.nz/Rulesandregs/Rules>

Land Transport New Zealand

Land Transport Rule: Vehicle Standards Compliance 2002

Whole of Vehicle Marking Notice 2008

Pursuant to clause 11.7(1)(d) of Land Transport Rule: Vehicle Standards Compliance 2002, as amended in 2005 and 2007 ("the Rule"), and pursuant to an authority delegated to me by the Director of Land Transport ("the director"), I, Donald Norman Hutchinson, Manager Vehicles, Land Transport New Zealand, give the following notice.

Notice

1. This notice may be cited as the Whole of Vehicle Marking Notice 2008, dated 28 February 2008. Whole of Vehicle Marking (WOVM) involves attaching thousands of microdots containing the vehicle's identification number (VIN) to various locations on the vehicle for identification purposes. From the dates specified below, WOVM will be required on vehicles inspected for certification, under section 6 of the Rule, for entry and use on roads in New Zealand.
2. This notice applies to imported light passenger vehicles of Classes MA, MB and MC (see Table A of the Rule) that are less than 15 years old from the date of manufacture, or if this is not known, from the date of first registration anywhere (for the avoidance of doubt, scratch-built vehicles are excluded from WOVM). Inspection for the presence of WOVM is to commence on 1 July 2008 and be progressively extended to all entry points nationally to capture all applicable vehicles that enter the fleet from 1 September 2008. From 1 September 2008, applicable vehicles must not be entry certified unless they have WOVM in accordance with this notice.
3. Inspecting organisations appointed under 2.2(1)(d) or (e) of the Rule are now invited to apply to the director to be "appointed applicators" for the purpose of WOVM in accordance with this notice. Applications for appointment must provide details of the proposed operation, microdot supplier to be used, and security arrangements as specified in this notice.
4. If multiple copies of the VIN that comply with the technical requirements for microdots in this notice are not already attached to the vehicle, then the microdots must be attached to it in the places and manner specified in the Schedule of this notice.
5. The system and process followed to supply and attach the microdots must comply with the security requirements in the Schedule of this notice.

Schedule

Specification for Microdot Vehicle Security System

1. Administrative Requirements

1.1 Acceptance of system

Microdot suppliers must be able to satisfy the director that the administrative, supply and application arrangements meet the requirements in the following clauses 1.2, 1.3 and 1.4.

1.2 Security of Supply Chain

Security of the supply chain must be strictly controlled to prevent unauthorised access to microdot stock. Detailed processes must be developed by the entry certifiers, the microdot suppliers and the persons or organisations who attach the microdots to vehicles (applicators).

1.3 General Security

Microdot suppliers must have effective security arrangements in place and ensure the supply of microdots (VIN identifiers) is only to orders from applicators either appointed by the director or contracted to the entry certifiers (appointed applicators).

The appointed applicators must have systems in place to ensure:

- (a) supplies of microdots are secure and cannot be tampered with or partially removed before use; and
- (b) surplus/residual microdots are disposed of in a manner that ensures they are not available for use on other vehicles; and
- (c) any missing stock of unused microdots is recorded and follow-up action taken.

1.4 Administration and Control Processes

The appointed applicators must have systems in place to ensure:

- (a) the microdots are attached to the correct vehicle; and
- (b) the identity of treated vehicles is recorded; and
- (c) cross contamination of microdots between vehicle applications is avoided.

2. Physical Characteristics

2.1 Acceptance of System

Documented evidence must be provided from an independent testing authority acceptable to the director of Land Transport, certifying that the product meets all the requirements in the following clauses 2.2, 2.3 and 2.4(a) and (b).

2.2 Components Used

(a) Microdots:

- (i) Microdots must be made of an inert, durable material, scientifically certified to have no adverse reaction with any part or function of the vehicle to which they may be applied.
- (ii) Microdots must not be more than 1mm in width and able to be easily located once they have been applied to a vehicle and covered with adhesive/coating.
- (iii) Microdot material and the data stored on it must meet the requirements of the Accelerated Ageing and Removal Tests in the appendix to this notice.
- (iv) Identification data stored on the microdot must link it directly to the VIN of the vehicle without the need to obtain additional data. The data on the microdot must include the whole VIN. The microdot must also incorporate means to identify the microdot supplier.

(b) Adhesive/Coating Material:

The adhesive/coating material must readily coat the microdots and adhere them to the various surfaces of the vehicle on which the system is to be applied in such a manner that ensures the Accelerated Ageing and Removal Tests specified in the appendix to this notice are met.

