Nature of the Fund

The fund will assist public and private organisations, which have completed basic research and have demonstrated the potential of a new technology at proof of concept stage, to move through the pilot/demonstration plant stage.

The fund will not be used to support non-technology activities such as business case development or resource consent applications.

Fund Objectives

The fund's objectives are to:

- support the New Zealand Government's policy objectives for climate change, energy and transport; and
- develop the results of existing research in second generation domestic biofuels technologies, as a priority,

and other low-carbon energy technologies up to and including pilot/demonstration plant stage leading to their commercial development and use in New Zealand.

Amount of the Fund

The amount required to be allocated for the purposes of the fund will be published in the Estimates of Appropriation.

I estimate that the total amount will be \$12 million, appropriated as follows:

2008/2009—\$4 million

2009/2010—\$4 million

Funding Criteria

- are consistent with the objectives of the fund;
- are made by public or private sector organisations based in New Zealand; and

The scheme will fund:

- climate modelling research required to understand how New Zealand can mitigate or adapt to the impacts of climate change; and
- capability building within the science sector in order to undertake and apply that research.

These activities should be undertaken via a multidisciplinary, collaborative or cross-research organisation approach.

Scheme Objectives

The scheme’s objectives are to support the New Zealand Government’s policy objectives for climate change, which are to:

- protect our primary and resource intensive industries;
- respond to new human and animal health threats;
- maintain and enhance our biodiversity; and
- develop communities resilient to changes in the climate and associated hazards.

Estimate of Funds

I estimate that \$2.5 million per annum from the Vote Research Science and Technology Environmental Research Output Expense will be appropriated for the scheme.

Actual appropriations will be published each year in the Estimates of Appropriations.

Period of the Scheme

This notice is effective from 1 January 2008.

Notice of Recommendation and Assessment Concerning the Electricity Governance Regulations 2003 – Proposed Electricity Governance Amendment Regulations 2008

1. This notice of a recommendation and assessment concerning the Electricity Governance Regulations 2003

(“EG Regulations”), proposed Electricity Governance Amendment Regulations 2008, is issued by the Electricity Commission (“Commission”) pursuant to section 172E(2)(c) of the Electricity Act 1992 (“Act”).

2. Section 172E(2)(c) of the Act provides that, no later than 10 working days after making a recommendation to the Minister of Energy concerning the EG Regulations, the Commission must publicise the recommendation and the assessment completed under section 172F of the Act.

Recommendations

3. On 1 February 2008, the Commission recommended that the following amendments be made to the EG Regulations:

- Amendments to Regulations 199(1) and 199(2), and consequential amendments to Regulations 201, 203(1), 203(2), 204, 205, 206(a) and 207(1) (regarding an exception from Part F of the Electricity Governance Rules 2003 (“Rules”) for the Comalco agreements);
- an amendment to Regulation 63(1) and a consequential amendment to Regulation 182(c) (regarding the reporting of breaches of the rules relating to quality and security in Part F of the Rules); and
- an amendment to Regulation 114 and insertion of a new Regulation 114A (regarding compensation for breaches of the outage protocol and limits on liability for breaches of new Sections VI or VII of Part F of the Rules).

4. The Commission also recommended that the following minor or technical amendments be made to the EG Regulations in reliance on section 172F(3) of the Act:

- Amending Regulations 51, 59(b), 97, 101(2), 103(1), 103(4), 108, 147(a), 152(2), 194(5)(d), 196(2) and 208;
- inserting new Regulation 180A;
- revoking Regulation 100, Regulation 133 and paragraph (g) of the definition of “participant” in Regulation 4(1);
- amending the EG Regulations throughout by omitting the term “Board” in each place where it appears and substituting it with a reference to “Commission”;
- revoking the definition of “Board” in Regulation 4(1) and substituting it with a definition of “Commission”;
- revoking and substituting Regulations 95(1), 109, 162 to 170 and 171 to 178.

5. Section 172F(3) of the Act provides that the Commission is not required to comply with section 172F(1) (which relates to carrying out an assessment) if it is satisfied that the effect of the recommendation is minor and will not adversely affect the interests of any person in a substantial way. In reliance on section 172F(3), no such assessment was carried out under section 172F(1) of the Act for the minor amendments set out in paragraph 4 above.

Recommended Amendments to the EG Regulations

6. The recommended amendments to the EG Regulations will:

- extend the special provisions relating to the Comalco agreements, so that Part F of the Rules will not apply to any act or omission of a Comalco party to the extent that the act or omission is necessary to perform an obligation, or to exercise a right or power, under the disclosed provision of a Comalco agreement (amendments listed in paragraph 3(a) above);

- (b) require a participant who believes, on reasonable grounds, that it or another participant has breached any rules relating to quality and security in Part F of the Rules to notify the Commission as soon as practicable (amendment to Regulation 63(1)), and require the Rulings Panel to include information about such breaches in its quarterly reports to the Commission (consequential amendment to Regulation 182(c));
- (c) specify additional matters for the Rulings Panel to consider when making decisions on compensation for breaches of the outage protocol (amendment to Regulation 114), and place caps on the liability of Transpower and designated transmission customers in relation to breaches of Sections VI or VII of Part F of the Rules (new Regulation 114A); and