The adhesive/coating material must allow the easy detection and selective removal of individual microdots (but not the en-mass removal of microdots) and the cleaning of the microdot if needed to retrieve the microdot data.

The adhesive/coating material must incorporate a UV trace element that enables its presence to be detected using a UV light source (black light).

2.3 Authenticity

- (a) Either the microdot or the adhesive/coating material must incorporate a proprietary exclusive feature that enables the microdot supplier to scientifically or otherwise conclusively authenticate the supplier's microdot and/or adhesive from any other product or any attempt to counterfeit the supplier's product.
- (b) The authenticity feature must be demonstrated to have a high degree of counterfeit resistance.

2.4 Application of Components

(a) Application System:

The application system must enable the microdots to be distributed over the surface being treated and allow the application of the microdots to locations that cannot be physically reached without dismantling of components.

The application system must incorporate features that prevent cross contamination of microdots between applications to different vehicles.

The number of microdots applied to a vehicle must be of the order of 7000 (seven thousand) or more, and these must be evenly distributed over the vehicle components treated.

(b) In-field Readability:

The identification data stored on the microdot must be able to be read in the field using a low powered microscope device.

(c) Cleanliness of Surfaces:

The surfaces to be treated must be clean, dry and in sound condition, and free of loose material, oil and grease.

(d) Vehicle Application Points:

The following areas of a vehicle must have microdots applied, where applicable and accessible without dismantling (except removal of rubber caps, covers and similar, without the use of tools)

- (i) Compliance plate/label.
- (ii) Inside reinforcing ribs of the bonnet.
- (iii) Inside reinforcing ribs of the boot lid or tailgate.
- (iv) Inside of the front and rear bumper assemblies.
- (v) Front and rear suspension components.

- (vi) Wheel bearing housings.
- (vii) Engine block, bell housing, transmission, transfer case.
- (viii) Rear axle and differential housing.
- (ix) Parts of the floor pan and structural/reinforcing members.
- (x) Inside openings in body structural members.
- (xi) Part of the underside of the body.
- (xii) Exhaust system brackets.
- (xiii) Rear of brake callipers/brake drums.
- (xiv) Inside wheels.
- (xv) Rear of headlights.
- (xvi) Rear of tail lights.
- (xvii) Door cavities.

Other areas of a vehicle may have microdots applied.

Appendix – Accelerated Ageing and Removal Tests

A1 Preparation of Test Specimens

Test Specimens shall consist of steel plates approximately 1mm thick and 300mm square.

Test Specimen (Type 1): Shall be clean dry bare metal with at least one side free of loose material, oil or grease.

Test Specimen (Type 2): Shall be coated on at least one side with an automotive sound deadening material and prepared, finished and allowed to cure to approximately replicate a typical automotive underbody surface.

Test Specimen (Type 3): Shall be painted on at least one side and prepared, finished and allowed to cure to approximately replicate a typical automotive cosmetic surface such as the underside of a bonnet or boot lid.

Note: The side of the Test Specimen that meets the criteria above is referred to as the “prepared side” in the remainder of this appendix.

Sufficient Test Specimens of each type shall be prepared to enable a new Test Specimen to be used for each Accelerated Ageing Treatment and subsequent Removal Test. A minimum of six Test Specimens of each type will be required.

A2 Testing Environment

Unless otherwise specified, after the preparation of the Test Specimens, all further processing and testing shall be carried out in a controlled atmosphere of $23 \pm 2^{\circ}\text{C}$, and at $50\% \pm 5\%$ relative humidity.

A3 Application of Microdot System

Each Test Specimen shall have the microdot identification system applied to the whole area of the prepared side in a manner such that it replicates the application of the system to a vehicle. This application need not be carried out in the Testing Environment but after application and drying of the adhesive/coating material each treated Test Specimen shall be conditioned by placing it in a controlled atmosphere of $23 \pm 2^{\circ}\text{C}$, and at $50\% \pm 5\%$ relative humidity for not less than 24 hours. During this time the treated prepared side shall be fully exposed.

Prior to the Accelerated Ageing Treatments below each Test Specimen shall be examined under ultraviolet light to ensure that the whole surface of the treated prepared side has been covered with the microdot identification system as indicated by the response of the UV tracer in the adhesive/coating material. Any Test Specimen with less than 90% coverage shall be discarded and a replacement Test Specimen prepared.

A4 Accelerated Ageing Treatments

(a) High Air Temperature—

Two of each Test Specimen Type 1, 2 and 3 shall be placed into an air circulating oven preheated to $110 \pm 1^{\circ}\text{C}$ and maintained at this oven temperature for a period of 168 hours. The treated prepared side shall be fully exposed during this period. The Test Specimens shall then be removed and allowed to return to the Test Environment conditions.

(b) High Humidity—

Two of each Test Specimen Type 1, 2 and 3 shall be placed in a humidity cabinet at $38 \pm 1^{\circ}\text{C}$ with a relative humidity of 97 to 100% and a condensation rate of 1 to 2 millilitres/hour and maintained in this environment for 168 hours. The treated prepared side shall be fully exposed during this period. The Test Specimens shall then be removed and allowed to return to the Test Environment conditions.

(c) Low Air Temperature—

Two of each Test Specimen Type 1, 2 and 3 shall be placed in a freezer at $\text{minus } 30 \pm 2^{\circ}\text{C}$ for 4 hours. The treated prepared side shall be fully exposed during this period. The Test Specimens shall then be removed and allowed to return to the Test Environment conditions.

A5 Removal Tests

(a) High Pressure Cold Water/Detergent Cleaner Test—

This test consists of cleaning one of each Test Specimen Type 1, 2 and 3 that has been subjected to each of the Accelerated Ageing Treatments, A4(a) High Air Temperature, A4(b) High Humidity and A4(c) Low Air Temperature (ie 9 test specimens in all) using a high pressure cold water cleaner with a detergent injection.

The Test Specimen shall be placed on a flat horizontal surface and the treated prepared side subjected to a high pressure cold water jet with a detergent injection. The minimum outlet pressure of the water jet shall be 110 bar

(approximately 1600 psi). The outlet nozzle shall be placed approximately 100mm from the test specimen surface and moved slowly back and forth across the whole test specimen surface for a period of at least 5 minutes such that all areas get approximately the same exposure to the water/detergent jet. The detergent injection used shall be a commercially available degreasing detergent produced for use in high pressure cold water cleaners and injected at the rate recommended by the detergent or high pressure cold water cleaner manufacturer.

Each Test Specimen shall be allowed to dry and then examined under an ultraviolet light. The area still covered with the microdot identification system as indicated by the response of the UV tracer in the adhesive/coating material shall be assessed visually.

Ten microdots shall be removed from each Test Specimen and the information on each microdot read using the appropriate equipment for the system.

The High Pressure Cold Water/Detergent Cleaner Test will be deemed to have been passed if at least 75% of the total surface area of the treated prepared side of each Test Specimen is covered with the adhesive/coating (irrespective of the original area covered – see the second paragraph of section A3) and the data on 9 out of the 10 removed microdots from each Test Specimen can be read completely and correctly.

(b) *High Pressure Hot Water Cleaner Test—*

This test consists of cleaning one of each Test Specimen Type 1, 2 and 3 that has been subjected to each of the Accelerated Ageing Treatments, A4(a) High Air Temperature, A4(b) High Humidity and A4(c) Low Air Temperature (ie 9 test specimens in all) using a high pressure hot water cleaner (sometimes referred to as a steam cleaner).

The Test Specimen shall be placed on a flat horizontal surface and the treated prepared side subjected to a high pressure hot water jet with a minimum outlet water pressure of 110 bar (approximately 1600 psi) and a minimum outlet water temperature of 85°C. The outlet nozzle shall be placed approximately 100mm from the test specimen surface and moved slowly back and forth across the whole test specimen surface for a period of at least 5 minutes such that all areas get approximately the same exposure to the hot water jet.

Each Test Specimen shall be allowed to dry and then examined under an ultraviolet light. The area still covered with the microdot identification system as indicated by the response of the UV tracer in the adhesive/coating material shall be assessed visually.

Ten microdots shall be removed from each Test Specimen and the information on each microdot read using the appropriate equipment for the system.

The High Pressure Hot Water Cleaner Test will be deemed to have been passed if at least 75% of the total surface area of the treated prepared side of each Test Specimen is covered with the adhesive/coating (irrespective of the original area covered – see the second paragraph of section A3) and the data on 9 out of the 10 removed microdots from each Test Specimen can be read completely and correctly.

Signed at Wellington this 25th day of February 2008.

DONALD NORMAN HUTCHINSON, Manager Vehicles (acting under the authority delegated to me by way of instrument of delegation dated 8 February 2008).

Explanatory Note

- 1. The 2005 Vehicle Standards Compliance Amendment Rule facilitates the Whole of Vehicle Marking (WOVM) aspect of the Government's Vehicle Crime Reduction Programme launched in January 2005. The Rule enables the Director of Land Transport to require vehicles less than 15 years old, which are imported after the WOVM regime comes into effect, to have multiple copies of their vehicle identification number (VIN) attached to them at border inspection or when they are inspected prior to registration.*
- 2. If it is proposed that the multiple copies of the VIN are to be in a form other than microdots, application must be made to the Director of Land Transport or his appointed delegate for recognition of the system to be used. Any such new technology must at least meet the same security requirements as are set out in clause 1.2, the same authenticity requirements as are set out in clause 2.3, and the same extensive application requirements as are set out in clause 2.4. Approval would require a separate **New Zealand Gazette** notice.*
- 3. Multiple copies of the VIN complying with the technical requirements in this notice and applied at vehicle manufacture in New Zealand or overseas, or post vehicle manufacture overseas are acceptable. However, if the multiple copies of the VIN from these sources do not comply with the technical requirements in this notice, an application must be submitted to the Director of Land Transport or his appointed delegate for recognition of the proposed system. Approval would require a separate **New Zealand Gazette** notice.*

Opportunity – The Training Organisation

Pursuant to section 5 of the Industry Training Act 1992, full recognition is given to Opportunity – The Training Organisation Charitable Trust (trading as Opportunity – The Training Organisation) for a period of five years with effect from 21 October 2007 to set standards at Levels 1 to 8 on the National Qualifications Framework (NQF) for the power crane industry, the power-operated elevating work platform industry, and the scaffolding, rigging and industrial rope access industries.

The full description of Opportunity – The Training Organisation's coverage is as follows:

- Power crane industry – the operation of all forms of cranes including mobile, crawler, tower, truck mounted, travelling gantry, and overhead cranes, container and harbour cranes, crane site supervision and the rigging and slinging of loads.
- Power-operated elevating work platform industry – the operation, maintenance, preparation for transportation (loading/unloading) and regular inspection of all types of power-operated elevating work platforms. Power-operated elevating work platforms are platforms where the height of the platform may be adjusted by powered means using articulation, scissors mechanism, telescoping boom or tower, or any combination of these, and which are either vehicle-mounted, self-propelled, towed or manually moved, to provide access to work above or below ground level. It includes personnel buckets temporarily or permanently attached to truck hoists. This code is not intended to cover the following:
 - Fork lift trucks with working platforms;
 - cages or platforms attached to crane hooks;
 - personnel buckets temporarily attached to a mobile crane;
 - suspended scaffolds;
 - emergency vehicles or fire services vehicles (as defined by the Land Transport (Road User) Rule 2004) used for the purpose of rescue or fire fighting; and
 - building maintenance units.
- Scaffolding, rigging and industrial rope access industries.

Accounting Standards Review Board

Financial Reporting Act 1993

Approval of the Revised New Zealand Equivalent to International Financial Reporting Standard 3 *Business Combinations* (NZ IFRS 3) (Notice No. 83)

Notice is hereby given, pursuant to section 29 of the Financial Reporting Act 1993 (“the Act”), that the Accounting Standards Review Board has approved the New Zealand Equivalent to International Financial Reporting Standard 3 *Business Combinations* (NZ IFRS 3), which has been submitted to it by the Financial Reporting Standards Board of the New Zealand Institute of Chartered Accountants.

The revised NZ IFRS 3 is:

- to apply to all reporting entities and groups, the Crown and all departments, offices of Parliament and Crown entities, and all local authorities (each of which is defined in the Act) other than where expressly exempted by its terms, the terms of any other approved financial reporting standard or by law;
- to apply to annual periods beginning on or after 1 July 2009; and
- a Regulation for the purposes of the Regulations (Disallowance) Act 1989.

Earlier application of the revised NZ IFRS 3 is permitted only at the beginning of an annual reporting period that begins on or after 30 June 2007 and only when an entity complies, or has complied, with New Zealand Equivalent to International Financial Reporting Standard 1 *First-time Adoption of New Zealand Equivalents to International Financial Reporting Standards*.

If this NZ IFRS is applied before the effective date, that fact shall be disclosed, and NZ IAS 27 (as revised in 2008) shall be applied at the same time.

The revised NZ IFRS 3 supersedes NZ IFRS 3 *Business Combinations* (as issued in 2004).

The board therefore resolves to withdraw NZ IFRS 3 *Business Combinations* (as issued in 2004) when the revised NZ IFRS 3 becomes effective for annual periods beginning on or after 1 July 2009. Where early application of the revised NZ IFRS 3 is permitted for an entity, NZ IFRS 3 *Business Combinations* (as issued in 2004) is deemed to be withdrawn in relation to that entity upon such early application.

Copies of the revised NZ IFRS 3 may be inspected free of charge at the offices of the New Zealand Institute of Chartered Accountants, 40 Mercer Street (PO Box 11342), Wellington and 27–33 Ohinerau Street (PO Box 3334), Auckland.

Copies will be made available for purchase from the Wellington office.

Dated this 18th day of February 2008.

WARWICK HUNT, Chairman, Accounting Standards Review Board.

Approval of the Amended New Zealand Equivalent to International Accounting Standard 27 *Consolidated and Separate Financial Statements* (NZ IAS 27) (Notice No. 84)

Notice is hereby given, pursuant to section 29 of the Financial Reporting Act 1993 (“the Act”), that the Accounting Standards Review Board has approved the amended New Zealand Equivalent to International Accounting Standard 27 *Consolidated and Separate Financial Statements* (NZ IAS 27), which has been submitted to it by the Financial Reporting Standards Board of the New Zealand Institute of Chartered Accountants.

The amended NZ IAS 27 is:

- to apply to all reporting entities and groups, the Crown and all departments, offices of Parliament and Crown entities, and all local authorities (each of which is defined in the Act) other than where expressly exempted by its terms, the terms of any other approved financial reporting standard or by law;
- to apply to annual periods beginning on or after 1 July 2009; and
- a Regulation for the purposes of the Regulations (Disallowance) Act 1989.

Earlier application of the amended NZ IAS 27 is permitted only where an entity complies, or has complied, with New Zealand Equivalent to International Financial Reporting Standard 1 *First-time Adoption of New Zealand Equivalents to International Financial Reporting Standards*.

An entity shall not apply these amendments for annual periods beginning before 1 July 2009, unless it also applies NZ IFRS 3 *Business Combinations* (as revised in 2008).

The amended NZ IAS 27 supersedes NZ IAS 27 *Consolidated and Separate Financial Statements* (as issued in 2004).

The board therefore resolves to withdraw NZ IAS 27 *Consolidated and Separate Financial Statements* (as issued in 2004) when the amended NZ IAS 27 becomes effective for periods beginning on or after 1 July 2009.

Where early application of the amended NZ IAS 27 is permitted for an entity, NZ IAS 27 *Consolidated and Separate Financial Statements* (as issued in 2004) is deemed to be withdrawn in relation to that entity upon such early application.

Copies of the amended NZ IAS 27 may be inspected free of charge at the offices of the New Zealand Institute of Chartered Accountants, 40 Mercer Street (PO Box 11342), Wellington and 27–33 Ohinerau Street (PO Box 3334), Auckland.

Copies will be made available for purchase from the Wellington office.

Dated this 18th day of February 2008.

Approval of Amendments to New Zealand Equivalent to International Financial Reporting Standard 2 *Share-based Payment – Vesting Conditions and Cancellations* (Notice No. 85)

Notice is hereby given, pursuant to section 29 of the Financial Reporting Act 1993 (“the Act”), that the Accounting Standards Review Board has approved Amendments to New Zealand Equivalent to International Financial Reporting Standard 2 *Share-based Payment – Vesting Conditions and Cancellations* (NZ IFRS 2) which have been submitted to it by the Financial Reporting Standards Board of the New Zealand Institute of Chartered Accountants.

The amendments to NZ IFRS 2 are:

- to apply to all reporting entities and groups, the Crown and all departments, offices of Parliament and

Crown entities, and all local authorities (each of which is defined in the Act) other than where expressly exempted by its terms, the terms of any other approved financial reporting standard or by law;

- to apply to annual periods beginning on or after 1 January 2009; and
- a Regulation for the purposes of the Regulations (Disallowance) Act 1989.

Early application of the amendments to NZ IFRS 2 is permitted.

Copies of the amendments to NZ IFRS 2 may be inspected free of charge at the offices of the New Zealand Institute of Chartered Accountants, 40 Mercer Street (PO Box 11342), Wellington and 27–33 Ohinerau Street (PO Box 3334), Auckland.

Copies will be made available for purchase from the Wellington office.

Dated this 18th day of February 2008.
